ABG Sundal Collier, Inc.
(A Wholly-Owned Subsidiary of ABG Sundal Collier Holdings, Inc.)
Notes To The Financial Statement
For The Year Ended December 31, 2009

1. GENERAL

ABG Sundal Collier, Inc. (the "Company") is a wholly-owned subsidiary of ABG Sundal Collier Holdings, Inc. ("Holdings"). Holdings is wholly-owned by ABG Sundal Collier, ASA ("ASA"), a Norwegian broker-dealer of securities. The Company is a registered general securities broker-dealer and is subject to regulation by the Securities and Exchange Commission and the Financial Industry Regulatory Authority.

The Company generates commissions by introducing institutional customer commission business to a clearing broker-dealer on a fully-disclosed basis. Accordingly, the Company does not carry customer accounts and does not receive, deliver, or hold cash or securities in connection with such transactions. The Company has executed a Proprietary Accounts of Introducing Brokers ("PAIB") Agreement with its clearing broker, who takes custody of the funds or securities of the Company's customers. In the event that customers of the Company fail to perform on their obligations, such obligations are the responsibility of the Company.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Revenue recognition – Commissions earned on securities transactions and related expenses are recorded on a trade date basis.

Receivables from and deposit with clearing broker – The resulting net receivable from trade date transactions not settled as of December 31, 2009 and a deposit of \$250,000 at the clearing broker are reflected as receivable from and deposit with clearing broker in the statement of financial condition.

Cash and cash equivalents – Cash and cash equivalents include cash and time deposit accounts at banks with a maturity of seven days or less.

Furniture, equipment and leasehold improvements – Furniture, equipment, and leasehold improvements are stated at cost less accumulated depreciation and amortization. Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally three years for computer and telecommunication equipment, and five years for furniture and fixtures. Leasehold improvements are amortized over the shorter of the lease terms or their useful lives.

Income Taxes – The Company is a member of a Federal affiliated group of which the Company and Holdings have elected to join in the filing of the group's consolidated income tax return. For financial reporting purposes, the Company's income taxes are reported on a separate company basis.

The Company utilizes the asset and liability method to calculate deferred tax assets and liabilities. The amount of current and deferred taxes payable or refundable is recognized as of the date of the financial statements, utilizing tax laws and rates expected to be in effect at the time of reversal. Deferred tax expenses or benefits are recognized in the financial statements for the changes in deferred tax liabilities or assets between years. Valuation allowances are recognized if, based on the weight of available evidence, it is more likely than not that some portion of the deferred tax assets will not be realized.

ABG Sundal Collier, Inc.
(A Wholly-Owned Subsidiary of ABG Sundal Collier Holdings, Inc.)
Notes To The Financial Statement
For The Year Ended December 31, 2009

Use of estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ materially from those estimates.

3. FURNITURE, EQUIPMENT AND LEASEHOLD IMPROVEMENTS

Furniture, equipment and leasehold improvements at December 31, 2009 are as follows:

Furniture	\$ 132,021
Computer Equipment	375,482
Telephone Equipment	270,267
Leasehold Improvements	<u>284,696</u>
	1,062,466
Less: Accumulated Depreciation	<u>(958,986)</u>
	<u>\$ 103,480</u>

4. INCOME TAX

The major sources of temporary differences and their deferred income tax effects as of December 31, 2009 are as follows:

Deferred tax assets:	
Depreciation adjustment	\$ 41,241
Net operating loss carry-forward	184,441
Less: Valuation allowance	<u>(107,839)</u>
Net deferred tax assets	<u>\$ 117,843</u>

A valuation allowance of \$107,839 was established in prior years for the portion of the federal net operating loss carryforward which may not be utilized due to a prior ownership change. Based upon available evidence, it appears more likely than not that this particular element of the net deferred tax asset will not be realized. The valuation allowance decreased in 2009 by \$153,258.

The Company has Federal, state and local income tax net operating loss carryforwards of \$407,398 as of December 31, 2009. The Company has \$169,200 of the net operating loss available to be utilized and \$238,198 will expire as of December 31, 2012.

5. RETIREMENT PLAN

The Company has a 401(k) profit sharing plan that covers all full-time employees who have attained the age of twenty-one and who have completed six months of service as defined in the plan. Contributions to the plan are determined annually by the Board of Directors. Eligible employees are immediately vested. For the year ended December 31, 2009, the amount of the Company's contribution was \$611,129 which is included in employee compensation and benefits in the statement of income.

6. COMMITMENTS AND CONTINGENCIES

Rent expense was \$376,983 for the year ended December 31, 2009 and is included in occupancy expenses in the statement of income. In connection with the new lease agreement, the Company is required to maintain a \$192,417 letter of credit in the event of default. There are no amounts outstanding under the letter of credit.

Future minimum annual lease payments under the non-cancellable lease are as follows:

<u>Year Ending</u> <u>December 31,</u>	<u>Minimum Rent</u>
2010	\$ 403,455
2011	434,490
2012	434,490
2013	434,490
2014	434,490
Thereafter	<u>434,490</u>
	<u>\$ 2,575,905</u>

7. CONCENTRATION OF CREDIT RISK

The Company, as an introducing broker, introduces all institutional customer transactions with and for customers on a fully-disclosed basis with the clearing broker, who carries all of the accounts of such customers. These activities may expose the Company to credit risk in the event the customer and/or clearing broker is unable to fulfill its obligations.

The Company maintains cash and money market account balances with financial institutions in excess of Federal insurable limits and is exposed to the credit risk resulting from this concentration of cash.

8. RELATED PARTY TRANSACTIONS

The Company, as an introducing broker, has an agreement with ASA whereby ASA provides the Company with execution, clearance and other brokerage related services on behalf of the Company's customers.

The Company receives an allocation from ASA consisting of introducing fees, interest income and other income and certain common expenses for research, execution and management, which are paid by certain of the Company's international affiliates. For the year ended December 31, 2009, the total amount of the Company's allocated portion of these revenues and expenses was \$6,035,769 which is included in commissions, net in the statement of income. Introducing expenses, net of commission revenue of \$474,183 is due from ASA as of December 31, 2009 and is included in receivable from affiliates, net in the statement of financial condition. Included in receivable from affiliates, net is \$39,680 due from ABG Sundal Collier Real Estate, Inc. for expenses paid on its behalf. Interest earned on balances receivable from affiliates was \$2,754 and is included in interest revenue in the statement of income.

Notes To The Financial Statement
For The Year Ended December 31, 2009

Receivables from affiliates:

Due from ABGSC ASA	\$ 474,183
Due from ABGSC Real Estate	<u>39,680</u>

The Company grants loans to selected officers and employees. All loans bear interest at prime plus 1% per annum. At December 31, 2009, there were no receivables due from employees.

9. NET CAPITAL REQUIREMENTS

The Company is subject to the net capital requirements of Rule 15c3-1 of the Securities and Exchange Commission, as amended, which requires a broker-dealer to have, at all times, sufficient liquid assets to cover current indebtedness. In accordance with the rule, the broker-dealer is required to maintain defined minimum net capital of the greater of \$5,000 or 1/15 of aggregate indebtedness.

At December 31, 2009, the Company had net capital, as defined, of \$20,052,136 which was \$20,010,411 in excess of its required net capital of \$41,725. At December 31, 2009, the Company had aggregate indebtedness of \$625,873. The ratio of aggregate indebtedness to net capital was 0.03 to 1.

10. ESTIMATED FAIR VALUE OF FINANCIAL INSTRUMENTS

Accounting principles generally accepted in the United States of America require disclosure of fair value information about financial instruments, for which it is practicable to estimate the value, whether or not recognized on the statement of financial condition. As a registered broker-dealer, securities owned, if any, are already recorded at market value.

The recorded value of all other financial assets and liabilities is considered to approximate fair value, due to the short-term nature of the financial instruments and revaluation policies followed by the Company.

11. SUBSEQUENT EVENTS

The Company has evaluated events occurring between the year ended December 31, 2009 and February 23, 2010, the date the financial statement was available for issuance.

The Company's Statement of Financial Condition as of December 31, 2009 is available for examination at the office of the Company and at the Regional Office of the Securities and Exchange Commission.
