Abbott Laboratories' Employee Benefit Board of Review
Abbott Laboratories Stock Retirement Plan

We have audited the accompanying statements of net assets available for benefits of the Abbott Laboratories Stock Retirement Plan (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2010 and 2009, and the changes in net assets available for benefits for the year ended December 31, 2010, in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note B, the Plan adopted new accounting guidance as of December 31, 2010 related to the accounting for loans to participants.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2010, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

A handwritten signature in cursive script that reads "Kent Thornton LLP".

**Abbott Laboratories Stock Retirement Plan
NOTES TO FINANCIAL STATEMENTS
December 31, 2010 and 2009**

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Abbott Laboratories Stock Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

In general, United States employees of Abbott Laboratories ("Abbott") and selected participating subsidiaries and affiliates may, after meeting certain employment requirements, voluntarily participate in the Plan. Puerto Rico employees participate in the Abbott Laboratories Stock Retirement Plan (Puerto Rico), a separately sponsored plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Mercer HR Outsourcing LLC and Mercer Trust Company (collectively, "Mercer") are the custodian ("Custodian"), trustee ("Trustee") and record keeper of the Plan.

The Plan operates as a cash or deferred arrangement 401(k) plan and, effective October 1, 2001, is considered an employee stock ownership plan that meets the applicable United States Internal Revenue Code ("IRC") sections. Effective January 1, 2006, the Plan was amended to clarify that the portion of the Plan that is invested in Abbott shares is a permanent feature of the Plan.

Contributions and Vesting

Contributions to the Plan are paid to the Abbott Laboratories Stock Retirement Trust ("Trust"). The Trust is administered by Mercer and an Investment Committee comprised of three Abbott employees (the "Committee"). Employees are eligible to make contributions on any entry date following their date of hire. Eligible employees electing to participate contribute from 2% and may contribute up to 25% of their eligible earnings to the Trust, subject to certain limitations. Participants who have attained age 50 before the end of the Plan year and who are making the maximum pretax contributions are eligible to make catch-up contributions. The Plan also permits Roth 401(k) after-tax contributions and effective December 6, 2010 a Roth 401(k) conversion feature was offered. Participants may choose to make their contributions from pretax earnings, after-tax earnings or both. The pretax contributions are a pay conversion feature, which is a salary deferral option under the provisions of Section 401(k) of the IRC. Participant contributions may be invested in any or all of the investment options.

Abbott Laboratories Stock Retirement Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2010 and 2009

NOTE A - DESCRIPTION OF THE PLAN - Continued

Contributions and Vesting - Continued

Employer contributions to the Plan are made each payroll period based on the participating employees' eligible earnings. The amount of the employer contribution is determined by the Board of Directors of Abbott and, for the years ended December 31, 2010 and 2009, was 5% of the participant's eligible earnings if the employee elected to contribute at least 2% of eligible earnings to the Plan. Employer contributions are invested each pay period according to the employee's investment elections.

Cash dividends on shares of Abbott common shares are (1) paid in cash to the participants or beneficiaries, (2) paid to the Plan and distributed in cash to participants or beneficiaries no later than 90 days after the close of the Plan's year in which paid or (3) paid to the Plan and credited to the applicable accounts in which shares are held, as elected by each participant or beneficiary in accordance with rules established by the administrator.

The Plan offered the following investment options in 2010 and 2009: Abbott common shares, SRP Short Term Investment Fund, American Funds: Growth Fund of America, The Investment Company of America Fund, Washington Mutual Investors Fund, and EuroPacific Growth Fund, Vanguard Extended Market Index Fund, Vanguard Institutional Developed Markets Fund, Vanguard Institutional Index Fund Plus, Dodge & Cox Balanced Fund, PIMCO All Asset Fund, PIMCO Total Return Fund, Blackrock International Opportunities Fund, Blackrock Mid Cap Value Equity Fund and Wellington Mid Cap Growth Fund.

In connection with the Advanced Medical Optics, Inc. ("AMO") 401(k) Plan asset transfer into the Plan in 2009, Allergan, Inc. common stock and the JPMorgan Stable Value Fund were added to the Plan. Both investment options were frozen to new contributions. During 2010 both investment options were no longer allowed by the plan and were liquidated and mapped to other investment options.

Effective January 29, 2010, various structural changes were made to several Plan investment options in order to lower investment management fees. American Fund investment options now offer Class R6 shares which have a lower expense ratio than the previously offered Class R5 shares, therefore the American Fund options moved from Class R5 to Class R6. The BlackRock Funds and Dodge & Cox Balanced Fund portfolios were converted from mutual funds to managed accounts. Additionally, the SRP Stable Value Fund was renamed the SRP Short Term Investment Fund ("SRP STIF Fund"), reflecting a change in that fund's investment policy.

Abbott spun off its hospital products business, Hospira, Inc. ("Hospira"), in 2004 and Abbott shareholders received one share of Hospira stock for every ten shares of Abbott shares owned. Participants who received Hospira stock through this distribution may continue to hold the stock in their Plan accounts.

Abbott Laboratories Stock Retirement Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2010 and 2009

NOTE A - DESCRIPTION OF THE PLAN - Continued

Contributions and Vesting - Continued

Participants may direct the Trustee to sell all or a portion of the Abbott common shares held in their accounts and reinvest the proceeds in any of the investment options available to the participants.

Participants are at all times fully vested in their own contributions and earnings thereon. Vesting in employer contributions and earnings thereon is based on the following vesting schedule:

<u>Service</u>	<u>Vesting percentage</u>
Less than two years	0%
Two years or more	100%

Non-vested portions of employer contributions and earnings thereon are forfeited as of an employee's termination date. Forfeitures are used to (1) restore any forfeitures of participants who returned to service with Abbott within a given period of time, (2) pay Plan expenses and (3) reduce future employer contributions if terminated participants do not return to service within the given period of time. In 2010 and 2009, forfeitures reduced Abbott's contributions by approximately \$661,000 and \$739,000, respectively. Approximately \$300,000 and \$791,000 of forfeitures were available at the end of 2010 and 2009, respectively, to reduce future Abbott contributions.

Distributions

Following retirement, termination or death, participants or their beneficiaries receive a distribution in installments, cash, Abbott common shares or, at their election, annuity insurance contracts for certain account balances, as defined (as these contracts are allocated to the respective participants, they are not recorded as assets of the Plan), or direct rollovers, as applicable. Also, upon retirement, participants may elect to defer distribution to a future date but, after termination of employment, distribution must be made by the 1st of April following the year the participant reaches age 70-1/2 or, if earlier, the 1st of April following the year in which the participant dies. Interest, dividends and other earnings will continue to accrue on such deferred amounts. Participants with over five years of credited service are permitted to withdraw their after-tax contributions in shares or in cash, subject to certain limitations.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2010 and 2009

NOTE A - DESCRIPTION OF THE PLAN - Continued

Notes Receivable from Participants

Participants may convert their pretax accounts into one or two loans to themselves. The borrowing may not exceed the lesser of the current market value of the assets allocated to their pretax accounts or 50% of all of their Plan accounts up to \$50,000, subject to Internal Revenue Service ("IRS") and Department of Labor's limitations and restrictions. Participants pay interest on such borrowings at the prime rate in effect at the time the participant loan is made. Loans must be repaid within five years (or by the employee's anticipated retirement date, if sooner) unless the loan is used for the purchase of the primary residence of the employee, in which case the repayment period can be extended to a period of fifteen years (or until the employee's anticipated retirement date, if sooner). Repayment is made through periodic payroll deductions but a loan may be repaid in a lump sum at any time. For employees terminating employment with Abbott during the repayment period, the balance of the outstanding loan is netted from their Plan distribution.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared using the accrual basis of accounting.

Investment contracts held by a defined contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the plan. In accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"), the statements of net assets available for benefits present all investments at fair value, an amount needed to adjust net assets attributable to fully benefit-responsive investment contracts from fair value to contract value, and net assets available for benefits. The statement of changes in net assets available for benefits is prepared on a contract-value basis.

Abbott Laboratories Stock Retirement Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Adoption of New Accounting Rules

In September 2010, the FASB issued guidance clarifying the classification and measurement of participant loans by defined contribution plans. That guidance requires that participant loans be classified as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. The Plan retrospectively applied this new guidance in its December 31, 2010 and 2009 financial statements. Participant loans of \$128,519,000 and \$125,149,000 for the years ended December 31, 2010 and 2009, respectively, were reclassified from investments to notes receivable from participants. Net assets of the Plan were not affected by the adoption of the new guidance.

In January 2010, the FASB amended the rules regarding fair value measurement to include, among other things, additional disclosure for transfers between the Level 1 (Quoted Prices in Active Markets) and Level 2 (Significant Other Observable Inputs) categories. The Plan adopted this new guidance effective December 31, 2010 and determined that it did not have a material effect on the Plan's financial statements. In addition, effective for fiscal years beginning after December 15, 2010, separate disclosure of the purchase, sale, issuance, and settlement of assets measured using significant unobservable inputs is required. The Plan will adopt this amendment when effective. The Plan does not expect this amendment to have a material impact on the Plan's financial statements.

In September 2009, the FASB issued guidance on measuring fair value for investments that use net asset values not quoted in active markets as fair value, such as the Plan's collective trust funds. This guidance also requires additional disclosure including the investment strategies of these investments and the nature of any restrictions on the investor's ability to redeem its investment at the measurement date. The Plan adopted this new guidance effective December 31, 2009 and determined it had no effect on the Plan's financial statements, but expanded its disclosures.

In April 2009, the Financial Accounting Standards Board ("FASB") issued additional rules regarding fair value measurement and disclosure. The rules provide guidance for estimating fair value when market activity for the asset or liability has decreased significantly. The new rules require disclosure of the inputs and valuation techniques used, as well as any changes in valuation techniques and inputs used to measure fair value. In addition, the Plan's investments are required to be presented by major category as determined on the basis of the nature and risks of the investments. The Plan adopted this new guidance effective December 31, 2009, and determined it did not have a material effect on the Plan's financial statements, but expanded its disclosures.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation

The Plan uses the following methods and significant assumptions to estimate the fair value of investments:

Common stock, mutual funds, floating rate notes, U.S. treasury bills, Federal agency short-term notes, and government guaranteed notes - Valued at the published market price per unit multiplied by the number of respective shares, units, or par held.

Fixed income - Valued at the published market price per unit or prices obtained from independent financial services industry-recognized vendors multiplied by the number of units held.

Collective trust funds - Valued at the net asset value provided by the administrator of the fund. The net asset value is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

Repurchase agreements - Valued at cost, which approximates fair value given the instruments' short duration.

Guaranteed investment contracts ("GICs") in the SRP STIF Fund - Valued on a contract-by-contract basis by the individual GIC issuer or, in some cases, by Mercer. The primary method used to calculate the fair value is by discounting the related cash flows based on current yields of similar instruments with comparable durations.

Commercial paper - Valued at amortized cost, which approximates fair value given the instruments' short duration of less than 130 days.

Certificates of deposit - Valued at amortized cost, which approximates fair value.

Short-term asset backed securities and U.S. Government agencies bonds - Valued at prices obtained from independent financial services industry-recognized vendors multiplied by the number of units held.

Abbott Laboratories Stock Retirement Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2010 and 2009

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Investment Valuation - Continued

Short-term investment funds - Valued using \$1 for the net asset value per unit, which approximates fair market value.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Investment Valuation - Continued

The collective trust funds do not have a readily determinable fair value and are valued at their net asset value per share as provided by the funds' administrators. The following provides additional information regarding these funds:

- (a) The collective trusts in the managed accounts do not have a readily determinable fair value and are valued at their net asset value per share as provided by the funds' administrators. The investment strategy of these investments is to maximize short term interest income on short term investment funds while providing book value liquidity for participant withdrawals. Redemption from the funds is permitted daily.
- (b) The investment strategy of this fund is to achieve long-term total return in excess of the Russell Mid-Cap Growth Index. Redemption from the fund is permitted daily.
- (c) The investment strategy of this fund is to preserve the value of the money invested, perform better than the average money market fund and earn consistent, reliable returns. Redemption from the fund must be requested in writing and the fund reserves the right to delay honoring the request of withdrawal by the participating plan up to 12 months from the date of the written notice of such request. The Plan redeemed its investment at full value on October 1, 2010.

The following table summarizes the changes in assets that are measured using significant unobservable inputs (dollars in thousands) for the year ended December 31, 2010:

	<u>GICs</u>
Balance, beginning of 2010	\$ 219,430
Total change in unrealized gain	1,572
Net sales and settlements	<u>(79,583)</u>
Balance, end of 2010	<u>\$ 141,419</u>

Guaranteed investment contracts in the SRP STIF Fund

Mercer maintains contributions to the SRP STIF Fund in a separate account. The account is credited with earnings on underlying investments and charged for Plan withdrawals and administrative expenses charged by Mercer. Each GIC issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. Because the SRP STIF Fund is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to this fund. Contract value, as reported to the Plan by Mercer, represents contributions made under the contract, plus earnings, less participant withdrawals. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the SRP STIF Fund at contract value.

NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2010 and 2009

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Guaranteed investment contracts in the SRP STIF Fund - Continued

There are no reserves against contract value for credit risk of the contract issuers or otherwise. The crediting interest rates are negotiated with each issuer at the time of purchase and are fixed throughout the term of the contracts, with the exception of one contract, which resets monthly based on the Consumer Price Index plus a spread.

	<u>2010</u>	<u>2009</u>
Average yields (approximate)		
Based on actual earnings	4.6%	4.0%
Based on interest rate credited to participants	4.6	4.0

Certain events limit the ability of the Plan to transact at contract value with the issuers. Such events include bankruptcy of the Plan sponsor, bankruptcy or default by the issuer, or the failure of the Trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. The Plan administrator does not believe that the occurrence of any such value event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The GICs do not permit the insurance companies to terminate the agreements prior to the scheduled maturity dates except in the instance of fraud. The GICs mature by May 28, 2013.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan.

Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date.

Net realized and unrealized appreciation/depreciation is recorded in the accompanying statement of changes in net assets available for benefits as net appreciation in fair value of investments.

Abbott Laboratories Stock Retirement Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2010 and 2009

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Administrative Expenses

Participants are charged transaction fees for loan and withdrawal processing and commissions on purchases and sales of Abbott shares and sales of Hospira or Allergan stock. Investment fees for mutual funds, collective trust, managed accounts and money market funds are charged against the net assets of the respective fund. Abbott pays other Mercer record-keeping and administration fees, where applicable.

Payment of Benefits

Benefits are recorded when paid.

NOTE C - INVESTMENTS

The following investments represented 5% or more of the Plan's net assets at December 31, 2010 and 2009 (dollars in thousands):

	<u>2010</u>	<u>2009</u>
Abbott common shares	\$2,185,614	\$2,397,503
Dodge & Cox Balanced Fund	n/a	352,426
Growth Fund of America, Class R5	n/a	430,569
Growth Fund of America, Class R6	496,122	n/a
American Funds EuroPacific Growth Fund, Class R5	n/a	427,684
American Funds EuroPacific Growth Fund, Class R6	455,865	n/a

Distributions of Abbott common shares and conversions of participants' common share account balances to participant loans or other investment options are recorded at fair market value.

A summary of Abbott common share data as of December 31, 2010 and 2009 is presented below:

	<u>2010</u>	<u>2009</u>
Abbott common shares, 45,619,169 and 44,406,423 shares, respectively (dollars in thousands)	\$2,185,614	\$2,397,503
Market value per share	\$47.91	\$53.99

Abbott Laboratories Stock Retirement Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2010 and 2009

NOTE C – INVESTMENTS - Continued

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows (dollars in thousands):

Common shares/stock	\$ (191,327)
Mutual funds	185,350
Fixed income	2,245
Collective trust funds	<u>12,959</u>
	<u>\$ 9,227</u>

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant accounts and the amounts reported in the statements of net assets available for benefits.

NOTE D - RELATED-PARTY TRANSACTIONS

A significant portion of the Plan's assets is invested in Abbott common shares.

NOTE E - PLAN TERMINATION

The Plan may be terminated at any time by Abbott upon written notice to the Trustee and Committee, and will be terminated if Abbott completely discontinues its contributions under the Plan. All participants' account balances are fully vested upon Plan termination. Upon termination of the Plan, distributions of each participant's share in the Trust, as determined by the terms of the Plan, will be made to each participant. At the present time, Abbott has no intention of terminating the Plan.

Abbott Laboratories Stock Retirement Plan
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2010 and 2009

NOTE F - TAX STATUS

The IRS has determined and informed Abbott by a letter dated April 23, 2003, that the Plan and related Trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since the applicable date of the determination letter. However, the Plan administrator believes that the Plan is designed and is currently being operated in accordance with the applicable requirements of the IRC. A Form 5300 Application for Determination for Employee Benefit Plan was filed with the IRS on January 28, 2011 to request an updated favorable determination letter for the Plan.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or other applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE G - ACQUISITIONS

In April 2010, Abbott acquired Facet Biotech Corp ("Facet") and Facet employees began participating in the Plan during 2010. The Facet Biotech Corporation 401(k) Plan, the plan previously sponsored by Facet, merged into the Plan effective April 15, 2011 and transferred assets totaling \$15,100,000 into the Plan.

On February 16, 2010 Abbott completed its acquisition of Solvay's pharmaceuticals business. United States employees acquired through this acquisition are covered under a separate plan.

During 2009, Abbott completed acquisitions of Advanced Medical Optics, Inc., Visiogen, Inc. and Evalve, Inc. Employees acquired in connection with the Advanced Medical Optics, Inc. transaction became participants in the Plan during 2009, and employees acquired in connection with the Visiogen, Inc. and Evalve, Inc. transactions became participants in the Plan during 2010. In March 2010 Abbott acquired Starlims Corporation, and employees acquired in connection with that transaction became participants in the Plan during 2010. Assets totaling approximately, \$7,092,000 were transferred into the Plan from the plans previously sponsored by the acquired companies listed above and are included in plan transfers on the statement of changes in net assets available for benefits.

NOTE H - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2009 to the Form 5500 (dollars in thousands):

Net assets available for benefits per the financial statements	\$5,767,278
Decrease for adjustment from contract value to fair value for fully benefit-responsive investment contracts in collective trust fund	<u>(773)</u>
Net assets available for benefits per the Form 5500	<u>\$5,766,505</u>

The following is a reconciliation of investment income per the financial statements for the year ended December 31, 2010 to the Form 5500 (dollars in thousands):

Total net investment income per the financial statements	\$146,501
Adjustment from contract value to fair value for fully benefit-responsive investment contracts in collective trust fund	<u>773</u>
Total net investment income per the Form 5500	<u>\$147,274</u>

Investments in collective trust funds are required to be reported at fair value on the Form 5500.

**Abbott Laboratories' Employee Benefit Board of Review
Abbott Laboratories Stock Retirement Plan (Puerto Rico)**

We have audited the accompanying statements of net assets available for benefits of the Abbott Laboratories Stock Retirement Plan (Puerto Rico) (the "Plan") as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2010 and 2009, and the changes in net assets available for benefits for the year ended December 31, 2010, in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note B, the Plan adopted new accounting guidance as of December 31, 2010 related to the accounting for loans to participants.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2010, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Abbott Laboratories Stock Retirement Plan (Puerto Rico)
NOTES TO FINANCIAL STATEMENTS
December 31, 2010 and 2009

NOTE A - DESCRIPTION OF THE PLAN

The following description of the Abbott Laboratories Stock Retirement Plan (Puerto Rico) (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

Effective January 1, 1996, employees of Abbott Laboratories' ("Abbott") selected subsidiaries and affiliates in Puerto Rico (the "Company") may, after meeting certain employment requirements, voluntarily participate in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

Mercer HR Outsourcing LLC and Mercer Trust Company (collectively, "Mercer") are the custodian ("Custodian") and record keeper of the Plan. Banco Popular de Puerto Rico serves as trustee ("Trustee") of the Plan.

Contributions and Vesting

Contributions to the Plan are paid to the Abbott Laboratories Stock Retirement Trust (Puerto Rico) (the "Trust"). The Trust is administered by the Trustee, the Custodian and an investment committee comprised of three Abbott employees (the "Committee").

Employees are eligible to make contributions on any entry date following their date of hire. Eligible employees electing to participate may contribute from 2% to 18% of their eligible earnings to the Trust, subject to certain limitations. Participants may choose to make their contributions from either pretax earnings or after-tax earnings or both. Participants who have attained age 50 before the end of the Plan year and who are making the maximum pretax contribution are eligible to make catch-up contributions. Participants' pretax contributions are a pay conversion feature, which is a salary deferral option under the provisions of Section 1165(e) of the Puerto Rico Internal Revenue Code. Participant contributions may be invested in any or all of the investment options.

Employer contributions to the Plan are made each payroll period based on the participating employees' eligible earnings. The amount of the employer contribution is determined by the Board of Directors of Abbott and, for the years ended December 31, 2010 and 2009, was 5% of

**Abbott Laboratories Stock Retirement Plan (Puerto Rico)
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2010 and 2009**

NOTE A - DESCRIPTION OF THE PLAN - Continued

Contributions and Vesting - Continued

the participant's eligible earnings if the employee elected to contribute at least 2% of eligible earnings to the Plan. Employer contributions are invested each pay period according to the employee's investment elections.

The Plan offered the following investment options in 2010 and 2009: Abbott common shares, Vanguard Institutional Index Fund Plus, Vanguard Institutional Developed Markets Fund, Vanguard Extended Market Index Fund, American Funds: Growth Fund of America, The Investment Company of America Fund, Washington Mutual Investors Fund, and EuroPacific Growth Fund, Dodge & Cox Balanced Fund, PIMCO All Asset Fund, PIMCO Total Return Fund, PIMCO Money Market Fund (Institutional), Blackrock International Opportunities Fund, Blackrock Mid Cap Value Equity Fund, and Wellington Mid Cap Growth Fund. In addition, participants who received Hospira, Inc. ("Hospira") stock as a result of the spin-off of Hospira, Inc. from Abbott on April 30, 2004, may continue to hold the stock in their accounts.

Effective January 29, 2010, various structural changes were made to several Plan investment options in order to lower investment management fees. American Fund investment options now offer Class R6 shares which have a lower expense ratio than the previously offered Class R5 shares, therefore the American Fund options moved from Class R5 to Class R6. In addition, the BlackRock Mid Cap Value Equity Fund and Dodge & Cox Balanced Fund portfolios were converted from mutual funds to managed accounts.

Participants may direct the Trustee to sell all or a portion of the Abbott common shares held in their accounts and reinvest the proceeds in any of the investment options available to the participants.

Participants are at all times fully vested in their own contributions. Vesting in employer contributions is based on the following vesting schedule:

<u>Service</u>	<u>Vesting percentage</u>
Less than two years	0%
Two years or more	100%

Participants are at all times fully vested in the earnings on both participant and vested employer contributions.

Abbott Laboratories Stock Retirement Plan (Puerto Rico)
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2010 and 2009

NOTE A - DESCRIPTION OF THE PLAN - Continued

Contributions and Vesting - Continued

Non-vested portions of employer contributions and earnings thereon are forfeited as of an employee's termination date. Forfeitures are used to (1) restore any forfeitures of participants who returned to service with the Company within a given period of time, (2) pay Plan expenses and (3) reduce future employer contributions if terminated participants do not return to service within the given period of time. In 2010 and 2009, forfeitures reduced Abbott's contributions by \$3,048 and \$23,737, respectively. No forfeitures were available at the end of 2010 or 2009 to reduce future Abbott contributions.

Distributions

Following retirement, termination or death, participants or their beneficiaries receive a distribution in cash, Abbott common shares or direct rollovers, as applicable. Also, upon retirement, participants may elect to defer distribution to a future date, but distribution must be made by the 1st of April following the year the participant reaches age 70-1/2 or, if earlier, the 1st of April following the year in which the participant dies. Interest, dividends and other earnings will continue to accrue on such deferred amounts. Prior to separation of service, participants are permitted to withdraw their after-tax contributions in shares or in cash, subject to certain limitations.

Notes Receivable from Participants

Participants may convert their pretax accounts to one or two loans to themselves. The borrowing may not exceed the lesser of the current market value of the assets allocated to their pretax accounts or 50% of all of their Plan accounts up to \$50,000, subject to Puerto Rico Internal Revenue Code and Department of Labor's limitations and restrictions. Participants pay interest on such borrowings at the prime rate in effect at the time the participant loan is made. Loans must be repaid within five years (or by the employee's anticipated retirement date, if sooner) unless the loan is used for the purchase of the primary residence of the employee, in which case the repayment period can be extended to a period of fifteen years (or until the employee's anticipated retirement date, if sooner). Repayment is generally made through periodic payroll deductions but a loan may be repaid in a lump sum at any time. For employees terminating employment with Abbott during the repayment period, the balance of the outstanding loan is netted from their Plan distribution.

Abbott Laboratories Stock Retirement Plan (Puerto Rico)
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2010 and 2009

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements have been prepared using the accrual basis of accounting.

Adoption of New Accounting Rules

In September 2010, the FASB issued guidance clarifying the classification and measurement of participant loans by defined contribution plans. That guidance requires that participant loans be classified as notes receivable from participants and measured at their unpaid principal balance, plus any accrued but unpaid interest. The Plan retrospectively applied this new guidance in its December 31, 2010 and 2009 financial statements. Participant loans of \$21,051,000 and \$21,216,000 for the years ended December 31, 2010 and 2009, respectively, were reclassified from investments to notes receivable from participants. Net assets of the Plan were not affected by the adoption of the new guidance.

In January 2010, the FASB amended the rules regarding fair value measurement to include, among other things, additional disclosure for transfers between the Level 1 (Quoted Prices in Active Markets) and Level 2 (Significant Other Observable Inputs) categories. The Plan adopted this new guidance effective December 31, 2010 and determined that it did not have a material effect on the Plan's financial statements. In addition, effective for fiscal years beginning after December 15, 2010, separate disclosure of the purchase, sale, issuance, and settlement of assets measured using significant unobservable inputs is required. The Plan will adopt this amendment when effective. The Plan does not expect this amendment to have a material impact on the Plan's financial statements.

In September 2009, the FASB issued guidance on measuring fair value for investments that use net asset values not quoted in active markets as fair value, such as the Plan's collective trusts. This guidance requires additional disclosure including the investment strategies of these investments and the nature of any restrictions on the investor's ability to redeem its investment at the measurement date. The Plan adopted this new guidance effective December 31, 2009 and determined it had no effect on the Plan's financial statements, but expanded its disclosures.

In April 2009, the Financial Accounting Standards Board ("FASB") issued additional rules regarding fair value measurement and disclosure. The rules provide guidance for estimating fair value when market activity for the asset or liability has decreased significantly. The new rules require disclosure of the inputs and valuation techniques used, as well as any changes in valuation techniques and inputs used to measure fair value. In addition, the Plan's investments are required to be presented by major category as determined on the basis of the nature and risks of the investments. The Plan adopted this new guidance effective December 31, 2009, and determined it did not have a material effect on the Plan's financial statements, but expanded its disclosures.

Abbott Laboratories Stock Retirement Plan (Puerto Rico)
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2010 and 2009

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Investment Valuation

Plan management uses the following methods and significant assumptions to estimate the fair value of investments:

Common stock and mutual funds - Valued at the published market price per unit multiplied by the number of units held.

Fixed income - Valued at the published market price per unit or prices obtained from independent financial services industry-recognized vendors multiplied by the number of units held.

Money market fund - Valued at the published net asset value of \$1 per unit.

Collective trust funds - Valued at the net asset value provided by the administrator of the fund. The net asset value is based on the value of the underlying assets owned by the fund, minus its liabilities, and then divided by the number of shares outstanding.

- (a) The collective trusts in the managed accounts do not have a readily determinable fair value and are valued at their net asset value per share as provided by the funds' administrators. The investment strategy of these investments is to maximize short term interest income on short term investment funds while providing book value liquidity for participant withdrawals. Redemption from the funds is permitted daily.
- (b) The collective trust fund does not have a readily determinable fair value and is valued at its net asset value per share as provided by the fund's administrators. The investment strategy of this investment is to achieve long-term total return in excess of the Russell Mid-Cap Growth Index. Redemption from the fund is permitted daily.

Abbott Laboratories Stock Retirement Plan (Puerto Rico)
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2010 and 2009

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid balance plus any accrued but unpaid interest. Delinquent loans are reclassified as distributions based upon the terms of the Plan.

Investment Income Recognition

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Net realized and unrealized appreciation/depreciation is recorded in the accompanying statement of changes in net assets available for benefits as net depreciation in fair value of investments.

Administrative Expenses

Participants are charged transaction fees for loan and withdrawal processing and commissions on purchases and sales of Abbott shares and Hospira stock. Investment fees for mutual funds, collective trust, managed accounts and money market funds are charged against the net assets of the respective fund. The Company pays other Mercer record-keeping and administration fees, where applicable.

Payment of Benefits

Benefits are recorded when paid.

NOTE C - INVESTMENTS

The following investments represented 5% or more of the Plan's net assets at December 31, 2010 and 2009 (dollars in thousands):

	<u>2010</u>	<u>2009</u>
Abbott common shares	\$125,586	\$137,378
PIMCO Money Market	21,873	23,815

Distributions of Abbott common shares and conversions of participants' common share account balances to participant loans or other investment options are recorded at fair market value.

Abbott Laboratories Stock Retirement Plan (Puerto Rico)
NOTES TO FINANCIAL STATEMENTS - CONTINUED
December 31, 2010 and 2009

NOTE C – INVESTMENTS - Continued

A summary of Abbott common share data as of December 31, 2010 and 2009 is presented below:

	<u>2010</u>	<u>2009</u>
Abbott common shares, 2,621,296 and 2,544,519 shares, respectively (dollars in thousands)	\$125,586	\$137,378
Market value per share	\$47.91	\$53.99

During 2010, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) depreciated in value as follows (dollars in thousands):

Common shares/stock	\$(14,169)
Fixed income	47
Mutual funds	2,500
Collective trust funds	<u>287</u>
	<u><u>\$(11,335)</u></u>

In general, the investments provided by the Plan are exposed to various risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant accounts and the amounts reported in the statements of net assets available for benefits.

NOTE D - RELATED-PARTY TRANSACTIONS

A significant portion of the Plan's assets is invested in Abbott common shares.

NOTE E - PLAN TERMINATION

The Plan may be terminated at any time by Abbott upon written notice to the Trustee and Committee, and will be terminated if Abbott completely discontinues its contributions under the Plan. All participants' account balances are fully vested upon Plan termination. Upon termination of the Plan, distributions of each participant's share in the Trust, as determined by the terms of the Plan, will be made to each participant. At the present time, Abbott has no intention of terminating the Plan.

December 31, 2010 and 2009

NOTE F - TAX STATUS

On November 15, 2010, the Department of the Treasury of the Commonwealth of Puerto Rico issued its most recent letter to the effect that the Plan, as written, qualifies under Section 1165(e) of the Puerto Rico Internal Revenue Code of 1994 (the "Code") and, consequently, is exempt from local income tax. The Plan has been amended since the letter was issued. The Plan's management believes that the Plan is designed and is currently being operated, in all material respects, in accordance with the Code.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2010, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2010.

NOTE G - ACQUISITIONS

On February 26, 2009, Abbott completed its acquisition of Advanced Medical Optics, Inc. ("AMO"). AMO was renamed Abbott Medical Optics Inc. Approximately 500 AMO employees in Puerto Rico were covered under the Advanced Medical Optics, Inc. 401(k) Plan (the "AMO Plan"). The AMO employees in Puerto Rico began participating in the Plan effective January 1, 2010. Effective April 15, 2010, the AMO Plan merged with and into the Plan resulting in a transfer of assets in the Plan of \$17,335.
