Independent Auditor's Report

To the Members
Govdesk LLC

We have audited the accompanying statement of financial condition of Govdesk LLC (the "Company") as of December 31, 2010 and the related statement of operations, changes in members' equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Govdesk LLC as of December 31, 2010 and the results of its operations and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II are presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Govdesk LLC

Notes to the Financial Statements

December 31, 2010

1. Organization

Govdesk LLC (the "Company") was formed as a Limited Liability Company in California in January, 1998, with a termination date of September 30, 2047. Under this form of organization, the members are not liable for the debts of the Company.

The Company registered as a broker-dealer with the Securities and Exchange Commission in August, 1998, and is a member of the Financial Industry Regulatory Authority. The Company engages primarily in the brokerage of United States government securities and corporate bonds.

2. Significant Accounting Policies

Cash and Cash Equivalents

The Company considers all demand deposits held in banks and certain highly liquid investments with original maturities of three months or less, other than those held for sale in the ordinary course of business, to be cash equivalents.

Accounts Receivable

The Company considers accounts receivable to be fully collectible, and accordingly, no allowance for doubtful accounts has been provided. Management reviews accounts receivable and sets up an allowance for doubtful accounts when collection of a receivable becomes unlikely.

Furniture and Equipment

Furniture and equipment purchases greater than \$500 are valued at cost. Depreciation is being provided by the use of the straight-line method over estimated useful lives ranging from five to seven years.

Commission Revenue

Commissions are related to securities transactions and are recorded on a trade date basis.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates and may have an impact on future periods.

Fair Value of Financial Instruments

Unless otherwise indicated, the fair values of all reported assets and liabilities that represent financial instruments (none of which are held for trading purposes) approximate the carrying values of such amounts.

Income Taxes

The Company, a limited liability company, has elected to be taxed as a partnership under the Internal Revenue Code and a similar state statute. In lieu of income taxes, the Company passes 100% of its taxable income and expenses to its members. Therefore, no provision or liability for federal or state income taxes is included in these financial statements. However, the Company is subject to the annual California LLC tax of \$800 and a California LLC fee based on gross income.

Govdesk LLC

Notes to the Financial Statements

December 31, 2010

3. Related Parties

The Company is affiliated with Seagate Research and Consulting LLC ("Seagate Research"), Seagate Global Advisors LLC ("Seagate Global"), and SEAL Capital, Inc. ("SEAL"). A member of the Company is also a member of Seagate Research, Seagate Global, and SEAL. As of December 31, 2010, \$19,381 was due from Seagate Research, \$21,002 was due from Seagate Global, \$225 was due to SEAL and all amounts are included in due to affiliate in the statement of financial condition.

Through the year ended December 31, 2010, the Company had advanced a cumulative total of \$331,384 to certain officers which is included in the statement of financial condition.

Tradition Asiel Securities, Inc. ("Tradition"), a broker-dealer and affiliate of the Company, serves as the Company's clearing broker, where all customer transactions are cleared on a fully disclosed basis. At December 31, 2009, \$118,770 is due from Tradition. During 2010, clearing fees totaling \$22,643 were paid to Tradition.

The Company's results of operations and financial position could differ significantly from those that would have been obtained if the entities were autonomous.

4. Employee Benefit Plan

The Company maintains a qualified 401(k) employee savings and profit sharing plan for the benefit of substantially all employees. Under the plan, employees can contribute and defer taxes on compensation contributed. The Company has the option to make additional profit sharing contributions to the plan. No employer contributions to the plan were made in 2010.

5. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission's uniform net capital rule (Rule 15c3-1) which requires the Company to maintain a minimum net capital equal to or greater than \$5,000 and a ratio of aggregate indebtedness to net capital not exceeding 15 to 1, both as defined. At December 31, 2010, the Company's net capital was \$206,922 which exceeded the requirement by \$201,922.

6. Lease Obligation

In December, 2008, the Company and Seagate Global (jointly and severally), executed an operating lease for offices in El Segundo, California that expires in January 2012. In July 2009, the Company agreed to be responsible for 89% of the total, monthly lease expense. Future minimum lease payments under the non-cancelable operating lease are:

2011	\$107,918
2012	8,993
<u>Total</u>	<u>\$116,911</u>

Govdesk LLC

Notes to the Financial Statements

December 31, 2010

7. Financial Instruments with Off-Balance-Sheet Credit Risk

As a securities broker, the Company executes transactions with and on the behalf of customers. The Company introduces these transactions for clearance to a clearing firm on a fully disclosed basis.

In the normal course of business, the Company's customer activities involve the execution of securities transactions and settlement by its clearing broker. The agreement between the Company and its clearing broker provides that the Company is obligated to assume any exposure related to nonperformance by its customers. These activities may expose the Company to off-balance-sheet risk in the event the customer is unable to fulfill its contracted obligations.

In the event the customer fails to satisfy its obligations, the Company may be required to purchase or sell financial instruments at the prevailing market price in order to fulfill the customer's obligation.

The Company seeks to control off-the-balance-sheet credit risk by monitoring its customer transaction and reviewing information it receives from its clearing broker on a daily basis and reserving for doubtful accounts when necessary.

8. Subsequent Events

The Company has evaluated subsequent events through February 14, 2011, the date which the financial statements were available to be issued.

SUPPLEMENTAL INFORMATION

Govdesk LLC
Schedule I

Computation of Net Capital Under Rule 15c3-1
of the Securities and Exchange Commission

As of December 31, 2010

Net Capital	
Total members' equity	\$ 723,644
Less: Non-allowable assets	
Due from affiliate	40,159
Due from member	64,527
Advances to officers	331,384
Prepaid expenses and other assets	45,370
Furniture and equipment, net	35,282
Total non-allowable assets	516,722
Net Capital	206,922
Net minimum capital requirement of 6 2/3 % of aggregate	
indebtedness of \$64,801 or \$5,000, whichever is greater	5,000

Govdesk LLC
Schedule II

**Computation for Determination of Reserve Requirements Under
Rule 15c3-3 of the Securities and Exchange Commission**

For the Year Ended December 31, 2010

An exception from Rule 15c3-3 is claimed, based upon section (k)(2)(ii). All customer transactions are processed in accordance with Rule 15c3-1(a)(2).

**Information Relating to Possession or Control Requirements Under
Rule 15c3-3 of the Securities and Exchange Commissions**

For the Year Ended December 31, 2010

An exception from Rule 15c3-3 is claimed, based upon section (k)(2)(ii).

Independent Auditor's Report on Internal Accounting Control Required by SEC Rule 17a-5

To the Members
Govdesk LLC

In planning and performing our audit of the financial statements and supplemental schedules of Govdesk LLC. (the "Company"), as of and for the year ended December 31, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting ("internal control") as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. However, we identified the following deficiency in internal control that we consider to be a material weakness, as defined above. This condition was considered in determining the nature, timing, and extent of the procedures performed in our audit of the financial statements of the Company for the year ended December 31, 2010, and this report does not affect our report thereon dated February 14, 2011.

The size of the business and the resultant limited number of employees imposes practical limitations on the effectiveness of those internal control policies and procedures that depend on the segregation of duties. Because this condition is inherent in the size of the Company, the specific weaknesses are not described herein and no corrective action has been taken or proposed by the Company.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of the members, management, the SEC, the FINRA, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

SIPC Supplemental Report Required by SEC Rule 17a-5

To the Members
Govdesk LLC

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7)] to the Securities Investor Protection Corporation ("SIPC") for the year ended December 31, 2010, which were agreed to by Govdesk LLC (the "Company") and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and the other specified parties in evaluating the Company's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). The Company's management is responsible for the Company's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries noting \$117.99 less payment made than reported on Form SIPC-7;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2010, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2010 noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers noting no differences;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments noting no differences; and
5. Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed noting no differences (if applicable).

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
