**BRENTWOOD CAPITAL ADVISORS, LLC**  
**Notes to the Financial Statements**  
**December 31, 2010**

**NOTE 1 - NATURE OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES**

Brentwood Capital Advisors, LLC (the Company) is a boutique investment banking firm focused on private placements of senior and subordinate debt and equity securities to institutional investors in addition to providing mergers and acquisition financial advisory services. The Company is a registered broker-dealer under the Securities Exchange Act of 1934 and a member of the Financial Industry Regulatory Authority (FINRA), which is the governing body for the broker-dealer industry created by the July 2007 merger of NASD and NYSE Regulation.

**Basis of presentation**

The financial statements are prepared on the accrual basis.

**Property and Equipment**

Property and equipment is stated at cost. Expenses for repairs and maintenance are expensed as incurred. Depreciation is provided over the assets' estimated useful lives using the straight-line and declining-balance methods. Estimated useful lives range from 5-7 years.

Depreciation expense for the year ended December 31, 2010, totaled \$20,076.

**Income taxes**

The Company is taxed as a partnership under the Internal Revenue Code and applicable state statutes, and, therefore, the Company's income flows through to the members to be taxed at the individual level rather than the corporate level. Accordingly, the Company will have no tax liability (with limited exceptions) as long as the partnership election is in effect.

The Company has adopted ASC Topic 740-10, *Accounting for Uncertainty in Income Taxes*, which prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return, including the position that the Company continues to qualify to be treated as a partnership for both federal and state income tax purposes. The Company's income tax filings are subject to audit by various taxing authorities. The Company's open audit periods are 2007 to 2010. Based on the results of management's evaluation, the Company has no material uncertain tax positions to be accounted for in the financial statements for the year ended December 31, 2010.

**Revenue recognition**

Fees related to private placements of senior and subordinate debt, as well as equity securities are recognized upon the date of placement and financial advisory services fees are recognized as services are provided.

**NOTE 1 - NATURE OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES**  
**(continued)**

**Use of estimates**

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Cash and Cash Equivalents**

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments with original maturities of three months or less to be cash equivalents.

**Allowance for Doubtful Accounts**

The Company considers all accounts outstanding in excess of ninety (90) days delinquent. These accounts are evaluated on a customer-by-customer basis based on payment history to determine the allowance for doubtful accounts. The Company considers accounts receivable to be fully collectible; accordingly, no allowance for doubtful accounts is required.

**Fair Value of Financial Instruments**

The following methods and assumptions were used by the Company in estimating its fair value disclosures for financial instruments:

- Current Assets and Liabilities: The carrying values of these items approximate their fair values due to the short maturities of these instruments.
- Other Assets: The carrying values of these items reflect cost which management believes approximates fair value.

**Date of Management's Review**

Subsequent events have been evaluated through February 25, 2011, which is the date the financial statements were issued.

**NOTE 2 - CREDIT RISK AND OTHER CONCENTRATIONS**

The Company maintains its cash in bank deposit accounts at regional financial institutions, which at times, may exceed the FDIC limit. The Company has not experienced any losses in such accounts, therefore management does not believe it is exposed to any significant credit risk related to cash and cash equivalents.

Notwithstanding the foregoing, the Employer reserves the right to terminate this Plan at any time. As of December 31, 2010, there are ten participants in the plan. **Independent Auditor's Report On Internal Control Required by SEC Rule 17a-5 for a  
Broker-Dealer Claiming an Exemption from SEC Rule 15c3-3**

The Members  
Brentwood Capital Advisors, LLC:

In planning and performing our audit of the financial statements and supplemental schedules of Brentwood Capital Advisors, LLC (the Company) as of and for the year ended December 31, 2010 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness on the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration on control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g), in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons, and recordation of differences required by rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of the Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in conformity with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
