Independent Auditor's Report

Board of Directors
G. W. Sherwold Associates Inc.:

We have audited the accompanying statement of financial condition of G. W. Sherwold Associates Inc. (the Company) as of January 31, 2010, and the related statements of operations, changes in stockholder's equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of G. W. Sherwold Associates Inc. as of January 31, 2010, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, and III is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements
January 31, 2010

Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

General

G. W. Sherwold Associates Inc. (the "Company") was incorporated in the State of California on April 14, 1994. The Company is a registered broker-dealer in securities under the Securities and Exchange Act of 1934, a member of the Financial Industry Regulatory Authority ("FINRA"), and the Securities Investor Protection Corporation ("SIPC").

The Company is engaged in business as a securities broker-dealer, which provides several classes of services, including the sale of variable life annuities and mutual funds. The Company conducts all of its activities with customers located in Southern California.

The Company is affiliated through common ownership with Associated Suites, Ltd. ("Associated").

Under its membership agreement with FINRA and pursuant to Rule 15c3-3(k)(2)(ii), the Company conducts business on a fully disclosed basis and does not execute or clear securities transactions for customers. Accordingly, the Company is exempt from the requirement of Rule 15c3-3 under the Securities Exchange Act of 1934 pertaining to the possession or control of customer assets and reserve requirements.

Summary of Significant Accounting Policies

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Accounts receivable are stated at face amount with no allowance for doubtful accounts. An allowance for doubtful accounts is not considered necessary because probable uncollectible accounts are immaterial.

The Company introduced all of its securities transactions on a "subscription way basis", whereby all customers' securities applications and checks are submitted directly to the mutual fund company or variable annuity provider. As of January 31, 2010, the receivable from mutual fund and variable annuity providers totaled \$18,772.

G. W. Sherwold Associates Inc.
Notes to Financial Statements
January 31, 2010

Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(Continued)

Securities transactions and related commission revenues and expenses are recorded on a settlement date basis. Accounting principles generally accepted in the United States of America require transactions to be recorded on a trade date basis, however there is no material difference between trade date and settlement date for the Company.

Property and equipment are stated at cost. Repairs and maintenance to these assets are charged to expense as incurred; major improvements enhancing the function and/or useful life are capitalized. When items are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gains or losses arising from such transactions are recognized.

The Company accounts for its income taxes in accordance with FASB ASC 740, Income Taxes. This standard requires the establishment of a deferred tax asset or liability to recognize the future tax effects of transactions that have not been recognized for tax purposes, including taxable and deductible temporary differences, as well as net operating loss and tax credit carryforwards. Deferred tax expenses or benefits are recognized as a result of the changes in the assets and liabilities during the year.

Certain prior year amounts have been reclassified to conform to the current year's presentation. These changes had no material impact on previously reported results of operations or stockholder's equity.

Note 2: PROPERTY AND EQUIPMENT, NET

Property and equipment are recorded net of accumulated depreciation and summarized by major classifications as follows:

		Useful Life
Computers	\$ 30,407	7
Office furniture and equipment	157,200	5
Leasehold improvements	<u>61,088</u>	30
	248,695	
Less: accumulated depreciation	<u>(215,657)</u>	
Property and equipment, net	<u>\$ 33,038</u>	

Depreciation expense for the year ended January 31, 2010, was \$8,354.

G. W. Sherwold Associates Inc.
Notes to Financial Statements
January 31, 2010

Note 3: INCOME TAXES

The provision for income tax expense (benefit) is composed of the following:

	Current
Federal	\$ -
State	800
Total income tax expense (benefit)	\$ 800

At January 31, 2010, the Company has unused net operating loss carryforwards which may be applied against future taxable income. These carryforwards result in a deferred tax asset of approximately \$23,205. The period over which they may be utilized is limited under the tax law to specific term of years. The amount of the unused net operating loss carryforwards and the year of their expiration is as follows:

Unused operating loss carryforwards	Expiration for the year ended January 31
\$ 73,427	2029
81,273	2030
\$ 154,700	

A 100% valuation allowance has been established against this asset since management cannot determine if it is more likely than not the asset will be realized.

Note 4: RETIREMENT PLAN

The Company has a defined contribution plan ("Plan") covering substantially all of its employees. Employees are required to have attained the age of 21 and to have completed one year of service in order to be eligible to participate in the Plan. The Plan does not provide for matching contributions from the employer, but may make annual discretionary contributions to the Plan. For the year ended January 31, 2010, the Company did not make any contributions.

Note 5: RELATED PARTY TRANSACTIONS

In December of 2006, the Company entered into a service agreement with Associated for certain business management services for the Company. During the year ended January 31, 2010, the Company also entered into an expense sharing agreement with Associated whereby the Company reimburses Associated for certain administrative duties. Under these agreements, for the year ended January 31, 2010, the Company paid \$124,000 and \$47,102 respectively, which are included in administrative fees on the Statement of Operations.

G. W. Sherwold Associates Inc.
Notes to Financial Statements
January 31, 2010

Note 5: RELATED PARTY TRANSACTIONS

(Continued)

The Company also has a month-to-month office lease agreement with Associated. Total occupancy expense for the year ended January 31, 2010, was \$185,250.

For the year ended January 31, 2010, a total of \$1,900 is payable to the Company's sole shareholder which is classified as payable to related party on the Statement of Financial Condition.

It is possible that the terms of certain of the related party transactions are not the same as those that would result for transactions among wholly unrelated parties.

Note 6: CONCENTRATIONS OF CREDIT RISK

The Company is engaged in various trading and brokerage activities in which counter-parties primarily include broker-dealers, banks, and other financial institutions. In the event counter-parties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter-party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counter-party.

Note 7: RECENTLY ISSUED ACCOUNTING STANDARDS

The Financial Accounting Standards Board (the "FASB") issued a new professional standard in June of 2009 which resulted in a major restructuring of U.S. accounting and reporting standards. The new professional standard, issued as ASC 105 ("ASC 105"), establishes the Accounting Standards Codification ("Codification or ASC") as the source of authoritative accounting principles ("GAAP") recognized by the FASB. The principles embodied in the Codification are to be applied by nongovernmental entities in the preparation of financial statements in accordance with generally accepted accounting principles in the United States. Rules and interpretive releases of the Securities and Exchange Commission ("SEC") issued under authority of federal securities laws are also sources of GAAP for SEC registrants. Existing GAAP was not intended to be changed as a result of the Codification, and accordingly the change did not impact the financial statements of the Company.

For the year ending January 31, 2010, various accounting pronouncements or interpretations by the Financial Accounting Standards Board were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the year then ended. The Company has reviewed the following Statements of Financial Accounting Standards ("SFAS") /Accounting Standards Codification ("ASC") topics for the year to determine relevance to the Company's operations:

G. W. Sherwold Associates Inc.
Notes to Financial Statements
January 31, 2010

Note 7: RECENTLY ISSUED ACCOUNTING STANDARDS
(Continued)

<u>Statement No.</u>	<u>Title</u>	<u>Effective Date</u>

SFAS 167*/ ASC 810	Amendments to FASB Interpretation No. 46(R)	After November 15, 2009
SFAS 168/ ASC 105	The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles – a replacement of FASB Statement 162	After September 15, 2009

*Currently being processed for inclusion in the Codification

The Company has either evaluated or is currently evaluating the implications, if any, of each of these pronouncements and the possible impact they may have on the Company's financial statements. In most cases, management has determined that the pronouncement has either limited or no application to the Company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.

Note 8: NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. Net capital and aggregate indebtedness change day to day, but on January 31, 2010, the Company had net capital of \$49,566 which was \$43,183 in excess of its required net capital of \$6,383; and the Company's ratio of aggregate indebtedness (\$95,747) to net capital was 1.93 to 1, which is less than the 15 to 1 maximum ratio allowed.

G. W. Sherwold Associates Inc.
Schedule I - Computation of Net Capital Requirements
Pursuant to Rule 15c3-1
As of January 31, 2010

Computation of net capital

Common stock	\$	1,010	
Additional paid-in capital		9,552

G. W. Sherwold Associates Inc.
Schedule III - Information Relating to Possession or Control
Requirements Pursuant to Rule 15c3-3
As of January 31, 2010

Information relating to possession or control requirements is not applicable to G. W. Sherwold Associates Inc. as the Company qualifies for exemption under Rule 15c3-3(k)(2)(ii).

See independent auditor's report

G. W. Sherwold Associates Inc.
Supplementary Accountant's Report
on Internal Accounting Control
Report Pursuant to 17a-5
For the Year Ended January 31, 2010

Board of Directors

G. W. Sherwold Associates Inc.:

In planning and performing our audit of the financial statements of G. W. Sherwold Associates Inc. (the Company), as of and for the year ended January 31, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgements by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at January 31, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, Financial Industry Regulatory Authority, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Report on the SIPC Annual Assessment
Pursuant to rule 17a-5 (e) 4
For the Year Ended January 31, 2010

BREARD & ASSOCIATES, INC.
CERTIFIED PUBLIC ACCOUNTANTS

Board of Directors
G. W. Sherwold Associates Inc.

Pursuant to Rule 17a-5 (e) (4) of the Securities Exchange Act of 1954, we have performed the following procedures with respect to the accompanying schedule (Form SIPC-7T) of Securities Investor Protection Corporation assessments and payments of G. W. Sherwold Associates Inc. ("the Company") for the year ended January 31, 2010. Our procedures were performed solely to assist the Company in complying with Rule 17a-5 (e) (4), and our report is not to be used for any other purpose. The procedures we performed are as follows:

1. Compared listed assessment payments with respective cash disbursements records entries;
2. Compared amounts reported on the unaudited Form X-17A-5 for the year ended January 31, 2010, with the amounts reported in General Assessment Reconciliation (Form SIPC-7T);
3. Compared any adjustments reported in Form SIPC-7T with supporting schedules and working papers;
4. Proved the arithmetical accuracy of the calculations in the Form SIPC-7T and in the related schedules and working papers supporting adjustments; and
5. Compared the amount of any overpayment applied with the Form SIPC-7T on which it was computed.

Because the above procedures do not constitute an examination made in accordance with generally accepted auditing standards, we do not express an opinion on the schedule referred to above.

In connection with the procedures referred to above, nothing came to our attention that caused us to believe that the amounts shown on the Form SIPC-7T were not determined in accordance with applicable instructions and forms. This report relates only to schedules referred to above and does not extend to any financial statements of G. W. Sherwold Associates Inc. taken as a whole.
