## Notes to Statement of Financial Condition December 31, 2010

### NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### [1] Organization:

Muriel Siebert & Co., Inc. (the "Company"), a wholly owned subsidiary of Siebert Financial Corp. ("Siebert" or "Parent"), engages in the business of providing discount brokerage services for customers, investment banking, and trading securities for its own account.

#### [2] Securities:

Securities owned are carried at fair value. Security transactions are recorded on a trade-date basis. Siebert clears all its security transactions through unaffiliated clearing firms on a fully disclosed basis. Accordingly, the Company does not hold funds or securities for or owe funds or securities to its customers. Those functions are performed by the clearing firms.

#### [3] Fair value:

Authoritative accounting guidance defines fair value, establishes a framework for measuring fair value and establishes a fair value hierarchy. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between participants at the measurement date. Fair value measurements are not adjusted for transaction costs. The fair value hierarchy prioritizes inputs to valuation techniques used to measure fair value into three levels:

Level 1 - Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2 - Inputs other than quoted market prices that are observable, either directly or indirectly, and reasonably available.

Level 3 - Unobservable inputs reflect the assumptions that the managing members develop based on available information about the assumptions market participants would use in valuing the asset or liability.

The classification of financial instruments valued at fair value as of December 31, 2010 is as follows:

<u>Financial Instrument</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Total</u>
Cash equivalents	\$ 20,896,000		\$20,896,000
Securities	<u>242,000</u>	<u>\$ 874,000</u>	<u>1,116,000</u>
	<u>\$ 21,138,000</u>	<u>\$ 874,000</u>	<u>\$22,012,000</u>

Securities include common stock of \$242,000, which is valued on the last business day of the year at the last available reported sales price on the primary securities exchange (Level 1) and municipal bonds of \$874,000 which are valued based on prices obtained from pricing sources, which derive values from observable inputs (Level 2).

## **Notes to Statement of Financial Condition December 31, 2010**

### **NOTE A - ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

#### **[4] Income taxes:**

The Company is included in the consolidated Federal income tax return filed by Siebert. Federal income taxes are calculated as if the Company filed on a separate-return basis. Income taxes payable or receivable by the Company are reflected in the intercompany account with the Parent.

The Company accounts for income taxes utilizing the asset and liability approach requiring the recognition of deferred tax assets and liabilities for the expected future tax consequences of temporary differences between the basis of assets and liabilities for financial reporting purposes and tax purposes and for net operating loss and other carryforwards. A valuation allowance is provided for deferred tax assets based on the likelihood of realization.

#### **[5] Furniture, equipment and leasehold improvements:**

Furniture, equipment and leasehold improvements are stated at cost, net of accumulated depreciation and amortization. Depreciation is calculated using the straight-line method over the lives of the assets, generally five years. Leasehold improvements are amortized over the period of the lease.

#### **[6] Cash equivalents:**

Cash equivalents are carried at fair value and amount to \$20,896,000, consisting of money market funds purchased with an original maturity of three months or less.

Cash equivalents - restricted represents \$1,532,000 of cash invested in a money market account which serves as collateral for a secured demand note payable in the amount of \$1,200,000 to Siebert, Brandford, Shank & Co., L.L.C. ("SBS"). Such payable and a related \$1,200,000 receivable due from SBS are included in investment in affiliate in the accompanying statement of financial condition.

#### **[7] Use of estimates:**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement. Actual results could differ from those estimates.

#### **[8] Investment in affiliate:**

The Company's 49% investment in SBS is accounted for on the equity method. Income from SBS, which serves as an underwriter for municipal bond offerings, is considered to be integral to the Company's operations. Summarized financial data of SBS at December 31, 2010 and for the year then ended is as follows: Total assets of \$37,741,000, including a \$1,200,000 receivable from the Company referred to in A[6] above, total liabilities of \$18,530,000, including advances of \$94,000 and subordinated liabilities of \$1,200,000 payable to the Company, total members' capital of \$19,211,000, revenues of \$48,769,000 and net income of \$8,372,000.

#### **[9] Subsequent events:**

The Company has evaluated subsequent events through February XX, 2011, the date this financial statement was available to be issued.

**MURIEL SIEBERT & CO., INC.**

**Notes to Statement of Financial Condition  
December 31, 2010**

**NOTE B - FURNITURE, EQUIPMENT AND LEASEHOLD IMPROVEMENTS, NET**

Furniture, equipment and leasehold improvements consist of the following:

Equipment	\$ 2,524,000
Leasehold improvements	36,000
Furniture and fixtures	<u>28,000</u>
	2,588,000
Less accumulated depreciation and amortization	<u>(1,342,000)</u>
	<u>\$ 1,246,000</u>

**NOTE C - INCOME TAXES**

Temporary differences which give rise to net deferred tax assets at December 31, 2010 consist of:

Deferred tax assets:	
Intangibles	\$ 515,000 (1)
Stock compensation	234,000
Net operating loss carryforward - Federal and state	1,257,000
Contribution carryover	162,000
Other	<u>46,000</u>
	2,214,000
Valuation allowance	<u>(1,990,000)</u>
	224,000
Deferred tax liability:	
Furniture, equipment and leasehold improvements	<u>(224,000)</u>
	<u>\$ 0</u>

- (1) Relates to retail discount brokerage accounts acquired at a cost of \$2,938,000 which are being amortized over 15 years for tax purposes and have been fully amortized over their five-year estimated useful life for financial reporting purposes.

As of December 31, 2010, the Company had a net operating loss carryforward of approximately \$2.2 million for federal tax purposes which expires in 2030 and approximately \$8,683,000 for state tax purposes which expires from 2015 through 2030.

Due to cumulative losses incurred by the Company during the current and prior two years, the Company is unable to conclude that it is more-likely-than-not that it will realize its net deferred tax asset (which amounted to \$1,102,000 at December 31, 2009) and, accordingly, has recorded a valuation allowance to fully offset its deferred tax asset at December 31, 2010.

The Company applied the "more-likely-than-not" recognition threshold to all tax positions taken or expected to be taken in a tax return which resulted in no unrecognized tax benefits reflected in the 2010 financial statements. Tax years for 2007 and thereafter are subject to tax examinations by federal and state authorities.

### Notes to Statement of Financial Condition December 31, 2010

#### NOTE D - NET CAPITAL

The Company is subject to the SEC's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital. The Company has elected to use the alternative method permitted by the rule which requires that the Company maintain minimum net capital, as defined, equal to the greater of \$250,000, or 2%, of aggregate debit balances arising from customer transactions, as defined. The net capital rule of the New York Stock Exchange also provides that equity capital may not be withdrawn or cash dividends paid if resulting net capital would be less than 5% of aggregate debits. At December 31, 2010, the Company had net capital of approximately \$20,352,000, which was approximately \$20,102,000 in excess of required net capital. The Company claims exemption from the reserve requirement under Section 15c3-3(k)(2)(ii).

#### NOTE E - OPTIONS

The Company is a participant in Siebert's 2007 long-term incentive plan (the "Plan") that provides for the granting of options in Siebert's common stock to certain directors, employees and consultants at its discretion. The Plan provides for the granting of options to purchase up to an aggregate of 2,000,000 shares, subject to adjustment in certain circumstances. Both non-qualified options and options intended to qualify as "Incentive Stock Options" under Section 422 of the Internal Revenue Code ("IRC"), may be granted under the Plan. A Stock Option Committee of the Board of Directors of Siebert administers the Plan. The committee has the authority to determine when options are granted, the term during which an option may be exercised (provided no option has a term exceeding 10 years), the exercise price and the exercise period. The exercise price shall not be less than the fair market value on the date of grant. No option may be granted under the Plan after December 2017. Generally, employee options vest 20% per year for 5 years and expire ten years from the date of grant. At December 31, 2010, options for 1,700,000 shares of common stock are available for grant under the Plan.

A summary of the outstanding stock options at December 31, 2010 under the Plan and related information for the year then ended is presented below:

	<u>2010</u>	
	<u>Shares</u>	<u>Weighted-Average Exercise Price</u>

### Notes to Statement of Financial Condition December 31, 2010

#### NOTE F - FINANCIAL INSTRUMENTS WITH OFF-BALANCE-SHEET RISK AND CONCENTRATIONS OF CREDIT RISK

Retail customer transactions are cleared through a clearing broker on a fully disclosed basis. In the event that customers are unable to fulfill their contractual obligations, the clearing broker may charge the Company for any loss incurred in connection with the purchase or sale of securities at prevailing market prices to satisfy customers' obligations. The Company regularly monitors the activity in its customer accounts for compliance with its margin requirements. Securities transactions entered into as of December 31, 2010, settled subsequent thereto with no material adverse effect on the Company's statement of financial condition.

Credit risk represents the potential loss that would occur if counterparties fail to perform pursuant to the terms of their obligations. In addition to its investments, the Company is subject to credit risk to the extent a custodian or broker with whom it conducts business is unable to fulfill contractual obligations.

#### NOTE G - COMMITMENTS AND CONTINGENT LIABILITIES

The Company rents office space under long-term operating leases expiring in various periods through 2013. These leases call for base rent plus escalations for property taxes and other operating expenses.

Future minimum base rental payments under these operating leases are as follows:

<u>Year</u>	<u>Amount</u>
2011	\$ 781,000
2012	580,000
2013	<u>15,000</u>
	<u>\$ 1,376,000</u>

The Company is party to certain claims, suits and complaints arising in the ordinary course of business. In the opinion of management, all such claims, suits and complaints are without merit, or involve amounts which would not have a significant effect on the financial position of the Company.

The Company sponsors a defined contribution retirement plan under Section 401(k) of the IRC that covers substantially all employees. Participant contributions to the plan are voluntary and are subject to certain limitations. The Company may also make discretionary contributions to the plan. No contributions were made by the Company in 2010.

#### NOTE H - RELATED PARTY TRANSACTIONS

On November 1, 2010, the Company entered into a temporary subordinated loan agreement with SBS in the amount of \$10 million bearing interest at 2% and maturing on December 15, 2010. The note was repaid in December 2010 and interest received from SBS amounted to \$25,000.

Receivable from Parent and affiliate of \$2,220,000 has been presented as a reduction of stockholder's equity as management intends to declare a dividend of such receivable in 2011.
