INDEPENDENT AUDITORS' REPORT

Board of Directors
Westminster Investment Group, Inc.

We have audited the accompanying statement of financial condition of Westminster Investment Group, Inc. at December 31, 2010 that you are filing pursuant to Rule 17a-5 under the Securities and Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

NOTE 1 – ORGANIZATION

Westminster Investment Group, Inc. (the Company) is a broker-dealer registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company's activities are limited to the sale of registered investment company shares and variable annuity insurance contracts.

NOTE 2 – SIGNIFICANT ACCOUNTING POLICIES

The Company uses the accrual basis of accounting. Its accounting and reporting policies are in accordance with generally accepted accounting principles and conform to the general practices within the brokerage industry.

NOTE 3 – NET CAPITAL REQUIREMENTS

The firm is subject to the net capital rule of the Securities and Exchange Commission. This rule requires that the firm's ratio of "aggregate indebtedness," as defined, to "net capital," as defined, not exceed 15 to 1. At December 31, 2010, the firm's ratio of aggregate indebtedness to net capital was 1 to 1, and net capital was \$8,920, as compared to the required minimum net capital of \$5,000.

NOTE 4 – EXEMPTION FROM RULE 15c3-3

During 2010 the firm limited its business activities to the purchase, sale and redemption of shares of registered investment companies. Securities of customers were not accepted for safekeeping. The company does not routinely accept customer's funds and any funds sent to the company, which consisted solely of checks payable to registered investment companies, were promptly remitted. The company is therefore exempt from the customer reserve requirements of SEC rule 15c3-3 under section (k)(1).

NOTE 5 – CASH EQUIVALENTS

The Company considers investments in liquid debt instruments with original maturity dates of less than three months as cash equivalents for purposes of the Statement of Cash Flows.

NOTE 6 - RELATED PARTY TRANSACTIONS

The Company is affiliated with Westminster Capital Management, Inc., through common stock ownership and control. The two companies have an arrangement whereby Westminster Capital Management, Inc. provides management services and pays certain administrative costs of the Company, including rent, telephone, various office expenses, and professional services. In return, the Company pays periodic management fees to Westminster Capital Management, Inc. which are applied to cover these costs. However, Westminster Capital Management, Inc. has waived all rights to these management fees for the year ending December 31, 2010. Hence they were not paid or accrued by Westminster Investment Group, Inc.

WESTMINSTER INVESTMENT GROUP, INC.
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

NOTE 7 - INCOME TAXES

The Company has elected to file income tax returns as a subchapter S Corporation as defined in the Internal Revenue Code. Generally, an S Corporation is not subject to income taxes but rather, items of income, loss, deduction and credit pass through to stockholders in determining their individual income tax liability.

NOTE 8 - USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions. This will affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and reported amounts of revenue and expenses during the reported period. Actual results could differ from these estimates.

SUPPLEMENTARY REPORT OF INDEPENDENT PUBLIC ACCOUNTANTS
ON INTERNAL ACCOUNTING CONTROL

Board of Directors
Westminster Investment Group, Inc.
New Castle, PA

In planning and performing our audit of the financial statements of Westminster Investment Group, Inc. (the Company), as of and for the year ended December 31, 2010, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and the procedures for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry security accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's previously mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with

management's authorization and recorded properly to permit preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

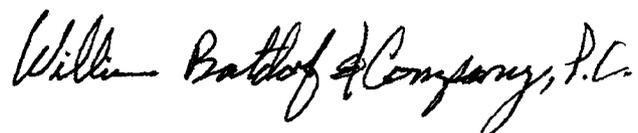

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined previously.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, and other regulatory agencies which rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.
