## Report of Independent Registered Public Accounting Firm

Board of Directors  
Murphy Oil Corporation  
El Dorado, Arkansas

We have audited the accompanying statements of net assets available for benefits of the Thrift Plan for Employees of Murphy Oil USA, Inc. Represented by United Steelworkers, AFL-CIO, Local No. 8363 (the Plan) as of December 31, 2010 and 2009, and the related statement of changes in net assets available for benefits for the year ended December 31, 2010. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2010 and 2009, and the changes in net assets available for benefits for the year ended December 31, 2010, in conformity with accounting principles generally accepted in the United States of America.

The accompanying supplemental schedule is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic 2010 financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic 2010 financial statements taken as a whole.

**Notes to Financial Statements**

**1. Summary of Significant Accounting Policies and Provisions of the Plan**

***Basis of Presentation***

The accompanying financial statements of the Thrift Plan for Employees of Murphy Oil USA, Inc. Represented by United Steelworkers, AFL-CIO, Local No. 8363 [the Plan] have been prepared on the accrual basis and present the net assets available for benefits to participants in the Plan and changes in net assets available for benefits. These statements present the Plan's investments as a beneficial interest in the Master Trust (see Note 2). Benefits are recorded when paid. The Plan has made estimates in preparing the accompanying financial statements in accordance with accounting principles generally accepted in the United States of America. Actual results could differ from those estimates.

***Significant Provisions***

The following is a summary of certain information related to the Plan, which is sponsored by Murphy Oil Corporation [Murphy] and administered by Murphy's Employee Benefits Committee [the Committee]. The Plan documents should be referred to for a complete description of the Plan's provisions.

Each employee of Murphy Oil USA, Inc. [the Company], a wholly owned subsidiary of Murphy, who is represented by the United Steelworkers, AFL-CIO, Local No. 8363, and who is in Covered Employment as defined by the Plan may participate in the Plan. Effective March 1, 2009, an employee became eligible for participation in the Plan on the first day of the month coinciding with or next following one year of employment. All existing employees at March 1, 2009, automatically became eligible for participation in the Plan.

A participant may have the following Plan accounts to which amounts may be allotted by the participant or contributed by the Company, with limitations as indicated.

- A. Salary Deferral Account – participant's pretax allotments allowed up to a maximum of 8% of base pay but not to exceed \$16,500 annually in 2010.
- B. Matching Employer Contribution Account – Company contributions, dollar-for-dollar, based on the participant's allotments (up to a maximum of 6% of base pay) made to the Salary Deferral Account.
- C. After-Tax Contribution Account – participant's allotments up to a maximum of 5% of base pay for the year, except that if annualized salary was less than \$110,000, a maximum of 10% of base pay.
- D. Rollover Account – contributions made by an employee from a prior qualified plan.
- E. Catch-Up Contribution Account – participant's allotments for all eligible employees who have attained age 50 before the close of the Plan year and are contributing the maximum pre-tax amount permitted by the Plan, up to a maximum of 75% of base pay for the year, but not to exceed \$5,500 for 2010.

Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution and (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Thrift Plan for Employees of Murphy Oil USA, Inc.  
Represented by United Steelworkers, AFL-CIO, Local No. 8363  
**Notes to Financial Statements (Contd.)**

A participant is vested in Company contributions upon: completion of 36 months of employment, retirement on or after age 65, death, permanent disability, or discontinuance of the Plan. Any amounts contributed by the Company that are forfeited by participants in accordance with provisions of the Plan are applied to reduce subsequent contributions by the Company.

A vested participant may withdraw from the Matching Employer Contribution Account ("Matching Employer") either totally or partially (limited to at least \$250, or any higher multiple of 1% up to 50% of the account balance). After a total withdrawal from the Matching Employer Account, a participant is not eligible for reinstatement of Company contributions until 12 months later; for a partial withdrawal, the suspension period is six months, and no other Matching Employer withdrawal may be made until at least 12 months after the most recent withdrawal. A participant may continue allotments to the Salary Deferral Account without interruption after a withdrawal from the Matching Employer Account.

A withdrawal from either a Salary Deferral Account, Catch-up Contribution Account or a Rollover Account is not permissible except upon a finding that a hardship exists as defined by federal tax regulations, upon the attainment of age 59½ or upon termination. In addition, a nonvested participant may only withdraw his/her Salary Deferral Account allotments without any adjustment for subsequent increases in value and forfeits Company contributions to the Matching Employer Contribution Account. After a hardship withdrawal from a Salary Deferral Account, participation in the Plan is suspended for 12 months.

A withdrawal from an After-Tax Contribution Account must be at least \$250 and may not be made until at least 12 months after the most recent such withdrawal. No participation penalty is applied to such a withdrawal.

Any taxable income distributed to a participant may be subject to a 10% penalty tax under the Tax Reform Act of 1986. A \$20 fee is charged for an in-service nonhardship withdrawal.

A vested in-service participant may borrow a minimum of \$500 and a maximum equal to the lesser of (a) \$50,000 less the highest outstanding loan balance(s) in the last twelve months or (b) 50% of their vested account balance. A participant may have one general-purpose loan and one residential loan outstanding at any one time. A residential loan must be approved by the Committee. The term of each loan will be in whole years, with maximums of five years for a general-purpose loan and 15 years for a residential loan. Loan repayments, including interest at the prime rate as of the beginning of the loan period, are made into the participant's account through after-tax payroll deductions. Each loan has a \$35 initiation fee and a \$15 annual maintenance fee. Interest rates on outstanding loans at December 31, 2010 range from 3.25% to 9.5%.

Upon retirement, disability, or death of a participant, the participant or his/her designated beneficiary has the option to receive settlement in a lump sum or installment payments over a period of time not to exceed the actuarial life of the participant.

Thrift Plan for Employees of Murphy Oil USA, Inc.  
Represented by United Steelworkers, AFL-CIO, Local No. 8363  
**Notes to Financial Statements (Contd.)**

***Obligation for Contributions to the Plan***

The Company has voluntarily agreed to make contributions to the Plan based on each participant's allotments to the Salary Deferral Account subject to a maximum of 6% of the participant's base pay. Although the Company has not expressed any intent to terminate the Plan, it may do so at any time, except as limited by the contract period of the labor agreement. In the event of Plan termination, participants become fully vested in their Matching Employer Contribution Accounts.

***Voting Rights***

Each participant is entitled to exercise voting rights attributable to the shares of the Murphy Oil Corporation common stock and Deltic Timber Corporation common stock allocated to his or her account and is notified by the trustee prior to the time that such rights are to be exercised. The trustee is not permitted to vote any shares for which instructions have not been given by the participant.

***Administrative Expenses***

Murphy pays certain costs of Plan administration. Trustee fees and related expenses will be paid by either the Plan or by participants' fees.

***Announced Sale***

During 2010, the Company announced its intention to sell the Meraux Refinery and the associated marketing operations in 2011. The Company is unable to predict how the sale of the Meraux Refinery will ultimately affect the Thrift Plan for Employees of Murphy Oil USA, Inc., Represented by United Steelworkers, AFL-CIO, Local No. 8363, in future years.

***Change in Accounting Principle***

During 2010, the provisions of ASU 2010-25, *Reporting Loans to Participants by Defined Contribution Pension Plans* (ASU 2010-25), became effective. The ASU requires loans to participants to be reported as Participant Loans Receivable at unpaid principal plus accrued but unpaid interest, instead of being reported as a part of Investments at fair value as they were under previous guidance. Because the Plan reports a beneficial interest in the assets of the master trust and in investment income from those assets, the provisions of ASU 2010-25 had no effect on presentation in the Statements of Net Assets Available for Benefits or Changes in Net Assets Available for Benefits. The effect of the provisions of ASU 2010-25 was not considered material to the Plan's financial statements.

Thrift Plan for Employees of Murphy Oil USA, Inc.  
 Represented by United Steelworkers, AFL-CIO, Local No. 8363  
**Notes to Financial Statements (Contd.)**

**2. Master Trust Net Assets**

The assets of the Plan are commingled in a Master Trust with the assets of three other plans sponsored by Murphy. Fidelity Management Trust Company [FMTC], Boston, Massachusetts, is the Trustee. The Master Trust had no nonparticipant-directed investments related to the Plan. The following table presents the net assets of the Master Trust at December 31, 2010 and 2009 by type of investment.

	<u>2010</u>	<u>2009</u>
Investments at fair value		
Common Stock		
Murphy Oil Corporaton	\$ 55,638,529	51,537,425
Deltic Timber Corporation	<u>356,407</u>	<u>438,063</u>
Total common stock	55,994,936	51,975,488
Common/collective trust	53,135,082	55,089,369
Registered investment companies	97,226,160	78,600,398
Cash	1,419,720	970,925
Participant loans receivable	3,681,119	3,231,895
Other	<u>(211,704)</u>	<u>262,953</u>
Net assets	<u>\$ 211,245,313</u>	<u>190,131,028</u>

The beneficial interests of the participating plans in the net assets of the Master Trust at December 31, 2010 and 2009 were as follows.

<u>Plan Name</u>	<u>2010</u>	<u>2009</u>
Thrift Plan for Employees of Murphy Oil Corporation	\$ 177,878,759	160,988,798
Thrift Plan for Employees of Murphy Oil USA, Inc. Represented by United Steelworkers, AFL-CIO, Local No. 8363	19,757,739	17,006,022
Thrift Plan for Employees of Murphy Oil USA, Inc. Represented by International Union of Operating Engineers, AFL-CIO, Local No. 317	9,313,212	8,931,377
Profit Sharing Plan for Employees of Murphy Oil Corporation	<u>4,295,603</u>	<u>3,204,831</u>
Net assets	<u>\$ 211,245,313</u>	<u>190,131,028</u>

The net increase (decrease) in the net assets of the Master Trust for the year ended December 31, 2010, excluding participants' allotments, Company contributions, and benefit payments, was as follows.

Investment income	
Dividends and interest	\$ 3,372,042
Participant loan interest	147,753
Net appreciation in market value of investments	
Murphy Oil Corporation common stock	17,738,782
Other common stock	814,989
Registered investment companies	<u>8,941,988</u>
Total investment income	31,015,554
Administrative expenses	<u>(98,548)</u>
Net investment income	<u>\$ 30,917,006</u>

Thrift Plan for Employees of Murphy Oil USA, Inc.  
 Represented by United Steelworkers, AFL-CIO, Local No. 8363  
**Notes to Financial Statements (Contd.)**

The beneficial interests of the participating plans in the net investment income of the Master Trust net assets for the year ended December 31, 2010 were as follows.

<u>Plan Name</u>	
Thrift Plan for Employees of Murphy Oil Corporation	\$ 25,974,500
Thrift Plan for Employees of Murphy Oil USA, Inc. Represented by United Steelworkers, AFL-CIO, Local No. 8363	3,220,831
Thrift Plan for Employees of Murphy Oil USA, Inc. Represented by International Union of Operating Engineers, AFL-CIO, Local No. 317	1,165,515
Profit Sharing Plan for Employees of Murphy Oil Corporation	<u>556,160</u>
Net investment income	<u>\$ 30,917,006</u>

The beneficial interests of the participating plans in the net assets of the Master Trust and the net investment income of the Master Trust are allocated in accordance with each participant's account balance. Quoted market prices are used to determine the fair value of investments in the registered investment companies and the common stock. The common/collective trust fund is reported at contract value. The difference between the contract value and fair value of the Plan's interest in the common/collective trust fund is not material to the Plan's net assets available for benefits. Participant loans receivable are valued at cost plus accrued interest, which approximates fair value. Purchases and sales of securities are recorded on a trade date basis. Interest is recorded as earned and dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in market value of common stock and registered investment companies includes realized gains (losses) and unrealized appreciation (depreciation) in the fair value of these investments.

With respect to the Murphy Stock Fund and Deltic Stock Fund, FMTC has arranged to utilize a line of credit to facilitate the purchase activity in the event that trading transactions on any given day exceed the cash position of the stock fund. At December 31, 2010 and 2009, there was no outstanding balance related to this line of credit.

The following table lists the investments that were 5% or more of the beneficial interests of the participating plans in the net assets of the Master Trust as of December 31, 2010 and 2009.

	<u>2010</u>	<u>2009</u>
Murphy common stock fund, 673,896 shares and 872,311 shares, respectively	\$ 56,829,168	52,754,773
Managed Income Portfolio II, common/collective trust, 53,135,082 units and 55,089,369 units, respectively	53,135,082	55,089,369
Fidelity Fund, registered investment company, 566,398 shares and 588,207 shares, respectively	18,209,696	16,669,800
Pimco Total Return Fund, registered investment company, 1,432,323 units and 982,428 units, respectively	15,540,709	10,610,220
Fidelity Balanced Fund, registered investment company, 616,002 shares and 671,464 shares, respectively	11,229,713	10,985,153

Thrift Plan for Employees of Murphy Oil USA, Inc.  
Represented by United Steelworkers, AFL-CIO, Local No. 8363  
**Notes to Financial Statements (Contd.)**

### **3. Investment Options**

In 2010, each Plan participant could have invested in one or more of 26 investment options within the Master Trust. The following paragraphs briefly describe each of these options. Except for certain limitations as described below on the Deltic Stock Fund, a participant determines how each of his/her accounts is divided among the different options, but any division of a participant's allotment and Company contributions must be in whole percentages. Account balance transfers must be at least the greater of 1% of the account balance or \$250.

The Murphy Stock Fund [MSF], which is managed by FMTC, is a unitized fund comprised predominantly in the common stock of Murphy Oil Corporation and a small cash component used to facilitate participant transactions. A participant withdrawing from MSF may elect to receive either cash or Murphy stock. If the participant elects to receive stock, the value of his/her MSF withdrawal is converted to equivalent shares of stock based on the market price at the effective date of withdrawal, and the participant receives the whole shares and cash for any fractional share.

The Deltic Stock Fund [DSF], which is managed by FMTC, is a unitized fund comprised predominately in the common stock of Deltic Timber Corporation [Deltic] and a small cash component used to facilitate participant transactions. Deltic was wholly owned by Murphy prior to December 31, 1996, when Murphy's stockholders received Deltic's common stock in a spin-off transaction. This investment in Deltic stock resulted from the spin-off to Murphy stock held by the Master Trust. A participant may direct that all or part of his/her DSF account be either transferred to another option or withdrawn but cannot direct any allotments, Company contributions or transfers from other options to DSF.

The Managed Income Portfolio II [MIP II] is managed by FMTC and has investment contracts with major insurance companies and other approved financial institutions and in certain fixed-income securities; a small portion of MIP II is invested in a money market fund for daily liquidity. The goal of MIP II is to preserve investment principal and try to maintain a stable \$1.00 unit price while earning interest income. Investment contracts held by MIP II pay a specified rate of interest and repay principal upon maturity. The effective yield of the common/collective trust fund was 4.08% for the year ended December 31, 2010. Participant withdrawals and investment option transfers are paid at book value (principal and interest accrued to date) on the contracts.

The Fidelity Fund is a growth and income mutual fund managed by Fidelity Management & Research Company [FMRC], Boston, Massachusetts, an affiliate of FMTC. The goal of the Fidelity Fund is to provide long-term capital growth while also pursuing current income. It invests primarily in common stock and securities convertible into common stock; some assets may be invested in a broad range of domestic and foreign equity and debt securities.

Thrift Plan for Employees of Murphy Oil USA, Inc.  
Represented by United Steelworkers, AFL-CIO, Local No. 8363  
**Notes to Financial Statements (Contd.)**

The Fidelity Balanced Fund [FBF], also managed by FMRC, is a mutual fund that has a balanced portfolio of U.S. and international stocks and bonds and may include futures and options. The goal of FBF is to provide as much income as possible while preserving capital and considering the potential for capital growth. At least 25% of the portfolio must be investment-grade debt securities and preferred stocks.

The Fidelity Capital Appreciation Fund [FCAF] managed by FMRC is a growth mutual fund that invests primarily in common stocks. The fund may invest in securities of domestic and foreign issuers. The goal of FCAF is to provide capital appreciation.

The Fidelity Diversified International Fund [FDIF] managed by FMRC is a growth mutual fund that invests in common stocks of foreign companies. The goal of FDIF is to increase its value over the long term through capital growth. If a participant invests in this option and holds it for less than 30 days, the fund will deduct a trading fee of 1% of the ending value of FDIF shares sold.

The Fidelity Freedom Income Fund [FFIF] managed by Strategic Advisors, Inc., is an asset allocation mutual fund that invests approximately 15% of its assets in domestic equity funds, 5% in international equity funds, 35% in investment grade fixed income funds, 5% in high yield fixed income funds and 40% in short-term funds. The goal of the FFIF is to provide high current income and capital appreciation for those already in retirement.

The Company offers eleven separate Fidelity Freedom Funds with target retirement dates in five-year increments ranging from 2000 to 2050. The Freedom Fund family is managed by Strategic Advisors, Inc., and comprises asset allocation mutual funds that primarily invest in a combination of domestic and international equity funds, investment grade and high yield fixed income funds and short-term mutual funds. The Freedom Funds are designed to target an investor's anticipated retirement date, and the asset allocation mix becomes increasingly conservative over time as the target date approaches.

The Pimco Total Return Fund [PTRF] is an income mutual fund managed by Pacific Investment Management Company that is invested in all types of bonds including U.S. government, corporate, mortgage and foreign; the average portfolio duration is three to six years, including both short-term and long-term maturity investments. The goal of PTRF is to provide a total return that exceeds general bond market indices.

Davis New York Venture Fund, Inc. [DNYVF] is a value mutual fund managed by Davis Selected Advisors, LP. The fund invests in common stocks of U.S. companies with market capitalization of at least \$10 billion. The goal of DNYVF is to provide long-term capital growth.

The CRM Mid Cap Value Fund [CRMMC VF] is a mid-cap mutual fund that invests at least 80% of its total assets in U.S. equity securities of companies between the capitalization of the smallest and largest companies in the Russell Midcap® Value Index at the time of purchase. The goal of the CRMMC VF is to provide long-term capital appreciation.

Thrift Plan for Employees of Murphy Oil USA, Inc.  
 Represented by United Steelworkers, AFL-CIO, Local No. 8363  
**Notes to Financial Statements (Contd.)**

The Royce Low-Priced Stock Fund [RLPSF] managed by Royce and Associates, LLC, is a small and micro-cap blend mutual fund that invests in companies that are trading for less than \$25 per share at the time of purchase. The goal of RLPSF is to provide long-term capital growth.

The DWS Strategic Value [DWSSV] is a value mutual fund managed by Deutsche Investment Management Americas, Inc. At least 80% of its assets are invested in common stocks of large U.S. companies believed to be undervalued. The goal of DWSSV is to provide a high rate of total return.

The Spartan Extended Market Index Fund [SEMIF] is an index mutual fund managed by FMRC. At least 80% of its assets are invested in common stocks included in the Wilshire 4500 Equity Index, which represents the performance of stocks of small to mid-cap U.S. companies. The goal of SEMIF is to provide investment results that correspond to the total returns of stocks of such companies. If a participant invests in this option and holds it for less than 90 days, the fund will deduct a trading fee of 0.75% of the value of SEMIF shares sold.

The Spartan U.S. Equity Index Fund [SUSEIF] is an index mutual fund that normally invests at least 80% of its assets in common stocks included in the S&P 500® Index, which broadly represents the performance of common stocks traded in the U.S. The goal of SUSEIF is to provide investment results that correspond to the total return performance of common stocks publicly traded in the U.S.

Valuations of individual participants' investments in each investment option and of the total beneficial interest of the Plan are determined by Fidelity Investments Institutional Operations Company, Inc.

#### **4. Plan Investments**

The following table represents the fair value of the Plan's interest in the individual investment funds held under the Murphy Oil Corporation Master Trust which exceed 5% of the Plan's net assets as of December 31, 2010 and 2009:

	<u>2010</u>	<u>2009</u>
Murphy Stock Fund	\$ 8,018,732	6,528,118
Managed Income Portfolio II	4,293,446	4,279,294
Fidelity Fund	1,862,021	1,754,209
Fidelity Balanced Fund	1,008,547	698,328

#### **5. Risk and Uncertainties**

The Plan, through its investment in the Master Trust, provides for investment in various investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term.

Thrift Plan for Employees of Murphy Oil USA, Inc.  
Represented by United Steelworkers, AFL-CIO, Local No. 8363  
**Notes to Financial Statements (Contd.)**

At December 31, 2010 and 2009, the Master Trust had significant concentrations of credit risk in the Managed Income Portfolio II (MIP II), the Fidelity Fund, the Pimco Total Return Fund and the Fidelity Balanced Fund. MIP II is a common/collective trust sponsored by FMTC. The Fidelity Fund and Fidelity Balanced Fund are established mutual funds sponsored by a highly regarded investment management company. The Pimco Total Return Fund is managed by Pacific Investment Management Company, also a highly regarded investment management company. Historically, the Master Trust has not incurred any credit-related losses.

## **6. Related Party Transactions**

Fidelity Investments Institutional Operations Company, Inc. [FIIOC] handles record keeping and administration of the Plan and the Master Trust. Certain of the Plan's investment options are in mutual funds managed by Fidelity Management & Research Company [FMRC]. FIIOC and FMRC are both affiliates of Fidelity Management Trust Company [FMTC], who is the Trustee for the Plan and also manages the Managed Income Portfolio II, the Murphy Stock Fund and the Deltic Stock Fund. FMRC's fees were deducted from the earnings of the mutual funds it manages. The Master Trust paid \$98,548 in trustee and administrative fees to FMTC and FIIOC in 2010. In addition, the Plan provides for investment in Murphy Oil Corporation common stock and participant loans, which also qualify as party-in-interest transactions. These transactions are covered by exemptions from the "prohibited transactions" provisions of ERISA and the Internal Revenue Code of 1986, as amended.

## **7. Income Taxes**

The Committee believes that the Plan meets the necessary requirements of Section 401(a) of the Internal Revenue Code of 1986, as amended, and accordingly, that the related Master Trust is exempt from taxation under the provisions of Section 501(a) of the Internal Revenue Code of 1986, as amended. A favorable determination letter dated July 2, 2010 was received by the Plan. Until cash or shares are withdrawn from the Plan by a participant or a participant's beneficiary, no income tax is payable by the participant/beneficiary on: contributions made by the Company on the participant's behalf, allotments made by the participant pursuant to the Economic Recovery Tax Act of 1981, or the participant's proportional share of the investment income of the Master Trust. With few exceptions, the Plan is no longer subject to U.S. federal income tax examinations by tax authorities subsequent to 2007.

## **8. Assets and Liabilities at Fair Value**

The Company carries certain assets and liabilities at fair value in its Statements of Net Assets Available for Benefits.

The fair value hierarchy is based on the quality of inputs used to measure fair value, with Level 1 being the highest quality and Level 3 being the lowest quality. Level 1 inputs are quoted prices in active markets for identical assets or liabilities. Level 2 inputs are observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or

**Notes to Financial Statements (Contd.)**

other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities. Level 3 inputs are unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Following is a description of the valuation methodologies used for instruments measured at fair value on a recurring basis and recognized in the accompanying Statements of Net Assets Available for Benefits, as well as the general classification of such instruments pursuant to the valuation hierarchy.

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include common stock and mutual funds. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Level 2 securities include common/collective trust. The common/collective trust's fair value is determined by estimated cash flows less surrender charges. In certain cases where Level 1 or Level 2 inputs are not available, securities or other investments would be classified within Level 3 of the hierarchy.

There are no assets or liabilities measured at fair value on a nonrecurring basis.
