INDEPENDENT AUDITORS' REPORT

To the Members' of
Harbor Financial Services, LLC

We have audited the accompanying statements of financial condition of Harbor Financial Services, LLC (the Company) as of December 31, 2010 and 2009, and the related statements of income, changes in members' equity, and cash flows for the years then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Harbor Financial Service, LLC as of December 31, 2010 and 2009, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the Supplemental Schedules is presented for the purpose of additional analysis and not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTE 1 – ORGANIZATION AND NATURE OF BUSINESS

Harbor Financial Services, LLC (the Company), a limited liability company organized in 2004, is a licensed broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of various exchanges and the Financial Industry Regulatory Authority (FINRA). The Company acts primarily as a broker in municipal securities, government securities, corporate debt and equity securities, equity trading on a fully disclosed basis, options, life insurance and annuities, mutual funds and investment advisory services. The Company's office is located in Mobile, Alabama.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Commissions

Commissions and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

Depreciation

Depreciation is provided on a straight-line basis using estimated useful lives of five to seven years.

Income Taxes

The Company is a limited-liability company and is taxed as a partnership for federal income tax purposes. Accordingly, no provision for federal income taxes has been recorded in the accompanying consolidated financial statements since the taxable income or loss is included in the income tax return of the members. As the Company is not liable for federal income tax, the Company has recorded no liability associated with uncertain tax positions. The Company files income tax returns in the US federal jurisdiction. The statute of limitation for Internal Revenue Service ("IRS") examination of the Company's federal tax returns is determined by the statute governing the tax returns of its members.

Compensated Absences

Employees of the Company are entitled to paid vacation, paid sick days and personal days off depending on job classifications, length of service, and other factors. It is impractical to estimate the amount of compensation for future absences, and, accordingly, no liability has been recorded in the accompanying financial statements. The Company's policy is to recognize the costs of compensated absences when actually paid to employees.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Statements of Cash Flows

For the purposes of the Statements of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than three months that are not held for sale in the ordinary course of business.

Subsequent Events

The Company evaluated all events or transactions that occurred after December 31, 2010 through February 28, 2011, the date the Company issued these financial statements. During this period, the Company did not have any material recognizable subsequent events that required recognition in the disclosures to the December 31, 2010 financial statements.

Reclassification

Certain amounts in the 2009 financial statements have been reclassified to conform to the 2010 presentation.

Recently Issued Accounting Standards

Accounting Standards Codification - In June 2009, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standard (SFAS) No. 168, *The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles, a replacement of FASB Statement No. 162.* This statement modifies the Generally Accepted Accounting Principles (GAAP) hierarchy by establishing only two levels of GAAP, authoritative and nonauthoritative accounting literature. Effective July 2009, the FASB Accounting Standards Codification (ASC), also known collectively as the "Codification," is considered the single source of authoritative U.S. accounting and reporting standards, except for additional authoritative rules and interpretive releases issued by the Securities and Exchange Commission (SEC). Nonauthoritative guidance and literature would include, among other things, FASB Concepts Statements, American Institute of Certified Public Accountants Issue Papers and Technical Practice Aids and accounting textbooks. The Codification was developed to organize GAAP pronouncements by topic so that users can more easily access authoritative accounting guidance. It is organized by topic, subtopic, section, and paragraph, each of which is identified by a numerical designation. FASB ASC 105-10, "Generally Accepted Accounting Principles," became applicable beginning in third quarter 2009. All accounting references have been updated, and therefore SFAS references have been replaced with ASC references except for SFAS references that have not been integrated into the codification.

Fair Value Measurement - In April 2009, the FASB issued ASC 820-10-65-4, "Fair Value Measurements and Disclosures." FASB ASC 820-10-65-4 provides additional guidance for estimating fair value in accordance with FASB ASC 820 when the volume and level of activity for the asset or liability have decreased significantly. FASB ASC 820-10-65-4 also provides guidance on identifying circumstances that indicate a transaction is not orderly. The provisions of FASB ASC 820-10-65-4 were effective April 1, 2009. As of December 31, 2010 and 2009, respectively, the Company had no instruments to which this applied.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES (Continued)

Recently Issued Accounting Standards (continued)

Other-than-temporary impairment - In April 2009, the FASB issued ASC 320-10-65-1, "Investments - Debt and Equity Securities," that amends current other-than-temporary impairment guidance in GAAP for debt securities to make the guidance more operational and to improve the presentation and disclosure of other-than-temporary impairments on debt and equity securities in the financial statements. This ASC does not amend existing recognition and measurement guidance related to other-than-temporary impairments of equity securities. The provisions of FASB ASC 320-10-65-1 are effective for the Company's annual period ending on December 31, 2009. There was no impact from the adoption of FASB ASC 320-10-65-1 on the Company's financial position, results of operations or cash flows.

Also during the first quarter of 2010, the FASB issued ASU No. 2010-06, "Improving Disclosures about Fair Value Measurements". This update requires reporting entities to make new disclosures about recurring or nonrecurring fair-value measurements including significant transfers into and out of Level 1 and Level 2 fair-value measurements and information about purchases, sales, issuances, and settlements on a gross basis in the reconciliation of Level 3 fair-value measurements. This guidance was effective for interim and annual reporting periods beginning after December 15, 2009. The new guidance did not have an impact on the Company's financial position or results of operations.

NOTE 3 – DEPOSITS

The Company maintains cash on deposit with two banking institutions. At times, deposits may exceed Federal Deposit Insurance Corporation (FDIC) coverage of $250,000. The Company had one deposit account as of December 31, 2010 and 2009 with a balance $2,860 and $632, respectively, in excess of FDIC coverage.

The Company maintains cash balances at a clearing organization insured by the Securities Investor Protection Corporation (SIPC). The Company had no deposit account with a clearing organization in excess of SIPC coverage of $100,000 at December 31, 2010 and 2009, respectively.

NOTE 4 – RECEIVABLE FROM AND PAYABLE TO BROKER DEALERS

Accounts receivable from and payable to broker dealers consist of the following:

	Receivable	Payable
December 31, 2010		
Receivable from broker dealers	$ 242,769	$ -
December 31, 2009		
Receivable from broker dealers	$ 327,329	$ -

NOTE 4 – RECEIVABLE FROM AND PAYABLE TO BROKER DEALERS (Continued)

The Company clears all of its propriety and customer transactions though a clearing organization on a fully disclosed basis.

NOTE 5 – CONCENTRATIONS OF CREDIT RISK

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty.

NOTE 6 – FURNITURE AND EQUIPMENT

A summary of the cost and accumulated depreciation of premises and equipment follows:

December 31,	**2010**	2009
Furniture and office equipment	**$ 45,014**	$ 43,437
Accumulated depreciation	**(23,321)**	(16,543)
Property and equipment, net	**$ 21,693**	$ 26,894

Depreciation expense for the years ended December 31, 2010 and 2009 amounted to $7,236 and $6,455, respectively.

NOTE 7 – COMMITMENTS AND CONTINGENT LIABILITIES

The Company has obligations under operating leases with initial noncancelable terms in excess of one year. Aggregate annual rentals for office space and equipment at December 31, 2010, are approximately listed as follows:

2011	$ 79,523
2012	84,425
2013	84,425
	$ 248,373

Rent expense for 2010 and 2009 aggregated to $102,227 and $54,001, respectively, and is included in the occupancy expense line item on the Statements of Income.

NOTE 8 – PROFIT SHARING PLAN

The Company has a defined contribution 401(k) plan, open to all employees who have at least one year of service and are age twenty one or older, subject to a minimum threshold of one thousand hours worked per calendar year. The Plan provides for a 100% match on the first 3% of employee compensation contributed, then 50% match of the next 2% of compensation contributed as defined by the Plan document. The Company's matching contribution to the Plan totaled approximately $4,500 and $10,500 in 2010 and 2009, respectively. Additional amounts may be contributed at the option of the Company. There were no such discretionary contributions made in 2010 and 2009.

NOTE 9 – LEGAL CONTINGENCIES

The Company assesses potential liabilities in connection with lawsuits and threatened lawsuits under FASB ASC 450. The filing of a suit or formal assertion of a claim or assessment does not automatically indicate that accrual of a loss is appropriate. An accrual would be inappropriate, but disclosure would be required, if an unfavorable outcome is determined to be reasonably possible but not probable, or if the amount of loss cannot be reasonably estimated. If an unfavorable outcome is assessed as probable, an accrual would be appropriate if the amount of loss can be reasonably estimated, and disclosure would be required.

The Company is currently a party to lawsuits occurring in the normal course of operations. The Company has determined that it is reasonably possible that potential liabilities will occur in connection with ongoing cases. The Company's reasonable estimate of this liability is a range between $0 and $980,000. Also, the Company is currently a party to a lawsuit against two insurance carriers for coverage of the above referenced lawsuits. The Company has proposed a settlement in an amount that is confidential between the parties, but, which has been charged to operations in the accompanying financial statements for 2010. This accrual is considered reasonably estimable as a limit of exposure to the Company based on current arbitration between the plaintiff and the Company's insurance carrier. If the settlement offer, the coverage litigation with insurance carries, or other means of resolving these matters is not accepted, which is inherently uncertain, it is possible that an unfavorable resolution of these matters will adversely affect the Company, its results of operations, financial condition and cash flows.

NOTE 10 – NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2010, the Company had net capital of $427,650, which was $377,650 in excess of its required net capital of $50,000. The Company's net capital ratio was 1.67 to 1 at December 31, 2010. At December 31, 2009, the Company had net capital of $791,237, which was $741,237 in excess of its required net capital of $50,000. The Company's net capital ratio was .46 to 1 at December 31, 2009.

REPORT OF INDEPENDENT AUDITORS ON INTERNAL CONTROL STRUCTURE REQUIRED BY RULE 17a-5 OF THE SECURITIES AND EXCHANGE COMMISSION

To the Members' of
Harbor Financial Services, LLC

In planning and performing our audits of the financial statements of Harbor Financial Services, LLC (the Company) as of and for the year ended December 31, 2010 and 2009, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

(1) Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13.

(2) Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2010 and 2009 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered broker-dealers, and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT ACCOUNTANTS REPORT ON APPLYING AGREED-UPON PROCEDURES AS REQUIRED BY RULE 17a-5(e)(4) OF THE SECURITIES AND EXCHANGE COMMISSION

To the Members' of
Harbor Financial Services, LLC

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Transitional Assessment Reconciliation (the Form SIPC-7) to the Securities Investor Protection Corporation (SIPC) for the period from January 1, 2010 to December 31, 2010, which were agreed to by Harbor Financial Services, LLC (the Company) and the Securities and Exchange Commission and SIPC, solely to assist you and the other specified parties in evaluating the Company's compliance with the applicable instructions of the Form SIPC-7. The Company's management is responsible for the Company's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries related to payments made or overpayments applied in connection with the SIPC-6 filing, noting no differences.

2. Compared the Total Revenue amounts of the audited Form X-17A-5 for the year ended December 31, 2010 with the amounts reported in Form SIPC-7 for the period from January 1, 2010 to December 31, 2010 noting no differences;

3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers with those amounts reported in the financial statements, noting no differences;

4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working supporting the adjustments through recalculation of the general assessment based on revenues and expenses reported within the financial statements, noting no differences; and

5. Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed. There was an overpayment noted.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
