INDEPENDENT AUDITORS' REPORT

The Board of Directors of
Global Resource Investments, Ltd.

We have audited the accompanying statement of financial condition of Global Resource Investments, Ltd. as of December 31, 2010. This financial statement is the responsibility of the Partnership's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the balance sheet is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Partnership's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the balance sheet. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall balance sheet presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the balance sheet referred to above presents fairly, in all material respects, the financial position of Global Resource Investments, Ltd. as of December 31, 2010 in conformity with accounting principles generally accepted in the United States of America.

NOTES TO FINANCIAL STATEMENTS

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization and Business

Global Resource Investments, Ltd. (the "Partnership") is a California limited partnership which was organized on September 24, 1993 and operates as a securities broker-dealer. The general partner of the Partnership is Rule Investments, Inc. ("RII").

The Partnership, under Rule 15c3-3(k)(2)(ii), is exempt from the reserve and possession or control requirements of Rule 15c3-3 of the Securities and Exchange Commission. The Partnership does not carry or clear customer accounts. Accordingly, all customer transactions are executed and cleared on behalf of the Partnership by its clearing broker on a fully disclosed basis. The Partnership's agreement with its clearing broker provides that as clearing broker, that firm will make and keep such records of the transactions effected and cleared in the customer accounts as are customarily made and kept by a clearing broker pursuant to the requirements of Rules 17a-3 and 17a-4 of the Securities and Exchange Act of 1934, as amended (the "Act"). It also performs all services customarily incident thereon, including the preparation and distribution of customer's confirmations and statements and maintenance margin requirements under the Act and the rules of the Self Regulatory Organizations of which the Partnership is a member.

Securities Valuation and Revenue Recognition

The Partnership records proprietary transactions, commission revenue and related expenses on a trade-date basis.

The Partnership values its securities in accordance with Accounting Standards Codification 820 - Fair Value Measurements ("ASC 820"). Under ASC 820, fair value is defined as the price that would be received to sell an asset or paid to transfer a liability (i.e., the "exit price") in an orderly transaction between market participants at the measurement date.

In determining fair value, the Partnership uses various valuation approaches. ASC 820 establishes a fair value hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are those that market participants would use in pricing the asset or liability based on market data obtained from sources independent of the Partnership. Unobservable inputs reflect the Partnership's assumption about the inputs market participants would use in pricing the asset or liability developed based on the best information available in the circumstances. The fair value hierarchy is categorized into three levels based on the inputs as follows:

Level 1 - Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Partnership has the ability to access. Valuation adjustments and blockage discounts are not applied to Level 1 securities. Since valuations are based on quoted prices that are readily and regularly available in an active market, valuation of these securities does not entail a significant degree of judgment.

GLOBAL RESOURCE INVESTMENTS, LTD.

NOTES TO FINANCIAL STATEMENTS

(Continued)

NOTE 1 - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(continued)

Securities Valuation and Revenue Recognition (continued)

Level 2 - Valuations based on quoted prices in markets that are not active or for which all significant inputs are observable, either directly or indirectly.

Level 3 - Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

The availability of valuation techniques and observable inputs can vary from security to security and is affected by a wide variety of factors, including the type of security, whether the security is new and not yet established in the marketplace, and other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Those estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined. Because of the inherent uncertainty of valuation, those estimated values may be materially higher or lower than the values that would have been used had a ready market for the securities existed. Accordingly, the degree of judgment exercised by the Partnership in determining fair value is greatest for securities categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety is determined by the lowest level input that is significant to the fair value measurement.

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, the Partnership's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date. The Partnership uses prices and inputs that are current as of the measurement date, including during periods of market dislocation. In periods of market dislocation, the observability of prices and inputs may be reduced for many securities. This condition could cause a security to be reclassified to a lower level within the fair value hierarchy.

The Partnership values investments in securities that are freely tradable and are listed on a national securities exchange or reported on the NASDAQ national market at their last sales price as of the last business day of the year.

Many cash and over-the-counter (OTC) contracts have bid-and-ask prices that can be observed in the marketplace. Bid prices reflect the highest price that the marketplace participants are willing to pay for an asset. Ask prices represent the lowest price that the marketplace participants are willing to accept for an asset. For securities whose inputs are based on bid-ask prices, the Partnership's valuation policies require that fair value be within the bid-ask range. The Partnership's policy for securities traded in the OTC markets and listed securities for which no sale was reported on that date are valued at their last reported "bid" price. These securities are included in Level 1 of the fair value hierarchy.

Securities Valuation and Revenue Recognition *(concluded)*

Restricted securities of publicly traded companies are valued at the fair value of the public company's publicly traded securities less a discount. The Partnership discounts the unrestricted fair values based upon various factors such as the length of the restriction period and the underlying stability of the public company. These securities are included in Level 2 of the fair value hierarchy.

The Partnership's investments in private companies consist of direct private equity investments. The transaction price, excluding transaction costs, is typically the Partnership's best estimate of fair value at inception. When evidence supports a change to the carrying value from the transaction price, adjustments are made to reflect expected exit values. Ongoing reviews by the Partnership's management are based on an assessment of each underlying investment, incorporating valuations that consider the evaluation of financing and sale transactions with third parties, comparable transactions and the overall stability of the principal market where the security would trade if the security were public. These nonpublic securities are included in Level 3 of the fair value hierarchy.

Foreign Currency

Investment securities and other assets and liabilities denominated in foreign currencies are translated into U.S. dollar amounts at the date of valuation. Foreign currency translation adjustments arise from changes in the fair values of assets and liabilities, other than investments in securities, resulting from changes in exchange rates. This amount is reported as other comprehensive income or loss in the statement of operations and other comprehensive income or loss.

Furniture and Equipment

Furniture and equipment are depreciated over their estimated lives of five to seven years, while leasehold improvements are amortized over the life of the improvements.

Profit and Loss Allocations

Profits and losses from operations are allocated to partners based on the Agreement of Limited Partnership. The Agreement of Limited Partnership generally provides for this allocation to be made based on the respective partners' capital accounts.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash Equivalents

For purposes of the statement of cash flows, the Partnership considers all money market accounts held at their clearing broker to be cash equivalents.

Income Taxes

The financial statements do not include a provision for income taxes because the Partnership is not a taxable entity and its partners are taxed on their respective share of partnership earnings.

The Partnership is required to determine whether a tax position is more likely than not to be sustained upon examination by the applicable taxing authority, including resolution of any tax related appeals or litigation processes, based on the technical merits of the position. The Partnership files an income tax return in the U.S. federal jurisdiction, and may file income tax returns in various U.S. states. The Partnership is not subject to income tax return examinations by major taxing authorities for years before 2006. The tax benefit recognized is measured as the largest amount of benefit that has a greater than fifty percent likelihood of being realized upon ultimate settlement. De-recognition of a tax benefit previously recognized results in the Partnership recording a tax liability that reduces net assets. However, the Partnership's conclusions regarding this policy may be subject to review and adjustment at a later date based on factors including, but not limited to, on-going analyses of and changes to tax laws, regulations and interpretations thereof. The Partnership recognizes interest accrued related to unrecognized tax benefits and penalties related to unrecognized tax benefits in income taxes payable, if assessed. No interest expense or penalties have been recognized as of and for the year ended December 31, 2010.

NOTE 2 - NET CAPITAL REQUIREMENTS

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Partnership is required to maintain a minimum net capital, as defined under such provisions. At December 31, 2010, the Partnership had net capital and net capital requirements of \$11,078,519 and \$250,000. The Partnership's net capital ratio (aggregate indebtedness to net capital) was 0.23 to 1. According to Rule 15c3-1, the Partnership's net capital ratio shall not exceed 15 to 1.

NOTE 3 - FAIR VALUE MEASUREMENTS

The Partnership's assets recorded at fair value have been categorized based upon a fair value hierarchy in accordance with ASC 820. See Note 1 for a discussion of the Partnership's policies.

The following table presents information about the Partnership's assets measured at fair value as of December 31, 2010:

	<u>Quoted Prices in Active Markets for Identical Assets (Level 1)</u>	<u>Significant Other Observable Inputs (Level 2)</u>	<u>Significant Unobservable Inputs (Level 3)</u>	<u>Balance as of December 31, 2010</u>
Assets:				
Securities, at fair value	\$ 6,146,920	\$ 1,740,596	\$ 1,221,692	\$ 9,109,208

Effective January 1, 2010, the Partnership adopted the provisions of FASB Accounting Standards Update ("ASU") No. 2010-06, *Fair Value Measurements and Disclosures (Topic 820): Improving Disclosures about Fair Value Measurements*. In accordance with this ASU, the Partnership's significant transfers between Level 1 and Level 2 during the year ended December 31, 2010 were a result of the investment restriction periods ending.

The following table presents additional information about Level 3 assets measured at fair value. Both observable and unobservable inputs may be used to determine the fair value of positions that the Partnership has classified within the Level 3 category. As a result, the unrealized gains and losses for assets and liabilities within the Level 3 category may include changes in fair value that were attributable to both observable and unobservable inputs.

Changes in Level 3 assets measured at fair value for the year ended December 31, 2010 are as follows:

	<u>Balance as of December 31, 2009</u>	<u>Purchases and Sales, net</u>	<u>Realized and Unrealized Gains and (Losses)</u>	<u>Net Transfers In (Out)</u>	<u>Balance as of December 31, 2010</u>	<u>Change in Unrealized Gain (Loss) On Securities Still Held</u>

NOTE 4 - COMMITMENTS

The Partnership leases office space and equipment from unrelated parties under non-cancelable operating leases expiring through 2012. Future minimum rental commitments under these leases are approximately as follows:

<u>Year</u>	<u>Total</u>
2011	\$ 265,867
2012	<u>250,866</u>
	<u>\$ 516,733</u>

Total rental expense, including the leases referred to above, was \$326,727 for the year ended December 31, 2010.

NOTE 5 - RELATED PARTY TRANSACTIONS

The Partnership is affiliated with Resource Capital Investment Corporation ("RCIC"). RCIC is the general partner of six investment partnerships, Exploration Capital Partners 1998-B Limited Partnership ("Exploration 1998-B"), Exploration Capital Partners 2000 Limited Partnership ("Exploration 2000"), Exploration Capital Partners 2005 Limited Partnership ("Exploration 2005"), Exploration Capital Partners 2006 Limited Partnership ("Exploration 2006"), Exploration Capital Partners 2008 Limited Partnership ("Exploration 2008") and Exploration Capital Partners 2009 Limited Partnership ("Exploration 2009") (collectively "Exploration"). RCIC receives a profit participation from Exploration based on the net income generated by the investment partnerships. The Partnership receives a reimbursement from RCIC for salaries paid on behalf of the Partnership. For the year ended December 31, 2010, the Partnership was reimbursed \$558,960 from allocated salaries and has a receivable from RCIC of \$266,259 as of December 31, 2010. In addition, RCIC reimburses the Company \$9,000 per quarter for its portion of the rent overhead.

The Partnership pays a management fee to RII as the general partner. The Partnership pays the general partner a fee of \$37,500 on the first day of each calendar quarter. For the year ended December 31, 2010, the Partnership paid management fees of \$150,000 to RII.

The Partnership receives normal fees charged for the execution of purchases and sales of securities from Exploration. For the year ended December 31, 2010, the Partnership received \$507,540 in commissions and trading fees from Exploration.

GLOBAL RESOURCE INVESTMENTS, LTD.

NOTES TO FINANCIAL STATEMENTS

(Continued)

NOTE 5 - RELATED PARTY TRANSACTIONS (concluded)

The Partnership is also affiliated with Terra Resource Investment Management Corporation ("TRIM") by virtue of common ownership. The Partnership receives a fee for providing back office management and administrative services. For the year ended December 31, 2010, the Partnership earned \$212,791 for the performance of such services and had a receivable from TRIM of \$50,830 for salaries paid on behalf of the Partnership.

NOTE 6 - OTHER COMPREHENSIVE INCOME/(LOSS)

Changes in accumulated other comprehensive loss for December 31, 2010 are as follows:

	Currency Translation Loss	General Partner	Limited Partner
Balances, December 31, 2009	\$ (43,286)	\$ (433)	\$ (42,853)
Change during 2010	15,392	154	15,238
Balances, December 31, 2010	\$ (27,894)	\$ (279)	\$ (27,615)

NOTE 7 - FINANCIAL INSTRUMENTS, OFF-BALANCE SHEET RISKS AND CONTINGENCIES

The Partnership's future operating results may be affected by several factors. The investments of the Partnership may be affected by general and local economic, political and social conditions that can affect the prices of the securities in countries in which companies undertake their activities. Markets can also be affected by currency changes, new tax and environmental legislation, laws restricting sales of natural resources and the absence of liquidity in the securities.

In the normal course of business, the Partnership's client activities ("clients") through its clearing broker involve the execution, settlement, and financing of various client securities transactions. These activities may expose the Partnership to off-balance sheet risk. In the event the client fails to satisfy its obligations, the Partnership may be required to purchase or sell financial instruments at prevailing market prices in order to fulfill the client's obligations.

In the Partnership's trading activities, the Partnership has purchased securities for its own account and may incur losses if the market value of the securities changes subsequent to December 31, 2010.

GLOBAL RESOURCE INVESTMENTS, LTD.

NOTES TO FINANCIAL STATEMENTS

(Continued)

NOTE 7 - FINANCIAL INSTRUMENTS, OFF-BALANCE SHEET RISKS AND CONTINGENCIES (concluded)

The Partnership has a substantial portion of its assets on deposit with clearing brokers. Assets deposited with clearing brokers are subject to credit risk. In the event of a clearing broker's insolvency, the amounts held with the clearing brokers could be subject to forfeiture.

The Partnership's financial instruments, including cash, receivables, payables and other liabilities are carried at amounts which approximate fair value. Securities owned are valued as described in Note 1.

NOTE 8 - SUBSEQUENT EVENTS

The Partnership has performed an evaluation of subsequent events through the date the financial statements were issued. Other than the following, the evaluation did not result in any subsequent events that required disclosures and/or adjustments.

On September 22, 2010 Sprott Inc. ("Sprott"), a Canadian publically traded company, entered into a letter of intent to acquire Rule Investments, Inc., the Partnership, Terra Resource Investment Management, Inc. and Resource Capital Investments Corp. Upon closing of the transaction, Sprott will issue 20 million common shares in consideration for the acquisition of the Partnership and its affiliated entities. In addition, Sprott may issue up to an additional 8 million common shares of its stock as additional consideration in five years upon the attainment of certain financial performance. The sale agreement with Sprott is anticipated to close effective January 31, 2011.
