Independent Auditor's Report

Board of Directors

NI ADVISORS:

We have audited the accompanying statement of financial condition of NI ADVISORS (the Company) as of June 30, 2011, and the related statements of income, changes in stockholder's equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of NI ADVISORS as of June 30, 2011, and the results of its income and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I, II, and III is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*General*

NI ADVISORS (the "Company") was incorporated in the State of California on January 1, 2005. The Company is a registered broker-dealer in securities under the Securities and Exchange Act of 1934, a member of the Financial Industry Regulatory Authority ("FINRA"), and the Securities Investor Protection Corporation ("SIPC"), and the Municipal Securities Rulemaking Board ("MSRB").

The Company is engaged in business as a securities broker-dealer, that provides several classes of services, including engaging in the business as a mutual fund retailer.

Under its membership agreement with FINRA and pursuant to Rule 15c3-3(k)(2)(ii), the Company conducts business on a fully disclosed basis and does not execute or clear securities transactions for customers. Accordingly, the Company is exempt from the requirement of Rule 15c3-3 under the Securities Exchange Act of 1934 pertaining to the possession or control of customer assets and reserve requirements.

*Summary of Significant Accounting Policies*

The presentation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Commissions receivable are stated at face amount with no allowance for doubtful accounts. An allowance for doubtful accounts is not considered necessary because probable uncollectible accounts are immaterial.

The Company receives fees in accordance with the terms stipulated in its engagement contracts. Fees are recognized as earned. The Company also receives success fees when transactions are completed. Success fees are recognized when earned, the Company has no further continuing obligations, and collection is reasonably assured.

During the year ended June, 30, 2011, one of the Company's representatives produced 50% of total Company revenue for the year.

**NI ADVISORS**  
**Notes to Financial Statements**  
**June 30, 2011**

**Note 1: GENERAL AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**  
**(Continued)**

Property and equipment are stated at cost. Repairs and maintenance to these assets are charged to expense as incurred; major improvements enhancing the function and/or useful life are capitalized. When items are sold or retired, the related cost and accumulated depreciation are removed from the accounts and any gains or losses arising from such transactions are recognized.

The Company accounts for its income taxes in accordance with FASB ASC 740, Income Taxes. This standard requires the establishment of a deferred tax asset or liability to recognize the future tax effects of transactions that have not been recognized for tax purposes, including taxable and deductible temporary differences, as well as net operating loss and tax credit carryforwards. Deferred tax expenses or benefits are recognized as a result of the changes in the tax basis of an asset and liability when measure against its reported amount in the financial statements.

The Company has evaluated events subsequent to the balance sheet date for items requiring recording or disclosure in the financial statements. The evaluation was performed through August 26, 2011, which is the date the financial statements were available to be issued. Based upon this review, the Company has determined that there were no events which took place that would have a material impact on its financial statements.

**Note 2: PROPERTY AND EQUIPMENT, NET**

Property and equipment are recorded net of accumulated depreciation and summarized by major classification as follows:

		Useful Life
Equipment	\$ 922	5
Furniture	<u>1,945</u>	7
Total cost of property and equipment	2,867	
Less: accumulated depreciation	<u>(1,215)</u>	
Property and equipment, net	<u>\$ 1,652</u>	

Depreciation expense for the year ended June 30, 2011 was \$282.

**NI ADVISORS**  
**Notes to Financial Statements**  
**June 30, 2011**

**Note 3: INCOME TAXES**

	Current	Deferred	Total
Federal	\$ -	\$ -	\$ -
State	800	-	800
Total income tax expense (benefit)	<u>\$ 800</u>	<u>\$ -</u>	<u>\$ 800</u>

The income tax provision indicated above consists of the California Franchise Tax Board minimum tax of \$800. The Company has available at June 30, 2011, unused Federal net operating losses, which may be applied against future taxable income or carried back to offset previous taxable income, resulting in a deferred tax asset of approximately \$13,886. The net operating loss begins to expire in the year 2031.

A 100% valuation allowance has been established against this benefit since management cannot determine if it is more likely than not that the asset will be realized.

**Note 4: ADVANCES TO OFFICER**

The Company advanced to one of its employees \$25,000 during 2009. This balance is non-collateralized, non-interest bearing, and due on demand.

**Note 5: OCCUPANCY & RENTAL INCOME**

The Company entered into a 3-year lease agreement during 2010 which will expire on December 31, 2012. Rent expense for the year ended June 30, 2011, was \$28,819. The lease provision allows the Company to sublease the office space to various renters. The rental income from the sublease for the year ending June 30, 2011, was \$13,920 and is included in other income on the Statement of Income.

**Note 6: CONCENTRATIONS OF CREDIT RISK**

The Company is engaged in various trading and brokerage activities in which counter-parties primarily include broker-dealers, banks, and other financial institutions. In the event counter-parties do not fulfill their obligations, the Company may be exposed to risk. The risk of default depends on the creditworthiness of the counter-party or issuer of the instrument. It is the Company's policy to review, as necessary, the credit standing of each counter-party.

**NI ADVISORS**  
**Notes to Financial Statements**  
**June 30, 2011**

**Note 7: RECENTLY ISSUED ACCOUNTING STANDARDS**

The Financial Accounting Standards Board (the "FASB") issued a new professional standard in June of 2009 which resulted in a major restructuring of U.S. accounting and reporting standards. The new professional standard, issued as ASC 105 ("ASC 105"), establishes the Accounting Standards Codification ("Codification or ASC") as the source of authoritative accounting principles ("GAAP") recognized by the FASB. The principles embodied in the Codification are to be applied by nongovernmental entities in the preparation of financial statements in accordance with generally accepted accounting principles in the United States. Rules and interpretive releases of the Securities and Exchange Commission ("SEC") issued under authority of federal securities laws are also sources of GAAP for SEC registrants. Existing GAAP was not intended to be changed as a result of the Codification, and accordingly the change did not impact the financial statements of the Company.

For the year ending June 30, 2010, various Accounting Standard Updates ("ASU") issued by the FASB were either newly issued or had effective implementation dates that would require their provisions to be reflected in the financial statements for the year then ended. The Company has reviewed the following ASU releases to determine relevance to the Company's operations:

<u>ASU No.</u>	<u>Title</u>	<u>Effective Date</u>
2009-01	The FASB Accounting Standards Codification and the Hierarchy of Generally Accepted Accounting Principles (ASC 105) - a Replacement of FASB Statement No. 162	After September 15, 2009
2010-06	Fair Value Measurements and Disclosures (ASC 820): Improving Disclosures about Fair Value Measurements	After December 15, 2009
2010-09	Subsequent Events (ASC 855): Amendments to Certain Recognition and Disclosure Requirements	After February 24, 2010
2009-16	Accounting for Transfers of Financial Assets (ASC 860) - an Interpretation of FASB Statement No. 140	After November 15, 2009
2009-17	Consolidations (ASC 810) - Improvements to Financial Reporting by Enterprises with Variable Interest Entities	After November 15, 2009

**NI ADVISORS**  
**Notes to Financial Statements**  
**June 30, 2011**

**Note 7: RECENTLY ISSUED ACCOUNTING STANDARDS**  
**(Continued)**

The Company has either evaluated or is currently evaluating the implications, if any, of each of these pronouncements and the possible impact they may have on the Company's financial statements. In most cases, management has determined that the pronouncement has either limited or no application to the Company and, in all cases, implementation would not have a material impact on the financial statements taken as a whole.

**Note 8: NET CAPITAL REQUIREMENTS**

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (SEC rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. Net capital and aggregate indebtedness change day to day, but on June 30, 2011, the Company had net capital of \$22,172 which was \$17,172 in excess of its required net capital of \$5,000; and the Company's ratio of aggregate indebtedness (\$42,400) to net capital was 1.91 to 1, which is less than the 15 to 1 maximum allowed.

**NI ADVISORS**  
**Schedule I - Computation of Net Capital Requirements**  
**Pursuant to Rule 15c3-1**  
**As of June 30, 2011**

**Computation of net capital**

Additional paid-in capital	\$ 186,700	
Accumulated deficit	<u>(112,662)</u>	
<b>Total stockholder's equity</b>		<b>\$ 74,038</b>
Less: Non-allowable assets		
Property and equipment, net	(1,652)	
Advances to officer	(25,000)	
Non-allowable AR	(17,644)	
Deposit	<u>(7,570)</u>	
<b>Total non-allowable assets</b>		<b><u>(51,866)</u></b>
<b>Net capital</b>		<b>22,172</b>

**Computation of net capital requirements**

Minimum net capital requirements		
6 2/3 percent of net aggregate indebtedness	\$ 2,827	
Minimum dollar net capital required	<u>\$ 5,000</u>	
Net capital required (greater of above)		<u>(5,000)</u>
<b>Excess net capital</b>		<b><u>\$ 17,172</u></b>
Ratio of aggregate indebtedness to net capital	1.91 : 1	

There was no material difference between net capital computation shown here and the net capital computation shown on the Company's unaudited Form X-17A-5 report dated June 30, 2011.

**NI ADVISORS**  
**Schedule II - Computation for Determining of Reserve**  
**Requirements Pursuant to Rule 15c3-3**  
**As of June 30, 2011**

A computation of reserve requirements is not applicable to NI ADVISORS as the Company qualifies for exemption under Rule 15c3-3(k)(2)(ii).

*See independent auditor's report*

**NI ADVISORS**  
**Schedule III - Information Relating to Possession or Control**  
**Requirements Pursuant to Rule 15c3-3**  
**As of June 30, 2011**

Information relating to possession or control requirements is not applicable to NI ADVISORS as the Company qualifies for exemption under Rule 15c3-3(k)(2)(ii).

*See independent auditor's report*

**NI ADVISORS**

**Supplementary Accountant's Report  
on Internal Accounting Control  
Report Pursuant to 17a-5  
For the Year Ended June 30, 2011**

Board of Directors

NI ADVISORS:

In planning and performing our audit of the financial statements of NI ADVISORS (the Company), as of and for the year ended June 30, 2011, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A *material weakness* is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at June 30, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, Financial Industry Regulatory Authority, and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
