Independent Auditor's Report

Board of Directors
Milkie/Ferguson Investments, Inc.

We have audited the accompanying statement of financial condition of Milkie/Ferguson Investments, Inc., as of December 31, 2009, and the related statements of income (loss), changes in stockholders' equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Milkie/Ferguson Investments, Inc., as of December 31, 2009 and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MILKIE/FERGUSON INVESTMENTS, INC.
Notes to Financial Statements
December 31, 2009

Note 1 - Organization and Significant Accounting Policies

Nature of Business

Milkie/Ferguson Investments, Inc. (the "Company"), incorporated in the state of Texas in 1986, is a broker-dealer in securities registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company operates under (SEC) Rule 15c3-3(k)(2)(ii), which provides that all funds and securities belonging to the Company's customers would be handled by a clearing broker-dealer. The Company's office is located in Dallas, Texas. The Company's main source of revenue is providing brokerage services to small and middle-market businesses and middle-income individuals. Substantially all of the Company's business is conducted with customers located in the United States.

Proprietary securities transactions entered into for the account and risk of the Company are recorded on the trade date basis as adjusted through the clearing broker-dealer account.

Investment Securities

The fair value of investment securities is the market value based on quoted prices in active markets, or market prices provided by recognized broker dealers. All investments of the Company are Level 1 investments in accordance with FASB ASC 820, Fair Value Measurements.

Recent Pronouncements

The Financial Accounting Standards Board ("FASB") issued Statement No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles* ("SFAS 168") (FASB ASC 105-10). SFAS 168 replaces all previously issued accounting standards and establishes the *FASB Accounting Standards Codification* ("FASB ASC" or the "Codification") as the source of authoritative accounting principles recognized by the FASB to be applied by nongovernmental entities in the preparation of financial statements in conformity with U.S. GAAP. SFAS 168 is effective for all annual periods ending after September 15, 2009. The FASB ASC is not intended to change existing U.S. GAAP. The adoption of this pronouncement only resulted in changes to the Company's financial statement disclosure references. As such, the adoption of this pronouncement had no effect on the Company's financial statements.

MILKIE/FERGUSON INVESTMENTS, INC.
Notes to Financial Statements
December 31, 2009

Note 1 - Organization and Significant Accounting Policies, continued

In May 2009, the FASB issued Statement No. 165, *Subsequent Events* ("SFAS 165"), included in the Codification under FASB ASC 855, which establishes general standards of accounting for and disclosure of events occurring after the balance sheet date, but before the financial statements are issued or available to be issued. SFAS 165 also requires entities to disclose the date through which it has evaluated subsequent events and the basis for that date. The Company adopted SFAS 165 for its year ended December 31, 2009. The adoption did not have a material impact on the Company's financial statements.

See Note 10 for more information regarding the Company's evaluation of subsequent events.

Income Taxes

On December 30, 2008, the ("FASB") issued Staff Position ("FSP") No. FIN 48-3 (FASB ASC 740), *Effective Date of FASB Interpretation No. 48 for Certain Nonpublic Entities*, which permitted the Company to defer the implementation of FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* (FASB ASC 740) until its fiscal year beginning January 1, 2009. FASB ASC 740 clarifies that management is expected to evaluate an income tax position taken, or expected to be taken, for likelihood of realization, before recording any amounts for such position in the financial statements. FASB ASC 740 also requires expanded disclosure with respect to income tax positions taken that are not certain to be realized. The Company adopted FASB ASC 740 for its year ended December 31, 2009. The adoption did not have a material impact on the Company's financial statements.

The Company accounts for income taxes in accordance with the Income Taxes Topic of the FASB Accounting Standards Codification. Deferred tax assets and liabilities arising from temporary differences between book and tax basis are recognized using the enacted statutory tax rates and laws that will be in effect when such differences are expected to reverse. Deferred tax assets are recognized for temporary differences that will result in deductible amounts in future years. Deferred tax liabilities are recognized for temporary differences that will result in taxable income in future years. In the case of deferred tax assets, a reduction in deferred tax assets are recorded if it is more likely than not some portion or all of the deferred tax asset will not be realized.

Management evaluates income tax positions based on a predetermined threshold of whether the positions taken will be sustained on examination. Uncertain tax positions

MILKIE/FERGUSON INVESTMENTS, INC.

Notes to Financial Statements

December 31, 2009

Note 1 - Organization and Significant Accounting Policies, continued

are reduced by a liability for a contingent loss that is recorded either when the threshold is no longer met or when it becomes probable that a payment will be made to the taxing authority. Any interest or penalties associated with income taxes would be included as a component of income tax expense in the period in which the assessment arises.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Depreciation

Fixed assets are carried at cost and depreciated over 3-7 year lives on the straight-line method.

The Company accounts for rent expense on a straight-line basis for financial reporting purposes. The difference between cash payments and rent expense is included in deferred rent on the balance sheet.

Note 2 - Net Capital Requirements

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis. At December 31, 2009, the Company had net capital of approximately \$229,212 and net capital requirements of \$50,000. The Company's ratio of aggregated indebtedness to net capital was 3.26 to 1. The Securities and Exchange Commission permits a ratio of no greater than 15 to 1.

Note 3 - Clearing Agreement

The Company has a \$50,000 clearing deposit with National Financial Services, LLC, under a "Fully Disclosed Correspondent Agreement" dated December 30, 2005. The Company does not carry customer accounts, clears all proprietary and customer's securities transactions on a fully disclosed basis through a clearing broker-dealer and is therefore, exempt under paragraph 15c3-3(k)(2)(ii) from the remaining provisions

MILKIE/FERGUSON INVESTMENTS, INC.
Notes to Financial Statements
December 31, 2009

Note 3 - Clearing Agreement, continued

of SEC Rule 15c3-3. Any customer funds or securities received are promptly forwarded to the Company's clearing broker-dealer. There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of (SEC) Rule 15c3-3(k)(2)(ii).

The Company's clearing agreement with its clearing broker-dealer contains an indemnification clause. This clause relates to instances where the Company's customers fail to settle security transactions. In the event this situation might occur, the Company will indemnify the clearing broker-dealer to the extent of net loss on the unsettled trade. At December 31, 2009, management of the Company had not been notified by the clearing broker-dealer, nor were they aware, of any potential losses relating to this indemnification.

Note 4 - Income Taxes

The provision for income taxes for 2009 financial statements is as follows:

Federal	\$ 5,510
State	<u>(22,819)</u>
	<u>\$ (17,309)</u>

The provision for federal income taxes differs from the expense that would result from applying federal income tax statutory rates because of lack of deductibility of certain expenses.

The deferred income tax benefit of \$46,396 results from differences between income tax and financial reporting for rent expense and depreciation.

Note 5 - Commitments and Contingencies

The Company executed long term leases, for its present facilities, ending in 2015. The future minimum lease expenditures are as follows:

Year ending	
<u>December 31,</u>	
2010	\$ 315,428
2011	294,651

MILKIE/FERGUSON INVESTMENTS, INC.
Notes to Financial Statements
December 31, 2009

Note 5 - Commitments and Contingencies, continued

2012	266,940
2013	273,873
2014	277,340
Thereafter	<u>280,807</u>
	<u>\$1,709,039</u>

The Company is a party to various claims and complaints arising in the ordinary course of operations. In the opinion of management, all such claims are without merit, and an unfavorable disposition would not have a material effect on the financial position of the Company.

Note 6 - Retirement Plan

The Company sponsors a 401(k) plan (the "Plan") for the employees. The Plan offers the employees the opportunity to plan, save and invest for their future financial needs. The Company may make matching contributions to the plan at its discretion. During the year ended December 31, 2009, the Company did not make any contributions to the plan, but paid administrative expenses of \$6,071.

Note 7 - Advertising

The Company expenses advertising as incurred. Advertising and direct marketing costs totaled \$736,184 during 2009.

Note 8 - Concentration Risk

At December 31, 2009, and at various times throughout the year, the Company may have had cash balances in excess of Federally insured limits.

Note 9 - Related Party Transactions

During 2008, the Company assumed a liability from a related party for a settlement payable to a former customer. The settlement calls for payments of \$4,200 per month through September 1, 2010 and a final payment of \$4,600 on October 1, 2010. This liability is reported at December 31, 2009, as other liabilities in the amount of \$42,407.

MILKIE/FERGUSON INVESTMENTS, INC.
Notes to Financial Statements
December 31, 2009

Note 10 - Subsequent Events

In preparing the accompanying financial statements, in accordance with FASB ASC 855, "Subsequent Events," the Company has reviewed events that have occurred after December 31, 2009, through February 23, 2010, the date the financial statements were available for issuance. During this period, the Company did not have any material subsequent events.

Independent Auditor's Report

On Internal Control

Required By SEC Rule 17a-5

For the Year Ended December 31, 2009

CF & Co., L.L.P.

CERTIFIED PUBLIC ACCOUNTANTS
& CONSULTANTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL
CONTROL REQUIRED BY SEC RULE 17a-5

To the Board of Directors of
Milkie/Ferguson Investments, Inc.

In planning and performing our audit of the financial statements and supplemental information of Milkie/Ferguson Investments, Inc. (the "Company"), as of and for the year ended December 31, 2009 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with

management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2009, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITOR'S REPORT ON THE SIPC ANNUAL
ASSESSMENT REQUIRED BY SEC RULE 17a-5

To the Board of Directors of
Milkie/Ferguson Investments, Inc.

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [Transitional Assessment Reconciliation (Form SIPC-7T)] to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2009, which were agreed to by Milkie/Ferguson Investments, Inc. and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc. and SIPC, solely to assist you and the other specified parties in evaluating Milkie/Ferguson Investments, Inc.'s compliance with the applicable instructions of the Transitional Assessment Reconciliation (Form SIPC-7T). Management is responsible for Milkie/Ferguson Investments, Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7T with respective cash disbursements records entries (cash disbursements journal) noting no differences;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2009 with the amounts reported in Form SIPC-7T for the year ended December 31, 2009 noting no differences;
3. Compared any adjustments reported in Form SIPC-7T with supporting schedules and working papers noting no differences; and
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7T and in the related schedules and working papers supporting the adjustments noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
