INVESTMENTS BY PLANNERS, INC.  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE 1 - NATURE OF OPERATIONS AND BASIS OF PRESENTATION

Organization

Investments by Planners, Inc. (the "Company", "we", "us", "our"), incorporated in 1986 in Florida, is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA").

The Company's income is derived from commissions from the sale of mutual funds and from fees charged for investment advisory services.

The Company does not carry security accounts for customers or perform custodial functions relating to customers' securities.

Basis of Presentation

The accompanying financial statements have been prepared pursuant to Rule 17a-5 of the Securities Exchange Act of 1934. The classification and reporting of items appearing on the financial statements are consistent with that rule.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents:

The Company considers all highly liquid investments with maturity of three months or less at the time of purchase to be cash equivalents. Cash and cash equivalents consist primarily of cash and money market funds held at banks and other financial institutions.

Commissions Receivable:

Due to the nature of the Company's business, commissions receivable are collected within 30 days. Therefore, management believes that commissions receivable are fairly stated and an allowance for doubtful accounts is not required.

Property and Equipment:

Depreciation of equipment and software is provided on a straight-line basis over the estimated useful life of the respective assets. Leasehold improvements are amortized over the lesser of the lease term or the useful life of the improvements.

INVESTMENTS BY PLANNERS, INC.  
 NOTES TO THE FINANCIAL STATEMENTS  
 FOR THE YEAR ENDED DECEMBER 31, 2010

Income Taxes:

The Company has elected to be taxed under the provisions of Subchapter S of the Internal Revenue Code. Under those provisions, the Company does not pay corporate income taxes on its taxable income. Instead, the stockholders are liable for individual income taxes on their respective share of the corporate income. Income of the Company is passed through to the individual stockholders. Accordingly, no provision for federal income taxes has been included in these financial statements.

Revenue Recognition:

The Company derives commission revenues from the sale of investments in mutual funds. Commission revenues and related costs are recognized on a trade-date basis.

The Company charges its clients fees for investment advisory services. These fees are calculated based off a percentage of the market value in each clients portfolio, as of the last day in the prior fiscal year. The Company typically receives payment for these services in January which it defers and recognizes the revenue pro rata throughout the year.

Fair Value of Financial Instruments:

The carrying amounts of the Company's financial assets, including cash, commissions receivable and of certain financial liabilities (accounts payable and accrued expenses), approximate fair value because of their short maturities.

NOTE 3 - COMMISSIONS RECEIVABLE

Commissions receivable are due from mutual funds and were as follows at December 31, 2010:

Commission receivable	\$ 37,158
Allowance for doubtful accounts	-
Commission receivable, net	<u>\$ 37,158</u>

NOTE 4 - PROPERTY AND EQUIPMENT

Property and equipment at December 31, 2010 are summarized by major classifications as follows:

Furniture and equipment	\$ 64,397
Leasehold improvements	15,403
Software	<u>21,150</u>
	100,950
Less: Accumulated depreciation	<u>(93,188)</u>
	<u>\$ 7,762</u>

INVESTMENTS BY PLANNERS, INC.  
NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED DECEMBER 31, 2010

Depreciation expense for the year ended December 31, 2010 was \$1,056.

NOTE 5 - CONCENTRATIONS

The Company maintains its cash in bank and financial institution deposits that at times may exceed federally insured limits. The Company has not experienced any losses in such accounts through December 31, 2010. As of December 31, 2010, there were no cash equivalent balances held in corporate money market funds that are not insured.

During 2010, the Company derived its commission income totaling \$188,715 from primarily three families of mutual funds. At December 31, 2010, commissions receivable of \$37,158 was also due from these families of mutual funds. All of these commissions receivable were collected in January 2011.

NOTE 6 - COMMITMENTS AND CONTINGENCIES

Lease:

December 31, 2011	\$113,767

Legal Matters:

From time to time, we may be involved in litigation relating to claims arising out of our operations in the normal course of business. As of December 31, 2010, there were no pending or threatened lawsuits that could reasonably be expected to have a material effect on the results of our operations.

## Report of Independent Registered Public Accounting Firm on Internal Controls

To the Board of Directors and Stockholder's of:  
Investments By Planners, Inc.

In planning and performing our audit of the financial statements of Investments by Planners, Inc. (the "Company"), as of and for the year ended December 31, 2010 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness yet important enough to merit attention by those responsible for oversight of the company's financial reporting.

A *material weakness* is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of the Stockholders', Board of Directors, Management, the SEC, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
