NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2010

NOTE 1 - NATURE OF OPERATIONS AND SIGNIFICANT ACCOUNTING POLICIES

The nature of operations and significant accounting policies of Integrity Funds Distributor, Inc. are presented to assist in understanding the Company's financial statements.

Nature of Operations - The Company is a wholly-owned subsidiary of Corridor Investors, LLC (the "Parent"). Integrity Fund Services, LLC. and Viking Fund Management LLC are also a wholly-owned subsidiary of the Parent. Integrity Funds Distributor, LLC. was previously owned by Capital Financial Holdings Inc. and acquired by Corridor Investors, LLC on July 31, 2009. The Company's primary business is as the principal underwriter and distributor of "Integrity Viking Mutual Funds," "Integrity Managed Portfolios," "Viking Mutual Funds", and "The Integrity Funds," hereinafter collectively referred to as "the Funds."

Cash and Cash Equivalents - Cash and cash equivalents are distinguished based on liquidity. Liquid investments with maturities greater than three months, if any, are recorded as investments.

Accounts and Commissions Receivable - The Company's receivables consist primarily of fees charged to the affiliated funds for distribution services. Management believes all of the receivables are collectible based on historical experience, and has not recorded an allowance for doubtful accounts. The Company does not charge interest on its receivables.

Commissions - Commissions and related clearing expenses are recorded on a trade-date basis as securities transactions occur.

Concentrations - Substantially all of the Company's revenue is derived from fees charged to the Funds mentioned above. All trade receivables are due from the Funds. The Company is economically dependent upon the operating results of the Funds.

Income Taxes - The Company's policy is to evaluate the likelihood that its uncertain tax positions will prevail upon examination based on the extent to which those positions have substantial support within the Internal Revenue Code and Regulations, Revenue Rulings, court decisions and other evidence. It is the opinion of management that the Company has no significant uncertain tax provisions that would be subject to change upon examination. The Federal income tax returns of the Parent Company are subject to examination by the IRS generally for three years after filing.

12b-1 Revenue - 12b-1 revenue is recognized in the period in which it is earned.

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

NOTE 2 - RULE 15c3-3

The Company operates under the provision of Paragraph (k)(1) of Rule 15c3-3 of the Securities and Exchange Commission and, accordingly, is exempt from the remaining provisions of that Rule.

NOTE 3 - RISKS AND UNCERTAINTIES

The Company has a concentration of credit risk for cash deposits at various financial institutions. These deposits may at times exceed amounts covered by insurance provided by the U.S. Federal Deposit Insurance Corporation (FDIC).

Rent paid to Corridor Investors LLC	\$ 9,600

INDEPENDENT AUDITOR'S REPORT ON
INTERNAL CONTROL REQUIRED BY RULE 17a-5

To the Board of Directors
Integrity Funds Distributor, LLC
Minot, North Dakota

In planning and performing our audit of the financial statements and supplemental schedules of Integrity Funds Distributor, LLC (the Company), as of and for the year ended December 31, 2010 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

INDEPENDENT AUDITOR'S REPORT ON
INTERNAL CONTROL REQUIRED BY RULE 17a-5 (CONTINUED)

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control over financial reporting that is less severe than a material weakness, yet important enough to merit attention by those responsible for oversight of the company's financial reporting.

A *material weakness* is a deficiency, or a combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the company's annual or interim financial statements will not be prevented or detected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at December 31, 2010, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, State Securities Commission, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be, and should not be used by, anyone other than these specified parties.
