INDEPENDENT AUDITORS' REPORT

To the Member of
Skyworks Securities, LLC

We have audited the accompanying statement of financial condition of Skyworks Securities, LLC, (the "Company") as of December 31, 2010. This statement of financial condition is the responsibility of the Company's management. Our responsibility is to express an opinion on this statement of financial condition based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the statement of financial condition, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall statement of financial condition presentation. We believe that our audit of the statement of financial condition provides a reasonable basis for our opinion

In our opinion, the statement of financial condition referred to above presents fairly, in all material respects, the financial position of Skyworks Securities, LLC as of December 31, 2010, in conformity with accounting principles generally accepted in the United States of America.

SKYWORKS SECURITIES, LLC

NOTES TO FINANCIAL STATEMENT

1. Nature of business and summary of significant accounting policies

Nature of Business

Skyworks Securities, LLC (the "Company"), a wholly-owned subsidiary of Skyworks Capital, LLC (the "Parent"), is a limited liability company organized under the laws of the state of Delaware on November 6, 2002. Effective January 1, 2010, the Parent became a wholly-owned subsidiary of Skyworks Holdings, LLC. The Company's operations consist primarily of providing investment banking and advisory services.

The Company is a registered broker-dealer with the Securities and Exchange Commission ("SEC") and is a member of the Financial Industry Regulatory Authority ("FINRA").

Basis of Presentation

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America ("GAAP").

These financial statements were approved by management and available for issuance on February 14, 2011. Subsequent events have been evaluated through this date.

Income Taxes

The Company is a limited liability company. As such, income or loss of the Company, in general, is allocated to the member for inclusion in its income tax return. Accordingly, the Company has not provided for federal, state or local income taxes.

The Company follows an asset and liability approach to financial accounting and reporting for income taxes. Deferred income tax assets and liabilities are computed for difference between the financial statement and tax bases of assets and liabilities that will result in taxable or deductible amounts in the future based on the enacted tax laws and rates applicable to the periods in which the differences are expected to affect taxable income. Valuation allowances are established, when necessary, to reduce the deferred income tax assets to the amount expected to be realized.

The determination of the Company's provision for income taxes requires significant judgment, the use of estimates, and the interpretation and application of complex tax laws. Significant judgment is required in assessing the timing and amounts of deductible and taxable items and the probability of sustaining uncertain tax positions. The benefits of uncertain tax positions are recorded in the Company's financial statements only after determining a more-likely-than-not probability that the uncertain tax positions will withstand challenge, if any, from tax authorities. When facts and circumstances change, the Company reassesses these probabilities and records any changes in the consolidated financial statements as appropriate. Accrued interest and penalties related to income tax matters are classified as a component of income tax expense.

SKYWORKS SECURITIES, LLC

NOTES TO FINANCIAL STATEMENT

1. Nature of business and summary of significant accounting policies (continued)

Income Taxes (continued)

In accordance with GAAP, the Company is required to determine whether a tax position of the Company is more likely than not to be sustained upon examination by the applicable taxing authority, including resolution of any related appeals or litigation processes, based on the technical merits of the position. The tax benefit to be recognized is measured as the largest amount of benefit that is greater than fifty percent likely of being realized upon ultimate settlement. De-recognition of a tax benefit previously recognized could result in the Company recording a tax liability that would reduce members equity. This policy also provides guidance on thresholds, measurement, de-recognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition that is intended to provide better financial statement comparability among different entities. Management's conclusions regarding this policy may be subject to review and adjustment at a later date based on factors including, but not limited to, on-going analyses of and changes to tax laws, regulations and interpretations thereof.

Revenue Recognition

Revenues from investment banking and advisory services are recorded in accordance with the terms of the related investment banking and advisory service agreements.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the Company's management to make estimates and assumptions that affect the amounts disclosed in the financial statements. Actual results could differ from those estimates.

2. Related party transactions

The Company has an expense sharing agreement with its Parent and affiliate, whereby they both provide certain administrative services in connection with the Company's operations.

In exchange for these administrative services, the Company is billed a representative allocation of direct expenses based on the time allocated by registered personnel to the Company's broker dealer activities plus a month fixed overhead charge. For the year ended December 31, 2010, the total expenses allocated by the Company under these agreements were approximately \$72,000, of which approximately \$6,000 is owed at year end.

Due to Parent	\$	1,414
Due to Affiliate		4,221
Total Due	\$	5,635

SKYWORKS SECURITIES, LLC

NOTES TO FINANCIAL STATEMENT

3. Net capital requirement

The Company, as a member of FINRA, is subject to the SEC Uniform Net Capital Rule 15c3-1. This rule requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 and that equity capital may not be withdrawn if the resulting net capital ratio would exceed 10 to 1. At December 31, 2010, the Company's net capital was approximately \$274,000, which was approximately \$224,000 in excess of its minimum requirement of \$50,000.

4. Concentrations of credit risk

The Company maintains its cash balances in a financial institution. These balances are insured by the Federal Deposit Insurance Corporation up to \$250,000 per institution.

5. Exemption from Rule 15c3-3

The Company is exempt from the Securities and Exchange Commission Rule 15c3-3 pursuant to exemptive provisions of subparagraph (k)(2)(i) and, therefore, is not required to maintain a "Special Reserve Bank Account for the Exclusive Benefit of Customers".
