NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE A – NATURE OF BUSINESS

Spartan Securities Group, Ltd. (The “Partnership”) is a Florida limited partnership that is a member of the Financial Industry Regulatory Authority (FINRA) and is registered with the US Securities and Exchange Commission (SEC) as a securities broker-dealer. The Partnership provides securities trading, underwriting, investment banking and brokerage services for individuals, institutions and corporations. The Partnership, like other broker-dealers, is directly affected by general economics and market conditions, including fluctuations in volume and price level of securities, changes in interest rates and securities brokerage services, all of which have an impact on the Company’s liquidity.

The Partnership consists of a General Partner and certain Limited Partners. Profits and losses are allocated to individual partners’ capital accounts in proportion to their individual interests. The Partnership was originally formed in July 2000; however, an Amended and Restated Agreement of Limited Partnership became effective May 30, 2004. The Partnership will continue in existence until December 31, 2011, unless extended by the General Partner to a date not later than December 31, 2021.

The information included in the financial statements regarding provisions of the Partnership Agreement provides only general information. Reference should be made to the Partnership Agreement and related documents for a complete description of the Partnership provisions.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements are prepared using the accrual method of accounting.

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements. Significant estimates included in the accompanying financial statements include the valuation of securities owned and securities sold, not yet purchased. Estimates and assumptions are reviewed periodically and the effects of revisions are reflected in the period that they are determined to be necessary. It is at least reasonably possible that our estimates could change in the near term with respect to this matter.

Revenue Recognition – The Partnership is engaged in the securities broker-dealer business, which comprises several classes of services, including principal transactions, agency transactions, investment banking and investment advisory services. The following summarizes the Partnership’s accounting policies:

SPARTAN SECURITIES GROUP, LTD.
(A Florida Limited Partnership)

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Securities Transactions – Proprietary securities transactions in regular-way trades are recorded on the trade date, as if they had settled. Profit and loss arising from all securities and commodities transactions entered into for the account and risk of the Partnership are recorded on a trade date basis. Customers' securities and commodities transactions are reported on a settlement date basis and the recognition of commission income and related expenses are recorded on a trade date basis. Amounts receivable and payable for securities transactions that have not reached their contractual settlement date are recorded net on the statement of financial condition.

Investment Banking – Investment banking revenues include gains, losses and fees, net of syndicate expenses, arising from securities offerings in which the Partnership acts as an underwriter or agent. Investment banking revenues also include fees earned from providing merger-and-acquisition and financial restructuring advisory services. Investment banking management fees are recorded on offering date, sales concessions on settlement date, and underwriting fees at the time the underwriting is completed and the income is reasonably determinable.

Investment Advisory Income – Investment advisory fees are received monthly, but are recognized as earned on a pro rata basis over the term of the contract.

Customer Accounts - The Partnership operates under the provisions of Paragraph (k) (2) (ii) of Rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is exempt from the remaining provisions of that rule. Essentially, the requirements of Paragraph (k) (2) (ii) provide that the Partnership clears all transactions on behalf of customers on a fully disclosed basis with a clearing broker-dealer, and promptly transmits all customer funds and securities to the clearing broker-dealer. The clearing broker-dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker-dealer. A special reserve account is not required for the benefit of customers in accordance with rule 15c3-3k (2) (ii) of the Securities and Exchange Commission.

Cash and Cash Equivalents and Deposit with Clearing Broker – The Partnership includes as cash and cash equivalents amounts invested in money market mutual funds, as well as all other highly liquid investments with an original maturity of three months or less.

Fair Value of Securities – Securities owned – marketable equities and securities sold, but not yet purchased, are valued at market value with the resulting unrealized gains and losses included in income. The market value of securities owned is determined by the Partnership utilizing quoted market prices, dealer quotes, or prices obtained from third parties. Not readily marketable securities are valued at the estimated fair value of the securities.

SPARTAN SECURITIES GROUP, LTD.
(A Florida Limited Partnership)

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Receivable from Clearing Broker and Allowance for Doubtful Accounts – Our credit terms for our receivable from the clearing broker are typically net 30 days. We perform ongoing credit evaluation of our clearing broker and do not require collateral to support the collectability of such receivable. Receivables are determined to be past due if payment is not made in accordance with the terms of our contracts and receivables are written off when they are determined to be uncollectible. The allowance for doubtful accounts is evaluated on a regular basis by management and is based upon management's periodic review of the collectability of the receivables in light of historical experience, the existence of any adverse situations, the estimated value of any underlying collateral and prevailing economic conditions. This evaluation is inherently subjective as it requires estimates that are susceptible to significant revision as more information becomes available. Substantially all of the receivables existing at December 31, 2010 have been recovered subsequent to year end.

Furniture, Fixtures and Equipment – Furniture, fixtures and equipment are stated at cost. Depreciation is computed using the straight-line method over the estimated useful lives of the respective assets, generally five years. Expenditures for repairs and maintenance are charged to operations as incurred.

Long-lived Assets – The Partnership evaluates the recoverability of long-lived assets and the related estimated remaining lives when events or circumstances lead management to believe that the carrying value of an asset may not be recoverable. At December 31, 2010, management believes that all of its remaining long-lived assets are recoverable.

Income Taxes - The Partnership is not subject to federal and state income taxes; therefore, no provision for income taxes is provided in these financial statements. Each partner will report their pro rata share of the Partnership's operations on their respective income tax return.

Accounting Pronouncements - The Financial Accounting Standards Board and other entities issued new or modifications to, or interpretations of, existing accounting guidance during 2010. The Partnership has carefully considered the new pronouncements that altered generally accepted accounting principles and does not believe that any other new or modified principles will have a material impact on the Partnership's reported financial position or operations in the near term.

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE C – RECEIVABLE FROM AND PAYABLE TO CLEARING BROKER

The Partnership clears substantially all of its proprietary and customer transactions through a clearing broker-dealer on a fully disclosed basis. At December 31, 2010, the amount receivable from clearing broker of \$276,321 consists of fees and commissions receivable and proceeds from proprietary trading activity. At December 31, 2010, the amount payable to broker relates to proprietary securities transactions and is collateralized by securities owned and the deposit with the clearing broker.

NOTE D – SECURITIES OWNED AND SECURITIES SOLD, NOT YET PURCHASED

At December 31, 2009, marketable securities owned and sold, not yet purchased, consist of trading and investment securities at market values, as follows:

	<u>Owned</u>	<u>Sold, Not Yet Purchased</u>
Equities	\$ 68,927	\$ (62,232)

NOTE E – COMMITMENTS AND RELATED PARTY TRANSACTIONS

Operating Lease – The Partnership leases its office space under an operating lease agreement expiring in October 2016 and provides for annual renew terms as follows:

2012	\$ 32,232
2013	32,232
2014	33,298
2015	35,228
2016	30,241

Management Fee - Pursuant to the terms of the Partnership Agreement, the General Partner is entitled to a monthly management fee, which is treated as a guaranteed payment, from the Partnership equal to one-twelfth (1/12) of one percent (1%) of the Partnership Net Asset Value determined as of the last business day of the preceding month. There were no management fees incurred as the General Partner permanently waived the requirement to receive such fees for the year ended December 31, 2010.

(A Florida Limited Partnership)

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE F – FINANCIAL INSTRUMENTS WITH OFF-BALANCE SHEET CREDIT RISK

Financial instruments consist of cash, evidence of ownership in an entity and contracts that both (i) impose on one entity a contractual obligation to deliver cash or another financial instrument to a second entity, or to exchange other financial instruments on potentially unfavorable terms with the second entity, and (ii) conveys to that second entity a contractual right (a) to receive cash or another financial instrument from the first entity or (b) to exchange other financial instruments on potentially favorable terms with the first entity. Accordingly, the Partnership's financial instruments consist of cash and cash equivalents, the amounts due to and from the clearing broker, securities owned and sold, not yet purchased, accounts and commissions payable and accrued liabilities.

The carrying values of the Partnership's cash and cash equivalents, receivable and payable to the clearing broker, securities sold and owned, not yet purchased, accounts and commissions payable and accrued liabilities approximates their respective fair values due to their short-term nature.

As such, financial instruments, which potentially subject the Partnership to significant concentrations of credit risk, consist primarily of cash and cash equivalents. With respect to cash and cash equivalents, the Partnership frequently maintains such balances in excess of federally insured limits. The Partnership has not experienced any losses in such accounts.

The Partnership's exposure to credit risk associated with non-performance of customers in fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by volatile trading markets which may impair customers' ability to satisfy their obligations to the Partnership and the Partnership's ability to liquidate the collateral at an amount equal to the original contracted amount. The agreement between the Partnership and its clearing broker provides that the Partnership is obligated to assume any exposure related to such non-performance by its customers. The Partnership seeks to control the aforementioned risks by requiring customers to maintain margin collateral in compliance with various regulatory requirements and the clearing broker's internal guidelines. The Partnership monitors its customer activity by reviewing information it receives from its clearing broker on a daily basis, and requiring customers to deposit additional collateral, or reduced positions, when necessary.

The Partnership is subject to certain inherent market risks arising from its investing activities of selling securities short. The ultimate cost of the Partnership to acquire these securities may exceed the liability reflected in the financial statements.

NOTE G – NET CAPITAL REQUIREMENT

The Partnership is subject to the Securities and Exchange Commission's Uniform Net Capital Rule 15c3-1, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2010, the Partnership's net capital of \$402,049 was \$179,449 in excess of its required net capital of \$188,000. At December 31, 2010, the Partnership's aggregate indebtedness to net capital ratio was 0.88 to 1.

SPARTAN SECURITIES GROUP, LTD.
(A Florida Limited Partnership)

NOTES TO FINANCIAL STATEMENTS
AS OF AND FOR THE YEAR ENDED DECEMBER 31, 2010

NOTE II – LITIGATION

In the ordinary course of business, the Partnership is subject to inquiries and proceedings by financial industry regulatory bodies and other governmental agencies, which may lead to claims and judgments for unspecified damages.

The Partnership believes it has strong defenses in all significant matters, currently pending, and is contesting the liability and damages claimed. However, some of these matters may result in adverse judgments or awards, or the Partnership may choose to settle some or all matters, due to the associated risk of continuing.

The Partnership believes it is not possible to determine whether a loss will be incurred, or to estimate any potential losses, that would be material to the financial statements. Based on current information, management believes that the resolution of matters currently pending will not have a material adverse impact on the financial condition or cash flows of the Partnership.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING

To the Partners
Spartan Securities Group, Ltd.
St. Petersburg, Florida

In planning and performing our audit of the financial statements of Spartan Securities Group, Ltd. (the Company), as of and for the year ended December 31, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13;
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of internal control and the practice and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are

safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of the Partners, management, the SEC, FINRA, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
