REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors of Loewen, Ondaatje, McCutcheon USA Limited

We have audited the accompanying statement of financial condition of Loewen, Ondaatje, McCutcheon USA Limited (the "Company") as of March 31, 2010, and the related statements of operations, changes in stockholder's equity and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 of the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Loewen, Ondaatje, McCutcheon USA Limited as of March 31, 2010, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules 1 and 2 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects, in relation to the basic financial statements taken as a whole.

LOEWEN, ONDAATJE, McCUTCHEON USA LIMITED

Notes to Financial Statements
(Expressed in U.S. dollars)

Year ended March 31, 2010

Loewen, Ondaatje, McCutcheon USA Limited (the "Company") was incorporated under the Ontario Business Corporations Act on September 16, 1993. In the United States of America, the Company is registered as a broker-dealer in securities under the Securities Exchange Act of 1934 and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company's primary source of revenue is commission income for securities trade execution for U.S. resident institutional clients. The Company computes its regulatory net capital under the alternative method. The Company clears all transactions with, and for its customers through, its parent, Loewen, Ondaatje, McCutcheon Limited ("LOM"). Through LOM, the Company has a Clearing Agreement with National Bank Correspondent Network Inc. ("Clearing Broker"). Accordingly, the Company does not hold customer securities or perform custodial functions relating to customer accounts. Continuing operations of the Company are dependent on LOM's ability to attract and retain clients on behalf of the Company.

The Company is a wholly owned subsidiary of LOM, a Canadian-owned and regulated investment dealer. LOM is a member of the Investment Industry Regulatory Organization of Canada. The Company's head office is located in Toronto, Ontario, Canada. Continuing operations of the Company are dependent on those of LOM.

1. Adoption of new accounting standard:

Effective June 30, 2009, the Company adopted amendments to Financial Accounting Standards Board ("FASB") ASC 855, *Subsequent Events*, which requires the date through which management has evaluated subsequent events. This standard establishes the accounting for and disclosure of events that occur after the balance sheet date but before financial statements are issued.

The adoption of this standard does not have a material impact on the financial statements.

2. Significant accounting policies:

These financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The significant accounting policies are as follows:

(a) Cash and cash equivalents:

The Company considers deposits in banks and term deposits with original maturities of three months or less as cash and cash equivalents.

LOEWEN, ONDAATJE, McCUTCHEON USA LIMITED

Notes to Financial Statements (continued)
(Expressed in U.S. dollars)

Year ended March 31, 2010

2. Significant accounting policies (continued):

(b) Securities transactions and balances:

Customers' securities transactions are recorded on a settlement date basis, with related commission income and expense recorded on a trade date basis. Interest income is recorded on an accrual basis.

(c) Fair values of financial assets and liabilities:

The fair values of financial assets and liabilities approximate the carrying amounts due to their short-term nature or imminent maturity.

FASB ASC 820 establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company's assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The hierarchy is broken down into three levels based on the observability of inputs as follows:

(i) Level 1:

Valuations based on quoted prices in active markets for identical assets or liabilities that the Company has the ability to access. Valuation adjustments and block discounts are not applied to Level 1 instruments. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these products does not entail a significant degree of judgment.

(ii) Level 2:

Valuations based on one or more quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

LOEWEN, ONDAATJE, McCUTCHEON USA LIMITED

Notes to Financial Statements (continued)
(Expressed in U.S. dollars)

Year ended March 31, 2010

2. Significant accounting policies (continued):

(iii) Level 3:

Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

(d) Translation of foreign currencies:

Assets and liabilities denominated in foreign currencies are translated into U.S. dollars at the year-end rates of exchange. Revenue and expenses related to foreign currency transactions are translated into U.S. dollars at the average rates of exchange prevailing during the year. Gains or losses resulting from foreign currency translation are included in the statement of operations.

(e) Income taxes:

The Company uses the asset and liability method of accounting for income taxes. Under the asset and liability method, deferred tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the year that includes the date of enactment.

(f) Use of estimates:

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the year. Actual results could differ from those estimates.

LOEWEN, ONDAATJE, McCUTCHEON USA LIMITED

Notes to Financial Statements (continued)
(Expressed in U.S. dollars)

Year ended March 31, 2010

3. Financial instruments:

(a) Concentration of credit risk:

All the clearing and depository operations for the Company are performed through the Clearing Broker. The Company reviews, as considered necessary, the credit standing of the counterparties with which the Company conducts business. The Company's exposure to credit risk associated with the non-performance counterparties in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile securities markets, credit markets and regulatory changes. Credit risk is the amount of accounting loss the Company would incur if the counterparty failed to perform its obligations under contractual terms.

(b) Fair values of financial instruments:

The fair values of financial assets and liabilities approximate their carrying amounts due to their imminent maturity or short-term nature.

During the year, the Company sold its holdings of 300 shares of NASDAQ Stock Market Inc. These securities were valued at the closing bid market price which was readily determinable and included in the Level 1 hierarchy category. The Company had no financial instruments at March 31, 2010.

4. Deposit segregated pursuant to federal and other regulations:

A cash amount of \$67,609 has been segregated in a special account for the exclusive benefit of customers under Rule 15c3-3 of the Securities and Exchange Commission ("SEC") and is included in cash.

5. Related party transactions:

Under an operating agreement dated April 1, 1994, the Company has entered into an arrangement with its parent, LOM, whereby the parent will perform certain securities execution and clearing activities and record-keeping services as agent for the Company, as well as providing management and administrative services to the Company.

LOEWEN, ONDAATJE, McCUTCHEON USA LIMITED

Notes to Financial Statements (continued)
(Expressed in U.S. dollars)

Year ended March 31, 2010

5. Related party transactions (continued):

The intercompany balance due from the parent of \$541,852 is payable on demand and is non-interest bearing.

Service fees charged to the Company by LOM for the year ended March 31, 2010 is \$72,480.

6. Capital stock:

Authorized:

Unlimited common shares

Issued and outstanding:

842,322 common shares

\$ 600,000

7. Regulatory net capital requirement:

In the United States of America, as a registered broker-dealer, the Company is subject to the Uniform Net Capital Rule of the SEC ("Rule 15c3-1"), which requires the maintenance of minimum net capital. The Company computes its net capital under the alternative method, which requires that the Company maintain minimum net capital, as defined, equal to the greater of \$250,000 or 2% of aggregate debit items pursuant to SEC Rule 15c3-3. At March 31, 2010, the Company had net capital of \$319,780 which is \$69,780 in excess of the required minimum net capital of \$250,000.

8. Income taxes:

The Company files its own federal and provincial tax returns. For Canadian tax purposes, the Company files a stand-alone tax return.

The income taxes payable consist of current taxes payable of \$13,544. The current income taxes of \$51,701, as included in the statement of operations, is determined in accordance with FASB ASC 740, *Accounting for Income Taxes*.

LOEWEN, ONDAATJE, McCUTCHEON USA LIMITED

Notes to Financial Statements (continued)
(Expressed in U.S. dollars)

Year ended March 31, 2010

8. Income taxes (continued):

FASB Interpretation No. 48, *Accounting for Uncertainty in Income Taxes* ("FIN 48"), an interpretation of FASB ASC 740 applies to all tax positions accounted for in accordance with FASB ASC 740 and is effective for the Company commencing the year ended March 31, 2010. The Company has assessed the impact of this standard and determined there is no material impact on its financial condition or results of operations.

A reconciliation of the differences between the expected income taxes for income computed at the Canadian statutory income tax rate and the Company's income taxes is shown in the following table:

Expected income tax benefit at	
Canadian federal and provincial tax rates	\$ 42,347
Foreign exchange and other	9,354
Income taxes	\$ 51,701

9. Subsequent events:

The Company has evaluated the effects of subsequent events that have occurred subsequent by year end, March 31, 2010, and through to May 26, 2010 which is the date the financial statements were issued. During this period, there have been no events that would require recognition in or disclosure in the financial statements.

LOEWEN, ONDAATJE, McCUTCHEON USA LIMITED

Schedule 1 - Computation of Net Capital Under Rule 15c3-1 of the Securities and Exchange Commission

(Expressed in U.S. dollars)

March 31, 2010

Total stockholder's equity from statement of financial condition	\$ 895,882
Less non-allowable assets:	
Due from parent	541,852
Prepaid expenses and other assets	15,028
	<hr/>
	556,880
Less deductions and charges:	
Excess fidelity bond deductible	19,222
	<hr/>
Net capital	319,780
Alternative net capital requirement:	
2% of combined aggregate debit items as shown in formula for determination of reserve requirements under Rule 15c3-3 (or \$250,000, if greater)	
Net capital requirement	250,000
	<hr/>
Excess net capital	\$ 69,780
	<hr/>
Net capital in excess of 5% of combined aggregate debit items or 120% of minimum net of capital requirement	\$ 19,780

The above computation does not differ materially from the computation of net capital under SEC Rule 15c3-1 as of March 31, 2010, as amended and refiled on May 26, 2010 by the Company on Form X-17A-5.

LOEWEN, ONDAATJE, McCUTCHEON USA LIMITED

Schedule 2 - Computation for Determination of Reserve Requirements Under Rule 15c3-3 of the Securities and Exchange Commission
(Expressed in U.S. dollars)

March 31, 2010

Credit balances in customers' securities account:		
Free credit balances	\$	—
<hr/>		
Reserve computation	\$	—
<hr/>		
Amount of cash held on deposit on "special account for the exclusive benefit of customers"	\$	67,609

The above computation does not differ from the computation of reserve requirements under SEC Rule 15c3-3 as of March 31, 2010, as amended and refiled on May 26, 2010 by the Company on Form X-17A-5.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors of Loewen, Ondaatje, McCutcheon USA Limited

In planning and performing our audit of the financial statements of Loewen, Ondaatje, McCutcheon USA Limited (the "Company") as of and for the year ended March 31, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting ("internal control") as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in the following:

1. Making the periodic computations of aggregate debits and net capital under Rule 17a-3(a)(11) and the reserve required by Rule 15c3-3(e).
2. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13.
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.
4. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with U.S. generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Page 2

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A significant deficiency is a deficiency or combination of deficiencies in internal control, that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at March 31, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
