Report of Independent Registered Public Accounting Firm

To the Member
VT Brokers, LLC

We have audited the accompanying statement of financial condition of VT Brokers, LLC as of December 31, 2010, and the related statements of operations, changes in member's equity and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of VT Brokers, LLC as of December 31, 2010, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, III and IV is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

VT BROKERS, LLC
Notes to Financial Statements
December 31, 2010

1. Business and Summary of Significant Accounting Policies

Business

VT Brokers, LLC, (the “Company”) is a Delaware limited liability company formed in 2003. The Company is a wholly-owned subsidiary of VT Brokerage Group, LLC (the “Parent”), a California limited liability company. The Company is a broker-dealer registered with the Securities and Exchange Commission and the Municipal Securities Rulemaking Board and is a member of the Financial Industry Regulatory Authority, Inc. (“FINRA”), NYSE ARCA and the National Futures Association (“NFA”).

The Company received approval from FINRA in April 2009 to act as a fully disclosed introducing broker dealer. Merrill Lynch Professional Clearing Corp. and Penson Financial Services, Inc. (“Clearing Brokers”) provide custodial and clearing services to the Company.

As a limited liability company, the member’s liability is limited to the amount reflected in the member’s capital account.

Cash

Cash consists of cash on deposit and cash in a money market account with a commercial bank which, at times, may exceed federally insured limits. The Company has not experienced any losses in such accounts and believes it is not exposed to any significant credit risk on cash balances.

Revenue Recognition

Commissions from agency desk are recorded upon completion of executing client orders to buy and sell option contracts.

Commissions from customer accounts are generated through introducing customer accounts to the clearing brokers. Commission revenue is recorded on a trade date basis as securities transactions occur.

Accounts Receivable

Accounts receivable are recorded at the invoiced amount and do not bear interest. The collectability of outstanding invoices is periodically assessed and an allowance is created if deemed necessary. In determining an allowance, the Company consider factors such as historical collections, a client’s current creditworthiness, age of the receivable balance and general economic conditions that may affect a client’s ability to pay. At December 31 2010, there was no allowance for outstanding invoices.

1. Business and Summary of Significant Accounting Policies (continued)

Accounting for Income Taxes

No provision for federal or state income taxes has been made since the Company is treated as a disregarded entity for income tax purposes and its income is allocated to the Parent for inclusion in the Parent's income tax returns. LLC fees levied at the state level are immaterial and are not separately stated in the statement of operations. With few exceptions, the Company is no longer subject to examination by tax authorities for years before 2006.

Use of Estimates

The process of preparing financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

2. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2010, the Company had net capital of \$1,185,314, which was \$1,140,314 in excess of its required net capital of \$45,000. The Company's aggregate indebtedness to net capital ratio was 0.02 to 1.

The Company is required by FINRA to maintain a minimum net capital of \$5,000. During 2010 the Company received approval by the NFA to conduct activities as a Futures Introducing Broker. The NFA requires the Company to maintain a minimum net capital of \$45,000.

3. Indemnification

The Company enters into contracts that contain a variety of indemnifications for which the maximum exposure is unknown but for which management expects the risk of loss, if any, to be remote. The Company has no current claims or losses pursuant such contracts.

VT BROKERS, LLC
Notes to Financial Statements
December 31, 2010

4. Related Party Transactions

The Company leases its office facility under the terms of an expense-sharing agreement with V Trader Pro, LLC (the "Affiliate"). Under the terms of the agreement, the Company pays \$1,250 in monthly rent to the Affiliate. During 2010, the Company paid \$15,000 to the Affiliate for rent. The Company is currently on a month to month lease and may end its obligations under this agreement on 30 days notice.

During 2010, the Affiliate was also a client of the Company. The Company earned \$35,292 in revenue from the Affiliate during the year which is included in commission from agency desk in the accompanying statement of operations. At December 31, 2010 the Affiliate owed the Company \$16,165 for commissions. At December 31, 2010 the Company owed the Affiliate \$1,250 in reimbursements for expenses paid by the Affiliate on the Company's behalf.

5. Subsequent Events

Management evaluated subsequent events through February 23, 2011, the date these financial statements were available to be issued. There were no material subsequent events that required disclosure in these financial statements.

To the Member
VT Brokers, LLC

In planning and performing our audit of the financial statements of VT Brokers, LLC (the "Company"), as of and for the year ended December 31, 2010 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting ("internal control") as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Harb, Levy & Weiland LLP is a member of Nexia International, a worldwide network of independent accounting and consulting firms.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented or detected and corrected on a timely basis.

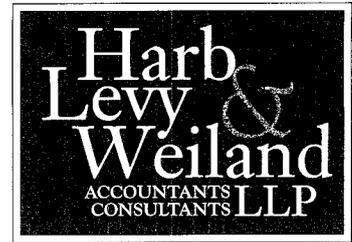

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC, FINRA, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Report of Independent Registered Public Accounting Firm on Applying Agreed Upon-Procedures
Related to an Entity's SIPC Assessment Reconciliation

To the Members of
VT BROKERS, LLC

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7)] to the Securities Investor Protection Corporation (SIPC) for the year ended December 31, 2010, which were agreed to by VT BROKERS, LLC (the "Company") and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC solely to assist you and the other specified parties in evaluating the Company's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). The Company's management is responsible for the Company's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payment in Form SIPC-7 with respective cash disbursement records in the general ledger and cash register noting no differences;
2. Compared the Total Revenue amounts of the audited Form X-17A-5 for the year ended December 31, 2010, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2010, noting trivial difference of \$3,000 due to understatement of revenue;
3. Compared adjustments reported in Form SIPC-7 with supporting schedules and working papers for fees paid to other broker dealers that are members of SIPC and other regulatory fees, noting differences as follows:
 - a) The client incorrectly overstated other regulatory fees by \$16,768 for which the impact on the SIPC assessment is approximately \$42;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working paper supporting the adjustments, noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
