## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors  
AlterNet Securities, Inc.:

We have audited the accompanying statement of financial condition of AlterNet Securities, Inc. (the "Company") (a wholly owned subsidiary of Investment Technology Group, Inc.) as of December 31, 2009, that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in that statement of financial condition, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of AlterNet Securities, Inc. as of December 31, 2009, in conformity with U.S. generally accepted accounting principles.

## ALTERNET SECURITIES, INC.

(A wholly owned subsidiary of Investment Technology Group, Inc.)

Notes to Statement of Financial Condition

December 31, 2009

### (1) Organization and Basis of Presentation

AlterNet Securities, Inc. (the "Company") is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA"). The Company is a Delaware Corporation that is a wholly owned subsidiary of Investment Technology Group, Inc. (the "Parent"). The Statement of Financial Condition and accompanying notes are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

The Company is engaged in a single line of business as a securities broker providing other broker-dealers and institutional customers an opportunity to facilitate securities transactions using an affiliate broker-dealer. ITG Inc.'s ("ITG") POSIT suite of products which runs an electronic stock crossing system that provides liquidity, confidentiality and low transaction costs. The Company's commissions and fees revenue are dependent principally on the continued success of ITG's POSIT suite and the level of interest of the Company's customers in ITG's POSIT suite of products.

The Company, in connection with its activities as a broker-dealer, does not hold funds or securities for customers. Accordingly, the Company is exempt from SEC Rule 15c3-3 pursuant to provision (k) (2) (ii) of such rule.

The Company has evaluated subsequent events through February 26, 2010, the date the Statement of Financial Condition was issued.

### (2) Summary of Significant Accounting Policies

On June 30, 2009, the Financial Accounting Standards Board ("FASB") issued an accounting standard establishing the newly created FASB Accounting Standards Codification™ ("ASC" or "FASB Codification") as the source of authoritative accounting principles under U.S. GAAP. The FASB Codification is a major restructuring of accounting and reporting standards designed to simplify user access to all authoritative U.S. GAAP by providing the authoritative literature in a topically organized structure. The FASB Codification became effective for interim and annual periods ending after September 15, 2009. References to pre-codification standards may continue to be used when there is no codification reference.

#### *Use of Estimates*

The preparation of the Statement of Financial Condition in accordance with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and the disclosure of contingent assets and liabilities. Actual results could differ from those estimates. The current economic environment has increased the degree of uncertainty inherent in those estimates and assumptions.

#### *Cash and Cash Equivalents*

The Company has defined cash equivalents as highly liquid investments, with original maturities of less than ninety days, which are part of the cash management activities of the Company. Included in cash and cash equivalents on the Statement of Financial Condition at December 31, 2009, are U.S. Government money market instruments and cash totaling \$3,268,657 and \$158,554, respectively.

#### *Fair Value of Financial Instruments*

Substantially all of the Company's financial instruments are carried at fair value or amounts approximating fair value. Cash and cash equivalents, receivables from broker, dealers and others, and receivables from customers are carried at fair value. Liabilities are carried at amounts approximating fair value.

## **ALTERNET SECURITIES, INC.**

(A wholly owned subsidiary of Investment Technology Group, Inc.)

Notes to Statement of Financial Condition

December 31, 2009

### ***Securities Transactions***

Receivables from broker, dealers and others and receivables from customers consist principally of commissions receivable from securities transactions or from spread-based trading, net of an allowance for doubtful accounts. The Company clears all securities transactions through its clearing broker, ITG, on a fully disclosed basis.

Securities owned consist of shares of NASDAQ Stock Market, Inc., with a fair value of \$29,730.

### ***Income Taxes***

The Company is included in the consolidated Federal, state and local income tax returns of the Parent. The Company is charged or credited with an amount equal to its separate tax liability or benefit as if it were filing on an individual company basis and current income taxes due to Parent are made pursuant to a tax sharing agreement between the Company and Parent.

Income taxes are accounted for using the asset and liability method. Deferred tax assets and liabilities, if any, are recognized for the future tax consequences attributable to differences between the Statement of Financial Condition carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which the temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. A valuation allowance is recorded against deferred tax assets if it is more likely than not that such assets will not be realized.

Contingent income tax liabilities are recorded when the criteria for loss recognition under ASC 740, *Income Taxes* have been met. Specifically, ASC 740 requires the determination of whether or not a tax position is more likely than not to be sustained upon examination based upon the technical merits of the position. If this recognition threshold is met, the tax benefit is then measured based on the largest benefit that has a greater than fifty percent likelihood of being realized upon ultimate resolution. The Parent allocates tax uncertainties specific to the Company in a manner consistent with its policy of charging or crediting amounts equal to the Company's separate tax liability or benefit as if the Company were filing on an individual basis. All tax uncertainties are held by the Company until such time that the statute of limitations or period under audit for the jurisdiction is settled.

### ***Recent Accounting Pronouncements***

In May 2009, the FASB issued guidance regarding the general standards of accounting for, and disclosure of, events that occur after the balance sheet date but before the Statement of Financial Condition is issued. The standard requires the disclosure of the date through which an entity has evaluated subsequent events and whether that date represents the date the Statement of Financial Condition was issued or was available to be issued. It became effective with interim and annual financial periods ending after June 15, 2009.

In April 2009, the FASB issued guidance amending the requirements for disclosures about fair value of financial instruments for interim and annual reporting periods. The amendment provides additional guidance on determining when the volume and level of activity for an asset or liability has significantly decreased as well as guidance on identifying circumstances when a transaction may not be considered orderly. The guidance is effective with interim and annual reporting periods ending after June 15, 2009, with early adoption permitted for periods ending after March 15, 2009.

### (3) Fair Value Measurements

The Company adopted the accounting prescribed by ASC 820, *Fair Value Measurements and Disclosures*, for financial assets and liabilities on January 1, 2008. The partial adoption of ASC 820, as it relates to financial assets and liabilities did not have any impact on the results of operations or financial position, other than additional disclosures. During 2009, the Company adopted ASC 820 with regards to non-financial assets and liabilities, which also did not have any impact on the results of operations or financial position.

ASC 820 applies to all financial instruments that are measured and reported on a fair value basis. The Company includes items reported at fair value in "securities owned, at fair value" and "cash and cash equivalents" on the Statement of Financial Condition.

As defined in ASC 820, fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. In determining fair value, the Company uses various methods including market, income and cost approaches. Based on these approaches, the Company often uses certain assumptions that market participants would use in pricing the asset or liability, including assumptions about risk and/or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market-corroborated, or generally unobservable firm inputs. The Company uses valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Company categorizes our fair value measured financial instruments according to the fair value hierarchy prescribed by ASC 820. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value are classified and disclosed in one of the following three categories:

- Level 1: Fair value measurements using unadjusted quoted market prices in active markets for identical, unrestricted assets or liabilities.
- Level 2: Fair value measurements using correlation with (directly or indirectly) observable market based inputs, unobservable inputs that are corroborated by market data, or quoted prices in markets that are not active.
- Level 3: Fair value measurements using inputs that are significant and not corroborated by market data.

Level 1 consists of financial instruments whose value is based on quoted market prices such as exchange-traded mutual funds and listed equities. Level 1 financial assets at December 31, 2009 consists of an investment in a U.S. Government money market fund of \$3,268,657 which is included in Cash and cash equivalents and securities owned, at fair value of \$29,730. The Company does not currently have any Level 1 liabilities.

Level 2 includes financial instruments that are valued using models or other valuation methodologies. These models are primarily standard models that consider various assumptions including time value, yield curve, and other relevant economic measures. Substantially all of these assumptions are observable in the marketplace, can be derived from observable data or are supported by observable levels at which transactions are executed in the marketplace. The Company currently does not have any Level 2 assets or liabilities.

Level 3 is comprised of financial instruments whose fair value is estimated based on internally developed models or methodologies utilizing significant inputs that are generally less readily observable. The Company currently does not have any Level 3 assets or liabilities.

#### (4) Receivables from Brokers, Dealers and Others

The following is a summary of receivables from brokers, dealers and others as of December 31, 2009.

	<u>Receivables from</u>
Clearing broker-dealer	\$ 1,884,092
Broker-dealers	212,363
Allowance for doubtful accounts	<u>(16,127)</u>
Total	<u>\$ 2,080,328</u>

The Company maintains an allowance for doubtful accounts based upon estimated collectibility of receivables.

#### (5) Receivables from Customers

The following is a summary of receivables from customers as of December 31, 2009.

	<u>Receivables from</u>
Customers	\$ 89,466
Allowance for doubtful accounts	<u>(334)</u>
Total	<u>\$ 89,132</u>

The Company maintains an allowance for doubtful accounts based upon estimated collectibility of receivables.

#### (6) Income Taxes

For the year ended December 31, 2009, the Company's operations were included in the consolidated Federal income tax return of the Parent. The Company accounts for income taxes as if it were a separate entity.

Income taxes payable was \$101,312 and are included in due to Parent on the Statement of Financial Condition at December 31, 2009.

Deferred income taxes are provided for temporary differences in reporting certain items and give rise to a net deferred tax asset of \$6,845 related to allowance for doubtful accounts as of December 31, 2009.

At December 31, 2009, management of the Company believes that it is more likely than not that future reversals of existing taxable temporary differences and anticipated future taxable income will be sufficient to realize the gross deferred tax assets.

##### *Tax Uncertainties*

Under ACS 740, a company must recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the Statement of Financial Condition from such a position are measured based on the largest benefit that has a greater than fifty percent likelihood of being realized upon ultimate resolution.

## ALTERNET SECURITIES, INC.

(A wholly owned subsidiary of Investment Technology Group, Inc.)

### Notes to Statement of Financial Condition

December 31, 2009

During 2009, the Company resolved uncertain tax positions for fiscal years 2001 through 2007 resulting in a decrease in the Company's liability of \$18,728 (including interest of \$4,105), as well as related deferred tax assets of \$6,760.

A reconciliation of the total amount of unrecognized tax benefits at the beginning and end of 2009 is as follows:

Balance, January 1, 2009	\$	14,623
Reductions due to settlements with taxing authorities		<u>(14,623)</u>
Balance, December 31, 2009	\$	<u>-</u>

With limited exception, the Parent is no longer subject to U.S. federal, state, or local tax audits by taxing authorities for years preceding 2006. The Internal Revenue Service ("IRS") is currently examining the Parent's U.S. federal income tax returns for 2006 and 2007. Certain state and local returns are also currently under various stages of audit.

At December 31, 2009, the Company had no uncertain tax positions.

#### (7) Related Party Transactions

Pursuant to a Services Agreement with ITG, certain securities trading services, administrative services, and the use of certain office space in connection with the Company's operations are provided by ITG.

Pursuant to an Intangible Property License Agreement with an affiliate, ITG Software Solutions, Inc. ("ITGSSI"), the Company paid ITGSSI license fees for the use of its technology.

The Company entered into a services agreement with ITG Global Production, Inc. ("ITGGPI"), in which ITGGPI provides services to the Company in connection with the production data center and manages the disaster recovery services contract.

In the normal course of business, the Parent and/or ITG may receive and disburse cash on behalf of the Company. This net activity is reflected in due to Parent and due to affiliates on the accompanying Statement of Financial Condition at December 31, 2009.

The Company clears all securities transactions through its clearing broker, ITG (see Note 2, "Summary of Significant Accounting Policies"). The activity is reflected in receivables from broker, dealers and others on the accompanying Statement of Financial Condition at December 31, 2009.

All employees of the Company are covered by the benefit plans of the Parent or ITG.

In 2009, the Company paid cash dividends of \$550,000 to the Parent.

#### (8) Commitments and Contingencies

We are periodically involved in litigation and various legal matters that arise in the normal course of business, including proceedings relating to regulatory matters. Such matters are subject to many uncertainties and outcomes are not predictable. At the current time, we do not believe any of these matters will have a material adverse effect on our financial position or future results of operations.

#### (9) Off-Balance Sheet Risk and Concentrations of Credit Risk

In the normal course of business, the Company is involved in the execution of various institutional customer securities transactions. Securities transactions are subject to the credit risk of counterparty or customer

nonperformance. However, transactions are collateralized by the underlying securities, thereby reducing the associated risk to changes in the market value of the securities through settlement date. Therefore, the settlement of these transactions is not expected to have a material effect on the Company's Statement of Financial Condition. It is also the Company's policy to review, as necessary, the credit worthiness of each counterparty and customer.

Financial instruments that potentially subject the Company to concentrations of credit risk are primarily cash and cash equivalents, receivable from broker, dealers and others, receivable from customers and securities owned, at fair value. Cash and cash equivalents and securities owned, at fair value are deposited with high credit quality financial institutions.

#### **(10) Net Capital Requirement**

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. The Company has elected to use the basic method permitted by SEC Rule 15c3-1, which requires that the Company maintain minimum net capital, as defined, equal to the greater of \$100,000 or 6 2/3% of aggregate indebtedness.

At December 31, 2009, the Company had net capital of \$3,659,358, which was \$3,554,853 in excess of required net capital of \$104,505. The Company's ratio of aggregate indebtedness to net capital ratio was 0.43 to 1.

Dividends or withdrawals of capital can not be made to Parent from the Company if they are needed to comply with regulatory requirements.

## REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Board of Directors  
AlterNet Securities, Inc.:

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Transitional Assessment Reconciliation (Form SIPC-7T) to the Securities Investor Protection Corporation (SIPC) for the period from April 1, 2009 to December 31, 2009, which were agreed to by AlterNet Securities Inc. (the "Company") and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc. and SIPC solely to assist you and the other specified parties in evaluating the Company's compliance with the applicable instructions of Form SIPC-7T. The Company's management is responsible for the Company's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7T with respective cash disbursement records entries noting no differences;
2. Compared the Total Revenue amounts of the audited Form X-17A-5 for the year ended December 31, 2009 less revenues reported on the FOCUS reports for the period from January 1, 2009 to March 31, 2009, as applicable, with the amounts reported in Form SIPC-7T for the period from April 1, 2009 to December 31, 2009 noting no differences;
3. Compared any adjustments reported in Form SIPC-7T with supporting schedules and working papers noting no differences; and
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7T and in the related schedules and working papers supporting the adjustments noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
