SIEBERT, BRANDFORD, SHANK & CO., L.L.C.

Notes to Financial Statements December 31, 2010

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

[1] Organization:

Siebert, Brandford, Shank & Co., L.L.C. ("SBS" or the "Company") engages in the business of tax-exempt underwriting and related trading activities. The Company qualifies as a Minority and Women Owned Business Enterprise in certain municipalities.

[2] Investment banking:

Investment banking revenues include gains and fees, net of syndicate expenses, arising primarily from municipal bond offerings in which the Company acts as an underwriter or agent. Investment banking management fees are recorded on the offering date, sales concessions on the settlement date, and underwriting fees at the time the underwriting is completed and the income is reasonably determinable.

[3] Investments:

Security transactions are recorded on a trade-date basis. Securities owned are valued at fair value. The resulting realized and unrealized gains and losses are reflected as trading profits.

Dividends are recorded on the ex-dividend date, and interest income is recognized on an accrual basis.

[4] Fair value:

Authoritative accounting guidance defines fair value, establishes a framework for measuring fair value and establishes a fair value hierarchy. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements are not adjusted for transaction costs. The fair value hierarchy prioritizes inputs to valuation techniques used to measure fair value into three levels:

- Level 1 Unadjusted quoted prices in active markets for identical assets or liabilities.
- Level 2 Inputs other than quoted market prices that are observable, either directly or indirectly, and reasonably available.
- Level 3 Unobservable inputs reflect the assumptions that the managing members develop based on available information about the assumptions market participants would use in valuing the asset or liability.

The classification of financial instruments valued at fair value as of December 31, 2010 is as follows:

	<u>Level 1</u>	<u>Level 2</u>
Cash equivalents	\$ 19,845,425	
Municipal bonds		\$ 11,816,604

Municipal bonds are valued based on prices obtained from pricing sources, which derive values from observable inputs.

[5] Furniture, equipment and leasehold improvements, net:

Furniture, equipment and leasehold improvements are stated at cost, net of accumulated depreciation and amortization. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets, generally five years. Leasehold improvements are amortized over the period of the lease.

SIEBERT, BRANDFORD, SHANK & CO., L.L.C.

Notes to Financial Statements December 31, 2010

NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

[6] Cash equivalents:

Cash equivalents represent short term, highly liquid investments which are readily convertible to cash and have maturities of three months or less at time of purchase. Cash equivalents, which are valued at fair value, consist of money market funds which amounted to \$19,845,425 at December 31, 2010.

[7] Use of estimates:

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

[8] Income taxes:

The Company is not subject to federal income taxes. Instead, the members are required to include in their income tax returns their respective share of the Company's income. The Company is subject to tax in certain state and local jurisdictions. Deferred taxes are not significant.

[9] Subsequent events:

The Company has evaluated subsequent events through February 18, 2011, the date the financial statements were issued.

NOTE B - SUBORDINATED BORROWINGS AND SECURED DEMAND NOTE RECEIVABLE

The subordinated debt at December 31, 2010 consists of a Secured Demand Note Collateral Agreement payable to Muriel Siebert & Co. Inc. ("Siebert"), a member of the Company, in the amount of \$1,200,000 bearing 4% interest and due August 31, 2012. On November 1, 2010, the Company entered into a temporary subordinated loan agreement with Siebert in the amount of \$10,000,000 bearing interest at 2% and maturing on December 15, 2010. The note was repaid in December 2010. Interest expense paid to Siebert on subordinated debt amounted to \$73,000.

The subordinated borrowings are available in computing net capital under the Securities and Exchange Commission's ("SEC") Uniform Net Capital Rule. To the extent that such borrowing is required for the Company's continued compliance with minimum net capital requirements, it may not be repaid.

The secured demand note receivable of \$1,200,000 is collateralized by cash equivalents of Siebert of approximately \$1,536,000 at December 31, 2010. Interest earned on the collateral amounted to approximately \$3,500 in 2010.

SIEBERT, BRANDFORD, SHANK & CO., L.L.C.

**Notes to Financial Statements
December 31, 2010**

NOTE C - FURNITURE, EQUIPMENT AND LEASEHOLD IMPROVEMENTS, NET

Furniture, equipment and leasehold improvements consist of the following:

Equipment	\$ 788,635
Furniture and leasehold improvements	<u>1,591,288</u>
	2,379,923
Less accumulated depreciation and amortization	<u>961,575</u>
	<u>\$ 1,418,348</u>

NOTE D - NET CAPITAL

The Company is subject to the SEC's Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2010, the Company had net capital of \$16,842,830, which was \$15,721,207 in excess of its required net capital, and its ratio of aggregate indebtedness to net capital was 1.00 to 1. The Company claims exemption from the reserve requirements under Section 15c-3-3(k)(2)(ii).

NOTE E - COMMITMENTS AND CONTINGENCY

The Company rents office space under long-term operating leases expiring through 2020. These leases call for base rent plus escalations for property taxes and other operating expenses. Future minimum base rent under these operating leases are as follows:

<u>Year</u>	<u>Amount</u>
2011	\$ 901,000
2012	874,000
2013	773,000
2014	644,000
2015	564,000
Thereafter	<u>1,976,000</u>
	<u>\$ 5,732,000</u>

Rent expense including property taxes and other operating expenses for the year ended December 31, 2010 amounted to \$1,020,409.

During 2010, the Company purchased leasehold improvements of approximately \$129,000 which were reimbursed by the landlord. The Company recorded such reimbursement as a credit to deferred rent liability. Such amount, along with approximately \$491,000 recorded in 2009 (together an aggregate amount of \$620,000) is being recognized as a reduction of rental expense on a straight-line basis over the term of the lease.

Rent expense is being charged to operations on a straight-line basis resulting in a deferred rent liability which, together with the deferred rent discussed above amounted to \$741,551 at December 31, 2010.

NOTE F - OTHER

During the year ended December 31, 2010, the Company was charged \$75,000 by Siebert for general and administrative services.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE 17a-5

To the Board of Managers of
Siebert, Brandford, Shank & Co., L.L.C.
New York, New York

In planning and performing our audit of the financial statements of Siebert, Brandford, Shank & Co., L.L.C. (the "Company") as of and for the year ended December 31, 2010, in accordance with the auditing standards generally accepted in the United States of America and in accordance with the standards of the Public Company Accounting Oversight Board (United States), we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- [1] Making quarterly securities examinations, counts, verifications and comparisons and recordation of differences required by Rule 17a-13.
- [2] Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

4. Proved the arithmetical accuracy of the calculations reflected in the accompanying Form SIPC-7 and in the related schedules and working papers supporting the adjustments noting no differences.

Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to and should not be used by anyone other than these specified parties.
