Lombard Securities Incorporated (the "Company") was incorporated in the State of Maryland in July, 1990 and is a securities broker-dealer located in Baltimore, Maryland. The Corporation is registered with the Securities and Exchange Commission (SEC), is a member of Financial Industry Regulatory Authority (FINRA), Securities Investors Protection Corporation (SPIC) and the Municipal Securities Rulemaking Board (MSRB).

Lombard Advisers Incorporated, a wholly-owned subsidiary, was incorporated in the State of Maryland in August, 1994 as an investment adviser.

The Company is subject to the provisions of Rule 15c3-3 of the Securities and Exchange Commission. However, the Company operates pursuant to the exemptive provisions of Paragraphs (k)(2)(i) and (k)(2)(ii) of Rule 15c3-3. This prohibits the Company from carrying customer margin accounts, or otherwise holding customer funds or securities, or performing custodial duties with respect to customers' securities. It also requires the Company to promptly deliver all customer funds and securities related to mutual fund transactions and to transact all customer securities transactions through a special reserve bank account for the exclusive benefit of its customers. The requirements of Paragraph (k)(2)(ii) provide that the Company clear all transactions on behalf of customers on a fully disclosed basis with a clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a broker/dealer.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES

All significant intercompany balances and transactions between the Company and its subsidiaries have been eliminated in the consolidation.

Revenue Recognition

Commission income and related expense from security transactions are recorded on a trade date basis.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and Cash Equivalents

The Company considers highly liquid investments with original maturities of three months or less to be cash equivalents.

Securities Owned

Securities owned are valued at their fair market value, determined from quoted market prices.

Property and Equipment

Furniture and equipment are stated at cost net of \$288,598 accumulated depreciation. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets, usually 5 years. Depreciation expense for the year ended December 31, 2009, was \$17,363.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Income Taxes

Income taxes are provided for the tax effects of transactions reported in the financial statements and consist of taxes currently due plus deferred taxes. Deferred income taxes are provided for temporary differences arising between the tax basis of assets and liabilities and their respective book basis as reported in the financial statements. As of December 31, 2009, the Company has a net operating loss carryforward of approximately \$270,000. No deferred tax assets have been recorded in the accompanying balance sheet due to the uncertainty of realization. Similarly, no provision for income taxes is recorded in the accompanying statement of income, as the tax expense computed at the statutory Federal and state income tax rates has been offset by a change in valuation allowance.

Supplemental Cash Flow Disclosure

No cash was paid for income taxes or interest during the year ended December 31, 2009.

NOTE 4 - CLAIMS AND ASSESSMENTS

The Company is generally engaged in ongoing legal matters.

NOTE 5 - OFF-BALANCE-SHEET RISK

A clearing broker/dealer carries all of the accounts of the clients of the Company and is responsible for execution, collection and payment of funds, and receipt and delivery of securities related to client transactions. Off-balance-sheet risk exists with respect to these transactions due to the possibility that clients may be unable to fulfill their contractual commitments wherein the clearing broker/dealer may charge any losses it incurs to the Company. The Company seeks to minimize this risk through procedures designed to monitor the credit worthiness of its clients and verify that client transactions are executed properly by the clearing broker/dealer.

NOTE 6 - NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2009, the Company is in compliance with this rule.

SUPPLEMENTARY REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS
ON INTERNAL ACCOUNTING CONTROL

To the Board of Directors
Lombard Securities Incorporated
Baltimore, MD

Gentlemen:

SEC
Mail Processing
Section

MAR 02 2010

WASHINGTON, DC
122

In planning and performing our audit of the financial statements of Lombard Securities Incorporated for the year ended December 31, 2009, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission(SEC) we made a study of the practices and procedures followed by The Company including test of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17-a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with

reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are recorded in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control structure or the practices and procedures referred to above, errors or irregularities may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2009 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

To the Board of Directors of
Lombard Securities, Inc.
Baltimore, MD

In accordance with rule 17a-5(e)(4) of the Securities and Exchange Commission, we have performed the following procedures with respect to Form SIPC-7T of Securities Investor Protection Corporation assessments and payments of Lombard Securities, Inc. for the period ended December 31, 2009. Our procedures were performed solely to assist you in complying with rule 17a-5(e)(4), and our report is not to be used for any other purpose. The procedures we performed are as follows:

1. Compared listed assessment payments with respective cash disbursement records entries;
2. Compared amounts reported on the audited Form X-17A-5 for the period April 1, 2009 to December 31, 2009 with the amounts reported in the General Assessment Reconciliation (Form SIPC-7T);
3. Compared any adjustments reported in Form SIPC-7T with supporting schedules and working papers;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7T and in the related schedules and working papers supporting adjustments; and
5. Compared the amount of any overpayment applied with the Form SIPC-7T on which it was computed.

Because the above procedures do not constitute an audit made in accordance with generally accepted auditing standards, we do not express an opinion on the form referred to above. In connection with the procedures referred to above, nothing came to our attention that caused us to believe that the amounts shown on Form SIPC-7T were not determined in accordance with applicable instructions and forms. This report relates only to the form referred to above and does not extend to any financial statements of Lombard Securities, Inc. taken as a whole.
