RE: Annual Audit – Request for Corrected Information

Dear Kay:

Pursuant to the above request, we offer the following information:

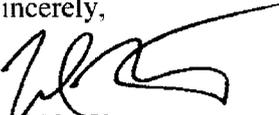

The [audit] report as submitted appears deficient in that it did not contain an accurate reconciliation of the audited Computation of Net Capital and the broker-dealer's corresponding Unaudited Computation of Net Capital contained in the FOCUS Report Part IIA.

In addition to the above, during the process of responding to another inquiry by you, we discovered that the audit Net Capital Computation was incorrect in that the entire commodities deposit was given Allowable Asset treatment when only \$5000 of the deposit is an Allowable Asset. Therefore the attached Exhibit A contains both corrections.

This information is also being filed with the SEC Regional Office and the SEC Washington, DC office, as required.

I trust this information is complete. However, if you have further questions, please contact me.

Sincerely,

Ted V. Huneycutt
President
