PART I

Item 1. Business.

GENERAL

Portsmouth Square, Inc. (referred to as "Portsmouth" or the "Company" and may also be referred to as "we" "us" or "our") is a California corporation, incorporated on July 6, 1967, for the purpose of acquiring a hotel property in San Francisco, California through a California limited partnership, Justice Investors ("Justice" or the "Partnership"). As of June 30, 2010, approximately 68.8% of the outstanding common stock of Portsmouth was owned by Santa Fe Financial Corporation ("Santa Fe"), a public company (OTCBB: SFEF). Santa Fe is a 76%-owned subsidiary of The InterGroup Corporation ("InterGroup"), a public company (NASDAQ: INTG). InterGroup also directly owns approximately 11.7% of the common stock of Portsmouth.

The Company's principal business is conducted through its general and limited partnership interest in the Justice Investors limited partnership ("Justice" or the "Partnership"). The Company has a 50.0% limited partnership interest in Justice and serves as one of the general partners. Justice owns a 544 room hotel property located at 750 Kearny Street, San Francisco, California 94108, known as the "Hilton San Francisco Financial District" (the "Hotel") and related facilities, including a five level underground parking garage. The financial statements of Justice are consolidated with those of the Company. See Note 2 to the consolidated financial statements.

The other general partner, Evon Corporation ("Evon"), served as the managing general partner of Justice until December 1, 2008. As discussed below, the Limited Partnership Agreement was amended, effective December 1, 2008, to provide for a change in the respective roles of the general partners. Pursuant to that amendment, Portsmouth became the Managing General Partner of Justice while Evon assumed the role of Co-General Partner of Justice.

Most significant partnership decisions require the active participation and approval of both general partners. Pursuant to the terms of the partnership agreement, voting rights of the partners are determined according to the partners' entitlement to share in the net profit and loss of the partnership. The Company is not entitled to any additional voting rights by virtue of its position as a general partner. The partnership agreement also provides that no portion of the partnership real property can be sold without the written consent of the general and limited partners entitled to more than 72% of the net profit. As of June 30, 2010, there were 113 limited partners in Justice, including Portsmouth and Evon.

Historically, the Partnership's most significant source of income was a lease between Justice and Holiday Inn for the Hotel portion of the property. That lease was amended in 1995, and ultimately assumed by Felcor Lodging Trust, Inc. ("Felcor") in 1998. The lease of the Hotel to Felcor was terminated effective June 30, 2004. With the termination of the Hotel lease, Justice assumed the role of an owner/operator with the assistance of a third party management company. Effective July 1, 2004, the Hotel was operated as a Holiday Inn Select brand hotel pursuant to a short term franchise agreement until it was temporarily closed for major renovations on May 31, 2005. The Hotel was reopened on January 12, 2006 to operate as a full service Hilton hotel, pursuant to a Franchise License Agreement with Hilton Hotels Corporation. Justice also has a Management Agreement with Prism Hospitality L.P. ("Prism") to perform the day-to-day management functions of the Hotel.

Until September 30, 2008, the Partnership also derived income from the lease of the parking garage to Evon. As discussed below, effective October 1, 2008, Justice entered into an installment sale agreement with Evon to purchase the remaining term of the garage lease and related garage assets. Justice also leases a portion of the lobby level of the Hotel to a day spa operator. Portsmouth also receives management fees as a general partner of Justice for its services in overseeing and managing the Partnership's assets.

The Company also derives income from the investment of its cash and investment securities assets. The Company has invested in income-producing instruments, equity and debt securities and will consider other investments if such investments offer growth or profit potential. See Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations for a discussion of the Company's marketable securities and other investments.

BUSINESS DEVELOPMENTS DURING THE LAST THREE FISCAL YEARS

Garage Installment Sale Agreement

Effective October 1, 2008, Justice and Evon entered into an Installment Sale Agreement whereby the Partnership purchased all of Evon's right title and interest in the remaining term of its lease of the parking garage, which was to expire on November 30, 2010, and other related assets. The partnership also agreed to assume Evon's contract with Ace Parking Management, Inc. ("Ace Parking") for the management of the garage and any other liabilities related to the operation of the garage commencing October 1, 2008. The purchase price for the garage lease and related assets was approximately \$755,000, payable in one down payment of approximately \$28,000 and 26 equal monthly installments of approximately \$29,000, which includes interest at the rate of 2.4% per annum. See Note 11 to the Consolidated Financial Statements.

Amendment of Limited Partnership Agreement

On December 1, 2008, Portsmouth and Evon, as the two general partners of Justice, entered into a 2008 Amendment to the Limited Partnership Agreement (the "Amendment") that provides for a change in the respective roles of the general partners. Pursuant to the Amendment, Portsmouth assumed the role of Managing General Partner and Evon continued on as the Co-General Partner of Justice. The Amendment was ratified by approximately 98% of the limited partnership interests. The Amendment also provides that future amendments to the Limited Partnership Agreement may be made only upon the consent of the general partners and at least seventy five percent (75%) of the interests of the limited partners. Consent of at least 75% of the interests of the limited partners will also be required to remove a general partner pursuant to the Amendment.

New General Partner Compensation Agreement

Concurrent with the Amendment to the Limited Partnership Agreement, a new General Partner Compensation Agreement (the "Compensation Agreement") was entered into on December 1, 2008, among Justice, Portsmouth and Evon to terminate and supersede all prior compensation agreement for the general partners. Pursuant to the Compensation Agreement, the general partners of Justice will be entitled to receive an amount equal to 1.5% of the gross annual revenues of the Partnership (as defined), less \$75,000 to be used as a contribution toward the cost of Justice engaging an asset manager. In no event

shall the annual compensation be less than a minimum base of approximately \$285,000, with eighty percent (80%) of that amount being allocated to Portsmouth for its services as managing general partner and twenty percent (20%) allocated to Evon as the co-general partner. Compensation earned by the general partners in each calendar year in excess of the minimum base, will be payable in equal fifty percent (50%) shares to Portsmouth and Evon.

During the years ended June 30, 2010 and 2009, the general partners were paid approximately \$417,000 and \$435,000 respectively, under the applicable compensation agreements. Of those amounts, approximately \$264,000 and \$222,000 was paid to Portsmouth for fiscal 2010 and 2009.

HILTON HOTELS FRANCHISE LICENSE AGREEMENT

On December 10, 2004, the Partnership entered into a Franchise License Agreement with Hilton Hotels Corporation (the "Franchise Agreement") for the right to operate the Hotel as a Hilton brand hotel. The term of the Franchise Agreement is for 15 years commencing on the opening date of the Hotel, January 12, 2006, with an option to extend that Agreement for another five years, subject to certain conditions.

Pursuant to the Franchise Agreement, the Partnership paid monthly royalty fees for the first two years of three percent (3%) of the Hotel's gross room revenue, as defined, for the preceding calendar month; the third year was at four percent (4%) of the Hotel's gross room revenue; and the fourth year until the end of the term will be five percent (5%) of the Hotel's gross room revenue. Justice also pays a monthly program fee of four percent (4%) of the Hotel's gross room revenue. The amount of the monthly program fee is subject to change; however, the increase cannot exceed one percent (1%) of the Hotel gross room revenue in any calendar year, and the cumulative increases in the monthly fees will not exceed five percent (5%) of gross room revenue. The Partnership also pays a monthly information technology recapture charge of 0.75% of the Hotel's gross revenue. In this difficult economic environment, Hilton agreed to reduce its information technology fees to 0.65% for the 2010 calendar year.

Prior to operating the Hotel as a Hilton hotel, the Partnership was required to make substantial renovations to the Hotel to meet Hilton standards in accordance with a product improvement plan ("PIP") agreed upon by Hilton and the Partnership, as well as comply with other brand standards. That project included a complete renovation and upgrade of all of the Hotel's guestrooms, meeting rooms, common areas and restaurant and bar. As of January 12, 2006, the Hotel renovation work was substantially completed, at which time Justice obtained approval from Hilton to open the Hotel as the "Hilton San Francisco Financial District". The Hotel opened with a limited number of rooms available to rent, which increased as the Hotel transitioned into full operations by the end of February 2006.

The total cost of the construction-renovation project of the Hotel was approximately \$37,030,000, which includes approximately \$630,000 in interest costs incurred during the construction phase that were capitalized. To meet those substantial financial commitments, and the costs of operations during the renovation period and for the first five months when the Hotel ramped up its operations, the Partnership has relied on additional borrowings to meet its obligations. As discussed in Item 2. Properties, the Partnership was able to secure adequate financing, collateralized by the Hotel, to meet those commitments.

HOTEL MANAGEMENT COMPANY AGREEMENT

In February 2007, the Partnership terminated its prior hotel management agreement with Dow Hotel Company and entered into a management agreement with Prism Hospitality ("Prism") to manage and operate the Hotel as its agent, effective February 10, 2007. Prism is an experienced Hilton approved operator of upscale and luxury hotels throughout the Americas. The agreement is effective for a term of ten years, unless the agreement is extended as provided in the agreement, and the Partnership has the right to terminate the agreement upon ninety days written notice without further obligation. Under the management agreement, the Partnership is to pay base management fees of 2.5% of gross operating revenues for the fiscal year. However, 0.75% of the stated management fee is due only if the partially adjusted net operating income for the subject fiscal year exceeds the amount of a minimum Partnership's return (\$7 million) for that fiscal year. Prism is also entitled to an incentive management fee if certain milestones are accomplished. No incentive fees were earned during the years ended June 30, 2010 and 2009. In support of the Partnership's efforts to reduce costs in this difficult economic environment, Prism agreed to reduce its management fees by fifty percent from January 1, 2009 through December 31, 2010, after which the original fee arrangement will remain in effect. Management fees paid to Prism during the years ended June 30, 2010 and 2009 were \$246,000 and \$398,000, respectively.

GARAGE LEASE AND OPERATIONS

Until September 30, 2008, the garage portion of the Hotel property was leased by the Partnership to Evon. That lease provided for a monthly rental of sixty percent (60%) of gross parking revenues with a minimum rent of \$20,000 per month. That lease was to expire in November 2010. The garage lessee, Evon, was responsible for insurance, repairs and maintenance, utilities and all taxes assessed against the improvements to the leased premises. The garage is operated by Ace Parking pursuant to a parking facility management agreement. As discussed above, effective October 1, 2008, the Partnership purchased all of Evon's right title and interest in the remaining term of its lease and other related assets and assumed Evon's contract with Ace Parking as well as other liabilities associated with the operation of the garage. The Ace Parking agreement runs until October 31, 2010, with an option to renew for another five-year term. Pursuant to that agreement, the Partnership will pay to Ace Parking a management of \$2,000 per month, an accounting fee equal to \$250 per month, plus three percent (3%) of annual net profits in excess of \$150,000.

TRU SPA LEASE

Approximately 5,400 square feet of space on the lobby level of the Hotel is leased to Tru Spa for the operation of a health and beauty spa. The lease expires in May 2013, with a five year option to extend the term. The spa lease provides for minimum monthly rent of \$14,000. Minimum rental amounts are subject to adjustment every three years based on increases in the Consumer Price Index.

CHINESE CULTURE FOUNDATION LEASE

On March 15, 2005, the Partnership entered into an amended lease with the Chinese Culture Foundation of San Francisco (the "Foundation") for the third floor space of the Hotel commonly known as the Chinese Cultural Center, which the Foundation had right to occupy pursuant to a 50-year nominal rent lease.

The amended lease requires the Partnership to pay to the Foundation a monthly event space fee in the amount of \$5,000, adjusted annually based on the local Consumer Price Index. The term of the amended lease expires on October 17, 2023, with an automatic extension for another 10 year term if the property continues to be operated as a hotel. This amendment allowed Justice to incorporate the third floor into the renovation of the Hotel resulting in a new ballroom for the joint use of the Hotel and new offices and a gallery for the Chinese Culture Center.

Seasonality

Hotel's operations historically have been seasonal. Like most hotels in the San Francisco area, the Hotel generally maintains higher occupancy and room rates during the first and second quarters of its fiscal year (July 1 through December 31) than it does in the third and fourth quarters (January 1 through June 30). These seasonal patterns can be expected to cause fluctuations in the quarterly revenues from the Hotel.

Competition

The hotel industry is highly competitive. Competition is based on a number of factors, most notably convenience of location, brand affiliation, price, range of services and guest amenities or accommodations offered and quality of customer service. Competition is often specific to the individual market in which properties are located.

The Hotel is located in an area of intense competition from other hotels in the Financial District and San Francisco in general. After being closed for more than seven months for a substantial renovation project in fiscal year 2006, it has taken some time for the Hotel, now operating as a Hilton, to gain recognition as a totally upgraded and higher level property after being under the Holiday Inn brand for almost 35 years. The Hotel is also somewhat limited by having only 15,000 square feet of meeting room space. Other hotels, with greater meeting room space, may have a competitive advantage by being able to attract larger groups and small conventions. Increased competition from new hotels, or hotels that have been recently undergone substantial renovation, could have an adverse effect on occupancy, average daily rate ("ADR") and room revenue per available room ("RevPar") and put pressure on the Partnership to make additional capital improvements to the Hotel to keep pace with the competition.

The Hotel's target market is business travelers, leisure customers and tourists, and small to medium size groups. Since the Hotel operates in an upper scale segment of the market, we also face increased competition from providers of less expensive accommodations, such as limited service hotels, during periods of economic downturn when leisure and business travelers become more sensitive to room rates. Like other hotels, we have experienced a significant decrease in higher rated corporate and business travel during the last two fiscal years as many companies have severely cut their travel and entertainment budgets in response to economic conditions. As a result, there is added pressure on all hotels in the San Francisco market to lower room rates in an effort to maintain occupancy levels during such periods.

In this highly competitive market, Management has continued to focus on ways to enhance the guest experience as well as improve operating efficiencies. The Hotel has recently upgraded its guest room with newer flat panel televisions systems that provide guests with greater entertainment options. The Hotel has

also installed many energy saving controls and devices as part of its efforts to become greener and reduce operating costs. Management will continue to explore new and innovative ways to improve operations and to attract new guests to the Hotel at higher room rates.

The Hotel is also subject to certain operating risks common to all of the hotel industry, which could adversely impact performance. These risks include:

- * Competition for guests and meetings from other hotels including competition and pricing pressure from internet wholesalers and distributors;
- * increases in operating costs, including wages, benefits, insurance, property taxes and energy, due to inflation and other factors, which may not be offset in the future by increased room rates;
- * labor strikes, disruptions or lock outs;
- * dependence on demand from business and leisure travelers, which may fluctuate and is seasonal;
- * increases in energy costs, cost of fuel, airline fares and other expenses related to travel, which may negatively affect traveling;
- * terrorism, terrorism alerts and warnings, wars and other military actions, SARS, swine flu, pandemic or other medical events or warnings which may result in decreases in business and leisure travel; and
- * adverse effects of down turns and recessionary conditions in international, national and/or local economies and market conditions.

Environmental Matters

In connection with the ownership of the Hotel, the Company is subject to various federal, state and local laws, ordinances and regulations relating to environmental protection. Under these laws, a current or previous owner or operator of real estate may be liable for the costs of removal or remediation of certain hazardous or toxic substances on, under or in such property. Such laws often impose liability without regard to whether the owner or operator knew of, or was responsible for, the presence of hazardous or toxic substances.

Environmental consultants retained by the Partnership or its lenders conducted updated Phase I environmental site assessments in fiscal year ended June 30, 2008 on the Hotel property. These Phase I assessments relied, in part, on Phase I environmental assessments prepared in connection with the Partnership's first mortgage loan obtained in July 2005. Phase I assessments are designed to evaluate the potential for environmental contamination on properties based generally upon site inspections, facility personnel interviews, historical information and certain publicly-available databases; however, Phase I assessments will not necessarily reveal the existence or extent of all environmental conditions, liabilities or compliance concerns at the properties.

Although the Phase I assessments and other environmental reports we have reviewed disclose certain conditions on our properties and the use of hazardous substances in operation and maintenance activities that could pose a risk of

environmental contamination or liability, we are not aware of any environmental liability that we believe would have a material adverse effect on our business, financial position, results of operations or cash flows.

The Company believes that the Hotel is in compliance, in all material respects, with all federal, state and local environmental ordinances and regulations regarding hazardous or toxic substances and other environmental matters, the violation of which could have a material adverse effect on the Company. The Company has not received written notice from any governmental authority of any material noncompliance, liability or claim relating to hazardous or toxic substances or other environmental matters in connection with any of its present properties.

EMPLOYEES

As of June 30, 2010, Portsmouth had three full-time employees. The employees of the Company are not part of any collective bargaining agreement, and the Company believes that its employee relations are satisfactory.

Employees of Justice and management of the Hotel are not unionized and the Company believes that their employee relationships are satisfactory. Most of the non-management employees of the Hotel are part of Local 2 of the Hotel Employees and Restaurant Employees Union ("UNITE HERE"). The Hotel's contract with Local 2 expired on August 14, 2009. While Local 2 has sent a statutory letter to the Hotel to open negotiations, no talks between the Hotel and union representatives have commenced to date. At this time, no disruptions to the operations of the Hotel are expected resulting from this expired and unresolved union contract.

The Hotel has two other labor agreements. A new contract with Stationary Engineers, Local 39 was reached on July 31, 2009 with an effective date retroactive to January 12, 2009 and an expiration date of January 11, 2011. A contract with Teamsters Local 856 expiring on December 31, 2008 was extended to December 31, 2010.

Item 2. Properties.

SAN FRANCISCO HOTEL PROPERTY

The Hotel is owned directly by the Partnership. The Hotel is centrally located near the Financial District in San Francisco, one block from the Transamerica Pyramid. The Embarcadero Center is within walking distance and North Beach is two blocks away. Chinatown is directly across the bridge that runs from the Hotel to Portsmouth Square Park. The Hotel is a 31-story (including parking garage), steel and concrete, A-frame building, built in 1970. The Hotel has 544 well appointed guest rooms and luxury suites situated on 22 floors as well as a 5,400 square foot Tru Spa health and beauty spa on the lobby level. The third floor houses the Chinese Culture Center and grand ballroom. The Hotel has approximately 15,000 square feet of meeting room space, including the grand ballroom. Other features of the Hotel include a 5-level underground parking garage and pedestrian bridge across Kearny Street connecting the Hotel and the Chinese Culture Center with Portsmouth Square Park in Chinatown. The bridge, built and owned by the Partnership, is included in the lease to the Chinese Culture Center.

Since the Hotel just completed renovations, there is no present program for any further major renovations; however, the Partnership expects to reserve approximately 4% of gross annual Hotel revenues each year for future capital requirements. In the opinion of management, the Hotel is adequately covered by insurance.

HOTEL FINANCINGS

On July 27, 2005, Justice entered into a first mortgage loan with The Prudential Insurance Company of America in a principal amount of \$30,000,000 (the "Prudential Loan"). The term of the Prudential Loan is for 120 months at a fixed interest rate of 5.22% per annum. The Prudential Loan calls for monthly installments of principal and interest in the amount of approximately \$165,000, calculated on a 30-year amortization schedule. The Loan is collateralized by a first deed of trust on the Partnership's Hotel property, including all improvements and personal property thereon and an assignment of all present and future leases and rents. The Prudential Loan is without recourse to the limited and general partners of Justice. The principal balance of the Prudential Loan was \$27,723,000 as of June 30, 2010.

On March 27, 2007, Justice entered into a second mortgage loan with Prudential (the "Second Prudential Loan") in a principal amount of \$19,000,000. The term of the Second Prudential Loan is for approximately 100 months and matures on August 5, 2015, the same date as the first Prudential Loan. The Second Prudential Loan is at a fixed interest rate of 6.42% per annum and calls for monthly installments of principal and interest in the amount of approximately \$119,000, calculated on a 30-year amortization schedule. The Second Prudential

Loan is collateralized by a second deed of trust on the Partnership's Hotel property, including all improvements and personal property thereon and an assignment of all present and future leases and rents. The Second Prudential Loan is also without recourse to the limited and general partners of Justice. The principal balance of the Second Prudential Loan was \$18,267,000 as of June 30, 2010.

The Partnership had a \$2,500,000 unsecured revolving line of credit facility with a bank that was to mature on April 30, 2010. Borrowings under that line of credit bore interest at Prime plus 3.0% per annum or based on the Wall Street Journal Prime Rate (3.25%) plus 3.0% per annum, floating, (but subject to a minimum floor rate at 5.0% per annum). Borrowings under the line of credit were subject to certain financial covenants, which are measured annually at June 30th and December 31st based on the credit arrangement. Effective April 29, 2010, the Partnership obtained a modification from the bank which converted its revolving line of credit facility to a term loan. The Partnership also obtained a waiver of any prior noncompliance with financial covenants.

The modification provides that Justice will pay the \$2,500,000 balance on its line of credit facility over a period of four years, to mature on April 30, 2014. This term loan calls for monthly principal and interest payments of \$41,000, calculated on a six-year amortization schedule, with interest only from May 1, 2010 to August 31, 2010. Pursuant to the modification, the annual floating interest rate was reduced by 0.5% to the WSJ Prime Rate plus 2.5% (with a minimum floor rate of 5.0% per annum). The modification includes financial covenants written to reflect financial conditions that all hotels are facing. The covenants include specific financial ratios and a return to minimum profitability by June 2011. Management believes that the Partnership has the ability to meet the specific covenants and the Partnership was in compliance with the covenants as of June 30, 2010. The Partnership paid a loan modification fee of \$10,000. The loan continues as unsecured. As of June 30, 2010, the interest rate was 5.75% and the outstanding balance was \$2,500,000. As of June 30, 2009, the interest rate was 6.25% and the outstanding balance on the line of credit was \$1,811,000.

LAND HELD FOR DEVELOPMENT

On August 29, 2007, the Board of Directors authorized an investment of \$973,000 for Portsmouth to acquire a 50% equity interest in InterGroup Uluniu, Inc., a Hawaii corporation ("Uluniu") in a related party transaction. Uluniu was a 100% owned subsidiary of The InterGroup Corporation ("InterGroup"). Uluniu owns an approximately two-acre parcel of unimproved land located in Kihei, Maui, Hawaii which is held for development. The Company's investment in Uluniu represents an amount equal to the costs paid by InterGroup for the acquisition and carrying costs of the property through August 2007. The fairness of the financial terms of the transaction were reviewed and approved by the independent director of the Company.

Uluniu intends to obtain the entitlements and permits necessary for the joint development of the parcel with an adjoining landowner into residential units. After the completion of this predevelopment phase, the Uluniu will determine whether it more advantageous to sell the entitled property or to commence with construction.

DIVIDENDS

On April 20, 2004, the Board of Directors of Portsmouth, decided to discontinue the payment of dividends since Justice was to cease payments of partnership distributions to help fund the renovation of the Hotel. It is expected that the Company will not consider a return to a regular dividend policy until such time that Partnership cash flows, distributions and other economic factors warrant such consideration. The Company will continue to review and modify its dividend policy as needed to meet such strategic and investment objectives as may be determined by the Board of Directors.

Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations

RESULTS OF OPERATIONS

The Company's principal business is conducted through its general and limited partnership interest in the Justice Investors limited partnership ("Justice" or the "Partnership"). The Company has a 50.0% limited partnership interest in Justice and serves as the managing general partner of Justice. Evon Corporation ("Evon") serves as the other general partner. Justice owns the land, improvements and leaseholds at 750 Kearny Street, San Francisco, California, known as the Hilton San Francisco Financial District (the "Hotel"). The financial statements of Justice have been consolidated with those of the Company. See Note 2 to the Consolidated Financial Statements.

The Hotel is operated by the Partnership as a full service Hilton brand hotel pursuant to a Franchise License Agreement with Hilton Hotels Corporation. The term of the Agreement is for a period of 15 years commencing on January 12, 2006, with an option to extend the license term for another five years, subject to certain conditions. Justice also has a Management Agreement with Prism Hospitality L.P. ("Prism") to perform the day-to-day management functions of the Hotel.

Until September 30, 2008, the Partnership also derived income from the lease of the parking garage to Evon. Effective October 1, 2008, Justice entered into an installment sale agreement with Evon to purchase the remaining term of the garage lease and related garage assets, and assumed the contract with Ace Parking for the operations of the garage. Justice also leases a portion of the lobby level of the Hotel to a day spa operator. Portsmouth also receives management fees as a general partner of Justice for its services in overseeing and managing the Partnership's assets. Those fees are eliminated in consolidation.

Fiscal Year Ended June 30, 2010 Compared to Fiscal Year Ended June 30, 2009

The Company had a net loss of \$2,954,000 for the year ended June 30, 2010 compared to a net loss of \$1,621,000 for the year ended June 30, 2009. The increase in the net loss is primarily attributable to the current year net loss on marketable securities of \$621,000 compared to a net gain on marketable securities of 2,009,000 in the prior year and an increase in depreciation and amortization expense. This change was partially offset by a higher income tax benefit and improved hotel operations.

The Company had a loss on hotel operations of \$2,192,000 for the year ended June 30, 2010, compared to a loss of \$2,524,000 for the year ended March 31, 2009. The reduction in the loss was primarily attributable to a one-time loss related to the termination of the hotel garage lease in the amount of \$684,000 which was incurred during fiscal 2009, partially offset by an increase in depreciation and amortization expense due to improvements to the Hotel during the current year, including upgrades to the guest rooms and installation of energy saving controls and devices.

The following table sets forth a more detailed presentation of Hotel operations for the years ended June 30, 2010 and 2009.

For the years ended June 30, -----	2010 -----	2009 -----
Hotel revenues:		
Hotel rooms	\$ 24,848,000	\$ 25,237,000
Food and beverage	4,703,000	4,911,000
Garage	2,507,000	2,104,000
Other operating departments	622,000	569,000
	-----	-----
Total hotel revenues	32,680,000	32,821,000
Operating expenses excluding interest, depreciation and amortization	(27,223,000)	(28,015,000)
	-----	-----
Operating income before interest, depreciation and amortization	5,457,000	4,806,000
Interest expense	(2,902,000)	(2,873,000)
Depreciation and amortization expense	(4,747,000)	(4,457,000)
	-----	-----
Loss from hotel operations	\$ (2,192,000)	\$ (2,524,000)
	=====	=====

For the fiscal year ended June 30, 2010, the Hotel generated operating income of approximately \$5,457,000 before interest, depreciation and amortization, on operating revenues of approximately \$32,680,000 compared to operating income of approximately \$4,806,000 before interest, depreciation and amortization, on operating revenues of approximately \$32,821,000 for the fiscal year ended June 30, 2009. The increase in Hotel operating income from fiscal 2009 to 2010 is primarily attributable to a one-time loss on the termination of the garage lease in the amount of \$684,000 which was included in operating expenses in fiscal 2009, partially offset by a \$141,000 decline in total hotel revenues in fiscal 2010.

Room revenues decreased by approximately \$389,000 for the fiscal year ended June 30, 2010 when compared to fiscal year ended June 30, 2009 and food and beverage revenues decreased by approximately \$208,000 for the same period. The decrease in room revenues was primarily attributable to a significant decline in average daily room rates during fiscal 2010 as hotels in the San Francisco market continued to reduce room rates in an effort to maintain occupancy levels in a very competitive market. Many hotels have been forced to adopt this strategy due to a severe reduction in higher rated corporate and group business travel, which has been replaced by discounted business from Internet channels. The decrease in food and beverage revenues is primarily attributable to decline in banquet and catering business as companies continue with cuts in business travel, corporate meetings and events. The declines in room and food and beverage revenue were partially offset by a \$403,000 increase in garage revenues due to the termination of the garage lease effective October 1, 2008 and the integration of those operations into those of the Hotel.

The following table sets forth the average daily room rate, average occupancy percentage and room revenue per available room ("RevPar") of the Hotel for the fiscal years ended June 30, 2010 and 2009.

Fiscal Year Ended June 30,	Average Daily Rate	Average Occupancy%	RevPar
-----	-----	-----	-----
2010	\$143	87%	\$125
2009	\$157	81%	\$127

The operations of the Hotel continued to be impacted by the significant downturn in the domestic and international economies and markets. Room rates continue to be the toughest challenge as the Hotel's average daily room rate was approximately \$14 lower for the fiscal year ended June 30, 2010 compared to the fiscal year ended June 30, 2009. However, due to increased sales and marketing efforts in the face of difficult economic conditions and greater competition, the Hotel was able to boost occupancy rates by approximately 6% over the comparable period. As a result, the Hotel was able to achieve a RevPar number that compared very favorably to its competitive set.

In this highly competitive market, management has also continued to focus on ways to enhance the guest experience as well as improve operating efficiencies. The Hotel has recently upgraded its guest room with newer flat panel television systems that provide guests with greater entertainment options. The Hotel has also installed many energy saving controls and devices as part of its efforts to become greener and reduce operating costs. Management will continue to explore new and innovative ways to improve operations and attract new guests to the Hotel at higher room rates.

The Company had a net loss on marketable securities of \$621,000 for the year ended June 30, 2010 as compared to a net gain on marketable securities of \$2,009,000 for the year ended June 30, 2009. For the year ended June 30, 2010, the Company had a net realized gain of \$2,158,000 and a net unrealized loss of \$2,779,000. For the year ended June 30, 2009, the Company had a net realized loss of \$403,000 and a net unrealized gain of \$2,412,000. Gains and losses on marketable securities and other investments may fluctuate significantly from period to period in the future and could have a significant impact on the Company's net income. However, the amount of gain or loss on marketable securities and other investments for any given period may have no predictive value and variations in amount from period to period may have no analytical value. For a more detailed description of the composition of the Company's marketable securities please see the Marketable Securities section below.

Dividend and interest income increased to \$162,000 from the year ended June 30, 2010 from \$105,000 for the year ended June 30, 2009 due to the increased investment in income yielding securities.

Margin interest and trading expenses increased to \$292,000 for the year ended June 30, 2010 from \$206,000 for the year ended June 30, 2009. The increase is primarily due to the increase in margin interest expense to \$117,000 for the year ended June 30, 2010 from \$24,000 for the year ended June 30, 2009. The increase is the result of the maintenance of higher margin balances.

The Company may also invest, with the approval of the Securities Investment Committee and other company guidelines, in private investment equity funds and other unlisted securities, such as convertible notes through private placements. Those investments in non-marketable securities are carried at cost on the Company's balance sheet as part of other investments, net of other than

temporary impairment losses. As of June 30, 2010, the Company had net other investments of \$2,513,000. Included in other investments are investments in corporate debt and equity instruments which had attached warrants that were considered derivative instruments. The Company recorded an unrealized gain of \$71,000 related to these warrants during the year ended June 30, 2010. During the years ended June 30, 2010 and 2009, the Company performed an impairment analysis of its other investments and determined that its investments had other than temporary impairments and recorded impairment losses of \$657,000 and \$615,000, respectively.

During the year ended June 30, 2010, the provision for income tax benefit increased to \$1,181,000 from \$191,000 for the year ended June 30, 2009. The effective tax rate is significantly higher for the year ended June 30, 2010 as compared to the year ended June 30, 2009 primarily due to a lower net loss from Justice which resulted in a lower amount of noncontrolling interest that was reconciled against the net loss of the Company for income tax calculation purposes.

MARKETABLE SECURITIES AND OTHER INVESTMENTS

As of June 30, 2010 and 2009, the Company had investments in marketable equity securities of \$2,323,000 and \$5,987,000, respectively. The following table shows the composition of the Company's marketable securities portfolio by selected industry groups as:

The Company's investment portfolio is diversified with 23 different equity positions. The Company holds five individual equity securities that comprise individually more than 5% of the equity value of the portfolio, with the

largest being 27.3%. The amount of the Company's investment in any particular issuer may increase or decrease, and additions or deletions to its securities portfolio may occur, at any time. While it is the internal policy of the Company to limit its initial investment in any single equity to less than 5% of its total portfolio value, that investment could eventually exceed 5% as a result of equity appreciation or reduction of other positions. Marketable securities are stated at market value as determined by the most recently traded price of each security at the balance sheet date.

The Company may also invest, with the approval of the Securities Investment Committee and other Company guidelines, in private investment equity funds and other unlisted securities, such as convertible notes through private placements. Those investments in non-marketable securities are carried at cost on the Company's balance sheet as part of other investments, net of other than temporary impairment losses.

As of June 30, 2010 and 2009, the Company had net other investments of \$2,513,000 and \$2,409,000, respectively. Included in the net other investments are notes and convertible notes in Comstock Mining, Inc., a public company, that had a carrying value of \$750,000 (net of impairment adjustments) as of June 30, 2010. The face value of these notes and convertible notes as of June 30, 2010 totaled approximately \$4,328,000, which includes \$2,998,000 of principal and \$1,330,000 of accrued interest. Comstock Mining is currently working with its debt holders, including the Company, to restructure its debt and capital structure.

LIQUIDITY AND SOURCES OF CAPITAL

The Company's cash flows are primarily generated from its Hotel operations and general partner fees from Justice. The Company also receives revenues generated from the investment of its cash and marketable securities and other investments. Since the operations of the Hotel were temporarily suspended on May 31, 2005, and significant amounts of money were expended to renovate and reposition the Hotel as a Hilton, Justice did not pay any partnership distributions until the end of March 2007. As a result, the Company had to depend more on the revenues generated from the investment of its cash and marketable securities during that transition period.

The Hotel started to generate cash flows from its operations in June 2006. For the fiscal year ended June 30, 2009, Justice paid a total of \$850,000 in limited partnership distributions, of which the Company received \$425,000. The fiscal 2009 distributions were paid in September 2008, after which the San Francisco hotel market began to feel the full impact of the significant downturn in domestic and international economies that continued throughout fiscal 2009 and 2010. As a result, no Partnership distributions were paid in fiscal 2010. Since no significant improvement in economic conditions is expected in the lodging industry until sometime during 2011, no limited partnership distributions are anticipated in the foreseeable future. The general partners will continue to monitor and review the operations and financial results of the Hotel and to set the amount of any future distributions that may be appropriate based on operating results, cash flows and other factors, including establishment of reasonable reserves for debt payments and operating contingencies.

The new Justice Compensation Agreement that became effective on December 1, 2008, when Portsmouth assumed the role of managing general partner of Justice, has provided additional cash flows to the Company. Under the new Compensation Agreement, Portsmouth is now entitled to 80% of the minimum base fee to be paid to the general partners of \$285,000, while under the prior agreement, Portsmouth was entitled to receive only 20% of the minimum base fee. As a result, total general partner fees paid to Portsmouth for the year ended June 30, 2010 increased to \$264,000, compared to \$222,000 for the year ended June 30, 2009.

To meet its substantial financial commitments for the renovation and transition of the Hotel to a Hilton, Justice had to rely on borrowings to meet its obligations. On July 27, 2005, Justice entered into a first mortgage loan with The Prudential Insurance Company of America in a principal amount of \$30,000,000 (the "Prudential Loan"). The term of the Prudential Loan is for 120 months at a fixed interest rate of 5.22% per annum. The Prudential Loan calls for monthly installments of principal and interest in the amount of approximately \$165,000, calculated on a 30-year amortization schedule. The Loan is collateralized by a first deed of trust on the Partnership's Hotel property, including all improvements and personal property thereon and an assignment of all present and future leases and rents. The Prudential Loan is without recourse to the limited and general partners of Justice. The principal balance of the Prudential Loan was \$27,723,000 as of June 30, 2010.

On March 27, 2007, Justice entered into a second mortgage loan with Prudential (the "Second Prudential Loan") in a principal amount of \$19,000,000. The term of the Second Prudential Loan is for approximately 100 months and matures on August 5, 2015, the same date as the first Prudential Loan. The Second Prudential Loan is at a fixed interest rate of 6.42% per annum and calls for monthly installments of principal and interest in the amount of approximately \$119,000, calculated on a 30-year amortization schedule. The Second Prudential Loan is collateralized by a second deed of trust on the Partnership's Hotel property, including all improvements and personal property thereon and an assignment of all present and future leases and rents. The Second Prudential Loan is also without recourse to the limited and general partners of Justice. The principal balance of the Second Prudential Loan was \$18,267,000 as of June 30, 2010.

Justice had a \$2,500,000 unsecured revolving line of credit facility with East West Bank (formerly United Commercial Bank) that was to mature on April 30, 2010. Borrowings under that line of credit bore interest at Prime plus 3.0% per annum or based on the Wall Street Journal Prime Rate (3.25%) plus 3.0% per annum, floating, (but subject to a minimum floor rate at 5.0% per annum). Borrowings under the line of credit were subject to certain financial covenants, which are measured annually at June 30th and December 31st based on the credit arrangement. Effective April 29, 2010, the Partnership obtained a modification from the bank which converted its revolving line of credit facility to a term loan. The Partnership also obtained a waiver of any prior noncompliance with financial covenants.

The modification provides that Justice will pay the \$2,500,000 balance on its line of credit facility over a period of four years, to mature on April 30, 2014. This term loan calls for monthly principal and interest payments of \$41,000, calculated on a six-year amortization schedule, with interest only from May 1, 2010 to August 31, 2010. Pursuant to the modification, the annual

floating interest rate was reduced by 0.5% to the WSJ Prime Rate plus 2.5% (with a minimum floor rate of 5.0% per annum). The modification includes financial covenants written to reflect financial conditions that all hotels are facing. The covenants include specific financial ratios and a return to minimum profitability by June 2011. Management believes that the Partnership has the ability to meet the specific covenants and the Partnership was in compliance with the covenants as of June 30, 2010. The Partnership paid a loan modification fee of \$10,000. The loan continues as unsecured. As of June 30, 2010, the interest rate was 5.75% and the outstanding balance was \$2,500,000. As of June 30, 2009, the interest rate was 6.25% and the outstanding balance on the line of credit was \$1,811,000.

Despite the downturns in the economy, the Hotel has continued to generate positive cash flows. While the debt service requirements related to the two Prudential loans, as well as the new term loan to pay off the line of credit, may create some additional risk for the Company and its ability to generate cash flows in the future since the Partnership's assets had been virtually debt free for a number of years, management believes that cash flows from the operations of the Hotel and the garage will continue to be sufficient to meet all of the Partnership's current and future obligations and financial requirements. Management also believes that there is sufficient equity in the Hotel assets to support future borrowings, if necessary, to fund any new capital improvements and other requirements.

The Company has invested in short-term, income-producing instruments and in equity and debt securities when deemed appropriate. The Company's marketable securities are classified as trading with unrealized gains and losses recorded through the consolidated statements of operations.

Management believes that its cash, marketable securities, and the cash flows generated from those assets and from partnership distributions and management fees, will be adequate to meet the Company's current and future obligations.

OFF-BALANCE SHEET ARRANGEMENTS

The Company has no material off balance sheet arrangements.

IMPACT OF INFLATION

Hotel room rates are typically impacted by supply and demand factors, not inflation, since rental of a hotel room is usually for a limited number of nights. Room rates can be, and usually are, adjusted to account for

inflationary cost increases. Since Prism has the power and ability under the terms of its management agreement to adjust hotel room rates on an ongoing basis, there should be minimal impact on partnership revenues due to inflation. Partnership revenues are also subject to interest rate risks, which may be influenced by inflation. For the two most recent fiscal years, the impact of inflation on the Company's income is not viewed by management as material.

CRITICAL ACCOUNTING POLICIES

Critical accounting policies are those that are most significant to the portrayal of our financial position and results of operations and require judgments by management in order to make estimates about the effect of matters that are inherently uncertain. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts in our consolidated financial statements. We evaluate our estimates on an on-going basis, including those related to the consolidation of our subsidiaries, to our revenues, allowances for bad debts, accruals, asset impairments, other investments, income taxes and commitments and contingencies. We base our estimates on historical experience and on various other assumptions that we believe to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities. The actual results may differ from these estimates or our estimates may be affected by different assumptions or conditions.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and
Shareholders of Portsmouth Square, Inc.:

We have audited the accompanying consolidated balance sheets of Portsmouth Square, Inc. and its subsidiary (the Company) as of June 30, 2010 and 2009, and the related consolidated statements of operations, shareholders' deficit and cash flows for the years then ended. The Company's management is responsible for these financial statements. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Portsmouth Square, Inc. and its subsidiary as of June 30, 2010 and 2009, and the results of their operations and their cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 1 to the consolidated financial statements, the Company changed the manner in which it accounts for noncontrolling interests effective July 1, 2009.

PORTSMOUTH SQUARE, INC.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

Description of Business

As of June 30, 2010, Santa Fe Financial Corporation ("Santa Fe"), a public company, owns approximately 68.8% of the outstanding common shares of Portsmouth Square, Inc. ("Portsmouth" or the "Company"). Santa Fe is a 76%-owned subsidiary of The InterGroup Corporation ("InterGroup"), a public company. InterGroup also directly owns approximately 11.7% of the common stock of Portsmouth.

Portsmouth's primary business is conducted through its general and limited partnership interest in Justice Investors, a California limited partnership ("Justice" or the "Partnership"). Portsmouth has a 50.0% limited partnership interest in Justice and serves as one of the two general partners. The other general partner, Evon Corporation ("Evon"), served as the managing general partner until December 1, 2008 at which time Portsmouth assumed the role of managing general partner. As discussed in Note 2, the financial statements of Justice are consolidated with those of the Company.

Justice owns a 544-room hotel property located at 750 Kearny Street, San Francisco California, known as the *Hilton San Francisco Financial District* (the Hotel) and related facilities including a five level underground parking garage. The Hotel is operated by the partnership as a full service Hilton brand hotel pursuant to a Franchise License Agreement with Hilton Hotels Corporation. Justice also has a Management Agreement with Prism Hospitality L.P. (Prism) to perform the day-to-day management functions of the Hotel.

Justice leased the parking garage to Evon through September 30, 2008. Effective October 1, 2008, Justice and Evon entered into an Installment Sale Agreement whereby Justice purchased all of Evon's right, title, and interest in the remaining term of its lease of the parking garage, which was to expire on November 30, 2010, and other related assets. Justice also agreed to assume Evon's contract with Ace Parking Management, Inc. ("Ace Parking") for the management of the garage and any other liabilities related to the operation of the garage commencing October 1, 2008. The Partnership also leases a day spa on the lobby level to Tru Spa.

Due to the temporary closing of the Hotel to undergo major renovations from May 2005 until January 2006 to transition and reposition the Hotel from a Holiday Inn to a Hilton, and the substantial depreciation and amortization expenses resulting from the renovations and operating losses incurred as the Hotel ramped up operations after reopening, Justice has recorded net losses. These losses were anticipated and planned for as part of the Partnership's renovation and repositioning plan for Hotel and management considers those net losses to be temporary. The Hotel has been generating positive cash flows from operations since June 2006 and net income is expected to improve in the future, especially since depreciation and amortization expenses attributable to the renovation will decrease substantially. Despite the significant downturn in the economy, management believes that the revenues expected to be generated from the Hotel, garage and the Partnership's leases will be sufficient to meet all of the

Partnership's current and future obligations and financial requirements. Management also believes that there is significant equity in the Hotel to support additional borrowings, if necessary.

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and all controlled subsidiaries. All significant inter-company transactions and balances have been eliminated.

Investment in Hotel, Net

The Hotel property and equipment are stated at cost less accumulated depreciation. Building and improvements are being depreciated on a straight-line basis over their estimated useful lives ranging from 5 to 39 years. Furniture, fixtures and equipment are being depreciated on a straight-line basis over their estimated useful lives ranging from 5 to 7 years.

Repairs and maintenance are charged to expense as incurred, and costs of significant renewals and improvements are capitalized. Costs of significant renewals and improvements are capitalized and depreciated over the shorter of its remaining estimated useful life or life of the asset.

The Company reviews property and equipment for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable in accordance with generally accepted accounting principles (GAAP). If the carrying amount of the asset, including any intangible assets associated with that asset, exceeds its estimated undiscounted net cash flow, before interest, the Company will recognize an impairment loss equal to the difference between its carrying amount and its estimated fair value. If impairment is recognized, the reduced carrying amount of the asset will be accounted for as its new cost. For a depreciable asset, the new cost will be depreciated over the asset's remaining useful life. Generally, fair values are estimated using discounted cash flow, replacement cost or market comparison analyses. The process of evaluating for impairment requires estimates as to future events and conditions, which are subject to varying market and economic factors. Therefore, it is reasonably possible that a change in estimate resulting from judgments as to future events could occur which would affect the recorded amounts of the property. No impairment losses were recorded for the years ended June 30, 2010 and 2009.

Investment in Marketable Securities

Marketable securities are stated at market value as determined by the most recently traded price of each security at the balance sheet date. Marketable securities are classified as trading securities with all unrealized gains and losses on the Company's investment portfolio recorded through the consolidated statements of operations.

Other Investments, Net

Other investments include non-marketable securities that are carried at cost net of any impairment loss and non-marketable warrants carried at fair value. The Company has no significant influence or control over the entities that issue these investments. These investments are reviewed on a periodic basis for other-than-temporary impairment. The Company reviews several factors to

determine whether a loss is other-than-temporary. These factors include but are not limited to: (i) the length of time an investment is in an unrealized loss position, (ii) the extent to which fair value is less than cost, (iii) the financial condition and near term prospects of the issuer and (iv) our ability to hold the investment for a period of time sufficient to allow for any anticipated recovery in fair value. For the years ended June 30, 2010 and 2009, the Company recorded impairment losses related to other investments of \$657,000 and \$ 615,000, respectively.

Derivative Financial Instruments

The Company has investments in stock warrants that are considered derivative instruments.

Derivative financial instruments, as defined in ASC 815-10-15-83, "Derivatives and Hedging" (pre-Codification SFAS No. 133 Accounting for Derivative Financial Instruments and Hedging Activities), consist of financial instruments or other contracts that contain a notional amount and one or more underlying (e.g. interest rate, security price or other variable), require no initial net investment and permit net settlement. Derivative financial instruments may be free-standing or embedded in other financial instruments. Further, derivative financial instruments are initially, and subsequently, measured at fair value on the Company's consolidated balance sheet with the related unrealized gain or loss recorded in the Company's consolidated statement of operations. The Company used the Black-Scholes option valuation model to estimate the fair value these instruments which requires management to make significant assumptions including trading volatility, estimated terms, and risk free rates. Estimating fair values of derivative financial instruments requires the development of significant and subjective estimates that may, and are likely to, change over the duration of the instrument with related changes in internal and external market factors. In addition, option-based models are highly volatile and sensitive to changes in the trading market price of the underlying common stock, which has a high-historical volatility. Since derivative financial instruments are initially and subsequently carried at fair values, the Company's consolidated statement of operations will reflect the volatility in these estimate and assumption changes.

Cash and Cash Equivalents

Cash equivalents consist of highly liquid investments with an original maturity of three months or less when purchased and are carried at cost, which approximates fair value.

Accounts Receivable, Net

Accounts receivable from Hotel customers are carried at cost less an allowance for doubtful accounts that is based on management's assessment of the collectability of accounts receivable. The Company extends unsecured credit to its customers but mitigates the associated credit risk by performing ongoing credit evaluations of its customers.

Other Assets, Net

Other assets includes loan fees, franchise fees and license fees. Loan fees are stated at cost and amortized over the term of the loan using the effective interest method. Franchise fees are stated at cost and amortized over the life of the agreement (15 years). License fees are stated at cost and amortized over 10 years.

Income Taxes

Deferred income taxes are calculated under the liability method. Deferred income tax assets and liabilities are based on differences between the financial statement and tax basis of assets and liabilities at the current enacted tax rates. Changes in deferred income tax assets and liabilities are included as a component of income tax expense. Changes in deferred income tax assets and liabilities attributable to changes in enacted tax rates are charged or credited to income tax expense in the period of enactment. Valuation allowances are established for certain deferred tax assets where realization is not likely.

Assets and liabilities are established for uncertain tax positions taken or positions expected to be taken in income tax returns when such positions are judged to not meet the "more-likely-than-not" threshold based on the technical merits of the positions.

Due to Securities Broker

Various securities brokers have advanced funds to the Company for the purchase of marketable securities under standard margin agreements. These advanced funds are recorded as a liability.

Obligations for Securities Sold

Obligation for securities sold represents the fair market value of shares sold with the promise to deliver that security at some future date and the fair market value of shares underlying the written call options with the obligation to deliver that security when and if the option is exercised. The obligation may be satisfied with current holdings of the same security or by subsequent purchases of that security. Unrealized gains and losses from changes in the obligation are included in the statement of operations.

Accounts Payable and Other Liabilities

Accounts payable and other liabilities include trade payables, advance deposits and other liabilities.

Fair Value of Financial Instruments

The Company accounts for its assets and liabilities under accounting standards of fair value measurement. Under these standards, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date. Accounting standards for fair value measurement establishes a hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in pricing the asset or liability developed based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company's assumptions about the assumptions market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The hierarchy is broken down into three levels based on the observability of inputs as follows:

Level 1-inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2-inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the assets or liability, either directly or indirectly, for substantially the full term of the financial instruments.

Level 3-inputs to the valuation methodology are unobservable and significant to the fair value.

Environmental Remediation Costs

Liabilities for environmental remediation costs are recorded and charged to expense when it is probable that obligations have been incurred and the amounts can be reasonably estimated. Recoveries of such costs are recognized when received. As of June 30, 2010 and 2009, there were no liabilities for environmental remediation.

Revenue Recognition

Room revenue is recognized on the date upon which a guest occupies a room and/or utilizes the Hotel's services. Food and beverage revenues are recognized upon delivery. Garage revenue is recognized when a guest uses the garage space.

Rental revenue is recognized on the straight-line method of accounting whereby contractual rent payment increases are recognized evenly over the lease term, regardless of when the rent payments are received by Justice. The leases contain provisions for base rent plus a percentage of the lessees' revenues, which are recognized when earned.

Advertising Costs

Advertising costs are expensed as incurred. Advertising costs were \$278,000 and \$273,000 for the years ended June 30, 2010 and 2009, respectively.

Basic and Diluted Loss per Share

Basic loss per share is calculated based upon the weighted average number of common shares outstanding during each fiscal year. As of June 30, 2010 and 2009, the Company did not have any potentially dilutive securities outstanding.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

Reclassifications

Certain prior year balances have been reclassified to conform with the current year presentation.

Recent Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 168, The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles, which was primarily codified into Accounting Standards Codification (ASC) Topic 105. This standard became the single source of authoritative nongovernmental U.S. generally accepted accounting principles (GAAP). The Codification was effective for interim or annual financial periods ended after September 15, 2009. The Company adopted ASC 105 beginning the quarter ended September 30, 2009. The adoption of ASC 105 did not have a material impact on our consolidated financial position, results of operations and cash flows. Additionally, the FASB now uses Accounting Standards Updates (ASU) to amend ASC.

In June 2009, the FASB issued SFAS No. 167, Amendments to FASB Interpretation No. 46(R) (SFAS 167), which has been codified into ASC Topic 810-10, "Consolidation". It clarifies that related parties should be considered when evaluating the criteria for determining whether a decision maker's or service provider's fee represents a variable interest. In addition, the amendments clarify that a quantitative calculation should not be the sole basis for evaluating whether a decision maker's or service provider's fee represents a variable interest. This guidance will be effective at the start of a reporting entity's first fiscal year beginning after November 15, 2009. Early application is not permitted. Management does not anticipate that the adoption of this guidance will have a material effect on the Company's consolidated financial statements.

In May 2009, the FASB issued SFAS No. 165, Subsequent Events, which was primarily codified into ASC Topic 855 and updated by ASU 2010-09. The Company adopted ASC Topic 855 which requires an entity to recognize in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the balance sheet. For non-recognized subsequent events that must be disclosed to keep the financial statements from being misleading, an entity will be required to disclose the nature of the event as well as an estimate of its financial effect, or a statement that such an estimate cannot be made. ASC Topic 855 is consistent with current practice and did not have any impact on the Company's consolidated financial statements. Subsequent events were evaluated through the date the consolidated financial statements were issued.

In December 2007, the FASB issued SFAS No. 160, "Noncontrolling Interest in Consolidated Financial Statements—an amendment of ARB No. 51" which was primarily codified into ASC Topic 810, "Consolidation." ASC Topic 810 states that accounting and reporting for minority interests will be recharacterized as noncontrolling interests and classified as a component of equity. This standard also establishes reporting requirements that provide disclosures that identify and distinguish between the interests of the parent and the interests of the noncontrolling owners. ASC Topic 810 required retrospective adoption of the presentation and disclosure requirements for previously existing minority interests. All other requirements are to be applied prospectively. This standard is effective for fiscal years beginning after December 15, 2008. The Company adopted the provisions beginning July 1, 2009. Prior to adopting this standard, the Company absorbed 100% of the net loss and accumulated deficit of Justice Investors as of June 30, 2009. Effective July 1, 2009 under ASC Topic 810, losses attributable to the parent and the noncontrolling interest in a

subsidiary shall be attributed to those respective interests. That is, the noncontrolling interest shall continue to be attributed its share of losses even if that attribution results in a deficit noncontrolling interest balance. As a result, upon adoption, the Company recalculated the accumulated deficit pertaining to noncontrolling interest totaling \$8,596,000 as of June 30, 2009 and 2008, respectively and reclassified such amount as a separate component of the shareholders' equity (deficit). However, the losses attributed to the noncontrolling interest were not adjusted in the consolidated statement of operations for the year ended June 30, 2009.

In February 2007, the FASB issued Statement of Financial Accounting Standards No. 159, "The Fair Value Option for Financial Assets and Financial Liabilities" which was primarily codified into ASC Topic 825, "Financial Instruments." ASC Topic 825 provides entities with an irrevocable option to report selected financial assets and financial liabilities at fair value. It also establishes presentation and disclosure requirements that are designed to facilitate comparisons between entities that choose different measurement attributes for similar types of assets and liabilities. The Company adopted ASC Topic 825 on July 1, 2008 and chose not to elect the fair value option for its financial assets and liabilities that had not been previously carried at fair value. Therefore, material financial assets and liabilities not carried at fair value, such as other assets, accounts payable, line of credit, other notes payable and mortgage payables are reported at their carrying values.

In January 2010, the FASB issued ASU 2010-06, "Improving Disclosures About Fair Value Measurements." Effective January 1, 2010, ASU 2010-06 requires the separate disclosure of significant transfers into and out of the Level 1 and Level 2 categories and the reasons for such transfers, and also requires fair value measurement disclosures for each class of assets and liabilities as well as disclosures about valuation techniques and inputs used for recurring and nonrecurring Level 2 and Level 3 fair value measurements. Effective in fiscal years beginning after December 31, 2010, ASU 2010-06 also requires Level 3 disclosure of purchases, sales, issuances and settlements activity on a gross rather than a net basis. These amendments resulted in additional disclosures in the Company's consolidated financial statements.

In December 2007, the FASB issued SFAS No. 141(R), "Business Combinations", which was primarily codified into ASC Topic 805, "Business Combinations". It establishes principles and requirements for how an acquirer in a business combination recognizes and measures in its financial statements the identifiable assets acquired, the liabilities assumed, and any controlling interest; recognizes and measures the goodwill acquired in the business combination or a gain from a bargain purchase; and determines what information to disclose to enable users of the financial statements to evaluate the nature and financial effects of the business combination. This standard is to be applied prospectively to business combinations for which the acquisition date is on or after an entity's fiscal year that begins after December 15, 2008. The Company adopted this standard beginning July 1, 2009 and adoption of this standard had no material impact on the Company's consolidated financial statements.

NOTE 2 - JUSTICE INVESTORS

On July 14, 2005, the FASB issued Staff Position (FSP) SOP 78-9-1, "Interaction of AICPA Statement of Position 78-9 and EITF Issue No. 04-5" which was codified into ASC Topic 910-810, "Real Estate - General - Consolidation", to amend the guidance in AICPA Statement of Position 78-9, "Accounting for Investments in Real Estate Ventures" (SOP 78-9) to be consistent with the consensus in Emerging Issues Task Force Issue No. 04-5 "Determining Whether a General Partner, or General Partners as a Group, Controls a Limited Partnership or Similar Entity When the Limited Partners Have Certain Rights" which was codified into ASC 810-20, "Consolidation", eliminated the concept of "important rights" (ASC Topic 970-810) and replaces it with the concepts of "kick out rights" and "substantive participating rights". In accordance with guidance set forth in ASC Topic 970-20, Portsmouth has applied the principles of accounting applicable for investments in subsidiaries due to its substantial limited partnership interest and general partnership rights and has consolidated the financial statements of Justice with those of the Company effective as of July 1, 2006. For the years ended June 30, 2010 and 2009, the results of operations for Justice were consolidated with those of the Company.

On December 1, 2008, Portsmouth and Evon, as the two general partners of Justice, entered into a 2008 Amendment to the Limited Partnership Agreement (the "Amendment") that provides for a change in the respective roles of the general partners. Pursuant to the Amendment, Portsmouth assumed the role of Managing General Partner and Evon continued on as the Co-General Partner of Justice. The Amendment was ratified by approximately 98% of the limited partnership interests. The Amendment also provides that future amendments to the Limited Partnership Agreement may be made only upon the consent of the general partners and at least seventy five percent (75%) of the interests of the limited partners. Consent of at least 75% of the interests of the limited partners will also be required to remove a general partner pursuant to the Amendment.

Concurrent with the Amendment to the Limited Partnership Agreement, a new General Partner Compensation Agreement (the "Compensation Agreement") was entered into on December 1, 2008, among Justice, Portsmouth and Evon to terminate and supersede all prior compensation agreement for the general partners. Pursuant to the Compensation Agreement, the general partners of Justice will be entitled to receive an amount equal to 1.5% of the gross annual revenues of the Partnership (as defined), less \$75,000 to be used as a contribution toward the cost of Justice engaging an asset manager. Other investments in non-marketable securities are carried at cost net of any impairment loss. The Company has no significant influence or control over the entities that issue these investments. These investments are reviewed on a periodic basis for other-than-temporary impairment. The Company reviews several factors to determine whether a loss is other-than-temporary. These factors include but are not limited to: (i) the length of time an investment is in an unrealized loss position, (ii) the extent to which fair value is less than cost, (iii) the financial condition and near term prospects of the issuer and (iv) our ability to hold the investment for a period of time sufficient to allow for any anticipated recovery in fair value.

NOTE 9 - OTHER NOTES PAYABLE AND LINE OF CREDIT

The Partnership had a \$2,500,000 unsecured revolving line of credit facility with a bank that was to mature on April 30, 2010. Borrowings under that line of credit bore interest at Prime plus 3.0% per annum or based on the Wall Street Journal Prime Rate (3.25%) plus 3.0% per annum, floating, (but subject to a minimum floor rate at 5.0% per annum). Borrowings under the line of credit were subject to certain financial covenants, which are measured annually at June

30th and December 31st based on the credit arrangement. Effective April 29, 2010, the Partnership obtained a modification from the bank which converted its revolving line of credit facility to a term loan. The Partnership also obtained a waiver of any prior noncompliance with financial covenants.

The modification provides that Justice will pay the \$2,500,000 balance on its line of credit facility over a period of four years, to mature on April 30, 2014. This term loan calls for monthly principal and interest payments of \$41,000, calculated on a six-year amortization schedule, with interest only from May 1, 2010 to August 31, 2010. Pursuant to the modification, the annual floating interest rate was reduced by 0.5% to the WSJ Prime Rate plus 2.5% (with a minimum floor rate of 5.0% per annum). The modification includes financial covenants written to reflect financial conditions that all hotels are facing. The covenants include specific financial ratios and a return to minimum profitability by June 2011. Management believes that the Partnership has the ability to meet the specific covenants and the Partnership was in compliance with the covenants as of June 30, 2010. The Partnership paid a loan modification fee of \$10,000. The loan continues as unsecured. As of June 30, 2010, the interest rate was 5.75% and the outstanding balance was \$2,500,000. As of June 30, 2009, the interest rate was 6.25% and the outstanding balance on the line of credit was \$1,811,000.

The Partnership has short-term financing agreements with a financial institution for the payment of its general, property, and workers' compensation insurance. The notes payable under these financing agreements bear interest at 3.8% per annum and payable in equal monthly installments (principal and interest) through December 2010. The notes payable at June 30, 2010 and 2009, were \$176,000 and \$246,000, respectively.

As of June 30, 2010 and 2009, the Partnership also has a note payable due to Evon Corporation in the amount of \$143,000 and \$480,000, respectively. This note has an annual fixed interest rate of 8.5% and matures on October 31, 2010.

On February 2, 2007, the Partnership entered into an agreement with Prism to manage and operate the Hotel as its agent. The agreement is effective for a term of ten years, unless the agreement is extended or earlier terminated as provided in the agreement. Under the management agreement, the Partnership is required to pay the base management fees of 2.5% of gross operating revenues of the Hotel (i.e., room, food and beverage, and other operating departments) for the fiscal year. However, 0.75% of the stated management fee is due only if the partially adjusted net operating income of the hotel for the fiscal year exceeds the amount of the Hotel return for the fiscal year. Prism is also entitled to an incentive management fee if certain milestones are accomplished. No incentive fees were paid during the years ended June 30, 2010 and 2009. In support of the Partnership's efforts to reduce costs in this difficult economic environment, Prism agreed to reduce its management fees by fifty percent from January 1, 2009, through December 31, 2010, after which the original fee arrangement will remain in effect. NOTE 15 - RELATED PARTY TRANSACTIONS

The contractor that was selected to oversee the garage and the first four floors' renovation (excluding room upgrades) of the Hotel is the contractor who originally constructed the Hotel. He is also a limited partner in the Partnership and is a director of Evon Corporation, the co-general partner of the Partnership. There were no payables to the contractor at June 30, 2010 and 2009. Services performed by the contractor were capitalized as fixed assets which totaled \$0 and \$103,000 for the years ended June 30, 2010 and 2009, respectively. Management believes these renovations were competitively priced.

Through September 30, 2008, Evon, was the lessee of the parking garage. Evon paid the Partnership \$402,000 for the three months ended September 30, 2008, under the terms of the lease agreement. The lease agreement with Evon was terminated effective October 1, 2008. Concurrently, an installment sale agreement was entered between Justice and Evon. Justice had a note payable to Evon totaling \$143,000 and \$480,000 as of June 30, 2010 and 2009, respectively.

Certain shared costs and expenses, primarily administrative expenses, rent and insurance are allocated among the Company and InterGroup based on management's estimate of the pro rata utilization of resources. For the years ended June 30, 2010 and 2009, these expenses were approximately \$72,000 for each respective year.

Four of the Company's Directors serve as directors of InterGroup and three of the Company's Directors serve on the Board of Santa Fe.

As Chairman of the Securities Investment Committee, the Company's President and Chief Executive Officer(CEO), John V. Winfield, directs the investment activity of the Company in public and private markets pursuant to authority granted by the Board of Directors. Mr. Winfield also serves as Chief Executive Officer and Chairman of Santa Fe and InterGroup and oversees the investment activity of those companies. Depending on certain market conditions and various risk factors, the Chief Executive Officer, his family, Santa Fe and InterGroup may, at times, invest in the same companies in which the Company invests. The Company encourages such investments because it places personal resources of the Chief Executive Officer and his family members, and the resources of Santa Fe and InterGroup, at risk in connection with investment decisions made on behalf of the Company.

On July 18, 2003, the disinterested members of the Board of Directors established a performance based compensation program for the Company's CEO to keep and retain his services as a direct and active manager of the Company's securities portfolio. Pursuant to the criteria established by the Board, Mr. Winfield is entitled to performance based compensation for his management of the Company's securities portfolio equal to 20% of all net investment gains generated in excess of the performance of the S&P 500 Index. Compensation amounts are calculated and paid quarterly based on the results of the Company's investment portfolio for that quarter. On February 26, 2004, the Board of Directors amended the performance threshold to require an annualized return equal to the Prime Rate of Interest (as published in the Wall Street Journal) plus 2% instead of the S&P 500 Index, effective with the quarterly period commencing January 1, 2004. This performance based compensation program may be further modified or terminated at the discretion of the Board.
