INDEPENDENT AUDITOR'S REPORT

To the Member of  
Southlake Capital, LLC

We have audited the accompanying statement of financial condition of Southlake Capital, LLC, as of March 31, 2011, and the related statements of income, changes in member's equity, changes in liabilities subordinated to claims of general creditors, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Southlake Capital, LLC, as of March 31, 2011, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

A handwritten signature in black ink that reads 'CF &amp; Co., L.L.P.' in a cursive style.

SOUTHLAKE CAPITAL, LLC  
Notes to Financial Statements  
March 31, 2011

Note 1 - Summary of Significant Accounting Policies

Southlake Capital, LLC, (the "Company") operates as a broker-dealer in securities registered with the Securities and Exchange Commission ("SEC") under Rule 15c3-3(k)(2)(ii). The Company operates as a Texas Limited Liability Company (LLC). The Company was organized on November 15, 1995 and is a member of Financial Industry Regulatory Authority ("FINRA"). The Company's customers are located throughout the United States.

Marketable securities owned and securities sold, but not yet purchased, are carried at quoted market value. The increase (decrease) in net unrealized appreciation or depreciation of securities is credited or charged to operations.

Securities transactions (and related commission revenue and expense) are recorded on a settlement date basis, generally the third business day following the transactions. If materially different, commission income and related expenses are recorded on a trade date basis.

Property and equipment are recorded at cost and consist of furniture and office equipment. Depreciation is computed using straight-line and accelerated methods over estimated useful lives of 3 to 5 years.

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

The Company is not subject to federal income taxes; the individual members are required to report their distributive share of the Company's realized income, gain, loss, deductions, or credits on their individual income tax returns.

Income tax returns are generally subject to examination by the respective federal and state authorities over various statutes of limitations generally three to five years from date of filing.

SOUTHLAKE CAPITAL, LLC  
Notes to Financial Statements  
March 31, 2011

Note 2 - Fair Value Measurements

The Company uses various methods including market, income and cost approaches. Based on these approaches, the Company often utilizes certain assumptions that market participants would use in pricing the asset or liability, including assumptions risk and or the risks inherent in the inputs to the valuation technique. These inputs can be readily observable, market corroborated, or generally unobservable inputs. The Company utilizes valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Based on the observability of the inputs used in the valuation techniques, the Company is required to provide the following information according to the fair value hierarchy. The fair value hierarchy ranks the quality and reliability of the information used to determine fair values. Financial assets and liabilities carried at fair value will be classified and disclosed in one of the following three categories:

Level 1 - Valuations for assets and liabilities traded in active exchange markets, such as the New York Stock Exchange. Level 1 also includes U.S. Treasury and federal agency securities and federal agency mortgage-backed securities, which are traded by dealers or brokers in active markets. Valuations are obtained from readily available pricing sources for market transactions involving identical assets or liabilities.

Level 2 - Valuations for assets and liabilities traded in less active dealer or broker markets. Valuations are obtained from third party pricing services for identical or similar assets or liabilities.

Level 3 - Valuations for assets and liabilities that are derived from other valuation methodologies, including option pricing models, discounted cash flow models and similar techniques, and not based on market exchange, dealer, or broker traded transactions. Level 3 valuations incorporate certain assumptions and projections in determining the fair value assigned to such assets or liabilities.

For the year ended March 31, 2011, the application of valuation techniques applied to similar assets and liabilities has been consistent. The fair value of securities owned (inventory and investments) is deemed to be Level 1 investments.

SOUTHLAKE CAPITAL, LLC  
Notes to Financial Statements  
March 31, 2011

Note 3 - Net Capital Requirements

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Company is required to maintain a minimum net capital, as defined under such provisions. Net capital and the related net capital ratio may fluctuate on a daily basis.

At March 31, 2011, the Company had net capital of approximately \$136,551 and net capital requirements of \$100,000. The Company's ratio of aggregate indebtedness to net capital was 0 to 1. The Securities and Exchange Commission permits a ratio of no greater than 15 to 1.

Note 4 - Possession or Control Requirements

The Company does not have any possession or control of customer funds or securities. There were no material inadequacies in the procedures followed in adhering to the exemptive provisions of (SEC) Rule 15c3-3(k)(2)(ii) by promptly transmitting all customer funds and securities to the clearing broker who carries the customer accounts.

Note 5 - Property and Equipment

Property and equipment and related accumulated depreciation is as follows:

	<u>Cost</u>	<u>Accumulated Depreciation</u>	<u>Net</u>
Property and equipment	\$ <u>8,933</u>	\$ <u>5,233</u>	\$ <u>3,700</u>

Note 6 - Commitments and Contingencies

Included in the Company's clearing agreement with its clearing broker-dealer ("Clearing"), is an indemnification clause. This clause relates to instances where the Company's customers fail to settle security transactions. In the event this occurs, the Company will indemnify the clearing broker-dealer to the extent of the net loss on the unsettled trade. Management of the Company has not been notified by the Clearing, nor were they otherwise aware, of any potential losses relating to this indemnification. The Company is also subject to credit risks to the extent Clearing is unable to deliver cash balances on clear security transactions on the Company's behalf. Management monitors the financial condition of Clearing and believes the likelihood of loss under these circumstances is remote.

SOUTHLAKE CAPITAL, LLC  
Notes to Financial Statements  
March 31, 2011

Note 6 - Commitments and Contingencies, continued

In addition, the Company is required to maintain a \$43,000 deposit with Clearing as collateral on its security position and customer transactions.

Note 7 - Subsequent Events

In preparing the accompanying financial statements, Management has reviewed events that have occurred after March 31, 2011, through May 5, 2011, the date the financial statements were available to be issued. During this period, the Company did not have any material subsequent events.

Independent Auditor's Report

On Internal Control

Required By SEC Rule 17a-5

For the Year Ended

March 31, 2011

**CF & Co., L.L.P.**

CERTIFIED PUBLIC ACCOUNTANTS  
& CONSULTANTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL  
CONTROL REQUIRED BY SEC RULE 17a-5

To the Members of  
Southlake Capital, LLC

In planning and performing our audit of the financial statements and supplemental information of Southlake Capital, LLC (the "Company"), as of and for the year ended March 31, 2011 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of compliance with such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with

management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and was not designed to identify all deficiencies in internal control that might be material weaknesses and therefore, there can be no assurance that all material weaknesses have been identified. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at March 31, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors management, the SEC, the Financial Industry Regulatory Authority, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

CF & Co., L.L.P.

Dallas, Texas
