**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE
17a-5 FOR A BROKER-DEALER CLAIMING AN EXEMPTION FROM SEC RULE 15c3-3**

Board of Directors
Pinnacle Equity Management, Inc.
St. Louis, Missouri 63126

In planning and performing my audit of the financial statements and supplemental schedules of Pinnacle Equity Management, Inc. as of and for the year ended December 31, 2010, in accordance with auditing standards generally accepted in the United State of America, I considered the Company's internal control over financial reporting (internal control) as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, I do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), I have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that I considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customers' securities, I did not review the practices and procedures followed by the Company in any of the following:

- 1) Making quarterly securities examinations, counts, verifications and comparisons and recordation of differences required by Rule 17a-13.
- 2) Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g), lists additional objectives of the practices and procedures listed in the preceding paragraph.

The accompanying notes are an integral part of the financial statements.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL REQUIRED BY SEC RULE
17a-5 FOR A BROKER-DEALER CLAIMING AN EXEMPTION FROM SEC RULE 15c3-3-Cont'd**

Because of inherent limitations in internal control or the practices and procedures referred to above, errors or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statement will not be prevented or detected by the entity's internal control.

My consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. I did not identify any deficiencies in internal control and control activities for safeguarding securities that I consider to be material weaknesses, as defined above.

I understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and my study I believe that the Company's practices and procedures were adequate at December 31, 2010 to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC and other regulatory agencies that rely on Rule 17-a-5(g) under the Securities and Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITOR'S REPORT ON AML COMPLIANCE REQUIRED BY
THE PATRIOT ACT AND NASD RULE 3011**

Board of Directors
Pinnacle Equity Management, Inc.
St. Louis, Missouri 63126

I have audited in accordance with auditing standards generally accepted in the United States of America, the financial statements and supplemental schedules of Pinnacle Equity Management, Inc. as of December 31, 2010 and have issued my report thereon dated February 24, 2011.

In planning and performing my audit of the financial statements and supplemental schedules of Pinnacle Equity Management, Inc. for the year ended December 31, 2010, I also considered its policies and procedures regarding compliance with the provisions of the Patriot Act.

Also, as required by NASD Rule 3011, I have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that I considered relevant to the objectives stated in NASD Rule 3011. These included:

- The establishment and implementation of policies and procedures that can be reasonably expected to detect and cause the reporting of suspicious transactions;
- The establishment and implementation of policies, procedures, and internal controls reasonably designed to achieve compliance with the Bank Secrecy Act and implementing regulations;
- The designation of an individual responsible for implementing and monitoring the day-to-day operations and internal controls of the program;
- The provision for ongoing training of appropriate personnel.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the NASD's above mentioned objectives.

Because of inherent limitations in internal control or the practices and procedures referred to above, it is possible that money laundering may occur and not be detected.

The accompanying notes are an integral part of the financial statements.

**INDEPENDENT AUDITOR'S REPORT ON AML COMPLIANCE REQUIRED BY
THE PATRIOT ACT AND NASD RULE 3011-Cont'd**

My consideration of these practices and procedures would not necessarily disclose all matters in respect to anti-money laundering that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of specific internal control components does not reduce to a relatively low level the risk that money laundering may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

I understand that practices and procedures that accomplish the objective referred to in the second and third paragraphs of this report are considered by the NASD to be adequate for its purposes in complying with the Patriot Act, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and my study I believe that the Company's practices and procedures were adequate at December 31, 2010 to meet the NASD's objectives.

This report is intended solely for the information and use of management, the SEC and other regulatory agencies that rely on Rule 17-a-5(g) under the Securities and Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
