## Report of Independent Registered Public Accounting Firm

To The Members  
Stanley Laman Group Securities, LLC

We have audited the accompanying statement of financial condition of Stanley Laman Group Securities, LLC as of December 31, 2010. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Stanley Laman Group Securities, LLC as of December 31, 2010 in conformity with accounting principles generally accepted in the United States of America.

Notes to Financial Statement

December 31, 2010

## **1. Business Activity and Organization**

The Company was formed in April 2002 for the purpose of providing broker-dealer services in variable life insurance. The Company is registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Agency (FINRA).

The Company is affiliated with another entity under common control and ownership. All revenue generated is the result of its affiliation with this other entity.

## **2. Summary of Significant Accounting Policies**

This summary of significant accounting policies of Stanley Laman Group Securities, LLC ("the Company") is presented to assist in understanding the Company's financial statement. The financial statement and accompanying notes are representations of the Company's management, which is responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America.

### **Basis of Accounting**

The accompanying financial statement is presented on the accrual basis in accordance with accounting principles generally accepted in the United States of America.

### **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement and reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

### **Cash and Cash Equivalents**

The Company considers all short-term debt securities purchased with an original maturity of three (3) months or less to be cash equivalents.

### **Securities Owned**

Investments are recorded at fair value in accordance with FASB ASC 820, *Fair Value Measurements and Disclosures*.

### **Revenue Recognition**

Insurance commissions are recognized as revenue when (i) the policy application is substantially complete, (ii) the premium is paid and (iii) the insured party is contractually committed to the purchase of the insurance policy.

Notes to Financial Statements  
December 31, 2010

## Income Taxes

In lieu of corporate income taxes, the members of a limited liability corporation are taxed on their proportionate share of the Company's taxable income. Accordingly, no provision for corporate income taxes is included in this financial statement.

The Company follows the provisions of FASB ASC 740, *Income Taxes*. FASB ASC 740, as updated FASB ASU 2009-06, provides guidance on accounting for income taxes, including uncertain tax positions.

No interest and penalties related to income taxes have been recognized in the accompanying financial statement. The Company believes there are no uncertain tax positions. The Company is no longer subject to income tax audits for years before 2007.

## Concentrations of Credit Risk

The Company maintains cash balances at a financial institution located in the Philadelphia area. Accounts are insured by the Federal Deposit Insurance Corporation ("FDIC") up to \$250,000. At times, the Company's cash accounts exceeded the FDIC limit.

## Subsequent Events

In preparing this financial statement, the Company has evaluated events and transactions for potential recognition and disclosure through February 25, 2011, the date the financial statement was available to be issued.

### 3. Securities and Exchange Commission Rule 15c3-3 Exemption

The Company is exempt from the provisions of Rule 15c3-3 under paragraph (k)(2)(ii), under which provision the Company must promptly transmit all customer funds and deliver all securities received in connection with its activities as a broker-dealer, and not otherwise hold funds or securities for, or owe money or securities to its customers. The Company was not in possession of any customer funds at December 31, 2010.

### 4. Fair Value Measurements

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability or, in the absence of a principal market, the most advantageous market. Valuation techniques that consist with the market, income or cost approach, as specified by FASB ASC 820, are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.
- Level 2 inputs are inputs (other than quoted prices included within level 1) that are observed for the asset or liability, either directly or indirectly.

# Stanley Laman Group Securities, LLC

## Notes to Financial Statements

December 31, 2010

- Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or the liability.

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Common stock	<u>\$ 72,536</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 72,536</u>

Fair values for investments are determined by quoted prices in active markets for identical assets.

### 5. Related Party Transactions

The Company shares office space with an affiliate under common control and ownership. During 2010, the Company paid fees of \$12,000 to the affiliate for its allocated share of rent, utilities and office expenses. The fees are based on the affiliate's estimate of expenses incurred related to the resources utilized by the Company. Management believes that these estimates were made on a reasonable basis. However, the fees are not necessarily indicative of the level of expenses that might have been incurred had the Company contracted directly with third parties. Management has not made a study or any attempt to obtain quotes from third parties to determine what the cost of obtaining such services from third parties would have been. The fees and expenses charged by the affiliate are subject to change.

### 6. Net Capital Requirement

The Company is subject to the Securities and Exchange Commission's "Uniform Net Capital Rule" (Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1.

At December 31, 2010, the Company's net capital was \$106,294, which was \$101,294 in excess of its required net capital of \$5,000. The Company's aggregate indebtedness/net capital ratio was 0%.

### 7. Commitments and Contingencies

The Company is subject to claims and legal proceedings which arise in the ordinary course of its business. The Company is unable to estimate the magnitude of any future exposure at this time.

The Company is exposed to the risk of loss on unsettled customer transactions in the event customers and other counterparties are unable to fulfill contractual obligations. Transactions entered into as of December 31, 2010 settled with no adverse effect on the Company's financial condition.
