In 1973, a group of eight local businessmen began the process of establishing a new bank. The objective was to provide the very finest in banking services through personalized relationship banking. The initial target market was the many small businesses that were in and around the Chino area. This determined group was led by George Borba. On August 9, 1974 Chino Valley Bank officially opened for business.

We are proud of our history. George Borba remains the Chairman of the Board. The vision of our founders still is to become the best business bank, providing the highest quality of customer service. The bank that began with \$1.5 million in capital has grown to become the largest financial institution headquartered in the Inland Empire region of southern California, with over \$6.4 billion in assets.

Citizens Business Bank delivers the very best in financial products and services to 41 cities through 43 business financial centers and five commercial banking centers.

Board of Directors

Our Board of Directors has provided counsel and guidance throughout our thirty-six year history. As independent businessmen with varied backgrounds, our Directors understand the financial and business challenges of our customers. Their collective expertise and oversight have led to sound management practices and consistent and strong credit policies that guide our company through economic cycles.

Listed left to right: Christopher D. Myers - President & Chief Executive Officer; George Borba - Chairman of the Board; D. Linn Wiley - Vice Chairman of the Board; Ronald O. Kruse - Vice Chairman of the Board; Robert M. Jacoby; San E. Vaccaro; John A. Borba; James C. Seley.

Our Appreciation

The Board of Directors of CVB Financial Corp. and Citizens Business Bank are pleased to report over 135 consecutive quarters of profitability. In addition, we recently announced the payment of our 86th consecutive cash dividend to our shareholders. We know that strong and stable financial performance is important to all of our constituents: shareholders, associates, and customers.

Our success is not without its challenges. Although we saw some signs of economic recovery in 2010 and are more optimistic about 2011, we continue to experience great economic stress in places like Greece and Turkey and civil unrest in places like Egypt and Libya. Whether we like it or not, global volatility impacts our economy and slows our nation's recovery.

Notwithstanding the world around us, Citizens Business Bank continues to offer our customers and shareholders a safe, sound and secure home for their banking and investments. The ongoing guidance and oversight of our Board of Directors, the experience and dedication of our management team, and the service-minded nature of our associates combine to provide assurance and comfort that we can and will continue our trend of success. We remain confident and proud.

Our strategic focus for 2011 is to grow quality loans, enhance our strong relationship deposit base, increase our non-interest income and control our expenses. Accomplishing these four objectives will drive positive financial results.

On behalf of all Citizens Business Bank associates, we thank our shareholders and customers for their ongoing faith and trust. We encourage you to allow us the opportunity to serve all your banking and financial services needs with our superior products and delivery. Your business and personal relationship is very important to us. It is the foundation for our success.

Report to Stockholders

CVB Financial Corp. and Citizens Business Bank persevered in 2010. The Bank was able to achieve several important goals:

- The successful integration of our FDIC assisted acquisition of San Joaquin Bank.
- The continued deleveraging of our balance sheet through our repayment of \$450million in borrowings.
- Solid core deposit growth despite substantially lowering deposit costs.
- Strong non-interest income growth in the service fee and trust fee income categories.

These accomplishments helped drive the core earnings of the Bank in 2010 and should positively contribute to our future earnings success.

Our consistent financial performance has earned accolades throughout our history. In 2010 Forbes Magazine named Citizens Business Bank the sixth best business bank in America. Citizens Business Bank received a BBB Investment Grade Fitch Rating in December of 2010. Milestones

The performance of CVB Financial Corp. was reflected in the continued consecutive dividend payments. CVB Financial Corp. reported net income of \$19.0 million for the second quarter of 2010. This was the highest second quarter earnings in the history of the Company.

We successfully assimilated the acquired San Joaquin Bank offices into our business financial center system, strengthening our position in the Bakersfield business community.

On October 6, 2010 Citizens Business Bank proudly sponsored a CMC-UCLA Inland Empire Forecast Conference at the Citizens Business Bank Arena. Over 450 members of the community heard local experts share their research and projections on our economic situation in the Inland Empire, the state and the nation. Community Commitment

Citizens Business Bank, its officers and its associates provide tremendous support to our communities. Expansion

Our primary goal is to become a highly successful financial services company with a business bank at the core. As we transition into a regional bank, success will be achieved by focusing on non-interest bearing deposit growth, loan growth, fee income growth, profitability and expense control. These are fundamental to our success. We will seek to acquire the top companies in their respective business segments as our valued banking customers. We will also strive to broaden our client relationships by cross-selling a more robust product and services offering.

We will to grow our geographic presence by opening new commercial banking and business financial centers when the opportunity is right and a strong team of bankers can be recruited to develop a customer base in a defined market area. We will also carefully address opportunities to acquire performing banks with a similar business banking model or may even acquire a troubled bank with FDIC assistance should the right opportunity present itself.
