Report of Independent Registered Public Accountant

Board of Directors
Linear Financial Services, Inc.
Santa Ana, California

I have audited the accompanying statement of financial condition of Linear Financial Services, Inc. as of December 31, 2009 and the related statements of operations, changes in stockholder's equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards of the Public Company Accounting Oversight Board (United States). Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Linear Financial Services, Inc. as of December 31, 2009 and the results of its operations and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

My audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained on Schedule I-III is presented for purposes of additional analysis and is not required as part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Act of 1934. Such information has been subject to the auditing procedures applied in my audit of the basic financial statements and, in my opinion, is fairly stated in all material respect in relating to the basic financial statements taken as a whole.

This opinion is intended solely for the information and use of the board of directors, the Securities and Exchange Commission, and other regulatory agencies which rely on Rule 17a 5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Notes to Financial Statements
December 31, 2009

Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

ORGANIZATION AND GENERAL MATTERS:

Linear Financial Services, Inc. (the "Company") was formed in Delaware and is approved as a securities broker dealer by The Securities and Exchange Commission and The Financial Industry Regulatory Authority.

The firm engages in sales of mutual funds on an application basis only.

Cash

Cash equivalents include highly liquid investments purchased with an original maturity of three months or less.

Comprehensive Income:

The Company adopted SFAS No. 130, "Reporting Comprehensive Income," which requires that an enterprise report, by major components and as a single total, the changes in equity. There were no other comprehensive income items for the year ended December 31, 2009.

Lease:

The Company rents its facilities on a month-to-month basis from an unrelated entity in the amount of \$400.00 a month.

LINEAR FINANCIAL SERVICES, INC.

Notes to Financial Statements December 31, 2009

Note 2: INCOME TAXES

The Company was formed as a "C" Corporation. The Company has a loss carry forward and is allowed to carry it forward 15 years except for the State of California. The Company's current income tax benefit is:

Federal	\$21,616
State	9,838
	<hr/>
Total	\$31,454

Note 3: NET CAPITAL REQUIREMENTS

The company is subject to the uniform net capital rule (SEC Rule 15c3-1) of the Securities and Exchange Commission, which requires both the maintenance of minimum net capital and the maintenance of maximum ratio of aggregate indebtedness to net capital. At December 31, 2009 the company had a net capital of \$26,211 which is \$21,211 in excess of the minimum of \$5,000 required and its ratio of aggregate indebtedness (\$21,547) to net capital was 0.82:1, which is less than the 15:1 ratio of a broker dealer.

Note 4: GOING CONCERN

The Company is not earning enough revenue to support its direct expenses. The viability of the Company is a function of being able to increase revenues or stockholder's future capital contributions.

Note 5: COMMITMENTS AND CONTINGENCIES

On November 13, 2009, the enforcement department of the Financial Industry Regulatory Authority, notified the firm under a "Wells Call" calling for a submission from the firm to determine whether a preliminary determination of regulatory sanctions are appropriate. These actions stem from an affiliate's web site where the firm was named as a source of referrals. The affiliate's activities have since been curtailed. The amount of sanctions and the probability of such sanctions being levied have not yet been determined by the firm and its counsel.

**REPORT OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTANT ON
INTERNAL CONTROL STRUCTURE
REQUIRED BY SEC RULE 17A-5**

Board of Directors,
Linear Financial Services, Inc.
Santa Ana, California

In planning and performing my audit of the financial statements of Linear Financial Services, Inc. for the year ended December 31, 2009, I considered its internal control structure, including control activities for safeguarding securities, in order to determine my auditing procedures for the purpose of expressing my opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission, I have made a study of the practices and procedures including tests of such practices and procedures followed by Linear Financial Services, Inc. including test of compliance with such practices and procedures that I considered relevant to objectives stated in Rule 17a-5(g), (1) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, I did not review the practices and procedures followed by the Company in any of the following: (i) in making the quarterly securities examinations, counts, verifications and comparisons, (ii) recordation of differences required by Rule 17a-13, or (iii) in complying with the requirements for prompt payment for securities of Section 8 of Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining an internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the Commission's above mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Board of Directors,
Linear Financial Services, Inc.
Page Two

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

My consideration of the internal control structure would not necessarily disclose all matters in the internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants and the Public Company Accounting Oversight Board (United States). A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, I noted no matters involving the internal control structure, including control activities for safeguarding securities, which I consider to be material weaknesses as defined above.

In addition, my consideration of the internal control structure indicated that the Company was in compliance with the conditions of the exemption under Paragraph (k)(2)(ii) of Rule 15c3-3, and no facts came to my attention indicating that such conditions had not been complied with during the period. The scope of my engagement did not include the Anti Money Laundering provision of the U.S. Patriot Act.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the Commission to be adequate for its purpose in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on my study, I believe that the Company's practices and procedures were adequate at December 31, 2009 to meet the Commission's objectives.

This report is intended solely for the information and use of the board of directors, the Securities and Exchange Commission, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
