INDEPENDENT AUDITORS' REPORT

To the Member of
Sidoti & Company, LLC

We have audited the accompanying statement of financial condition of Sidoti & Company, LLC (the "Company") as of December 31, 2010. This statement of financial condition is the responsibility of the Company's management. Our responsibility is to express an opinion on this statement of financial condition based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purposes of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Sidoti & Company, LLC as of December 31, 2010, in conformity with accounting principles generally accepted in the United States of America.

Rothstein, Kass & Company, P.C.

SIDOTI & COMPANY, LLC

NOTES TO FINANCIAL STATEMENT

1. Nature of business and summary of significant accounting policies

Nature of Business

Sidoti & Company, LLC (the "Company") is a Delaware limited liability company formed on March 1, 1999. The Company's principal business activity is performing financial research and analysis, acting as a broker-dealer of securities and engaging in investment and financing activities. The Company is a registered broker-dealer with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Agency ("FINRA"). In addition, the Company is a member under the Ontario Securities Commission. The Company's sole member is Sidoti Holding Company LLC, a Delaware limited liability company ("Holding LLC").

Basis of Presentation

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

These financial statements were approved by management and available for issuance on February 17, 2011. Subsequent events have been evaluated through this date.

Cash and Cash Equivalent

The Company considers an investment in a money market account to be a cash equivalent.

Property and Equipment

Property and equipment is stated at cost, less accumulated depreciation and amortization. The Company provides for depreciation and amortization using the straight-line method over the estimated useful lives as follows:

Asset	Estimated Useful Life
Office equipment and computer software costs	3-5 years
Furniture and fixtures	7 years
Leasehold improvements	Lease term

Revenue and Expense Recognition from Securities Transactions

Securities transactions and the related revenues and expenses are recorded on the trade-date basis.

Revenue Recognition from Research Income

The Company records income from research services at the time the services have been rendered, the revenue is fixed or determinable and collectability is reasonably assured.

Revenue Recognition from Investment Banking

Investment banking revenues include fees arising from securities offerings in which the Company acts as an underwriter or agent. These revenues are recorded in accordance with the terms of the investment banking agreements.

SIDOTI & COMPANY, LLC

NOTES TO FINANCIAL STATEMENT

1. Nature of business and summary of significant accounting policies (continued)

Revenue Recognition from Seminar and Conference Income

Seminar and conference income is recognized when earned. Advances received which are related to seminar and conference income are deferred until earned.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Company's management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment Banking Fees Receivable

The Company carries its investment banking fees receivable at cost less an allowance for doubtful accounts. On a periodic basis, the Company evaluates its investment banking fees receivable and establishes an allowance for doubtful accounts, based on a history of past write-offs and collections and current credit conditions. No allowance for doubtful accounts was required at December 31, 2010.

Accounts Receivable

Accounts receivable is primarily comprised of receivables from the Company's research transactions.

Income Taxes

The Company is a single member limited liability company and, therefore, does not record a provision for federal and state income taxes. Accordingly, Holding LLC reports the Company's income or loss on its income tax returns. Holding LLC is subject to New York City unincorporated business tax ("UBT") and the Company reimburses Holding, LLC for taxes incurred and attributable to the Company's income, which is reported in Holding LLC's tax return.

The Company follows an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax asset and liabilities are computed for differences between the financial statement and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future based on the enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce the deferred income tax assets to the amount expected to be realized. At December 31, 2010, the Company has UBT expense of approximately \$23,000, which is included in the statement of operations.

The determination of the Company's provision for income taxes requires significant judgment, the use of estimates, and the interpretation and application of complex tax laws. Significant judgment is required in assessing the timing and amounts of deductible and taxable items and the probability of sustaining uncertain tax positions. The benefits of uncertain tax positions are recorded in the Company's financial statements only after determining a more-likely-than-not probability that the uncertain tax positions will withstand challenge, if any, from tax authorities. When facts and circumstances change, the Company reassesses these probabilities and records any changes in the consolidated financial statements as appropriate. Accrued interest and penalties related to income tax matters are classified as a component of income tax expense.

SIDOTI & COMPANY, LLC

NOTES TO FINANCIAL STATEMENT

1. Nature of business and summary of significant accounting policies (continued)

Income Taxes (continued)

In accordance with GAAP, the Company is required to determine whether a tax position of the Company is more likely than not to be sustained upon examination by the applicable taxing authority, including resolution of any related appeals or litigation processes, based on the technical merits of the position. The tax benefit to be recognized is measured as the largest amount of benefit that is greater than fifty percent likely of being realized upon ultimate settlement. De-recognition of a tax benefit previously recognized could result in the Company recording a tax liability that would reduce net assets. This policy also provides guidance on thresholds, measurement, de-recognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition that is intended to provide better financial statement comparability among different entities. Management's conclusions regarding this policy may be subject to review and adjustment at a later date based on factors including, but not limited to, on-going analyses of and changes to tax laws, regulations and interpretations thereof.

The Company's member files its income tax returns in the U.S. federal and various state and local jurisdictions. Generally, the Company is no longer subject to income tax examinations by major taxing authorities for years before 2007. Any potential examinations may include questioning the timing and amount of deductions, the nexus of income among various tax jurisdictions and compliance with U.S. federal, state and local tax laws. The Company's management does not expect that the total amount of unrecognized tax benefits will materially change over the next twelve months.

2. Net capital requirement

The Company, as a member of FINRA, is subject to the SEC Uniform Net Capital Rule 15c3-1. This Rule requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 and that equity capital may not be withdrawn or cash distributions paid if the resulting net capital ratio would exceed 10 to 1. At December 31, 2010, the Company's net capital was approximately \$4,472,000, which was approximately \$3,994,000 in excess of its minimum requirement of approximately \$477,000.

SIDOTI & COMPANY, LLC

NOTES TO FINANCIAL STATEMENT

3. Commitments

Operating leases

The Company is obligated under various operating lease agreements for their office locations, which expire through October 2012. The leases contain escalation clauses based on increased costs incurred by the landlord. Rent expense under these agreements for the year ended December 31, 2010 was approximately \$1,073,000.

The approximate future minimum annual rental commitments under the terms of the leases, as of December 31, 2010, are approximately as follows:

Year ending December 31,	
2011	\$ 1,266,000
2012	<u>1,035,000</u>
	<u>\$ 2,301,000</u>

The Company is obligated under a license agreement to make payments for the use of a database management system through 2011. The minimum future payments for the year ended December 31, 2010 is approximately \$70,000. Data expenses under this agreement were approximately \$124,000 for the year ended December 31, 2010.

4. Off-balance-sheet risk and concentrations of credit risk

Pursuant to its clearing agreements, the Company introduces all of its securities transactions to its clearing brokers on a fully-disclosed basis. At December 31, 2010, the receivables from the clearing brokers' represents commissions receivable earned as an introducing broker for the transactions of its customers. Under certain conditions, as defined in the clearing agreements, the Company has agreed to indemnify the clearing brokers for losses, if any, which the clearing brokers may sustain from carrying securities transactions introduced by the Company and must maintain, at all times, a clearing deposit of not less than \$150,000. In accordance with industry practice and regulatory requirements, the Company and the clearing brokers monitor collateral in the securities transactions introduced by the Company.

In the normal course of business, the Company's customer activities involve the execution, settlement, and financing of various customer securities transactions. These activities may expose the Company to off-balance-sheet risk in the event the customer or other broker is unable to fulfill its contracted obligations and the Company has to purchase or sell the financial instrument underlying the contract at a loss.

The Company maintains its cash balances in financial institutions. These balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. These balances may, at times, exceed federally insured limits.

SIDOTI & COMPANY, LLC

NOTES TO FINANCIAL STATEMENT

5. Property and equipment

Details of property and equipment at December 31, 2010 are as follows:

Office equipment	\$ 1,148,575
Furniture and fixtures	92,995
Computer software	317,389
Leasehold improvements	<u>353,642</u>
	1,912,601
Less accumulated depreciation and amortization	<u>1,525,054</u>
	<u>\$ 387,547</u>

For the year ended December 31, 2010, depreciation expense was approximately \$185,000.

6. Exemption from Rule 15c3-3

The Company is exempt from the SEC Rule 15c3-3 pursuant to the exemptive provisions of sub-paragraph (k)(2)(ii) and, therefore, is not required to maintain a "Special Reserve Bank Account for the Exclusive Benefit of Customers".

7. Retirement plan

The Company has a retirement plan ("the Plan") under Section 401(k) of the Internal Revenue Code, which covers all eligible employees. The Plan provides for voluntary deductions of up to 60% of the employee's salary, subject to Internal Revenue Code limitations. In addition, the Company can elect to make discretionary contributions to the Plan. For the year ended December 31, 2010 the Company elected not to make a contribution.
