## INDEPENDENT AUDITORS' REPORT

The Managing Member  
Annascaul Advisors LLC  
Stamford, Connecticut

We have audited the accompanying statement of financial condition of Annascaul Advisors LLC (the "Company") as of December 31, 2009 that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of the Company at December 31, 2009, in conformity with accounting principles generally accepted in the United States of America.

**NOTES TO STATEMENT OF FINANCIAL CONDITION**

**DECEMBER 31, 2009**

**Note 1 - Organization and nature of business**

Annascaul Advisors LLC (the "Company"), a Delaware corporation, was formed to provide investment banking financial advisory services to various clients. The Company is a registered broker-dealer with the Securities and Exchange Commission ("SEC") and is a member of Financial Industry Regulatory Authority.

The Company has two classes of members' interests. The two classes are identical except that the Class A member possesses total voting power. The Class A member contributed \$1 to the Company while the Class B member contributed \$150,000 to the Company.

Profits and losses are allocated to the members based on their proportion of contributed capital. As of December 31, 2009, the Members' Capital applicable to the Class A member was \$1 and the Members' Capital applicable to the Class B member was \$152,605.

Since the Company is a limited liability company, no member, manager, agent or employee of the Company shall be personally liable for the debts, obligations, or liabilities of the Company, whether arising in contract, tort or otherwise, or for the acts or omissions of any other member, director, manager, agent or employee of the Company, unless the individual has signed a specific personal guarantee. The duration of the Company is perpetual.

**Note 2 - Summary of significant accounting policies**

**Basis of accounting**

The accompanying statement of financial condition has been prepared on the accrual basis of accounting.

**Computers and other equipment**

Computers and other equipment are stated at cost. Depreciation is provided using the straight-line method over the estimated useful lives of the related assets. Additions and betterments are capitalized. Repairs and maintenance are charged to operations as incurred.

**Estimates**

The preparation of the statement of financial condition in conformity with accounting principles generally accepted in the United States of America requires the Company's management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

NOTES TO STATEMENT OF FINANCIAL CONDITION

DECEMBER 31, 2009

**Note 2 - Summary of significant accounting policies (cont'd)**

Cash and cash equivalents

The Company considers all highly liquid assets purchased with a maturity of three months or less to be cash equivalents.

Income taxes

Federal and state income taxes have not been provided for since the members are individually liable for their own federal and state tax payments.

Effective January 1, 2009, the Company adopted the Financial Accounting Standards Board's Accounting Standards Codification (ASC) 740 *Income Taxes* with respect to recognition and measurement of unrecognized tax benefits. Under that guidance, the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change. The adoption of this standard had no effect on the Company's financial statements. The Company's open tax years include 2006 through 2009.

**Note 3 - Computers and other equipment**

At December 31, 2009, computers and other equipment consist of the following:

Computers and other equipment	\$	14,584
Less: accumulated depreciation		<u>13,632</u>
	\$	<u>952</u>

**Note 4 - Liabilities subordinated to claims of general creditors**

There were no liabilities subordinated to claims of general creditors at December 31, 2009.

**NOTES TO STATEMENT OF FINANCIAL CONDITION**

**DECEMBER 31, 2009**

**Note 5 - Concentrations of credit risk**

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of cash and cash equivalents and accounts receivable. The carrying value of cash and accounts receivable approximate fair values due to the short-term nature of these items.

The Company maintains its cash balance at one financial institution. Accounts at the institution are insured by the Federal Deposit Insurance Corporation up to \$250,000. The Company's cash balance may exceed this limit from time-to-time.

In the course of its business, the Company enters into contracts with various clients. In the event clients do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the client. It is the Company's policy to review, as necessary, the credit standing of each client with which it conducts business and, generally, requires no collateral from its clients.

**Note 6 - Net capital requirements**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2009, the Company had net capital of \$144,723 which was \$139,723 in excess of its required net capital of \$5,000. The Company's ratio of aggregate indebtedness to net capital was .057 to 1.

**Note 7 - Subsequent events**

Management has evaluated subsequent events through February 11, 2010, the date this Statement of Financial Condition was issued.
