INDEPENDENT AUDITORS' REPORT

Board of Directors
First Citizens Investor Services, Inc.:

We have audited the accompanying balance sheet of First Citizens Investor Services, Inc. (a wholly owned subsidiary of First-Citizens Bank & Trust Company) (the Company) as of December 31, 2010, and the related statements of operations, changes in stockholder's equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of First Citizens Investor Services, Inc. as of December 31, 2010 and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules 1 and 2 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

FIRST CITIZENS INVESTOR SERVICES, INC.

(A Wholly Owned Subsidiary of First-Citizens Bank & Trust Company)

Notes to Financial Statements

Year Ended December 31, 2010

(1) Organization

First Citizens Investor Services, Inc. (Investor Services or the Company) was organized as a North Carolina corporation, and on January 26, 1994, it became a wholly owned subsidiary of First-Citizens Bank & Trust Company (the Parent) through the issuance of 50,000 shares of \$1 par value common stock. The Parent is a wholly owned subsidiary of First Citizens BancShares, Inc. (BancShares), a financial holding company located in Raleigh, North Carolina. The Parent, and other subsidiaries of BancShares are collectively referred to as "Related Parties".

Investor Services is a registered broker/dealer in securities with the Financial Industry Regulatory Authority (FINRA) and the Securities and Exchange Commission, a registered investment adviser, and a licensed insurance agency. The Company is an introducing broker-dealer that introduces brokerage accounts to a clearing agent that handles all the clearing activities. Revenue is earned through commissions and fees earned on transactions with its customers. The majority of Investor Services' customers are located in the southeastern United States.

(2) Summary of Significant Accounting and Reporting Policies

The accounting and reporting policies of the Company are in accordance with accounting principles generally accepted in the United States of America. The more significant of these policies used in preparing the Company's financial statements are described in this summary.

(a) Premises and Equipment

Premises and equipment (which primarily consist of leasehold improvements, furniture, fixtures, and equipment) are stated at cost less accumulated depreciation of \$598,722 at December 31, 2010. For financial reporting purposes, depreciation is computed by the straight-line method over the estimated useful lives of the assets, which is generally from three to ten years.

(b) Income Taxes

The Company is included in the consolidated federal income tax return of BancShares, and computes its tax expense for federal income taxes using BancShares' federal income tax rate. A tax allocation arrangement exists between the Company and BancShares. State income taxes are computed on a separate company basis since the Company files separate state income tax returns.

Deferred income taxes are recorded for the temporary differences between the financial reporting basis and the tax basis of the Company's assets and liabilities at enacted rates expected to be in effect when such amounts are realized or settled.

(2) Summary of Significant Accounting and Reporting Policies (Continued)

(c) *Commission Revenue*

Commissions earned on sales and purchases of securities for customers are recorded on a settlement date basis, which does not differ materially from a trade date basis.

(d) *Use of Estimates in Preparation of Financial Statements*

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements. Actual results could differ from those estimates.

(e) *Subsequent Events*

The Company evaluated the effect subsequent events would have on the financial statements through February 24, 2011, which is the date the financial statements were available to be issued.

(3) Transactions with Related Parties

Expenses discussed in this note are allocated under various methods determined by the Company and Related Parties and are subject to change.

Under an agreement with the Parent, Investor Services is charged interest at the prime rate for any outstanding balances Due to Parent. Such interest expense totaled \$8,359 for the year ended December 31, 2010.

The Company has entered into a revenue allocation arrangement with the Related Parties, pursuant to which the Company pays an agreed upon percentage of its gross revenues referred by such Related Parties. In addition, the Company pays a management fee to the Parent. Total fees paid to Related Parties totaled \$7,225,402 for the year ended December 31, 2010. Fees received from Related Parties totaled \$0 for the year ended December 31, 2010.

The Company pays occupancy and equipment expenses to the Parent. The Company's total occupancy expense to the Parent for the year was \$548,383 and total equipment expense was \$317,445. During 2010, the Company bought \$58,050 of furniture and equipment from related parties, consisting of mainly computer hardware. These transactions were with the Parent at the net book value of the selling party.

At December 31, 2010, the Company had \$1,724,289 in a noninterest bearing demand deposit account at the Parent. Due to Related Parties consists of various items paid by the Parent on behalf of the Company, such as income taxes and revenue allocation accruals per the Company's applicable contract with Related Parties.

FIRST CITIZENS INVESTOR SERVICES, INC.
(A Wholly Owned Subsidiary of First-Citizens Bank & Trust Company)
Notes to Financial Statements
Year Ended December 31, 2010

(4) Income Taxes

The components of income tax benefit are as follows:

Current:		
Federal		\$ (126,001)
State		<u>-</u>
		<u>(126,001)</u>
Deferred:		
Federal		(120,631)
State		<u>(52,226)</u>
		<u>(172,857)</u>
		<u>\$ (298,858)</u>

The income tax benefit for the period differed from the amount computed by applying the Parent's federal income tax rate of 35% to loss before income taxes because of the following:

	<u>Amount</u>	<u>Percent</u>
Income tax benefit at federal rate	\$ (267,697)	(35.00)%
Increase (decrease) in income taxes arising from:		
State income taxes, net of federal income tax benefit	(33,947)	(4.44)%
Other	<u>2,786</u>	<u>0.36%</u>
	<u>\$ (298,858)</u>	<u>(39.08)%</u>

Deferred tax liabilities of \$968,460 consist primarily of compensation-related temporary differences and are included in other liabilities. No valuation allowance was deemed necessary on any deferred tax assets as management has determined it is more likely than not that future taxable temporary differences and the results of future operations will result in sufficient taxable income to realize the gross deferred tax assets.

Under US GAAP, the benefit of a position taken or expected to be taken in a tax return should be recognized when it is more likely than not that the position will be sustained based on its technical merit. There was no liability recorded for unrecognized tax benefits at December 31, 2010. The Company recognizes interest and penalties, if any, related to income tax matters in income tax expense. There was no amount recognized during 2010. The Company and the Parent are no longer subject to U.S. federal or state income tax examinations by tax authorities for years before 2007.

(5) Employee Benefit Plans

The Parent sponsors a noncontributory, qualified defined benefit pension plan (the Pension Plan) covering certain full-time employees, including employees of the Company who were hired before April 1, 2007 and who elected to remain in the defined benefit plan. Under the Pension Plan, benefits are based on years of service and average earnings. The Parent's policy is to fund amounts approximating the maximum amount that is deductible for federal income tax purposes. The Pension Plan's assets consist of investments in the Parent's common trust funds, which include listed common stocks and fixed income securities, as well as investments in mid-cap and small-cap stocks through unaffiliated money managers. Net periodic pension expense of \$320,526 was allocated to the Company on a per-employee basis, based on the total pension expense for BancShares which was determined by an independent actuary. Prepaid pension cost of \$2,388,808 represents cumulative contributions less the net periodic pension expense.

Certain employees are also eligible to participate in the Parent-sponsored defined contribution savings plan. At the end of 2007, current employees were given the option to participate in the defined benefit plan or elect to join an enhanced defined contribution savings plan (CAP). In addition to the employer match of the employee contributions, the enhanced CAP plan provides a guaranteed, discretionary contribution to plan participants if they remain employed at the end of each calendar year. During the year, the Company made contributions of \$595,083 to the CAP Plan. The CAP Plan is available for employees after completion of thirty-one days of consecutive service.

(6) Net Capital Requirements

Investor Services is a registered broker/dealer in securities with the FINRA. Investor Services is subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1) (the Rule), which requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness to net capital as defined by the Rule, shall not exceed 15 to 1.

At December 31, 2010, the Company had net capital, as defined, of \$1,942,590 which was \$1,692,590 in excess of its required net capital of \$250,000. The Company's aggregate indebtedness to net capital ratio was 0.78 to 1.00.

(7) Fair Value of Financial Instruments

Investor Services' financial instruments are cash, commissions receivable, due to Related Parties, accrued salary expense, reserve for incentive plans and other liabilities. The carrying values of these on-balance sheet financial instruments approximate their fair values. Investor Services has no off-balance sheet financial instruments. Under accounting guidance, fair value estimates are ranked on a three-tier scale based on the relative reliability of the inputs used in the valuation. Other than cash, the assets and liabilities of Investor Services are considered Level 3 since they are determined by reliance on significant unobservable inputs.

Notes to Financial Statements
Year Ended December 31, 2010

(8) Concentrations of Credit Risk

The Company maintains its cash on deposit at the Parent and with Pershing. The balances at the financial institutions are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per institution. The balances at Pershing, Inc. (the Company's third party clearing broker) are insured by the Securities Investor Protection Corporation (SIPC) up to \$100,000 per customer. The Company routinely maintains amounts on deposit in excess of the FDIC and SIPC insured limits. As of December 31, 2010, the Company held \$1,724,289 on deposit with the Parent, of which \$1,474,289 exceeded the FDIC insured limit. As of December 31, 2010, the Company held \$1,600,000 on deposit with Pershing, of which \$1,500,000 exceeded the SIPC insured limit.

(9) Contingencies

Although management is not aware of any legal actions against the Company as of December 31, 2010, the Company could be named as defendant in such action as a result of its normal business activities. Damage amounts associated with such potential claims are unknown at this time and no liability has been recorded by the company for such claims.

Computation for Determination of Reserve Requirements

Under Rule 15c3-3 of the Securities and Exchange Commission

December 31, 2010

The Company is subject to the provisions of Rule 15c3-3 of the Securities Exchange Act of 1934. The Company does not hold customer cash or securities. Checks are received in the name of the Company or the clearing agent and are immediately restrictively endorsed and deposited in a bank account of the clearing agent or product underwriter, as applicable. Securities received are forwarded overnight to the clearing agent. The Company fully introduces brokerage accounts to the clearing agent and the Company does not have balances which would be included in a reserve computation. Therefore, the reserve requirement under Rule 15c3-3 was \$0 at December 31, 2010.

The above computation does not materially differ from the Company's computation, as shown in its FOCUS Report Form X-1 7A-5, Part II-A, dated December 31, 2010.

There are no liabilities subordinated to claims of creditors at December 31, 2010.

See the accompanying Independent Auditors' Report.

**Independent Auditors' Report on Applying Agreed
Upon Procedures Related to SIPC Assessment
Reconciliation Required by SEC Rule 17a-5(e)(4)**

To the Board of Directors
First Citizens Investor Services:

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7)] to the Securities Investor Protection Corporation (SIPC) for the period from January 1, 2010 to December 31, 2010, which were agreed to by First Citizens Investor Services (the Company) and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., SIPC, solely to assist you and the other specified parties in evaluating the Company's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). The Company's management is responsible for the Company's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement record entries noting no differences;
2. Compared the Total Revenue amounts of the audited Form X-17A-5 for the year ended December 31, 2010 with the amounts reported in Form SIPC-7 for the period ended December 31, 2010, noting no differences.
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers, noting no differences;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments, noting no differences.

**Independent Auditors' Report on
Internal Control Required by SEC Rule 17a-5**

To the Board of Directors
First Citizens Investor Services, Inc.

In planning and performing our audit of the financial statements of First Citizens Investor Services, Inc. (the Company), as of and for the year ended December 31, 2010 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control policies and procedures, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of the Company's Board of Directors and management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
