Report of Independent Registered Public Accounting Firm

The Benefits Committee
City National Corporation Profit Sharing Plan:

We have audited the accompanying statements of net assets available for benefits of the City National Corporation Profit Sharing Plan (the Plan) as of December 31, 2010 and 2009, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2010 and 2009 and the changes in net assets available for benefits for the years then ended in conformity with U.S. generally accepted accounting principles.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule H, Line 4i – schedule of assets (held at end of year) as of December 31, 2010 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

**CITY NATIONAL CORPORATION
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2010 and 2009

(1) Description of the Plan

The following description of the City National Corporation Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan which provides retirement benefits for eligible employees of City National Corporation and its subsidiaries (the Company) that have agreed to participate in the Plan. The Plan is administered by City National Corporation (the Sponsoring Employer) who acts by and through its administrative committee, the Benefits Committee. The Benefits Committee is comprised of officers of the Sponsoring Employer and City National Bank, a subsidiary of the Sponsoring Employer. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

(b) Contributions

Employees of the Company who are entitled to paid vacation time and have completed one hour of service are eligible to participate in the Plan as of their hire date. Company profit sharing contributions to the Plan are discretionary and are equal to a percentage of employee eligible compensation based on the change in Net Profits (as defined by the Plan) over the prior year, subject to an overall maximum Company contribution of 8% of Net Profits reduced by matching contributions made for such Plan year (which are not made by forfeitures). For the years ended December 31, 2010 and 2009, a profit sharing contribution of 3.72% and 0.00%, respectively, of each participant's eligible compensation was made. Participants direct the investment of their contributions into various investment options offered by the Plan. Company contributions are invested at the participant's discretion in the same manner as the salary reduction contributions described below.

Participants can contribute, under a salary reduction agreement, up to 50% of their eligible compensation as defined, but not to exceed the dollar amount allowed by law, which was \$16,500 for 2010 and 2009. The Company matches these employee deferrals up to a maximum amount of 50% of the first 6% of covered compensation contributed to the Plan each payroll period. Participants age 50 and over may make unmatched "catch-up" deferrals in accordance with Internal Revenue Code (IRC) regulations and limitations, not to exceed the dollar amount allowed by law, which was \$5,500 for 2010 and 2009. Participants may also contribute amounts representing distributions (rollovers) from other tax-favored plans.

(c) Participant Accounts

Each participant account is credited with the participant's contributions, allocations of the Company's matching contribution and profit sharing contribution (if any), and earnings or losses. Earnings of the various funds are allocated to the participant balances according to the ratio that a participant's account balance or shares held in a given fund bears to the total of all account balances or shares held in the fund.

**CITY NATIONAL CORPORATION
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2010 and 2009

(d) Vesting

Participant contributions and the Company's matching contributions are immediately fully vested. A participant shall become fully vested in his or her entire accrued benefit upon the participant's normal retirement date (as defined by the Plan), death, or total disability (as defined by the Plan). The Company's profit sharing discretionary contributions, for participants whose employment terminates prior to his or her normal retirement date for reasons other than death or total disability shall vest in accordance with the following schedule:

Years of service	Vested percentage
Less than 2 years	—%
2	25
3	50
4	75
5 or more	100

Any nonvested amounts in a terminated participant's account will be forfeited in accordance with Plan provisions and used in the following sequence: first, to make any Plan contributions due to participants that have returned from qualified military service that are consistent with applicable law and the terms of the Plan; second, to make any Plan contributions required to correct administrative errors; third, to reduce matching contributions otherwise payable by the Company in the year that the forfeiture first becomes available; fourth, to restore previously forfeited account balances, if any; and fifth, to reduce matching contributions in the following year. At December 31, 2010 and 2009, forfeited nonvested accounts totaled \$1,450 and \$1,048, respectively. During 2010 and 2009, the total amount forfeited was \$384,737 and \$592,727, respectively. During 2010 and 2009, \$384,335 and \$687,576, respectively, were used in accordance with Plan provisions as summarized above.

(e) Benefit Payments

A participant may receive a distribution of his or her entire vested accrued benefit only upon the participant's termination of employment. While employed, a participant may receive a distribution of his or her rollover account and employee contribution deferrals for reason of financial hardship, in accordance with Plan provisions. Following a hardship withdrawal, participants are not allowed to contribute to the Plan for a period of six months. Withdrawal of previously contributed employee after-tax contributions and, effective December 14, 2010, employee rollover amounts is also permitted in accordance with Plan provisions.

In general, for distributions other than for financial hardship or on account of withdrawal of employee after-tax contributions or rollover amounts, the method of payment shall be based on the participant's election and may be made in the form of a lump-sum payment, installments (if eligible as defined by the Plan), or direct transfer to an Individual Retirement Account (IRA) or tax-favored plan that accepts the transfer. A participant may also elect a combination of lump-sum payment and direct transfer. Distributions shall be made in cash or in-kind in accordance with the participant's election and Plan provisions.

**CITY NATIONAL CORPORATION
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2010 and 2009

(f) Notes Receivable from Participants

Loans to participants may be made, at the discretion of the Plan's administrator, in an amount not less than \$1,000 and not to exceed the lesser of 50% of the participant's vested account balance, or \$50,000 reduced by the highest outstanding balance during the previous 12 months. Participants may only have one loan outstanding at a time. Such loans are collateralized by the participant's vested balance in the Plan and bear the prevailing interest rate used by lending institutions for loans made under similar circumstances. Interest rates ranged from 4.25% to 10.00% and maturity dates ranged from January 2011 to November 2025 on outstanding loan balances for the year ended December 31, 2010. The terms of these loans cannot exceed 5 years except that if the loan is used to purchase the principal residence of the participant, the loan term may be extended for up to a period of 15 years. Principal and interest are paid ratably through payroll deductions.

(g) Plan Termination

The Company has not expressed any intent to terminate the Plan; however, it may do so at any time, subject to the provisions of ERISA. In the event of Plan termination, participants automatically become fully vested in their accrued benefits.

(h) Transfer Out

City National Corporation acquired Reed, Connor & Birdwell (RCB) in December 2000. RCB as a member of the Company's controlled group was eligible to participate in City National's Profit Sharing Plan through June 30, 2010. As of that date, RCB was no longer a member of the Company's controlled group as defined in the Plan Document and therefore did not qualify as a Participating Employer under the Plan. RCB withdrew its participants' assets from the City National's Profit Sharing Plan and transferred the assets to RCB's own plan on July 1, 2010.

(i) Plan Amendments

The Plan Document was amended effective January 1, 2010, to include an eligible automatic contribution arrangement (EACA), under which employees who do not have an affirmative election in effect regarding employee deferrals will be automatically enrolled in the Plan during the second pay period of employment. The amount of default employee deferrals for covered participants is 3% of eligible compensation for that pay period. The Company will match 50 cents for each dollar contributed under the EACA for each pay period. A covered participant will have a reasonable opportunity after receipt of the notice to make an affirmative election to either have no employee deferrals made or to have a different amount of employee deferrals made before the 3% employee deferral default is implemented. If the employee does not choose an investment fund(s), the employee's Plan account will be invested in the Plan's Qualified Default Investment Alternative (QDIA, the CNI Charter Multi-Asset I Fund). Effective December 14, 2010, the Plan was amended to allow participants to withdraw all or any portion of their employee rollover accounts while still employed. Effective December 14, 2010, the Plan was amended to allow participants to convert some or all amounts held in the Plan into a designated Roth account within the Plan. Certain restrictions on amounts eligible for Roth conversion apply to active participants, while terminated

**CITY NATIONAL CORPORATION
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2010 and 2009

participants may convert their entire account balances without restriction. Roth 401(k) conversions within the Plan are irrevocable and cannot be reversed.

(2) Significant Accounting Policies

(a) Basis of Accounting

The financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

Investment contracts held by a defined-contribution plan are required to be reported at fair value. However, contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan invests in investment contracts through a common collective trust. The statements of net assets available for benefits present the fair value of the investment contracts as well as the adjustment of the fully benefit-responsive investment contracts from fair value to contract value. The statements of changes in net assets available for benefits are prepared on a contract-value basis.

(b) Adoption of New Accounting Standards

In January 2010, the FASB issued ASC Update 2010-06, *Fair Value Measurements and Disclosures* (Topic 820) – *Improving Disclosures about Fair Value Measurements*. This guidance amends Topic 820 that requires the reporting entity to disclose additional information on: (i) significant transfers in and out of Levels 1 and 2 measurements and reasons for the transfers; (ii) Level 3 gross purchases, sales, issuances, and settlement information; (iii) measurement disclosures by classes of assets and liabilities; and (iv) a description of the valuation techniques and inputs used to measure fair value is required for both recurring and nonrecurring fair value measurements. This guidance becomes effective for reporting periods beginning after December 15, 2009, except for the requirement to provide Level 1 and 2 activities, which will be effective for fiscal years beginning after December 15, 2010 and interim periods within those fiscal years. The adoption of this guidance did not have a material effect on the Plan's financial statements.

In February 2010, the FASB issued ASC Update 2010-09, *Subsequent Events* (Topic 855): *Amendments to Certain Recognition and Disclosure Requirements*. This guidance: (i) incorporates the definition of the term "SEC filer" as an entity that is required to file or furnish its financial statements with the Security Exchange Commission (SEC) or other agencies and no longer requires SEC filers to disclose the date through which subsequent events have been evaluated in originally issued and revised financial statements; (ii) requires conduit bond obligors to evaluate subsequent events through the date the financial statements are issued; and (iii) replaces the term "reissuance of financial statements" with "revised financial statements," which is defined as financial statements restated to correct an error and issued to reflect a retrospective application of U.S. GAAP. The adoption of this guidance is effective immediately and did not have a material effect on the Plan's financial statements.

**CITY NATIONAL CORPORATION
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2010 and 2009

In September 2010, the FASB issued Accounting Standards Update (ASU) No. 2010-25, *Plan Accounting – Defined Contribution Pension Plans (TOPIC 962), Reporting Loans to Participants by Defined Contribution Pension Plans, a consensus of the FASB Emerging Issues Task Force (Update)*. This Update requires that participant loans be classified as notes receivable from participants, which are segregated from plan investments and measured at their unpaid principal balance plus any accrued but unpaid interest. Previously loans were measured at fair value and classified as investments. This Update is effective for periods ending after December 15, 2010, with early adoption permitted, and is required to be applied retrospectively. ASU 2010-25 was adopted for the year ended December 31, 2010 and did not change the value of participant loans from the amount previously reported as of December 31, 2009. Participant loans have been reclassified to notes receivable from participants as of December 31, 2009. The adoption of this guidance did not have a material impact on the Plan's financial statements.

(c) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities in the statements of net assets available for benefits and the additions and deductions in the statements of changes in net assets available for benefits, as well as the disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

(d) Investment Valuation and Income Recognition

Publicly traded securities are carried at fair value based on the published market quotations. Shares of mutual funds are valued at quoted market prices, which represent the net asset value (NAV) of shares held by the Plan at year-end. The Plan's interest in the common collective trust is valued based on information reported by the investment advisor using the audited financial statements of the collective trust at year-end. The Plan's investment in the CNI Charter Funds Prime Money Market Fund is valued at cost, which approximates fair value. Purchases and sales of investments are recorded on a settlement-date basis, which does not materially differ from trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

(e) Payment of Participant Benefits

Participant benefits are recorded when paid.

(f) Administrative Expenses

A portion of the administrative expenses of the Plan are paid by the Company, except for loan and Individually Directed Account (IDA) fees, which are charged to the applicable participant accounts. City National Bank, the Plan's trustee, charges a fee for processing loan applications and IDA transactions. In addition, certain administrative expenses of the Plan are paid through mutual fund servicing fees received by City National Bank from the mutual funds in which the Plan assets are invested. Beginning October 1, 2009, servicing fees received by City National Bank of approximately 8 basis points (0.08%) of the total market value of core mutual funds were rebated back to Plan participants.

**CITY NATIONAL CORPORATION
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2010 and 2009

(g) Risks and Uncertainties

The Plan provides for various investment options in money market funds, mutual funds, common stocks, corporate debt, and government securities. Investment securities are exposed to various risks such as interest rate, market, and credit. Due to the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the various risk factors, in the near term, could materially affect participants' account balances and the amounts reported in the financial statements.

(h) Concentration of Credit Risk

Investment in the common stock of City National Corporation comprises approximately 19% and 16% of the Plan's investments as of December 31, 2010 and 2009, respectively.

(3) Fair Value Measurements

Authoritative guidance defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that marketplace participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs to the valuation methodology include:
 - Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability;
 - Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2010 and 2009.

**CITY NATIONAL CORPORATION
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2010 and 2009

Equity securities: Valued at the closing price reported on the active market on which the individual securities are traded.

Mutual funds and cash equivalents: Valued at the NAV of shares held by the Plan at year-end.

Guaranteed investment contract (common collective trusts): Valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the creditworthiness of the issuer (see note 2(a)).

Corporate debt: Valued at the bid or evaluated bid in conjunction with a multi-dimensional relational model of the par value held by the Plan at year-end.

Government and agencies securities: Valued at the bid or evaluated bid in conjunction with a multi-dimensional relational model of the par value held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair values of certain financial instruments could result in a different fair value measurement at the reporting date.

**CITY NATIONAL CORPORATION
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2010 and 2009

As of December 31, 2010 and 2009, the Plan's investments measured at fair value consisted of the following instruments and classifications within the fair value hierarchy:

Asset type	Fair value measurement as of December 31, 2010, using input type			Total
	Level 1	Level 2	Level 3	
Cash equivalents	\$ 30,243,786	\$ —	\$ —	\$ 30,243,786
Mutual funds:				
Domestic large-cap equity	66,242,579	—	—	66,242,579
Domestic mid-cap equity	19,637,561	—	—	19,637,561
Domestic small-cap equity	52,826,495	—	—	52,826,495
Balanced funds	7,491,699	—	—	7,491,699
Fixed income	84,994,660	—	—	84,994,660
International equity	34,165,663	—	—	34,165,663
Commodities	232,625	—	—	232,625
Total mutual funds	265,591,282	—	—	265,591,282
Common stock:				
Banking	70,982,782	—	—	70,982,782
Other	7,017,445	—	—	7,017,445
Total common stock	78,000,227	—	—	78,000,227
Preferred stock	25,810	—	—	25,810
Corporate debt	—	367,764	—	367,764
Common collective trusts (1)	—	2,310,199	—	2,310,199
Other assets	42,442	—	—	42,442
Total investments	\$ 373,903,547	\$ 2,677,963	\$ —	\$ 376,581,510

(1) Although the amount reflected in the table represents the fair value of this investment, the contract value (the amount available for plan benefits) was \$2,177,496.

(1) Although the amount reflected in the table represents the fair value of this investment, the contract value (the amount available for plan benefits) was \$1,660,129.

**CITY NATIONAL CORPORATION
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2010 and 2009

(4) Investments

The following table presents the fair value of investments as of December 31, 2010 and 2009, with individual investments representing 5% or more of the Plan's net assets available for benefits separately identified:

<u>Investment</u>	<u>2010</u>	<u>2009</u>
City National Corporation common stock	\$ 70,982,782	\$ 53,713,653
Dreyfus S&P 500 Index Fund #078	24,305,469	21,269,650
CNI Charter Funds Prime Money Market Fund #240	28,058,301	28,835,826
CNI Charter Gov't Bond Fund	30,067,878	28,917,622
American Europacific Growth-R4	21,459,903	18,855,704
CNI Charter Large Cap Value Equity – Instl #253	21,055,557	18,019,932
PIMCO Total Return CL A #005	21,818,993	20,817,476
Royce Value Plus Fd Sv CL#292	19,889,954	16,675,603
All other investments less than 5%	138,942,673	115,252,772
Total	<u>\$ 376,581,510</u>	<u>\$ 322,358,238</u>

During 2010 and 2009, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) in mutual funds, common and preferred stock, government and agency securities, and other investments appreciated (depreciated) in value by \$46,757,293 and \$45,649,148, respectively, as follows:

<u>Investment</u>	<u>2010</u>	<u>2009</u>
Mutual funds	\$ 26,977,139	\$ 46,856,292
Common stock	19,509,368	(1,374,683)
Preferred stock	1,390	173
Government and agency securities	5,624	(5,225)
Corporate debt	16,061	18,630
Common collective trust	40,705	33,058
Other	207,006	120,903
Total	<u>\$ 46,757,293</u>	<u>\$ 45,649,148</u>

(5) Party-In-Interest Transactions

Certain Plan investments are shares of CNI Charter Funds managed by City National Asset Management, Inc. (CNAM) and shares of common stock of City National Corporation. CNAM is a wholly owned subsidiary of City National Bank, which is a subsidiary of City National Corporation (the Plan sponsor as defined by the Plan), and thus, these are party-in-interest transactions. In addition, City National Bank receives mutual fund servicing fees for funds invested in CNI Charter Funds. Such fees offset, in part, administrative expenses of the Plan.

**CITY NATIONAL CORPORATION
PROFIT SHARING PLAN**

Notes to Financial Statements

December 31, 2010 and 2009

(6) Income Taxes

The Company received a favorable tax determination letter on April 16, 2003 from the Internal Revenue Service stating that the Plan is qualified under IRC Section 401(a) and that the Trust is exempt from federal income taxes under provisions of Section 501(a). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

(7) Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits between the financial statements and the Form 5500 at December 31, 2010 and 2009:

	2010	2009
Net assets available for benefits per the financial statements	\$ 396,226,822	\$ 332,782,903
Less: Interest income on notes receivable from participants	4,229	—
Net assets available for benefits per the Form 5500	\$ 396,222,593	\$ 332,782,903

The following is a reconciliation of net increase in assets available for benefits between the financial statements and the Form 5500 at December 31, 2010 and 2009:

	2010
Net increase in assets per the financial statements	\$ 67,790,706
Less: Interest income on notes receivable from participants	4,229
Net increase in assets per the Form 5500	\$ 67,786,477
