NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Business

BHK Securities, LLC (the "Company") is an introducing broker dealer that was organized in 2006 as a limited liability company (LLC) with perpetual duration for the purpose of engaging in the business of effecting transactions in securities for the accounts of others, effecting transactions in securities for the Company's own account, to act as intermediary between buyers and sellers, to charge commissions, to act as an agent when buying securities to act as a principal when selling securities and to engage in all other activities related incidental thereto. The Company is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of various exchanges and the Financial Industry Regulatory Authority ("FINRA"). The Company is a wholly owned subsidiary of BHK Holdings, LLC (the Parent).

Basis of Presentation

The Company is engaged in a single line of business as a securities broker-dealer, which comprises several classes of services.

Cash and Cash Equivalents

For purposes of the statement of cash flows, the Company defines cash equivalents as highly liquid investments with original maturities of less than ninety days that are not held for sale in the ordinary course of business.

Receivable from Clearing Organization

The Company reports receivables at net realizable value. Management determines the allowance for doubtful accounts based on historical losses and current economic conditions. On a continuing basis, management analyzes delinquent receivables and once these receivables are determined to be uncollectible, they are written-off through a charge against an existing allowance account or against earnings.

Commissions

Commission revenue is derived as the Company acting as an agent buying and selling securities on behalf of its customers. In return for such services, the Company charges a commission. Each time a customer enters into a buy or sell transaction a commission is earned by the Company for its selling and administrative efforts. Commissions are recorded on a trade-date basis as securities transactions occur.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - continued

Estimates

The presentation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Advertising

The Company expenses the cost of advertising in the period in which such costs are incurred.

Income Taxes

The Company is a limited liability company for income tax reporting purposes, and as such, is not subject to income tax. Accordingly, no provision for income taxes is provided in the financial statements.

2. TRANSACTIONS WITH CLEARING ORGANIZATION

The Company has entered into a clearing agreement with First Clearing, LLC. Under the terms of this agreement, the Company utilizes the clearing, execution and other services provided by First Clearing, LLC ("FCL"). Specific services include execution of orders for the Company's customers whose cash or margin accounts have been accepted by FCL; generation, preparation and mailing of confirmations of customer accounts; preparation and mailing of summary monthly or quarterly statements; settlements of contracts and transactions in securities; engagement in all cashing functions for the customer accounts; construction and maintenance of books and records for all transactions executed and cleared through FCL; and, reporting of orders entered into FCL's order entry system by FCL on behalf of the Company in accordance with the FINRA Order Audit Trail System (OATS).

4. NET CAPITAL REQUIREMENTS

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC Rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1 (and the rule of the "applicable" exchange also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1). At December 31, 2010, the Company had net capital of \$350,736, which was \$300,736 in excess of its required net capital of \$50,000. The Company's percentage of aggregate indebtedness to net capital was 14.62%.

The Company participates in the Parent Company's 401k profit sharing retirement plan covering all employees who meet eligibility requirements. The Company has expensed and accrued \$46,160 for 2010 contributions to be made to the plan on behalf of its employees in 2011. The expense is included on the statement of operations as employee compensation and benefits. The corresponding liability is included in accounts payable and accrued expenses on the statement of financial condition.

CERTIFIED PUBLIC ACCOUNTANTS & CONSULTANTS

REPORT ON INTERNAL CONTROL

REQUIRED BY

SECURITIES EXCHANGE COMMISSION (SEC) RULE 17A-5 FOR A BROKER-DEALER CLAIMING AN EXEMPTION FROM (SEC) RULE 15C3-3

To the Member and Directors
BHK SECURITIES, LLC

In planning and performing our audit of the financial statements and supplementary schedule of BHK Securities, LLC (the "Company"), as of and for the year ended December 31, 2010, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission ("SEC"), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by Rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

See Independent Auditors' Report and
Notes to Financial Statements.

CONYERS, GEORGIA 30094
PH 770-500-9798
FAX 678-868-1411
WBOWDEN@VOLCPA.COM

Because of inherent limitations in any internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or the effectiveness of their design and operation may deteriorate.

Our consideration of the internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving the internal control, including control activities for safeguarding securities that we consider to be a material weakness as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate as of December 31, 2010 to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers and is not intended to be used by anyone other than these specified parties.
