TORE SERVICES, LLC
NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2010

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed by the Company in the preparation of its financial statements.

Organization

TORE Services, LLC (the "Company") was formed as a limited liability company on January 18, 2008, and is a broker-dealer registered with the U.S. Securities and Exchange Commission. Its principal source of income is derived from referral fees. The Company is a wholly owned subsidiary of Concord Capital Partners, Inc. ("the Parent"). The Parent is the sole member of the limited liability company, as such, the member's liability is limited to its capital investment.

Use of Estimates

The presentation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions. These estimates and assumptions affect the reported amounts of certain assets and liabilities and disclosure of contingent liabilities at the date of the financial statements. They also affect reported amounts of revenue and expenses during the reporting period. Actual results could differ from those amounts.

Referral Fees

The Company earns fees for referring clients of the Parent to its clearing agent, who performs execution services for the clients. Referral fees owed to the Company are a negotiated percentage of the gross asset value and execution revenue generated by the clients' investment account with the clearing agent. Income is recognized on the accrual basis at the end of each month based on all transactions executed during the course of the month.

Income Taxes

The Company, a limited liability company, has elected to be taxed for federal and state purposes as a proprietorship. As a result, the Company is not a taxpaying entity for federal or state income tax purposes and, accordingly, no income tax expense or tax benefit has been recorded in these financial statements. Income or losses from the Company are reflected on the Member income tax returns.

TORE SERVICES, LLC
NOTES TO FINANCIAL STATEMENTS

NOTE 2 – TRANSACTIONS WITH CLEARING AGENT

The Company has a clearing agreement with a clearing agent for the primary purpose of clearing its customers' securities and commodities transactions on a fully disclosed basis. The clearing agent reflects all such transactions on their books, and records them in accounts they carry in the names of such customers. Accordingly, the Company does not hold funds or securities for, or owe funds or securities to, its customers. The agreement provides for clearing charges at a fixed rate multiplied by the number of transactions executed by the Company. The agreement also requires the Company to maintain a minimum \$100,000 deposit with the clearing agent. At December 31, 2010, the clearing deposit was not funded.

Receivables from the clearing agent represent agency commissions earned net of clearing costs and fees. Payable to the clearing firm represents the unfunded clearing deposit.

NOTE 3 – NET CAPITAL REQUIREMENT

Pursuant to rule 15c3-1 of the Securities and Exchange Commission, the Company is required to maintain minimum "net capital" amount as defined under such rule.

As of December 21, 2010, the Company's net capital was computed to be \$137,537, which exceeded its minimum requirements of \$7,138 by \$130,399. The ratio of aggregate indebtedness to net capital was 77.85%.

The Company is exempt from the provisions of the Securities Exchange Act Rule 15c3-3 relating to the maintenance of customer reserve accounts and possession or control of customer securities pursuant to paragraph (k)(2)(ii) since the Company does not hold funds or securities of customers.

NOTE 4 – EXPENSE AGREEMENT

The Company entered into an expense agreement with its Parent company, Concord Capital Partners, Inc. Under the agreement, the Company shares space with the Parent and utilizes their internet and other technology services in return for the payment of a percentage of the Parent's monthly lease and technology expenses. For the year 2010, the Company paid rent expense of \$6,600 and technology expenses of \$2,400.

DECEMBER 31, 2010

NOTE 5 – CONCENTRATIONS OF CREDIT RISK AND OTHER MATTERS

The Company keeps its cash with high credit quality financial institutions. The account balance may exceed the FDIC insurance limit.

The Company clears its introduced transactions through another broker-dealer, which is highly capitalized, and a member of all major securities exchanges.

Nonperformance by its clearing broker in fulfilling its contractual obligations pursuant to securities transactions may expose the Company to risk and potential loss.

Report on Internal Accounting Control Required by SEC Rule 17a-5

The Member **TORE Services, LLC**

In planning and performing our audit of the financial statements of TORE Services, LLC (the "Company") as of and for the year ended December 31, 2010 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g), in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of the Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph.

In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. *A significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purpose in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of the Member, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
