INDEPENDENT AUDITORS' REPORT

Board of Directors and those Charged with Governance
Geary Securities, Inc.

We have audited the accompanying statement of financial condition of Geary Securities, Inc. (a wholly owned Subsidiary) as of December 31, 2010 and the related statements of operations, changes in stockholder's equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Geary Securities, Inc. as of December 31, 2010, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As discussed in Note B to the financial statements the company has suffered losses from operations and is facing pending regulatory actions in connection with its activities. These factors, among others, as discussed in Note B, raise doubt about the Company's ability to continue as a going concern. The financials do not include any adjustments that might result from the outcome of this uncertainty.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS
December 31, 2010

NOTE A - SUMMARY OF ACCOUNTING AND REPORTING POLICIES

Geary Securities, Inc. (the "Company") is registered as a broker-dealer under the Securities Exchange Act of 1934 (the "Act"). The Company is wholly owned by The Geary Companies, Inc. (the "Parent").

The Company operates as an introducing broker-dealer on a fully disclosed basis and offers its clients (individual and institutional investors) a variety of products and services. The Company also offers investment banking and municipal finance services. The Company's operations are primarily in Oklahoma. The company closed its' Texas operations during the year.

The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America and reflect industry practices. The following represents the more significant of those policies and practices.

1. Basis of Presentation

In preparing its financial statements, management is required to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. Cash and Cash Equivalents

The Company considers all liquid investments with original maturities when acquired of three months or less to be cash equivalents. The Company maintains its cash in accounts which may, at times, exceed federally insured limits. The Company has not experienced any losses in cash and cash equivalents and believes it is not exposed to any significant risks. At December 31, 2010, the Company had bank balances of approximately \$32,200 at one financial institution

3. Receivables From and Payable to Clearing Organizations

The Company clears certain of its proprietary and customer transactions through another broker-dealer on a fully disclosed basis resulting in receivables from and payables to the clearing organization. At December 31, 2010, receivables from clearing organizations also include deposits with the clearing broker. At December 31, 2010, there was no payable to the clearing organization.

Geary Securities, Inc.
(a wholly owned subsidiary of The Geary Companies, Inc.)
NOTES TO FINANCIAL STATEMENTS

December 31, 2010

NOTE A - SUMMARY OF ACCOUNTING AND REPORTING POLICIES - CONTINUED

4. Securities Transactions

Securities transactions and related commission revenue and expense are recorded on the trade date as if they had settled. Management and underwriting fees are recorded at the time the services are completed and the income is reasonably determinable.

5. Property and Equipment

Major classes of property and equipment consist of the following at December 31:

	<u>2010</u>
Office equipment and furniture	\$ 292,117
Software	7,370
Leasehold improvements	<u>195,228</u>
	494,715
Less accumulated depreciation and amortization	<u>(358,930)</u>
	\$ <u>135,785</u>

Depreciation of property and equipment is calculated under an accelerated method using estimated useful lives of three to seven years. Leasehold improvements are amortized over the term of the lease.

The Company reviews the carrying value of long-lived assets used in operations when changes in events or circumstances indicate the asset might have become impaired. The review is based on comparing the carrying amount of the assets to the undiscounted estimated cash flows over the remaining useful lives. If this review indicates that an asset has been impaired, the Company records a charge to operations to reduce the asset's carrying value to fair value, which is based on estimated discounted cash flows.

6. Income Taxes

The Company and the Parent previously made a qualifying subchapter S election. Accordingly, income taxes on net earnings are not payable by the Company and are not reflected in the accompanying financial statements.

7. Advertising Cost

The Company expenses the cost of advertising as incurred. Advertising expense for the years ended December 31, 2010 approximately \$127,000.

Geary Securities, Inc.
(a wholly owned subsidiary of The Geary Companies, Inc.)
NOTES TO FINANCIAL STATEMENTS
December 31, 2010

NOTE A - SUMMARY OF ACCOUNTING AND REPORTING POLICIES - CONTINUED

8. Rule 15c3-3

The Company is exempt from Rule 15c3-3 under the provisions of subsection (k)(2)(ii). Under this exemption, the *Computation for Determining Reserves Requirements and Information Relating to the Possession or Control Requirements* are not required.

NOTE B - MANAGEMENT'S PLANS CONCERNING FINANCIAL CONDITION

The Company sustained a net loss for 2010 of approximately \$930,000. These losses were significant enough to cause the Company to fall below its regulatory net capital requirement for one day in January 2010 and several days in February 2010. On February 5, 2010 and February 26, 2010, \$75,000 and \$750,000, respectively, was paid to the Company as a reduction of the receivable due from Parent, a non-allowable asset for determining regulatory net capital. As a result of these payments, the Company restored its compliance with the regulatory net capital requirement.

On September 22, 2010, the Oklahoma Department of Securities (the "Department") filed an Enforcement Division Recommendation, requesting an order imposing a censure and civil penalty in the amount of \$250,000 against Geary Securities, a bar on two employees from being registered in any capacity under the Oklahoma Uniform Securities Act of 2004. This was requested by the Department based on an investigation conducted in connection with the purchase, offer and/or sale of securities in and/or from the State of Oklahoma. A Request for Hearing was filed on October 15, 2010. The hearing date was set and a hearing officer was appointed. The hearing date was scheduled to begin on February 23, 2011, but has been rescheduled for May 2011.

See note F for further discussion of the above matters.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern; however, the uncertainty of the ultimate outcome of the above noted investigations raise doubt about its ability to continue as a going concern.

The financial statements do not include any adjustments related to the recoverability of recorded assets or to the amounts of liabilities or any other adjustments that might be necessary should the Company be unable to continue as a going concern. The Company's ability to continue as a going concern is dependent on market conditions and its ability to maintain profitability and maintain adequate regulatory net capital.

Management has improve profitability by cutting operation costs, staffing and other overhead. The company made a profit in the period from August 1 through the end of the year. Although there can be no absolute assurance, management believes the Company will be able to maintain its regulatory net capital requirements through December 31, 2011.

Geary Securities, Inc.
(a wholly owned subsidiary of The Geary Companies, Inc.)
NOTES TO FINANCIAL STATEMENTS
December 31, 2010

NOTE C - NET CAPITAL REQUIREMENT

The Company is subject to the Uniform Net Capital Rule ("Rule 15c3-1") under the Securities Exchange Act of 1934, which requires the maintenance of minimum net capital and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also limits the amount of capital withdrawals that can be made within any 30-day period without notification to the Securities and Exchange Commission.

At December 31, 2010, the Company had an aggregate indebtedness to net capital ratio of .11 to 1, with net capital of \$153,730 which was \$53,730 in excess of its required net capital of \$100,000.

NOTE D - EMPLOYEE BENEFITS

The Company has a 401(k) plan covering substantially all employees. The plan permits employer discretionary contributions. During 2010, there were no discretionary contributions made.

NOTE E - FAIR VALUE OF FINANCIAL INSTRUMENTS

For cash and cash equivalents and receivables from and payable to clearing organizations, the carrying amount is a reasonable estimate of fair value due to their short-term nature. Securities owned are carried at fair value.

Generally accepted accounting principles defines fair value, establishes a framework for measuring fair value and requires certain disclosures about fair value measurements.

Such principles establish a fair value hierarchy for valuation inputs that gives the highest priority to quoted prices in active markets for identical assets or liabilities and the lowest priority to unobservable inputs. The fair value hierarchy is as follows:

- | | |
|---------|---|
| Level 1 | Inputs to the valuation methodology are quoted prices (unadjusted) for identical assets or liabilities in active markets. |
| Level 2 | Inputs to the valuation methodology include quoted prices for similar assets and liabilities in active markets, and inputs that are observable for the asset and liability, either directly or indirectly, for substantially the full term of the financial instrument. |
| Level 3 | Unobservable inputs for determining the fair values of assets or liabilities that reflect an entity's own assumptions about the assumptions that market participants would use in pricing the assets or liabilities. |

A description of the valuation methodologies used for instruments measured at fair value, as well as the general classification of such instruments pursuant to the valuation hierarchy, is set forth below. These valuation methodologies were applied to all of the Company's financial assets carried at fair value.

Geary Securities, Inc.
(a wholly owned subsidiary of The Geary Companies, Inc.)
NOTES TO FINANCIAL STATEMENTS
December 31, 2010

NOTE F - COMMITMENTS AND CONTINGENCIES

Operating Leases

The Company leases certain office space and data information equipment under operating leases. Total rent expense in 2010 was approximately \$ 242,000.

Lease terms, excluding month-to-month arrangements, extend through 2011 and provide for payments as follows:

Year ending December 31

2011	231,600
2012	<u>23,200</u>
	<u>\$ 254,800</u>

Security Transactions

The Company is subject to market and credit risk in connection with security transactions. The Company is therefore exposed to risk of loss on these transactions in the event of the customers' or brokers' inability to meet the terms of their contracts, in which case the Company may have to purchase or sell securities at prevailing market prices which may not be sufficient to liquidate the contractual obligation. The Company controls this risk by monitoring the market value of securities on a daily basis.

Under the terms of the Company's agreement with its clearing organization, in the event that the Company's customers fail to pay for purchases or to supply securities sold, the Company would be obligated to indemnify the clearing organization for any resulting losses. The Company monitors its customer activity by reviewing information it receives from its clearing organization on a daily basis, monitoring the credit worthiness of the customers and requiring customers to deposit additional collateral or reduce positions when necessary.

In the normal course of business, the Company enters into when-issued and underwriting commitments. There were no such commitments at December 31, 2010.

Geary Securities, Inc.
(a wholly owned subsidiary of The Geary Companies, Inc.)
NOTES TO FINANCIAL STATEMENTS

December 31, 2010

NOTE F - COMMITMENTS AND CONTINGENCIES - CONTINUED

Litigation Matters

A customer alleges violation of the Oklahoma and Federal Securities laws and asserted a cause of action for breach of fiduciary duties, suitability, overconcentration, negligence, failure to supervise and lack of mental capacity on the part of the customer to enter into agreements. In 2006, the customer contacted CWS about rolling over his 401k to an IRA. The customer was invested in mutual funds and certain stocks, in accordance with his wishes to leave money to his children and based upon his representation that he had sufficient income to cover his cost of living. During the market crash of 2008, the customer's account realized losses of approximately \$50,000. Arbitration was conducted before a FINRA Arbitrator on February 1-3, 2011. An award within 30 days from the conclusion of the arbitration. However, arbitration claims of this type are inherently unpredictable, with the risk of excessive verdicts not justified by the evidence. Accordingly, it is possible that the ultimate resolution of this litigation could have a material adverse impact on the Company's results of operations, liquidity, and financial position.

On June 14, 2010 a customer issued a Demand for Arbitration and Statement of Claim. The customer alleged fraud and other misconduct on the part of GSI, in connection with the sale of certain securities to the customer. They sought actual damages of not less than \$30,000,000 plus punitive damages, costs interest, and attorneys' fees. At this time, the parties have begun issuing discovery requests. Management believes the case is without merit and continues to vigorously defend and contest the allegations and claims made. However, arbitration claims of this type are inherently unpredictable, with the risk of excessive verdicts. Accordingly, it is possible that the ultimate resolution of this litigation could have a material adverse impact on the Company's results of operations, liquidity, and financial position.

In the normal course of business, there are other legal actions and proceedings pending against the Company. In management's opinion, after consultations with outside counsel, the ultimate liability, if any, resulting from these actions will not have a material adverse effect on the Company's financial position or results of operations.

Regulatory Enforcement Matters

On September 22, 2010, the Oklahoma department of Securities (the "Department") filed an Enforcement Division Recommendation, requesting an order imposing a censure and civil penalty in the amount of \$250,000 against Geary Securities, a bar on two employees from being registered in any capacity under the Oklahoma Uniform Securities Act of 2004. This was requested by the Department based on an investigation conducted in connection with the purchase, offer and/or sale of securities in and/or from the State of Oklahoma. A Request for Hearing was filed on October 15, 2010. The hearing date was set and a hearing officer was appointed. The hearing date was scheduled to begin on February 23, 2011, but has been rescheduled for May 2011. Management denies the material allegations of misconduct and sets forth certain affirmative defenses and continue to vigorously defend and contest the charges and allegations made by the Department. However, Management cannot predict or determine the outcome of this matter. The amounts of any fines or penalties that might result from an adverse

Geary Securities, Inc.
(a wholly owned subsidiary of The Geary Companies, Inc.)
NOTES TO FINANCIAL STATEMENTS
December 31, 2010

NOTE F - COMMITMENTS AND CONTINGENCIES - CONTINUED

outcome is between \$0 or \$250,000. It is possible that an adverse outcome could have a material adverse impact on our results of operations, liquidity, and financial position.

The Company fail below its regulatory net capital requirement for one day in January 2010 and several days in February 2010. On February 5, 2010 and February 26, 2010, \$75,000 and \$750,000, respectively, were paid to the Company as a reduction of the receivable due from Parent, a non-allowable asset for determining regulatory net capital. As a result of these payments, the Company restored its compliance with the regulatory net capital requirement.

As required, notifications of net capital below minimum amount required were made to FINRA, the Company's regulatory organization, the SEC and the Company's clearing organization pursuant to SEC Rule 17a-11(b). As a result, FINRA has commenced an investigation into the circumstances surrounding the notifications. The Company is cooperating fully with the FINRA investigation and will provide FINRA with all requested information and documentation. Under FINRA Sanction Guidelines, sanctions for net capital violations can include monetary sanctions (fines) and suspension of all activities and functions for a period of time. As the investigation is ongoing, the Company is unable to determine the status of the investigation or the possibility of any sanctions or amounts of any monetary sanctions.

No provisions have been made in the accompanying financial statements for the potential arbitration awards or regulatory monetary sanctions since the ultimate liability cannot be reasonably estimated.

NOTE G - CONCENTRATIONS

The Company received approximately 60% of its Commission revenue from 5 customers. If these relationships are lost, the company may be exposed to risk.

The company clears it trades on a fully disclosed basis through one clearing firm. If this relationship is terminated and a relationship with a new clearing firm cannot be established due to the current pending regulatory actions (see footnote F) the company will be unable to process its trades for its customers.

Independent Auditors Report

on Internal Control

Required by SEC Rule 17a-5

Year Ended December 31, 2010

James Dee
Johnson & Company
Certified Public Accountants PC

3608 NW 58th Street Oklahoma City, Oklahoma 73112
voice 405.943.1272 fax 405.943.1315 email taxquestions@jdcpcpa.net

Independent Auditors' Report on Internal Control Required by SEC Rule 17a-5

Board of Directors and those charged with Governance
Geary Securities, Inc.

In planning and performing our audit of the financial statements of Geary Securities, Inc. (the Company), (a wholly owned subsidiary of The Geary Companies, Inc.), for the year ended December 31, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company, including tests of compliance with such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the company in any of the following:

1. Making the quarterly securities examinations, counts, verifications, and Comparisons, and the recordation of differences required by rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining an internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives.

Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in

conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of the Members, management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

To the Board of Directors and those charged with Governance
Geary Securities, Inc. (a wholly owned subsidiary of The Geary Companies, Inc.)

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7) to the Securities Investor Protection Corporation (SIPC) for the Year Ended December 31, 2010, which were agreed to by Geary Securities, Inc. and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc. and SIPC, solely to assist you and the other specified parties in evaluating Geary Securities, Inc. compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). Geary Securities, Inc., Inc.'s management is responsible for the Geary Securities, Inc., Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries in the check register and check clearing the bank noting no differences;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended December 31, 2010, as applicable, with the amounts reported in Form SIPC-7 for the year ended December 31, 2010, noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers noting no differences;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers which include the income statement supporting the adjustments noting no differences; and

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

Re: Geary Securities, Inc.
2010 Annual Audit

Dear Ms. Woitschek:

This is in response and compliance with your letter dated March 14, 2011.

Enclosed please find the completed Form X-17A-5 Part II as requested.

The following responds to your request for a written statement as to how Geary Securities, Inc. (the "Firm") anticipates complying with the SEC's Net Capital Rule on a sustained basis. Included in the following response is a discussion of the sources and amounts of anticipated funding in the next 12 to 24 months.

As a preliminary matter, we note that the context of the auditor's qualified statement appears to be attributable to the fact that the result of the pending matter involving the Oklahoma Department of Securities (the "ODS Action") is presently unknown. The Firm's position in connection with such action is that we disagree with the allegations and intend to continue to vigorously contest and defend our rights.

Notwithstanding the unavoidable uncertainty surrounding the ODS Action, the Firm has made significant positive progress in terms of its monthly breakeven point, which is currently approximately \$100,000, excluding legal expense. In addition, in light of the reduction of the Firm's net capital threshold to \$100,000, a daily net capital calculation is being performed and provided to the Firm's Fin Op for daily monitoring. The Firm has remained in compliance with its revised net capital threshold since the change was made and has a high level of confidence that compliance will continue on a consistent basis. The Firm has a high level of confidence that its current and expected future profitability from its institutional customer base will enable the Firm to consistently remain in capital compliance without outside funding requirements.

Thank you for the opportunity to provide this information concerning the Firm's current status and its anticipated future. I enjoyed the opportunity to meet you while I was in

your office on November 16, 2010, and appreciate all you have done and continue to do to assist us.

Sincerely,

A handwritten signature in black ink, appearing to read "Keith Geary". The signature is written in a cursive style with a long, sweeping tail on the final letter.

KEITH G. GEARY
