INDEPENDENT AUDITORS' REPORT

Board of Directors
B&T Securities, Inc.

We have audited the accompanying statement of financial condition of B&T Securities, Inc. (the "Company") as of December 31, 2009. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition presents fairly, in all material respects, the financial position of B&T Securities, Inc. as of December 31, 2009 in conformity with accounting principles generally accepted in the United States of America.

B&T SECURITIES, INC.
NOTES TO STATEMENT OF FINANCIAL CONDITION
FOR THE YEAR ENDED DECEMBER 31, 2009

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Basis of Presentation

B&T Securities, Inc. (the "Company") was incorporated in the State of Florida on January 11, 2002 and is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and is a member of various exchanges and the Financial Industry Regulatory Authority ("FINRA").

The Company is engaged in a single line of business as a securities broker-dealer. The Company manages its customer accounts through National Financial Services LLC ("National") on a fully disclosed basis. National provides services, handles the Company's customers' funds, holds securities, and remits monthly activity statements to the customers on behalf of the Company.

The Company prepares its financial statements in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Property and Equipment

Furniture, equipment and leasehold improvements are recorded at cost and depreciated over the estimated useful lives of those assets using the straight-line method.

Cash and Cash Equivalents

Cash and cash equivalents (excluding cash on deposit with clearing organizations) include all highly liquid investments, if any, purchased with an original maturity of three months or less. The Company periodically maintains cash balances with financial institutions that are in excess of the insured limit.

Cash on Deposit with Clearing Organizations

Cash on deposit with clearing organizations represents cash deposits that are legally restricted or held by third parties on the Company's behalf.

Fair Value of Financial Instruments

Cash, commissions receivable, accounts payable and accrued expenses, are recorded in the financial statements at cost, which approximates fair value because of the short-term maturity of those instruments.

NOTE 2. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission uniform net capital rule (rule 15c3-1), which requires the maintenance of minimal net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2009, the Company had net capital of \$114,512, which was \$109,512 in excess of its required net capital of \$5,000. The Company had a ratio of aggregate indebtedness to net capital of .47 to 1, based on aggregate indebtedness of \$53,583 as of December 31, 2009.

B&T SECURITIES, INC.
NOTES TO STATEMENT OF FINANCIAL CONDITION
FOR THE YEAR ENDED DECEMBER 31, 2009

NOTE 3. PROPERTY AND EQUIPMENT

Property and equipment consists of the following as of December 31, 2009:

Furniture	\$ 25,284
Equipment	61,509
Leasehold improvements	<u>15,045</u>
Total cost	101,838
Less: Accumulated depreciation	<u>74,177</u>
Property and equipment, net	<u>\$ 27,661</u>

NOTE 4. CONCENTRATIONS AND CREDIT RISKS

Financial Instruments With Off-Balance Sheet Risk

The Company may periodically sell securities that it does not currently own and will therefore be obligated to purchase such securities at a future date. The Company has recorded these obligations in the financial statements at market values of the related securities and will incur a loss if the market value of the securities increases subsequent to December 31, 2009.

The Company's customer securities activities are transacted on either a cash or margin basis. In margin transactions, the Company extends credit to its customers, subject to various regulatory and internal margin requirements, collateralized by cash and securities in the customers' accounts. In connection with these activities, the Company executes and clears customer transactions involving the sale of securities not yet purchased, substantially all of which are transacted on a margin basis subject to individual exchange regulations. Such transactions may expose the Company to significant off-balance-sheet risk in the event margin requirements are not sufficient to fully cover losses that customers may incur. In the event the customer fails to satisfy its obligations, the Company may be required to purchase or sell financial instruments at prevailing market prices to fulfill the customer's obligations.

The Company seeks to control the risks associated with its customer activities by requiring customers to maintain margin collateral in compliance with various regulatory and internal guidelines. The Company and its clearing broker monitor required margin levels and, pursuant to regulatory guidelines, require the customers to deposit additional collateral or to reduce positions when necessary.

The Company's customer financing and securities settlement activities require the Company to pledge customer securities as collateral in support of various secured financing sources such as bank loans and securities loaned. In the event the counter-party is unable to meet its contractual obligation to return customer securities pledged as collateral, the Company may be exposed to the risk of acquiring the securities at prevailing market prices in order to satisfy its customers obligations. The Company controls this risk by monitoring the market value of securities pledged and by requiring adjustments of collateral levels in the event of excess market exposure. In addition, the Company establishes credit limits for such activities and monitors compliance.

B&T SECURITIES, INC.
NOTES TO STATEMENT OF FINANCIAL CONDITION
FOR THE YEAR ENDED DECEMBER 31, 2009

NOTE 4. CONCENTRATIONS AND CREDIT RISKS (continued)

Concentrations of Credit Risk

The Company is engaged in various trading and brokerage activities in which counter-parties primarily include broker-dealers, banks, and other financial institutions. In the event counter-parties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter-party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing for each counter-party.
