INDEPENDENT AUDITORS' REPORT

To the Board of Directors and Member
Pinnacle Investments, LLC
East Syracuse, New York

We have audited the accompanying statement of financial condition of Pinnacle Investments, LLC (the Company) as of December 31, 2009. This combined financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the combined financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the accompanying statement of financial condition presents fairly, in all material respects, the financial position of Pinnacle Investments, LLC as of December 31, 2009 in conformity with U.S. generally accepted accounting principles.

PINNACLE INVESTMENTS, LLC
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009

Note 1. Organization and Nature of Business

Pinnacle Investments, LLC (the Company) is a broker-dealer, registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company is a New York registered Limited Liability Company, and is a wholly owned subsidiary of Pinnacle Holding Company, LLC (Parent), with whom it files a consolidated return. As a Limited Liability Company, members are not personally liable for the debts, liabilities, contracts or any other obligations of the Company unless specifically provided.

Note 2. Summary of Significant Accounting Policies

Nature of Operations

The Company is an introducing broker-dealer primarily engaged in the trading and brokerage of investment company shares, equity securities, bonds, insurance, other investment products and investment advisory services in the Central New York area. The Company uses National Financial Services, LLC (NFS) to carry customer accounts and clear transactions.

Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash - Concentration of Credit Risk

The Company has balances with a financial institution, which are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. Cash balances are also maintained with investment companies that are not insured by the FDIC.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company considers all money market funds to be cash equivalents.

Securities Transactions

Proprietary securities transactions in regular-way trades are recorded on the trade date, as if they had settled. Profit and loss arising from all securities transactions entered into for the account and risk of the Company are recorded on a trade date basis. Customers' securities transactions are reported on a settlement date basis with related commission income and expenses reported on a trade date basis.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009

Note 2. Summary of Significant Accounting Policies (continued)

Investments

Marketable securities in the Company's investment account are classified as available for sale and are valued under fair value pricing as those terms are described for financial statement purposes. All securities valuations are from quoted market prices (unadjusted) and are considered Level 1 Inputs in the fair value hierarchy as established. For tax purposes, any unrealized gain or loss recognized on the investment account is removed from the calculation of taxable income.

Marketable securities are exposed to various risks such as interest rates, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the Company's account balances and the amounts reported on the balance sheet.

Property, Equipment and Depreciation

Property and equipment are recorded at cost. Renewals and betterments of property are accounted for as additions to asset accounts. Repairs and maintenance charges are expensed as incurred. Depreciation is computed using the straight-line method for financial reporting and accelerated methods for income tax purposes over their estimated useful lives ranging from 5 to 15 years. When items of property and equipment are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gain or loss is included in income.

Income Taxes

As of January 1, 2009, the Company adopted "Accounting for Uncertainty in Income Taxes and Disclosure Amendments for Non-Public Entities", which clarifies the accounting and disclosure for uncertainty in tax positions, as defined. The Company has analyzed filing positions in all of the federal and state jurisdictions where it is required to file income tax returns, as well as all open tax years in these jurisdictions. The only periods subject to examination for the Company's returns are the 2006 through 2009 tax years. The Company believes that its income tax filing positions and deductions would be sustained on audit and does not anticipate any adjustments that would result in a material change to its financial position. Therefore, no reserves for uncertain income tax positions have been recorded. In addition, the Company did not record a cumulative effect adjustment related to this adoption.

The Company's policy for recording interest and penalties associated with audits is to record such items as a component of income before taxes. There were no such items during the periods covered in this report.

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009

Note 2. Summary of Significant Accounting Policies (continued)

Commission Income

Trading commissions and related clearing expenses are recorded on a trade-date basis as transactions occur.

Compensated Absences

The Company has not accrued for compensated absences. The Company recognizes the compensation expense when it is paid to the employees.

Advertising

The Company expenses advertising costs as they are incurred. Advertising expenses for the year ended December 31, 2009 were \$30,211.

Events Occurring After Reporting Date

The Company has evaluated events and transactions that occurred between January 1, 2010 and February 19, 2010, which is the date the financial statements were available to be issued, for possible disclosure and recognition in the financial statements. Any material events or transactions discovered have been included in these financial statements.

Note 3. Cash Deposited with Clearing Organization

The Company is required and maintains an escrow account with NFS in the amount of \$50,000. If the agreement between the Company and NFS is terminated for any reason, NFSC may deduct from the escrow account any amounts the Company owes NFS due to failure to meet any of its obligations under the agreement.

Note 4. Fair Value Measurement and Investments

Fair Value Measurement

Generally Accepted Accounting Principles (GAAP), establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that are consistent with the market, income or cost approach are used to measure fair values.

PINNACLE INVESTMENTS, LLC
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009

Note 4. Fair Value Measurement and Investments (continued)

Fair Value Measurement (continued)

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels: *Level 1 Inputs* are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access; *Level 2 Inputs* are inputs (other than quoted prices included within level 1) that are observable for the asset or liability, either directly or indirectly; *Level 3 Inputs* are unobservable inputs for the asset or liability and rely on management's own assumptions that market participants would use in pricing the asset or liability.

Investments

Cost and fair value of equity securities:

	Cost	Gross Unrealized Gains	Market Value
Available for sale mutual funds and equity securities	<u>\$ 2,405</u>	<u>\$ 2,816</u>	<u>\$ 5,221</u>

Investments are recorded at fair value. The resulting difference between cost and market value is included in the income statement.

The change in net unrealized holding gains on available for sale securities was \$1,783 for the year ended December 31, 2009.

Note 5. Commissions Receivable and Concentrations of Credit Risk

As a securities broker-dealer, the Company is engaged in various securities trading and brokerage activities servicing a diverse group of corporate, institutional and individual investors. The Company's exposure to credit risk associated with the nonperformance by these customers and NFS in fulfilling their contractual obligations pursuant to securities transactions, can be directly impacted by volatile securities markets, credit markets and regulatory changes. Credit risk is the amount of accounting loss the Company would incur if a counter-party failed to perform its obligations under contractual terms and collateral held, if any, was deemed insufficient.

The Company's customer securities activities are transacted on either a cash or margin basis. In margin transactions, NFS extends credit to the customer subject to various regulatory and internal margin requirements, collateralized by cash and securities in the customer's account. The Company is responsible for the failure of a customer to comply with the terms of its margin agreement with NFS. The Company is also responsible for monitoring required margin levels and collecting additional margin deposits when necessary to comply with regulatory and NFS's internal margin requirements.

PINNACLE INVESTMENTS, LLC
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009

Note 5. Commissions Receivable and Concentrations of Credit Risk (continued)

When a transaction is carried out on a cash basis, the Company is responsible for the failure of a customer to deliver securities sold or make payments for securities purchased. The Company collects information when an account is opened that it deems sufficient to show that a customer can satisfy its obligations. The Company uses the direct write-off method in recognizing bad debt. There was no bad debt expense incurred during the year ended December 31, 2009.

Note 6. Property and Equipment - Net

A schedule of property and equipment at December 31, 2009 is as follows:

Furnishings	\$ 70,191
Office equipment	110,337
Total	<u>180,528</u>
Accumulated depreciation	<u>(109,879)</u>
Property and equipment - net	<u>\$ 70,649</u>

Depreciation expense was \$12,587 for the year ended December 31, 2009.

Note 7. Advances to Officers

Advances to officers consist of loans made to officers amortizable in ten equal payments commencing on the anniversary date of the note. In the event that the borrower resigns as an employee of the Company or is terminated for any reason, the balance of the loan will become immediately due and payable, together with interest accruing from the date of the note calculated at the Federal short-term rate. If the borrower is employed as a full-time employee of the Company on the date each annual payment is due, the payment and related interest due will be amortized. The balance of these loans at December 31, 2009 was \$21,480.

Note 8. Cash Surrender Value - Life Insurance - Net

Cash surrender value-life insurance is reflected net of a loan at 7.4%. The balance of this loan was \$12,967 at December 31, 2009.

PINNACLE INVESTMENTS, LLC
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009

Note 9. Commitments and Contingencies

The Company leases its office equipment and vehicles under agreements accounted for as operating leases. Rent expense was \$47,309 for the year ended December 31, 2009. Future annual lease commitments are as follows:

	Vehicles and Equipment
2010	\$ 36,187
2011	18,465
2012	11,712
Thereafter	<u>-</u>
Total	<u>\$ 66,364</u>

The Company subleases its office facility on a month-to-month basis at \$11,705 per month. Rent expense was \$118,649 for the year ended December 31, 2009.

Note 10. Margin Account Borrowings

The Company has a margin account with National Financial Services, LLC secured by investment securities. There were no borrowings on the account at December 31, 2009.

Note 11. Retirement Plan

The Company has a defined contribution profit sharing plan (the Plan) which contains employee contribution provisions under Section 401(k) of the Internal Revenue Code. The Plan covers all eligible employees. The Plan requires the employee to complete one year of service and attain the age of 21. Under the provisions of the Plan, each participant may contribute up to the maximum amount allowed under Section 401(k) of the Internal Revenue Code. The employer matching is discretionary under the 401(k) provision and determined annually by the Directors. In addition, the Company can make additional contributions to the profit sharing trust fund annually at the discretion of the Directors. The Directors elected to make no profit sharing contribution for the year ended December 31, 2009. Company matching contributions for 2009 were \$96,205.

PINNACLE INVESTMENTS, LLC

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2009

Note 12. Income Taxes

Pinnacle Investments, LLC is a single member limited liability company and is considered a disregarded entity for income tax purposes as it files a consolidated return with Pinnacle Holding Company, LLC (Parent). Under these elections, the income is generally taxed directly to the member.

Note 13. Net Capital Requirements

As a registered broker-dealer, the Company is subject to the requirements of rule 15c3-1 ("The Net Capital Rule") under the Securities and Exchange Act of 1934. The basic concept of the rule is liquidity, its object being to require a broker-dealer to have, at all times, sufficient liquid assets to cover its current indebtedness. Specifically, the rule prohibits a broker-dealer from permitting its "aggregate indebtedness" from exceeding fifteen times its "net capital" as those terms are defined and the rule also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. On December 31, 2009, the Company's aggregate indebtedness and net capital were \$318,450 and \$86,354, respectively, a ratio of 3.69 to 1 and net capital exceeded the minimum capital requirement of \$50,000 by \$36,354.

Note 14. Related Party Transactions

For the year ended December 31, 2009, the Company received \$203,899 in revenue from entities related through common ownership.

For the year ended December 31, 2009, the Company paid \$136,363 in management fees and other administrative expenses to its parent company.
