INDEPENDENT AUDITORS' REPORT

To the Board of Directors of  
Robinson & Lukens, Inc.  
McLean, VA

We have audited the accompanying statement of financial condition of Robinson & Lukens, Inc., at December 31, 2009. This financial statement are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Robinson & Lukens, Inc., at December 31, 2009, in conformity with accounting principles generally accepted in the United States of America.

ROBINSON & LUKENS, INC.

MCLEAN, VA

NOTES TO FINANCIAL STATEMENTS

AT DECEMBER 31, 2009

NOTE 1 - ORGANIZATION

The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC), Financial Industry Regulatory Authority (FINRA) and the Securities Investors Protection Corporation (SIPC).

NOTE 2 - ACCOUNTING POLICIES

Security transactions are recorded on settlement date. The effect on net income of using a settlement date basis versus a trade date basis for recording securities transactions is not material. Securities owned are recorded at market value with any unrealized appreciation or depreciation included in current operating income. Fixed assets are carried at cost (\$35,843), less accumulated depreciation. Depreciation is determined in accordance with accelerated cost recovery methods over the estimated useful lives of the assets. At December 31, 2009 all fixed assets were fully depreciated.

NOTE 3 - CASH AND CASH EQUIVALENTS

Cash and cash equivalents consisted of amounts on deposit with federally insured financial institutions in checking and money market accounts. Total cash on deposit at December 31, 2009, and during the year then ended exceeded the federal deposit insurance limits. The Company has never experienced any losses in these accounts and does not believe that it is exposed to any significant concentration of credit risk. For purposes of the statement of cash flows, the Company considers all highly liquid instruments with original maturities of three months or less to be cash equivalents.

NOTE 4 - CAPITAL REQUIREMENTS

The Company is subject to the net capital rule of the Securities and Exchange Commission. The rule requires that the Company's ratio of "aggregate indebtedness," as defined, to "net capital," as defined, not exceed 15 to 1. At December 31, 2009, the Company's ratio of aggregate indebtedness to net capital was .07 to 1, and net capital was \$1,878,546 as compared to the required minimum net capital of \$250,000.

NOTE 5 - LEASE COMMITMENTS

The Company is committed under a lease for office space which expires on February 28, 2015. Under this agreement the total future minimum lease payments at December 31, 2009 was \$54,000 over the next twelve months and \$204,000 over the remaining term of the lease.

NOTES TO FINANCIAL STATEMENTS (Continued)

AT DECEMBER 31, 2009

NOTE 6 - USE OF ESTIMATES

The preparation of financial statements in conformity with general accepted accounting principles requires management to make estimates and assumptions. This will affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and reported amounts of revenues and expenses during the reported period. Actual results could differ from these estimates.

NOTE 7 - INCOME TAXES

The Company has elected to file income tax returns as a subchapter S Corporation as defined in the Internal Revenue Code. Generally, a S Corporation is not subject to income taxes but rather, items of income, loss, deduction and credit pass through to stockholders in determining their individual income tax liability.

NOTE 8 - RESERVE FUNDS DEPOSITED FOR THE BENEFIT OF CUSTOMERS

Cash segregated in special reserve bank accounts for the benefit of customers under rule 15c3-3 of the Securities and Exchange Commission at December 31, 2009 was \$127,420.

NOTE 9 - PENSION PLAN

The Company has a Simplified Employee Pension Plan. Discretionary contributions are made to individual accounts of eligible employees. Employees meeting certain age and service requirements participate in the plan. At December 31, 2009 the Company had accrued a contribution to the plan of \$46,614.

NOTE 10 - SECURITIES OWNED

Marketable securities owned consist of trading and investment securities at market values as follows:

Money Market Mutual Funds	\$ 25,159
Mutual Funds	67,622
Corporate Stocks	<u>1,010,390</u>
Total	\$ <u>1,103,172</u>

NOTE 11 - FAIR VALUE MEASUREMENT

All of the Company's assets and liabilities which are stated at fair value are valued in accordance with Level 1 criteria, as defined in FASB ASC 820. Level 1 value measurement uses quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

SUPPLEMENTARY REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS  
ON INTERNAL ACCOUNTING CONTROL

SEC  
Mail Processing  
Section

MAR 02 2010

Washington, DC  
122

To the Board of Directors  
Robinson & Lukens, Inc.  
McLean, VA

Gentlemen:

In planning and performing our audits of the financial statements of Robinson & Lukens, Inc. for the year ended December 31, 2009, we considered its internal control structure, including procedures for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC) we have made a study of the practices and procedures (including tests of compliance with such practices and procedures) followed by Robinson & Lukens, Inc. that we considered relevant to the objectives stated in rule 17a-5(g), (1) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and the reserve required by rule 15c3-3(e); (2) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13; (3) in complying with the requirements for prompt payment for securities under section 8 of Regulation T of the Board of Governors of the Federal Reserve System; and (4) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by rule 15c3-3.

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are recorded in accordance with management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal accounting control procedures or the practices and procedures referred to above, errors or irregularities may nevertheless occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the degree of compliance with them may deteriorate.

Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control structure elements does not reduce to a relatively low level the risk that errors or irregularities in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control structure that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2009, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

WASHINGTON, DC 20006

To the Board of Directors of  
Robinson & Lukens, Inc.  
McLean, VA

In accordance with rule 17a-5(e)(4) of the Securities and Exchange Commission, we have performed the following procedures with respect to Form SIPC-7T of Securities Investor Protection Corporation assessments and payments of Robinson & Lukens, Inc. for the period ended December 31, 2009. Our procedures were performed solely to assist you in complying with rule 17a-5(e)(4), and our report is not to be used for any other purpose. The procedures we performed are as follows:

1. Compared listed assessment payments with respective cash disbursement records entries;
2. Compared amounts reported on the audited Form X-17A-5 for the period April 1, 2009 to December 31, 2009 with the amounts reported in the General Assessment Reconciliation (Form SIPC-7T);
3. Compared any adjustments reported in Form SIPC-7T with supporting schedules and working papers;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7T and in the related schedules and working papers supporting adjustments; and
5. Compared the amount of any overpayment applied with the Form SIPC-7T on which it was computed.

Because the above procedures do not constitute an audit made in accordance with generally accepted auditing standards, we do not express an opinion on the form referred to above. In connection with the procedures referred to above, nothing came to our attention that caused us to believe that the amounts shown on Form SIPC-7T were not determined in accordance with applicable instructions and forms. This report relates only to the form referred to above and does not extend to any financial statements of Robinson & Lukens, Inc. taken as a whole.
