INDEPENDENT AUDITORS' REPORT

Capital Management of the Carolinas, LLC:

We have audited the accompanying statement of financial condition of Capital Management of the Carolinas, LLC as of December 31, 2010 and the related statement of income, of changes in members' equity, of changes in liabilities subordinated to claims of general creditors, and of cash flows for the year then ended, that the Company is filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Capital Management of the Carolinas, LLC as of December 31, 2010, and the results of its operations and its cash flows for the year then ended, in conformity with generally accepted accounting principles in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the supplemental schedules on pages 10 through 13 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CAPITAL MANAGEMENT OF THE CAROLINAS, LLC

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED DECEMBER 31, 2010

1. SUMMARY OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES

Operations - Capital Management of the Carolinas, LLC (the "Company") is a limited liability company and operates as a registered broker-dealer primarily involved in the distribution of mutual funds. The Company does not take title to, or control of, any securities. The Company is registered with the Securities and Exchange Commission as a broker-dealer and is a member of the Financial Industry Regulatory Authority.

Cash and Cash Equivalents - The Company considers all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents. The Company maintains cash deposits with financial institutions that at times may exceed federally insured limits. As of December 31, 2010, the Company had cash equivalents of \$105,540 that were uninsured.

Accounts Receivable - The Company extends credit to Fidelity Investments for monthly 12b(1) distribution fees earned under its service agreements, and to Sterling Capital Management for consulting fees. As of December 31, 2010, the Company considers all such receivables fully collectible, and therefore, no allowance for bad debts has been provided. As of December 31, 2010, receivables from one customer represents 94% of total receivables.

Property - Property is stated at cost. Depreciation and amortization are provided over the estimated useful lives of the related assets using accelerated and straight-line methods.

Use of Accounting Estimates - The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of certain assets and liabilities and disclosures. Accordingly, the actual amounts could differ from those estimates. Any adjustments applied to estimated amounts are recognized in the year in which such adjustments are determined.

Income Taxes - For income tax purposes, the Company is considered to be a partnership. No provision for federal or state income taxes has been made in the accompanying financial statements since the members include their allocable share of the Company's taxable income or loss in their respective individual income tax returns.

The Company records liabilities for income tax positions taken or expected to be taken when those positions are deemed uncertain to be upheld in an examination by taxing authorities. As of December 31, 2010, the tax years ended December 31, 2007 through 2010 were open for potential examination by taxing authorities. No liabilities for uncertain income tax positions were recorded as of December 31, 2010.

Income and Loss Allocations, Distributions and Contributions to/from Members - Allocations of income and losses, and distributions and contributions of cash to/from members are governed by the terms of the members' operating agreement.

Subsequent Events - In preparing its financial statements, the Company has evaluated subsequent events through February 8, 2011, which is the date the financial statements were available to be issued.

2. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. As of December 31, 2010, the Company had net capital of \$202,579 which was \$197,579 in excess of its required net capital of \$5,000. The Company's net capital ratio was approximately .02 to 1.

3. PROFIT SHARING PLAN

The Company sponsors a profit sharing plan which covers all full-time employees. Company contributions to the plan are made at the discretion of management. There were no contributions to the plan during the year ended December 31, 2010.

4. LEASE COMMITMENTS

The Company leases office space under two operating leases with terms that expire in May 2012 and August 2011, respectively. Rent expense under both office leases for the year ended December 31, 2010 totaled \$72,910.

The Company also leases office equipment with lease terms expiring at various dates through September 2012. Rent expense under all equipment leases totaled \$8,706 for the year ended December 31, 2010.

Aggregate future minimum lease payments under such leases as of December 31, 2010 are as follows:

| | |
|--------------------------|------------------|
| Year ending December 31: | |
| 2011 | \$ 73,300 |
| 2012 | <u>23,676</u> |
| Total | <u>\$ 96,976</u> |

5. MEMBERS' EQUITY

The members of the Company are subject to an operating agreement which stipulates, among other things, the terms under which equity interests of the Company can be sold or transferred. Under terms of the agreement, a member must receive written consent from 75% of the percentage interest then held by the members to dispose of any interest in the Company. The agreement also provides that a member intending to dispose of an interest in the Company must first offer the interest to the Company and then to other members at a price determined in accordance with the agreement. In addition, the Company is required to purchase the interest of a member upon death or retirement of the member. As of December 31, 2010, the Company's liability for redemptions related to the death of any of its members would be funded from the proceeds of life insurance policies.

6. CONCENTRATION OF REVENUE

The Company maintains two service agent agreements with Fidelity Distributors Corporation with respect to the North Carolina Capital Management Trust (the "Trust") cash and term portfolios. During 2010, the two service agreements accounted for approximately 97% of total Company revenue. The agreements are renewable annually by approval of the trustees of the Trust. If approval is not obtained, the agreement expires 12 months after the date of the last approval. The trustees are scheduled to vote on the renewal in 2011. Management of the Company expects that the agreements will be renewed. Recertification of the Trust is normally conducted every five years by the North Carolina Local Government Commission. In 2010, the Local Government Commission extended the recertification of the Trust for a one-year period into 2011, when a five-year recertification will again be considered.

7. SIPC MEMBERSHIP EXCLUSION

The Company has claimed exclusion from SIPC Membership for the calendar year ended December 31, 2010 under Section 78ccc(2)(A)ii of the Securities Investor Protection Act of 1970.

CAPITAL MANAGEMENT OF THE CAROLINAS, LLC

SUPPLEMENTAL DISCLOSURES, DECEMBER 31, 2010

1. The Company is exempt from the SEC Rule 15c3-3 Reserve Requirement under exemption k(1).

| 21. Percentage of debt to debt-equity total computed in accordance with Rule 15c-3-1(d) | % | 0.00 | 3860 |

COMPUTATION OF ALTERNATE NET CAPITAL REQUIREMENT

Part B

| | | | |
|---|----|------|------|
| 22. 2% of combined aggregate debit items as shown in Formula for Reserve Requirements pursuant to Rule 15c3-3 prepared as of the date of net capital computation including both brokers or dealers and consolidated subsidiaries' debts | \$ | 3870 | 3880 |
| 23. Minimum dollar net capital requirement of reporting broker or dealer and minimum net capital requirement of subsidiaries computed in accordance with Note (A) | \$ | 3880 | 3890 |
| 24. Net capital requirement (greater of line 22 or 23) | \$ | 3890 | 3900 |
| 25. Excess net capital (line 10 less 24) | \$ | 3910 | 3910 |
| 26. Net capital in excess of the greater of: | | | |
| 5% of combined aggregate debit items or 120% of minimum net capital requirement | \$ | 3920 | 3920 |

NOTES:

- (A) The minimum net capital requirement should be computed by adding the minimum dollar net capital requirement of the reporting broker dealer and, for each subsidiary to be consolidated, the greater of:
1. Minimum dollar net capital requirement, or
 2. 6-2/3% of aggregate indebtedness or 4% of aggregate debits if alternative method is used.
- (B) Do not deduct the value of securities borrowed under subordination agreements or secured demand notes covered by subordination agreements not in satisfactory form and the market values of the memberships in exchanges contributed for use of company (contra to item 1740) and partners' securities which were included in non-allowable assets.
- (C) For reports filed pursuant to paragraph (d) of Rule 17a-5, respondent should provide a list of material non-allowable assets.

See independent auditors' report.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL
REQUIRED BY SEC RULE 17a-5

Capital Management of the Carolinas, LLC:

In planning and performing our audit of the financial statements and supplemental disclosures of Capital Management of the Carolinas, LLC (the "Company") for the year ended December 31, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting ("internal control") as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities, if applicable. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons, and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit preparation of financial

statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph. Because of the inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and may not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of the Company's internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the third paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate as of December 31, 2010 to meet the SEC's objectives.

This report is intended solely for the information and use of management, the Securities and Exchange Commission, the Financial Industry Regulatory Authority and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
