Report of Independent Auditors

To the Board of Directors and Stockholder of
FirstBank Puerto Rico Securities, Corp.

In our opinion, the accompanying statement of financial condition and related statements of income and retained earnings, of changes in stockholder's equity, of changes in subordinated borrowings, and of cash flows present fairly, in all material respects, the financial position of FirstBank Puerto Rico Securities, Corp. (the "Company") at December 31, 2010, and the results of its operations and its cash flows for the year ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of these statements in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, and II, is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Notes to Financial Statements
December 31, 2010

1. Reporting Entity and Summary of Significant Accounting Policies

Reporting Entity

FirstBank Puerto Rico Securities, Corp. (the "Company") is organized under the laws of the Commonwealth of Puerto Rico ("Commonwealth") and is wholly-owned by FirstBank Puerto Rico, Inc. ("FirstBank"), a commercial bank chartered under the laws of the Commonwealth of Puerto Rico, which is, in turn, wholly-owned by First BanCorp.

The Company operates as a broker-dealer in the Commonwealth and is engaged to conduct municipal securities underwriting business for local Puerto Rico Municipal Bond Issuers ("Municipal Issuers"). The Company is registered as a broker-dealer with the Securities and Exchange Commission (SEC) and the Puerto Rico Financial Institutions Commissioner. The Company is subject to the supervision, examination and regulation of the Financial Industry Regulatory Authority ("FINRA"), and also is subject to the regulations of the Municipal Securities Rulemaking Board.

The accounting and reporting practices of the Company conform with generally accepted accounting principles in the United States of America ("GAAP") and the industry practices. The following is a description of the more significant of these policies:

Use of Estimates in the Preparation of Financial Statements

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Management believes that these estimates are adequate. Actual results could differ from those estimates.

Revenue Recognition

Structuring and underwriters fees are recorded as income when earned and the services are performed and completed. The Company has an investment banking services, sales and distribution agreement with J.P. Morgan Securities Inc. to assist the Municipal Issuers in structuring and facilitating the issuance of their municipal securities that are to be offered and sold outside of Puerto Rico.

Income Taxes

The amount of current and deferred taxes payable or refundable is recognized as of the date of the financial statements, utilizing currently enacted tax laws and rates. Deferred tax expenses or benefits are recognized in the financial statements for the changes in deferred tax liabilities or assets between years. A valuation allowance is established, when necessary, to reduce deferred tax assets to the amount that is more likely than not to be realized. In estimating taxes, management assesses the relative merits and risk of the appropriate tax treatment of transactions taking into account statutory, judicial and regulatory guidance, and recognizes tax benefits only when deemed probable.

FirstBank Puerto Rico Securities, Corp.
(a wholly-owned subsidiary of FirstBank Puerto Rico, Inc.)
Notes to Financial Statements
December 31, 2010

The Company recognizes and measures its unrecognized tax benefits in accordance with FASB ASC 740, Income Taxes. Under that guidance the Company assesses the likelihood, based on their technical merit, that tax positions will be sustained upon examination based on the facts, circumstances and information available at the end of each period. The measurement of unrecognized tax benefits is adjusted when new information is available, or when an event occurs that requires a change. As of December 31, 2010, the Company has not recognized a liability for unrecognized tax benefits.

2. Subordinated Borrowings

The Company has a revolving subordinated loan agreement with FirstBank maturing on March 31, 2012. Under the agreement, the Company may borrow up to \$50,000,000. The interest rate on this loan is equivalent to FirstBank's cost of funds for 90-days funding. FirstBank's cost of funds for 90- days was 1.52% as of December 31, 2010. All borrowings under this agreement qualify as regulatory capital and the agreement includes all statutory restrictions specified by the Uniform Net Capital Rule. The Company had no borrowings outstanding as of December 31, 2010.

3. Related Party Transactions

The Company has an Expense Sharing & Management Agreement (the "Agreement") with FirstBank under which FirstBank provides office space, computer and other office equipment, and general managerial & administrative support and services. Under such Agreement, the Company pays a management fee and reimburses all direct expenses to FirstBank on a monthly basis. Cash deposited with parent company amounted to \$22,570. Accounts payable to the parent company amounted to \$36,781. Also, rent payable to the parent company for office space amounted to \$681 as of December 31, 2010.

4. Benefit Plan

The Company's employees participate in the FirstBank 401(k) Retirement Plan for residents of Puerto Rico (Section 1165(e)), (the "Plan") established by its parent company. The Company provides contributory retirement plans pursuant to Section 1165(e) of Puerto Rico Internal Revenue Code. All employees are eligible to participate in the Plan after three months of services for purpose of making elective deferral contributions and one year of service for purpose of sharing in the Company matching, qualified matching and qualified nonelective contributions. Under the provision of the Plan, the Company contributes 25% of the first 4% of the participant's compensation contributed to the Plan on a pre-tax basis. Participants are permitted to contribute up to \$9,000 for 2009, and 2010, \$10,000 for 2011 and 2012 and \$12,000 beginning on January 1, 2013. Additional contributions to the Plan are voluntarily made by the Company as determined by its Board of Directors. The Company had a total plan expense of \$1,177 during the year ended December 31, 2010.

Notes to Financial Statements

5. Concentration of Credit Risk

The Company is engaged in various trading and brokerage activities in which counterparties primarily include broker-dealers, banks, and other financial institutions. In the event counterparties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counterparty or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counterparty. Also, the Company's main business is in Puerto Rico.

Most of the cash balance outstanding as of December 31, 2010 is deposited with a local financial institution. The balance in this account may exceed the federally insured limit of \$250,000 by the Federal Deposit Insurance Corporation in case of bank failure. As of December 31, 2010, the Company had \$1,988,927 in excess of the insurance limit at this local institution.

6. Clearance Agreements

The Company has clearing and custody agreement with Sterne, Agee & Leach, Inc. ("Sterne, Agee"). Sterne, Agee is a member of various stock exchanges and subject to the rules and regulations of such organizations as well as those of the Securities and Exchange Commission. Under the terms of the agreement, Sterne, Agee clears and executes the brokerage transactions of the Company's customers on a fully disclosed basis.

Under the terms of the clearance agreement with Sterne, Agee, the clearing broker has the right to charge the Company for losses that result from a counterparty's, introduced by the Company, failure to fulfill its contractual obligations which default could have material effect on our business, financial condition and operating results. The Company is unable to develop an estimate of the maximum assumptions under these agreements and the probable exposure, however, the exposure as of December 31, 2010 was immaterial. During 2010, the Company did not pay any amounts related to these guarantees.

7. Commitments and Contingent Liabilities

The Company had obligations under a lease agreement with the FirstBank, for office space. Total rent expense for the year ended December 31, 2010 was \$8,172. The company's lease agreement with FirstBank was cancelled during 2011.

In the ordinary course of business, the nature of the Company's business subjects it to claims, lawsuits, regulatory examinations and other proceedings. The results of these matters cannot be predicted with certainty. There can be no assurance that these matters will not have a material adverse effect on the Company's results of operations in any future period and a material judgment could have a material adverse impact on the Company's financial condition and results of operations. However, it is the opinion of management, after consultation with legal counsel that, based on information currently available, the ultimate outcome of these matters will not have a material adverse impact on the business, financial condition, operating results or liquidity of the Company.

8. Net Capital Requirements

The Company is subject to the SEC Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to

FirstBank Puerto Rico Securities, Corp.
(a wholly-owned subsidiary of FirstBank Puerto Rico, Inc.)
Notes to Financial Statements

net capital, both as defined, shall not exceed 15 to 1. The Company's net capital ratio was .68 to 1. At December 31, 2010, the Company's had net capital of \$1,353,598, which was \$1,253,598 in excess of its required net capital of \$100,000.

9. Subsequent Events

The Company has performed an evaluation of events occurring subsequent to December 31, 2010 through March 1, 2011, which is the date the financial statements were available to be issued. Management has determined that there are no events occurring in this period that required disclosure in or adjustment to the accompanying financial statements.

Supplemental Report on Internal Control
December 31, 2010**

**Report of Independent Auditors
on Internal Control Required By SEC Rule 17a-5**

To the Board of Directors and Stockholder of
FirstBank Puerto Rico Securities, Corp.:

In planning and performing our audit of the financial statements of FirstBank Puerto Rico Securities Corp. (the "Company") as of and for the year ended December 31, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures, that we considered relevant to the objectives stated in Rule 17a-5(g), in making the following:

1. The periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a)(11); and
2. Determining compliance with the exemptive provisions of Rule 15c3-3.

Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications, and comparisons, and the recordation of differences required by Rule 17a-13; and
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable, but not absolute, assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods

is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first, second, and third paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2010 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, the Financial Industry Regulatory Authority ("FINRA"), and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

**Procedures on General Assessment
Reconciliation (Form SIPC-7)**

December 31, 2010

Report of Independent Accountants

To the Board of Directors and Stockholder of
FirstBank Puerto Rico Securities, Corp.

In accordance with Rule 17a-5(e)(4) of the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying General Assessment Reconciliation (Form SIPC-7) of the Securities Investor Protection Corporation (SIPC) of FirstBank Puerto Rico Securities, Corp. for the year ended December 31, 2010, which were agreed to by FirstBank Puerto Rico Securities, Corp., the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and the Securities Investor Protection Corporation (collectively, the "specified parties") solely to assist the specified parties in evaluating FirstBank Puerto Rico Securities, Corp.'s compliance with the applicable instructions of Form SIPC-7 during the year ended December 31, 2010. Management is responsible for FirstBank Puerto Rico Securities, Corp.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose.

The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments on page 1, items 2B and 2F of Form SIPC-7T with the respective cash disbursement records entries, as follows: payment dated in July 28, 2010 for the amount of \$3,885.00 was compared to cancelled check no. 560986 obtained from Mr. Luis Alfaro, President and Managing Director; payment dated January 25, 2011 in the amount of \$1,525.00 was compared to cancelled check no. 569787, obtained from Mr. Luis Alfaro, President and Managing Director, and found it to be in agreement.
2.
