KMS FINANCIAL SERVICES, INC.  
NOTES TO FINANCIAL STATEMENTS

---

1. THE COMPANY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

THE COMPANY - The Company is a Financial Industry Regulatory Authority Registered Broker and Dealer, Securities and Exchange Commission registered investment advisor, and insurance general agent offering securities, investment advisory services and insurance products through independent contractor agents (registered representatives and investment advisory representatives) operating primarily in the Western United States. Commission revenues are generated predominantly from the sale of mutual fund shares, general securities and variable annuities. Investment advisory revenues are generated primarily through offering investment advisory services based on a percentage of assets under advisory contracts.

INCOME RECOGNITION - Securities transactions and the commission revenue and expense are recorded in the accounts on a trade date basis. Investment advisory fees are received quarterly but are recognized as earned on a pro rata basis over the term of the agreement.

INCOME TAXES - Deferred Federal income taxes are provided when income, related to carrying investments at market value, and expenses, principally supplemental executive retirement program expenses accrued for financial statement purposes not deductible for tax purposes until paid, are recognized in different years for tax and financial statement purposes. Deferred tax expenses or benefits are recognized in the financial statements for the changes in the deferred tax liabilities or assets between years. No valuation allowances have been recorded to offset deferred tax assets recorded by the Company.

FIXED ASSETS AND DEPRECIATION - Office equipment and fine art are stated at cost. Office equipment is depreciated over its estimated economic life, ranging from three to seven years and is computed on the straight-line and accelerated methods. Fine art is depreciated on the straight-line method over its estimated economic lives of twenty to fifty years.

INVESTMENTS - Investments in common stocks, mutual funds and U.S. Treasury Notes are carried at fair market value based upon quoted market prices.

ESTIMATES AND ASSUMPTIONS - Management uses estimates and assumptions in preparing financial statements. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses.

1. THE COMPANY AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

FAIR VALUE OF FINANCIAL INSTRUMENTS - The carrying value of cash, receivables and accounts payable approximate fair value due to the short maturity of these instruments. None of the financial instruments are held for trading purposes.

Cash and cash equivalents at December 31, 2009 consist of the following:

Cash segregated in compliance with Federal and other regulations	152,553

Investments in money market funds	<u>4,635,795</u>
	<u>\$5,457,399</u>

Supplemental disclosures for the statement of cash flows include cash paid during the year for:

Interest	\$ -
Income taxes (Note 7)	\$455,990

3. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1.

At December 31, 2009, the Company had net capital of \$3,193,306 and net capital required under the Rule was \$356,822. The aggregate indebtedness to net capital ratio was 1.68 to 1.

5. NOTE PAYABLE

Promissory note payable to a former stockholder is payable \$390,841 annually plus interest at prime plus one percent, not to be less than 4.25 percent nor more than 6.25 percent. Prime was 3.25 percent at December 31.

Estimated principal payments on the note are due for the years ending December 31, as follows:

6. COMMITMENTS (continued)

The Company is obligated to purchase, from certain stockholder's estates, the estate's common stock at a purchase price per share determined by formula. Additionally, the Company is obligated to purchase shares from certain terminated employees.

The Company maintains life insurance on certain stockholders. Proceeds from these life insurance policies are to be used to redeem common stock from the estate, with balances generally payable over five years at prime rates plus one percent.

7. INCOME TAXES

The Company's deferred taxes consist of the following:

Deferred tax assets	\$250,000
Deferred tax liabilities	-
Valuation allowance	-
	<u>\$250,000</u>

The Company's provision for income taxes consists of the following components:

Currently payable:	
Federal	\$431,808
State	14,059
Deferred tax (benefit):	
Federal	<u>(80,000)</u>
	<u>\$365,867</u>

The Company's deferred Federal tax asset represents the tax effects of deductible temporary differences in reporting compensation and retirement benefits under terms of the supplemental executive retirement program covering an officer, and certain accrued expenses not deductible for income tax purposes until paid.

The Company's deferred Federal income tax payable represent the tax effects of taxable temporary differences in carrying investments in common stocks and U.S. Treasury Notes at fair market value for

7. INCOME TAXES (continued)

financial presentation purposes. The net deferred Federal income tax asset includes the asset, net of the payable.

The Company's provision for income taxes differs from applying the statutory U.S. Federal income tax rate to income before income taxes. The primary differences arise from providing for state income taxes, and nontaxable municipal interest income.

8. EMPLOYEE PENSION AND PROFIT SHARING PLAN

The Company's employees are participants in a pension and profit sharing plan revised effective January 1, 2002. The plan covers substantially all of the Company's employees.

The plan is a 401(k) plan where the employees may elect to make voluntary contributions pursuant to a salary reduction agreement. The Company is obligated for minimum contributions, and may elect to make additional discretionary contributions determined by the Board of Directors. Contributions cannot exceed twenty five percent of compensation. Contributions of \$635,895 (including \$81,000 of required minimum contributions) were authorized by the Board of Directors for 2009. The Company is obligated for contributions to the pension plan of three percent of eligible compensation, as defined, on an annual basis. The Company funds plan contributions as incurred.

9. CONTINGENT LIABILITIES

The Company maintains its cash accounts in one commercial bank located in Seattle, Washington. The total cash balances are secured by the Federal Deposit Insurance Corporation up to \$250,000. Additionally, most of the Company's balances in money market funds were covered at year end by the U.S. Treasury Department's emergency insurance program for such funds implemented in the fourth quarter of 2009. That program may or may not be extended, and the Company may or may not choose to maintain those balances in money market funds to which any such coverage would apply.

The Company is involved in various legal actions and claims arising in the normal course of business. After taking into consideration legal counsel's evaluation of such actions, management is of the opinion that their outcome will not result in any material adverse effect on the Company's financial position.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL  
CONTROL REQUIRED BY RULE 17a-5 OF THE  
SECURITIES AND EXCHANGE COMMISSION

Board of Directors  
KMS Financial Services, Inc.

We have audited the financial statements of KMS Financial Services, Inc. as of and for the year ended December 31, 2009, and have issued our report thereon dated February 10, 2010. In planning and performing our audit of the financial statements and supplemental schedules of KMS Financial Services, Inc. for the year ended December 31, 2009, in accordance with auditing standards generally accepted in the United States of America, we considered its internal control over financial reporting as a basis for designing our auditing procedures for expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by KMS Financial Services, Inc. that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3.

Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications and comparisons.
2. Recordation of differences required by Rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL  
CONTROL REQUIRED BY RULE 17a-5 OF THE  
SECURITIES AND EXCHANGE COMMISSION

(Continued)

---

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL  
CONTROL REQUIRED BY RULE 17a-5 OF THE  
SECURITIES AND EXCHANGE COMMISSION

(Continued)

---

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2009, to meet the Commission's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the Securities and Exchange Commission, the Financial Industry Regulatory Authority and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
