The Board of Directors  
Centurion Securities Corporation  
Washington, Missouri

We have audited the accompanying statement of financial condition of Centurion Securities Corporation (the Company) as of June 30, 2010 and 2009, and the related statements of income, changes in stockholders' equity and cash flows for the year then ended filed pursuant to Rule 17a-5 under Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement presentation. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Centurion Securities Corporation as of June 30, 2010 and 2009, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the supplemental information located on pages 8-13 are presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statement taken as a whole.

## **Notes to the Financial Statements**

For the Year Ended June 30, 2010

### **NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

This summary of significant policies is presented to assist in understanding the Company's financial statements. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Centurion Securities Corporation is a broker-dealer registered with the Securities Exchange Commission (SEC) and is a member of the Financial Industry Regulatory (FINRA). The Company was incorporated under the laws of Missouri in December, 1995. The Company operates as a fully-disclosed introducing broker and does not maintain customer accounts or securities.

The accounting and reporting policies of the Company conform to generally accepted accounting principles within the broker-dealer industry. Following is a description of the more significant of the Company's accounting principles.

#### **METHOD OF ACCOUNTING**

The Company maintains its accounting records on the accrual basis of accounting.

#### **ESTIMATES**

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### **COMMISSIONS**

Commission income and expenses, as well as related clearing expenses, are recorded on a trade-date basis.

#### **INCOME TAXES**

Applicable income taxes are computed based on reported income and expenses, adjusted for permanent differences between reported and taxable income. The company uses the asset and liability method of accounting for income taxes, in which deferred tax assets and liabilities are recognized for the estimated future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred tax assets and liabilities are measured using expected tax rates in effect for the year in which those temporary differences are expected to be settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in the period which includes the enactment date.

## Notes to the Financial Statements

For the Year Ended June 30, 2010

### NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

The Company implemented “FASB Accounting Standards Codification 740-10, Income Taxes-Overall” as of and for the year ending June 30, 2010. Included in this is a requirement under Accounting for Uncertainty in Income Taxes that realization of an uncertain income tax position must be “more likely than not” (i.e. greater than 50% likelihood of receiving a benefit or expense) before it should be recognized in the financial statements as the amount most likely to be realized assuming a review by the authorities having all the relevant information and applying current conventions. The code section also clarifies the financial statement classification of potential tax-related penalties and interest and sets forth new disclosures regarding unrecognized tax benefits or expense. The Company assessed its federal and state tax positions and determined there were no uncertainties or possible related effects that needs to be recorded as of or for the year ended June 30, 2010.

The federal and state income tax returns for the Corporation for 2007, 2008 and 2009 are subject to examination by the respective taxing authorities generally for three years after they are filed.

### STATEMENT OF CASH FLOW

The Company considers all short-term investments with an original maturity of three months or less to be cash equivalents.

### NOTE 2 – INCOME TAXES

The Company has net operating loss carry-forwards totaling \$43,973 which expires at various dates through 2010. The Company has established 100% valuation reserve on the net operating loss carry-forwards as it is more likely not that, based on the current level of operations, some portion of the assets will not be realized.

### NOTE 3 – RELATED PARTY TRANSACTIONS

Shareholders of the Company provide certain administrative services and equipment for the Company at no cost, while certain other purchases and services have been reimbursed for cost incurred by shareholders. Except for commissions on sales, no other salaries, wages, or forms of compensation are paid to shareholders or officers of the Company.

### NOTE 4 – NET CAPITAL REQUIREMENTS

The Company is subject to the Securities Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed fifteen to one. At June 30, 2010, the Company of \$8,184 which was \$3,184 in excess of its required minimum net capital of \$5,000. The Company’s aggregate indebtedness to net capital ratio was .636 to 1.

# **CENTURION SECURITIES CORPORATION**

## **Notes to the Financial Statements**

For the Year Ended June 30, 2010

### **NOTE 5 – SIGNIFICANT CONCENTRATIONS OF CREDIT RISK**

The Company has concentrated its credit risk for cash by maintaining deposits in financial institution within the geographic region of Washington, Missouri which may at times exceed amounts covered by insurance provided by the U.S. Federal Deposit Insurance Corporation (FDIC). The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk to cash. All cash accounts were adequately secured as of June 30, 2010.

### **NOTE 6 – RISK MANAGEMENT**

The Company is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions and natural disasters for which the network carries insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage since inception.

Holt & Patterson, LLC

**Independent Auditors Report on  
Internal Control Required by SEC Rule 17a-5**

August 7, 2010

The Board of Directors  
Centurion Securities Corporation  
Washington, Missouri

In planning and performing our audit of the financial statements and supplementary schedules of Centurion Securities Corporation (the Company) for the year ended June 30, 2010, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provided assurance on internal control.

Also, as required by rule 17a-5(g) (1) of the Security and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a) (11). Because the Company does not carry securities accounts for customers or perform custodial functions relating to the customers securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment of securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal controls of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or practices and procedures referred to above, misstatements due to errors or fraud may occur and not be detected. Also, projection of any evaluation of internal control to future periods is subject to the risk that internal control may be inadequate because of changes in conditions, or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of one or more of the specific internal control components does not reduce to a relatively low level the risk that errors or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted not matters involving internal control, including control activities for safeguarding securities that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulation, and that practices and procedures that do not meet such criteria in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at June 30, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, Financial Industry Regulatory Authority and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
