Independent Auditor's Report

To the Board of Directors of
Wildwood Capital Securities, Inc

We have audited the accompanying statement of financial condition of Wildwood Capital Securities, Inc, as of December 31, 2010, and the related statements of income, changes in stockholders' equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Wildwood Capital Securities, Inc as of December 31, 2010, and the results of their operations and their cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary information contained on page 9 in the Computation of Net Capital under Rule 15c-3-1 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

WILDWOOD CAPITAL SECURITIES, INC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31,2010

NOTE 1. ORGANIZATION AND NATURE OF BUSINESS

Wildwood Capital Securities, Inc (The Company) was incorporated in the State of Pennsylvania on April 3, 1996. The Company was formed as Sentinel Capital Markets Group, Inc.

The Company is registered as a broker-dealer in securities transactions under the Securities Exchange Act of 1934. The Company is registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA).

The Company offers consulting services and performs limited investment banking services.

The Company uses the accrual method of accounting for both financial and tax reporting purposes. The Company's year-end is December 31.

In 2009, FINRA permitted the Company to change its SEC Rule 15c3-3 exemption provision to B(k)(2)(i). In 2010, the Company acted on this allowance by terminating its clearing relationship with RBC Dain and establishing a 'Special Reserve Bank Account for the Exclusive Benefit of its Customers' with Bank America. This account is used for investment banking activity. The Company does not conduct any retail brokerage business.

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of Wildwood Capital Securities, Inc (the Company) is presented to assist in understanding the Company's financial statements. The financial statements and notes are representations of the Company's management who is responsible for their integrity and objectivity. These accounting policies conform to generally accepted accounting principles and have been consistently applied in the preparation of the financial statements.

Commissions

Commissions and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

Investment Advisory Fees

Investment advisory fees are billed and recognized as earned as services are performed.

WILDWOOD CAPITAL SECURITIES, INC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (Cont.)

Office Equipment

Office equipment is stated at cost (\$15,222) and has been depreciated on the straight-line basis over its estimated useful life of 5 years. At December 31, 2010, the company's office equipment (\$15,222) was fully depreciated but is still in use.

Income Taxes

Income taxes are recorded in accordance with SFAS No. 109, *Accounting for Income Taxes*. Measurement of the deferred items is based on enacted tax laws. In the event the future consequences of differences between financial reporting basis and tax basis of the Company's assets and liabilities result in a deferred tax asset, SFAS No. 109 requires an evaluation of the probability of being able to realize the future benefits indicated by such asset. A valuation allowance related to a deferred tax asset is recorded when it is more likely than not that some portion or all of the deferred tax asset will not be realized. At December 31, 2010, the Company had approximately \$22,988 of tax loss carry forwards for which no benefit has been reported in the financial statements because those benefits may not be realized. A 100% valuation allowance has been provided.

Statement of Cash Flows

For purposes of the Consolidated Statement of Cash Flows, the Company has defined cash equivalents as highly liquid investments, with original maturities of less than ninety days that are not held for sale in the ordinary course of business.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 3. NET CAPITAL REQUIREMENTS

The Company is a member of FINRA and subject to the Securities and Exchange Commission's Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of minimum net capital of \$5,000 and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 8 to 1 during the Company's first twelve months of business and 15 to 1 thereafter. At December 31, 2010, the Company had net capital of \$6,664, which was in excess of its required net capital of \$5,000. The Company's percent of aggregate indebtedness to net capital is 16.27%.

WILDWOOD CAPITAL SECURITIES, INC
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

NOTE 4. NOTES PAYABLE

The Demand Loan from Officers is a non-interest bearing note. There are no repayment terms.

NOTE 5. CONCENTRATIONS OF CREDIT RISK

In the normal course of business, the Company is engaged in various trading and brokerage activities on an agency basis through a clearing broker.

In connection with these activities, a customer's unsettled transactions may expose the Company to off-balance-sheet risk in the event the customer is unable to fulfill its contractual obligations.

Significant credit exposure may result in the event that the Company's clearing broker is unable to fulfill their contractual obligation.

In the event the clearing broker does not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the clearing broker. It is the Company's policy to review, as necessary, the credit standing of the clearing broker.

NOTE 6. INCOME TAXES

The Company has not accrued income taxes because the net operating loss carryforward is in excess of the current year's taxable income. The Company has not recorded any tax benefits from its loss carry-forwards as those benefits have been completely offset by a valuation allowance reflecting the uncertainty of their realization.

NOTE 7. FAIR VALUE

The Company's financial instruments approximate fair value.

NOTE 8. SUBSEQUENT EVENTS

Management has evaluated subsequent events through February 24, 2011, the date that the financial statements were available to be issued

Wildwood Capital Securities, Inc
 Computation of Net Capital Under Rule 15c3-1 of the
 Securities and Exchange Commission
 As of December 31, 2010

NET CAPITAL:

Total Stockholders' equity		\$	9,853
Deductions and/or charges:			
Nonallowable assets:			
Security Deposit		\$	313
Prepaid Expenses			2,876
			3,189
Total Deductions			3,189
Net capital before haircuts on securities positions			6,664
Haircuts on securities positions			-
Net Capital		\$	6,664

Independent Accountants' Report on Internal Accounting Control Required by SEC Rule 17a-5

To the Board of Directors of:
Wildwood Capital Securities, Inc

In planning and performing our audit of the financial statements and supplemental information of Wildwood Capital Securities, Inc (the Company), for the year ended December 31, 2010, we considered its internal control, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons
2. Recordation of differences required by rule 17a-13
3. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

Our consideration of internal control would not necessarily disclose all matters in internal control that might be material weaknesses under standards established by the American Institute of Certified Public Accountants. A material weakness is a condition in which the design or operation of the specific internal control components does not reduce to a relatively low level the risk that error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. However, we noted no matters involving internal control, including control activities for safeguarding securities, that we consider to be material weaknesses as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the Securities and Exchange Commission, the Financial Industry Regulatory Authority (FINRA), and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
