INDEPENDENT AUDITORS' REPORT

To the Members of
Sallerson-Troob LLC

We have audited the accompanying statement of financial condition of Sallerson-Troob LLC (the "Company") as of December 31, 2010 that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. This financial statement is the responsibility of the Company's management. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the statement of financial condition is free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statement referred to above presents fairly, in all material respects, the financial position of Sallerson-Troob LLC as of December 31, 2010 in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statement taken as a whole. The information contained in the supplementary schedules is presented for purposes of additional analysis and is not a required part of the basic financial statement, but is supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statement and, in our opinion, is fairly stated in all material respects, in relation to the basic financial statement taken as a whole.

A handwritten signature in cursive script that reads "Ryan & Juraska".

SALLERSON-TROOB LLC

Notes to Statement of Financial Condition

December 31, 2010

1. Organization and Business

Sallerson-Troob LLC (the "Company"), an Illinois limited liability company, was organized on January 1, 1996. The Company is a broker-dealer registered with the Securities and Exchange Commission ("SEC") and is a member of the Chicago Board Options Exchange ("CBOE"). The Company engages primarily in the proprietary trading of exchange-traded equity securities, equity and index options contracts and financial futures and futures options contracts.

2. Summary of Significant Accounting Policies

Revenue Recognition and Securities Valuation

The Company records all securities and futures transactions on a trade date basis, and, accordingly, gains and losses are recorded on unsettled securities transactions and open futures contracts. Dividends are recorded on the ex-dividend date and interest is recognized on the accrual basis. Investments in securities and securities sold, not yet purchased are recorded in the statement of financial condition at fair value in accordance with Accounting Standards Codification (ASC) 820 - Fair Value Measurement and Disclosures (see Note 7).

Income Taxes

No provision has been made for federal income taxes as the taxable income or loss of the Company is included in the respective income tax returns of the members.

Investments in Private Operating Companies

At December 31, 2010, the Company had investments in five private operating companies totaling \$10,428,990. Because of the inherent uncertainty of valuation, the value used may differ significantly from the value that would have been used had a ready market for these investments existed, and the difference could be material.

Use of Estimates

The preparation of financial statements in conformity with U.S. Generally Accepted Accounting Principles requires management to make estimates and assumptions that affect the amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from these estimates.

3. Clearing Agreement

The Company has a Joint Back Office ("JBO") clearing agreement with Goldman Sachs Execution & Clearing, L.P. ("GSEC"). The agreement allows JBO participants to receive favorable margin treatment as compared to the full customer margin requirements of Regulation T. As part of this agreement, the Company has invested \$10,000 in a Class C limited partnership interest in GSEC. The Company's investment in GSEC is reflected in other assets in the statement of financial condition. Under the rules of the Chicago Board Options Exchange, the agreement requires that the Company maintain a minimum net liquidating equity of \$1 million with GSEC, exclusive of its preferred stock investment.

SALLERSON-TROOB LLC

Notes to Statement of Financial Condition, Continued

December 31, 2010

4. Credit Concentration

At December 31, 2010, a significant credit concentration consisted of approximately \$22 million, representing the fair value of the Company's trading accounts carried by its clearing broker, Goldman Sachs Execution & Clearing, L.P. ("GSEC"). Management does not consider any credit risk associated with this receivable to be significant.

5. Commitments and Contingencies

The Company conducts its operations in leased office facilities and annual rentals are charged to current operations. The leases are subject to escalation clauses based on the operating expenses of the lessor.

The minimum annual rental commitments under non-cancelable operating leases are as follows as of December 31, 2010:

<u>Year Ending</u> <u>December 31,</u>	<u>Amount</u>
2011	\$ 417,000
2012	356,000
2013	365,000
2014	374,000
2015	383,000
Thereafter	<u>393,000</u>
	<u>\$ 2,288,000</u>

At December 31, 2010, the Company was contingently liable in the amount of \$100,000 under a bank letter of credit used in lieu of a security deposit for the Company's office lease. The letter of credit is collateralized by a certificate of deposit with a fair value of \$100,287.

At December 31, 2010, the Company was a guarantor of certain clearing agreements for other broker-dealers totaling \$400,000.

In the normal course of business, the Company is subject to various regulatory inquiries that may result in claims of potential violations of exchange rules and that may possibly involve sanctions and/or fines. These matters are rigorously defended as they arise.

6. Derivative Financial Instruments and Off-Balance Sheet Risk

In the normal course of business the Company enters into transactions in derivative financial instruments and other financial instruments with off-balance sheet risk that include exchange-traded futures and futures options contracts, equity and index options and short stocks. All derivative instruments are held for trading purposes. All positions are reported in the accompanying statement of financial condition at fair value and gains and losses from derivative financial instruments are included in net trading gain in the statement of operations.

Futures contracts provide for the delayed delivery/receipt of securities or money market instruments with the seller/buyer agreeing to make/take delivery at a specified date, at a specified price.

December 31, 2010

6. Derivative Financial Instruments and Off-Balance Sheet Risk, continued

Options grant the purchaser, for the payment of a premium, the right to either purchase from or sell to the writer a specified instrument under agreed terms. As a writer of options, the Company receives a premium in exchange for bearing the risk of unfavorable changes in the price of the financial instruments underlying the options.

Securities sold, not yet purchased, represent obligations of the Company to deliver specified securities and thereby create a liability to repurchase the securities in the market at prevailing prices. These transactions may result in off-balance sheet risk as the Company's ultimate obligation to satisfy its obligation for securities sold, not yet purchased may exceed the amount recognized in the statement of financial condition.

Risk arises from the potential inability of counterparties to perform under the terms of the contracts (credit risk) and from changes in the values of the underlying financial instruments (market risk). The Company is subject to credit risk to the extent any broker with which it conducts business is unable to fulfill contractual obligations on its behalf. The Company attempts to minimize its exposure to credit risk by monitoring brokers with which it conducts investment activities. In management's opinion, market risk is substantially diminished when all financial instruments are aggregated.

7. Fair Value Disclosure

FASB ASC Topic 820, previously Statement of Financial Accounting Standards No. 157, "Fair Value Measurements", defines fair value as the price that the Partnership would receive to sell an investment or pay to transfer a liability in a timely transaction with an independent buyer in the principal market, or in the absence of a principal market the most advantageous market for the investment or liability. FASB ASC Topic 820 established a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC Topic 820 are as follows:

Level 1 Inputs Valuation based on quoted (unadjusted) prices in active markets for identical assets or liabilities at the reporting date.

Level 2 Inputs Valuation based on other than quoted prices included with Level 1 that are observable for substantially the full term of the asset or liability, either directly or indirectly. Level 2 assets include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities that are not active; and inputs other than quoted prices that are observable, such as models or other valuation methodologies.

Level 3 Inputs Valuation based on unobservable inputs for the valuation of the asset or liability. Level 3 assets include investments for which there is little, if any, market activity. These inputs require significant management judgment or estimation.

SALLERSON-TROOB LLC

Notes to Statement of Financial Condition, Continued

December 31, 2010

7. Fair Value Disclosure, continued

The following table presents the Company's fair value hierarchy for those assets and liabilities measured at fair value on a recurring basis as of December 31, 2010:

	<u>Level 1</u>	<u>Level 3</u>	<u>Total</u>
Assets			
Securities owned			
Equities	\$ 415,012,237	\$ 712,716	\$ 415,724,953
Options	176,435,370	-	176,435,370
Investments in private companies	-	10,428,990	10,428,990
	<u>\$ 591,447,607</u>	<u>\$ 11,141,706</u>	<u>\$ 602,589,313</u>
Liabilities			
Securities sold, not yet purchased			
Equities	\$ 196,600,666	\$ -	\$ 196,600,666
Options	451,658,646	-	451,658,646
	<u>\$ 648,259,312</u>	<u>\$ -</u>	<u>\$ 648,259,312</u>

At December 31, 2010, securities owned, not readily marketable totaling \$712,716 consist of restricted corporate equity securities. At December 31, 2010, the Company held no Level 2 investments. The following is a reconciliation of the beginning and ending balances for investments measured at fair value on a recurring basis using Level 3 inputs during the year ended December 31, 2010.

Balance, January 1, 2010	\$ 8,089,956
Securities transferred from Level 2	40,449
Securities acquired through demutualization	672,267
Purchases of investments in private companies	3,309,886
Sales of investments in private companies	(2,916,873)
Net gain on investments in private companies	1,946,021
Balance, December 31, 2010	<u>\$ 11,141,706</u>

8. Net Capital Requirements

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15(c)3-1). Under this rule, the Company is required to maintain "net capital" equal to the greater of \$100,000 or 6 and 2/3 % of "aggregate indebtedness", as defined.

At December 31, 2010, the Company had net capital and net capital requirements of \$11,455,150 and \$100,000, respectively.

9. Subsequent Events

The Company's management has evaluated events and transactions through February 22, 2011, the date the financial statements were issued, noting no material events requiring disclosure in the Company's financial statements.

PART III**

BROKER OR DEALER:	SALLERSON-TROOB LLC	as of <u>December 31, 2010</u>
--------------------------	----------------------------	---------------------------------------

COMPUTATION OF BASIC NET CAPITAL REQUIREMENT

Part A

11.	Minimum net capital required (6-2/3% of line 19)	\$ <u>340</u>	[3756]
12.	Minimum dollar net capital requirement of reporting broker or dealer and minimum net capital requirement of subsidiaries computed in accordance with Note (A)	\$ <u>100,000</u>	[3758]
13.	Net capital requirement (greater of line 11 or 12)	\$ <u>100,000</u>	[3760]
14.	Excess net capital (line 10 less 13)	\$ <u>11,355,150</u>	[3770]
15.	Excess net capital at 1000% (line 10 less 10% of line 19)	\$ <u>11,454,640</u>	[3780]

COMPUTATION OF AGGREGATE INDEBTEDNESS

16.	Total A.I. liabilities from Statement of Financial Condition	\$ <u>5,100</u>	[3790]
17.	Add:		
	A. Drafts for immediate credit	<u> </u>	[3800]
	B. Market value of securities borrowed for which no equivalent value is paid or credited	<u> </u>	[3810]
	C. Other unrecorded amounts (List)	<u> </u>	[3820]
18.	Deduct: Adjustment based on deposits in Special Reserve Bank Accounts (15c3-1(c)(1)(vii))	<u> </u>	[3838]
19.	Total aggregate indebtedness	\$ <u>5,100</u>	[3840]
20.	Percentage of aggregate indebtedness to net capital (line 19 ÷ by line 10)	<u>0.04%</u>	[3850]
21.	Percentage of debt to debt-equity total computed in accordance with Rule 15c3-1(d)	<u> </u>	[3860]

COMPUTATION OF ALTERNATE NET CAPITAL REQUIREMENT

Part B

22.	2% of combined aggregate debit items as shown in Formula for Reserve Requirements pursuant to Rule 15c-3-3 prepared as of the date of the net capital computation including both brokers or dealers and consolidated subsidiaries debits	<u> </u>	[3870]
23.	Minimum dollar net capital requirement of reporting broker or dealer and minimum net capital requirement of subsidiaries computed in accordance with Note (A)	<u> </u>	[3880]
24.	Net capital requirement (greater of line 22 or 23)	<u> </u>	[3760]
25.	Excess net capital (line 10 less 24)	<u> </u>	[3910]
26.	Percentage of Net Capital to Aggregate Debits (line 10 ÷ by line 17 page 8)	<u> </u>	[3851]
27.	Percentage of Net Capital, <u>after</u> anticipated capital withdrawals, to Aggregate Debits (line 10 less item 4880, page 11 ÷ by line 17 page 8)	<u> </u>	[3854]
28.	Net capital in excess of: 5% of combined aggregate debit items or \$300,000	<u> </u>	[3920]

OTHER RATIOS

Part C

29.	Percentage of debt to debt-equity total computed in accordance with Rule 15c3-1(d)	<u> </u>	[3860]
30.	Options deductions/Net Capital ratio (1000% test) total deductions exclusive of liquidating equity under Rule 15c3-1(a)(6), (a)(7) and (c)(2)(x) ÷ Net Capital	<u> </u>	[3852]

NOTES:

- A. The minimum net capital requirement should be computed by adding the minimum dollar net capital requirement of the reporting broker dealer and, for each subsidiary to be consolidated, the greater of:
 - 1. Minimum dollar net capital requirement, or
 - 2. 6-2/3% of **aggregate** indebtedness or **2% of aggregate debits if alternative method is used.**
- B. Do not deduct the value of securities borrowed under subordination agreements of secured demand notes covered by subordination agreements not in satisfactory form and the market values of memberships in exchanges contributed for use of company (contra to item 1740) and partners securities which were included in non-allowable assets.
- C. For reports filed pursuant to paragraph (d) of Rule 17a-5, respondent should provide a list of material non-allowable assets.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL

To the Members of
Sallerson-Troob LLC

In planning and performing our audit of the statement of financial condition of Sallerson-Troob LLC. (the "Company") as of December 31, 2010, we considered its internal control structure, including control activities for safeguarding securities, in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statement and not to provide assurance on the internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (the "SEC"), we have made a study of the practices and procedures followed by the Company, including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g), in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

- (1) Making quarterly securities examinations, counts, verifications, and comparisons
- (2) Recordation of differences required by Rule 17a-13
- (3) Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining an internal control structure and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of internal control structure policies and procedures, and of the practices and procedures referred to in the preceding paragraph, and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of an internal control structure and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition, and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in accordance with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2010 to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC, the Chicago Board Options Exchange and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink, appearing to read 'Bryan J. Guaska'. The signature is written in a cursive, flowing style.
