INDEPENDENT AUDITOR'S REPORT

To the Board of Directors and Stockholder of
Meeschaert Capital Markets, Inc.

We have audited the accompanying statement of financial condition of Meeschaert Capital Markets, Inc. (a corporation and wholly-owned subsidiary of Meeschaert Corporation) as of December 31, 2009, and the related statements of income, changes in stockholder's equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Meeschaert Capital Markets, Inc. as of December 31, 2009, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. This supplementary information is the responsibility of the Company's management. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

A handwritten signature in cursive script that reads "Raines & Fischer LLP".

MEESCHAERT CAPITAL MARKETS, INC.
(A WHOLLY-OWNED SUBSIDIARY OF
MEESCHAERT CORPORATION)
Notes to Financial Statements
December 31, 2009

(1) Organization and Operation

Meeschaert Capital Markets, Inc. (the "Company") (formerly World Market Equities Incorporated) is incorporated under the laws of the State of Texas and is a broker-dealer in securities registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company operates under (SEC) Rule 15c3-3(k)(2)(ii), which provides that all funds and securities belonging to the Company's customers would be handled by a correspondent broker-dealer.

The majority of the Company's business is dependent upon a small number of customers in France. Effective in November 2007, the Company became a wholly-owned subsidiary of Meeschaert Corporation (the "Parent").

(2) Summary of Significant Accounting Policies

Security transactions (and related commission revenue and expense) are recorded on a settlement date basis, generally the third business day following the transaction. If materially different, commission income and related expense are adjusted to a trade date basis.

Furniture and equipment are recorded at cost. Depreciation is recorded using straight line and accelerated methods over periods ranging from 3 to 7 years. The cost of retired property and the related accumulated depreciation is removed from the accounts, and any loss is transferred to income. Maintenance and repair costs are expensed as incurred.

Advertising costs are expensed as incurred.

Compensated absences have not been accrued because the amount cannot be reasonably estimated.

Income taxes are provided based upon earnings reported for financial statement purposes.

For purposes of reporting cash flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than ninety days that are not held for sale in the ordinary course of business.

MEESCHAERT CAPITAL MARKETS, INC.
(A WHOLLY-OWNED SUBSIDIARY OF
MEESCHAERT CORPORATION)
Notes to Financial Statements
December 31, 2009

(2) Summary of Significant Accounting Policies (continued)

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting year. Actual results could differ from these estimates.

(3) Net Capital Requirements

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities and Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis. At December 31, 2009, the Company had net capital of approximately \$484,479 and net capital requirements of \$5,000. The Company's ratio of aggregate indebtedness to net capital was 0.12 to 1. The Securities and Exchange Commission permits a ratio of no greater than 15 to 1.

(4) Possession or Control Requirements

The Company does not have any possession or control of customer funds or securities. There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of (SEC) Rule 15c3-3(k)(2)(ii) by promptly transmitting all customer funds and securities to the clearing broker who carries the customer accounts.

(5) Capital Stock

The Company is authorized to issue 20,000 shares of preferred stock with no par value. No preferred stock is issued or outstanding.

(6) Furniture and Equipment

The classes of furniture and equipment and the related accumulated depreciation are as follows:

	<u>Cost</u>	<u>Accumulated Depreciation</u>	<u>Net</u>
Furniture	\$ 88,036	\$24,304	\$ 63,732
Equipment	<u>125,729</u>	<u>55,580</u>	<u>70,149</u>
	<u>\$213,765</u>	<u>\$79,884</u>	<u>\$133,881</u>

Depreciation expense for the year ended December 31, 2009 was \$36,491 and is included in occupancy and equipment cost.

MEESCHAERT CAPITAL MARKETS, INC.
(A WHOLLY-OWNED SUBSIDIARY OF
MEESCHAERT CORPORATION)

Notes to Financial Statements

December 31, 2009

(7) Related Party Transactions

The Company is due \$32,183 from the Parent at December 31, 2009. This amount represents expenses paid on behalf of the Parent by the Company.

(8) Lease Commitments

The Company leases its office facilities from the Parent on a month-to-month basis. Rent expense charged to operations amounted to \$182,000 for the year ended December 31, 2009.

(9) Provision (Benefit) for Income Taxes

The provision (benefit) for income taxes consists of the following:

	<u>Total</u>	<u>Current</u>	<u>Deferred</u>
Federal Income Tax	\$ (37,289)	\$ -0-	\$ (37,289)
NYS Franchise Tax	(8,408)	300	(8,708)
NYC General Corporation Tax	(9,778)	<u>637</u>	<u>(10,415)</u>
Total	<u>\$(55,475)</u>	<u>\$937</u>	<u>\$(56,412)</u>

(10) Retirement Plan

The Company maintains a 401(k) retirement plan which covers qualified employees. The Company's contribution to the plan is based on a percentage of employees' contributions. For the year ended December 31, 2009, the Company made a contribution of \$30,910, which is included in employee compensation and benefits on the accompanying Statement of Income.

(11) Off-Balance Sheet Risk and Concentration of Credit Risk for Cash Held in Bank

In the normal course of business, the Company executes, as an agent, transactions on behalf of customers. If the agency transactions do not settle because of failure to perform by either the customer or the counterparty, the Company may be required to discharge the obligation of the nonperforming party and, as a result, may incur a loss if the market value of the security is different from the contract amounts of the transaction. The Company's counterparties include U.S. and foreign customers, brokers and dealers that are members of regulated exchanges. The Company does not anticipate nonperformance by such customers or financial institutions; however, the Company's policy is to monitor its market exposure and counterparty risk. Included in cash, on the accompanying statement of financial condition at December 31, 2009, are balances with a financial institution which are in excess of the maximum amount insured by the Federal Deposit Insurance Corporation. This financial institution has a strong credit rating and management believes that credit risk related to these accounts is minimal.

INDEPENDENT AUDITOR'S REPORT
ON INTERNAL ACCOUNTING CONTROL

REQUIRED BY SEC RULE 17a-5

YEAR ENDED DECEMBER 31, 2009

Independent Auditor's Report on
Internal Control Required by SEC Rule 17a-5

Board of Directors
Meeschaert Capital Markets, Inc.

In planning and performing our audit of the financial statements of Meeschaert Capital Markets, Inc. (the "Company") as of and for the year ended December 31, 2009 (on which we issued our report dated February 22, 2010 and such report expressed an unqualified opinion on those financial statements), in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting ("internal control") as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. We did not review the practices and procedures followed by the Company in making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13 or in complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System, because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with accounting principles generally accepted in the United States of America such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2009, to meet the SEC's objectives.

However, we note that the size of the business and resultant limited number of employees imposes practical limitations on the effectiveness of those control policies and procedures that depend on the segregation of duties. Because this condition is inherent in the size of the Company, the specific weaknesses are not described herein. These conditions were considered in determining the nature, timing and extent of audit tests to be applied in our audit of the financial statements, and does not modify our opinion dated February 22, 2010 on such financial statements.

This report is intended solely for the information and use of the Board of Directors, management, the Securities and Exchange Commission, the Financial Industry Regulatory Authority, Inc. and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered broker-dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Handwritten signature in cursive script that reads "Raines & Fuchs LLP".

New York, New York
