REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Members of
ICMA-RC Services, LLC

We have audited the accompanying statement of financial condition of ICMA-RC Services, LLC (RC Services), a wholly owned subsidiary of the International City Management Association Retirement Corporation (ICMA-RC), as of December 31, 2010, and the related statements of operations, change in owner's equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of RC Services' management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of RC Services' internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of RC Services as of December 31, 2010, and the results of its operations, change in its owner's equity, and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental information of computation of net capital pursuant to SEC Rule 15c-3 as of December 31, 2010, included on page 10 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. The supplementary information and report are the responsibility of RC Services' management. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

ICMA-RC SERVICES, LLC

Notes to the Financial Statements December 31, 2010

1. BACKGROUND OF ORGANIZATION

ICMA-RC Services, LLC (RC Services) was formed under the laws of the State of Delaware on December 31, 1998, as a limited liability company and is a broker-dealer registered under the Securities Exchange Act of 1934. It was organized to provide services as a broker-dealer in respect to mutual funds registered under the Investment Company Act of 1940 and unregistered commingled trust funds. RC Services is a wholly owned subsidiary of the International City Management Association Retirement Corporation (ICMA-RC).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of RC Services are presented on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

RC Services considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents. As of December 31, 2010, cash and cash equivalents consisted of demand deposits.

Due from Mutual Fund Families

Due from mutual fund families represents amounts payable to RC Services by various outside mutual fund families. The agreements with these outside fund families entitle ICMA-RC or RC Services to receive compensation from the fund families, which generally consists of asset-based 12b-1 fees or shareholder service fees. 12b-1 fees are compensation to RC Services for distributing the mutual funds. Each mutual fund also may make payments to RC Services or ICMA-RC for providing shareholder service or the maintenance of shareholder accounts through ICMA-RC. All of the amounts due from mutual fund families are payable to ICMA-RC under an Assignment and Expense Agreement between RC Services and ICMA-RC. Under this agreement, ICMA-RC has agreed to waive RC Services' obligation to pay all mutual fund receivables to ICMA-RC unless and until such time that such receivables are actually received by RC Services.

ICMA-RC SERVICES, LLC

Notes to the Financial Statements December 31, 2010

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Income Taxes

RC Services is a single member limited liability company disregarded as an entity separate from ICMA-RC for Federal income tax purposes pursuant to Treasury Regulation 26 C.F.R. 301.7701-1, et. seq. ICMA-RC, RC Services' sole member, is an organization exempt from Federal income tax as described in the Internal Revenue Code 26 U.S.C. 501(c)(3). For Federal income tax purposes, RC Services is treated as a branch or division of ICMA-RC.

RC Services (and ICMA-RC) have adopted Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC, Codification) 740, Income Taxes, which establishes guidelines for recognizing, measuring, and disclosing tax return positions in financial statements. Management has evaluated the tax positions of RC Services and determined that the application of ASC 740 had no material impact on its financial statements. Accordingly, no adjustments for unrecognized tax benefits or related interest or penalties were required as of December 31, 2010.

If applicable, RC Services would recognize accrued interest and penalties related to unrecognized tax benefits in the Statement of Operations. Management is not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits would significantly increase or decrease during the next twelve months. Each of the tax years in the four-year period ending December 31, 2010, remains subject to examination by federal taxing authorities, however certain state taxing authorities may lengthen this period to five years.

Subsequent Events

Management has evaluated events or transactions that may have occurred since December 31, 2010, that would merit recognition or disclosure in the financial statements. Subsequent events occurring after the date of this report have been evaluated for potential impact to this report through the date the financial statements were issued.

3. RELATED-PARTY TRANSACTIONS

ICMA-RC provides RC Services certain operational support services, including the marketing, development, and product management of certain products offered by the mutual funds managed by Vantagepoint Investment Advisors, LLC (a related entity and wholly owned subsidiary of ICMA-RC). The expenses reported by RC Services represent the actual direct expenses incurred by RC Services, the actual direct cost of expenses incurred by ICMA-RC for RC Services' benefit, plus additional expenses allocated to RC Services by ICMA-RC to provide such services. Such additional expenses allocated to RC Services for services provided may not be the same as would be charged for such services from an unrelated entity.

ICMA-RC SERVICES, LLC

Notes to the Financial Statements December 31, 2010

3. RELATED-PARTY TRANSACTIONS (continued)

During the year ended December 31, 2010, ICMA-RC allocated operating expenses in the amount of \$478,583 to RC Services and also transferred \$13,123,907 of administrative expense to RC Services that is related to the mutual fund revenue earned by RC Services and assigned to ICMA-RC under the Assignment and Expense Agreement between ICMA-RC and RC Services. RC Services also reimburses ICMA-RC for certain direct expenses paid on RC Services' behalf such as Financial Institutions Regulatory Authority (FINRA) membership and annual renewal fees, miscellaneous taxes, and such other expenses as may be agreed upon from time to time.

Intercompany service revenue is allocated from ICMA-RC to compensate RC Services for effecting securities transactions on behalf of ICMA-RC. The revenue allocated from ICMA-RC during the year ended December 31, 2010 was \$1,166,980.

The due to related entity balance represents amounts owed to ICMA-RC by RC Services. The repayment terms are governed by the Assignment and Expense Agreement between RC Services and ICMA-RC. This balance is composed primarily of outside mutual fund family receivables to RC Services that are payable to ICMA-RC but only if and when they are actually collected by RC Services.

4. NET CAPITAL REQUIREMENT

Regulatory Requirements

RC Services is subject to Securities Exchange Act Rule 15c3-1 (the Net Capital Rule). This rule requires a broker-dealer to maintain at all times certain net capital levels (as defined). Currently, RC Services is subject to the Aggregate Indebtedness Standard of the Net Capital Rule, meaning its aggregate indebtedness shall not exceed 15 times its net capital. Further, RC Services is required to maintain a minimum net capital of \$25,000 or the amount required by its aggregate indebtedness ratio, whichever is higher. RC Services is exempt from the requirements of Securities Exchange Act Rule 15c3-3 (the Customer Protection Rule) because RC Services' activities are limited to those set forth in the conditions of exemption appearing in paragraph (k)(2)(i) of that rule.

As of December 31, 2010, RC Services had net regulatory capital of \$867,947, which was \$638,658 in excess of its required net capital of \$229,289. RC Services' aggregate indebtedness to net capital ratio was 396%.

There are no liabilities subordinated to the claims of general creditors as of December 31, 2010.

Supplementary Report

SB & COMPANY, LLC
EXPERIENCE • QUALITY • CLIENT SERVICE

**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM ON
INTERNAL CONTROL REQUIRED BY RULE 17a-5 (g)(1) CLAIMING AN
EXEMPTION FOR SEC RULE 15c3-3**

To the Board of Directors of
ICMA-RC Services, LLC

In planning and performing our audit of the financial statements and supplemental schedule of ICMA-RC Services, LLC (RC Services) as of and for the year ended December 31, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered RC Services' internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of RC Services' internal control. Accordingly, we do not express an opinion on the effectiveness of RC Services' internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by RC Services including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because RC Services does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by RC Services in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of RC Services is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which RC Services has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

SB & COMPANY, LLC
EXPERIENCE • QUALITY • CLIENT SERVICE

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that RC Services' practices and procedures, as described in the second paragraph of this report, were adequate as of December 31, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority, Inc., and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

RC Services agrees that it will simultaneously: (a) record an intercompany receivable for this allocated revenue; and (b) record an intercompany payable to ICMA-RC for the expenses allocated to RC Services.
9. All registered and associated persons of RC Services are also employees of ICMA-RC. Such persons may also perform services for ICMA-RC and/or one or more of the affiliated entities identified in Paragraph 1, above. Further, the activities of such persons benefit some or all of the affiliated entities and are not exclusive to RC Services. Accordingly, in consideration of the concurrent nature of the activities of ICMA-RC employees, ICMA-RC agrees to assume responsibility for any and all other employee expenses not specifically identified in paragraphs 6 and 7 above or in Attachment A that relate to the business of RC Services ("Other Expenses"). ICMA-RC agrees that RC Services shall not be directly or indirectly liable to ICMA-RC or any other person for these Other Expenses.
10. This agreement will be governed by the substantive laws of Delaware without giving effect to the choice of law or conflict of laws provisions thereof, except that, in the event of any inconsistency with provisions of the federal securities laws and rules and the rules of FINRA applicable to RC Services as a registered broker-dealer, the provisions of such federal laws, rules and FINRA rules shall govern.
11. This agreement shall be effective as of the 1st day of July 2008.

Attachment A
Allocated Expenses of RC Services
Effective July 1, 2008

Certain of RC Services' reported expenses are allocations from ICMA-RC's Compliance Division and ICMA-RC's Finance Division's Tax & Compliance group as a result of their activities on behalf of RC Services that are related to compliance with federal securities laws and regulations as well as FINRA rules. The method of allocation is an activity-based costing ("ABC") system that assigns costs of these two groups based upon the estimated proportion of time that those groups spend on activities attributable to RC Services.

All of the activity costs of ICMA-RC's Compliance and Tax & Compliance cost centers are initially recorded on the books and records of ICMA-RC. On a monthly basis, the ABC system assigns to RC Services the proportion of these costs that are attributable to RC Services based upon the activity time estimates provided by the cost center manager. The activity costs assigned to RC Services are then allocated as an expense on the books and records of RC Services.

The following is a list of the types of expenses that are proportionally allocated to RC Services using the ABC system:

- **Personnel Expenses** – Salaries and benefits;
- **Professional Services** – Legal, audit, and consulting services;
- **Communications** – Telephone, internet, and local and express delivery services;
- **Meetings and Travel** – Travel and lodging expenses related to oversight examinations of RC Services' branch officers and other RC-Services related business travel;
- **Premises and Equipment** – Rent and office equipment rentals associated with the home office;
- **Data Processing** – Hardware and software maintenance;
- **Supplies and Other** – Office supplies;
- **Subscriptions and Memberships** – Professional publications and/or membership fees; and
- **Depreciation and Amortization** – Purchased hardware and software, and facilities capital such as file cabinets.
