INDEPENDENT AUDITOR'S REPORT

Board of Directors
Worth Financial Group Inc.

We have audited the accompanying statement of financial condition of Worth Financial Group Inc. as of June 30, 2011, and the related statements of income, changes in stockholders' equity, and cash flows for the year then ended that you are filing pursuant to rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Worth Financial Group Inc. as of June 30, 2011, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in Schedules I and II is presented for purposes of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by rule 17a-5 under the Securities Exchange Act of 1934. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

WORTH FINANCIAL GROUP INC.
Notes to Financial Statements
June 30, 2011

Note 1 - Nature of Business and Summary of Significant Accounting Policies

Nature of Business:

Worth Financial Group Inc. (the Company) was organized in March 1983 as a Texas corporation. The Company is a broker/dealer in securities registered with the Securities and Exchange Commission (SEC) and is a member of the Financial Industry Regulatory Authority (FINRA). The Company is also a registered investment advisor with the state of Texas. The majority of the Company's customers are individuals located in the state of Texas.

The Company operates pursuant to section (k)(2)(ii) exemptive provisions of Rule 15c3-3 of the Securities Exchange Act of 1934, and accordingly, is exempt from the remaining provisions of that Rule. The Company does not hold customer funds or securities, but as an introducing broker or dealer, will clear all transactions on behalf of customers on a fully disclosed basis through a clearing broker/dealer. The clearing broker/dealer carries all of the accounts of the customers and maintains and preserves all related books and records as are customarily kept by a clearing broker/dealer. Under these exemptive provisions, the Computation for Determination of Reserve Requirements and Information Relating to the Possession and Control Requirements are not required.

Significant Accounting Policies:

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of the assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value of Financial Instruments

The Company's financial asset and liability amounts reported in the statement of financial condition are short-term in nature and approximate fair value.

Cash Equivalents

Money market funds are reflected as cash equivalents in the accompanying statement of financial condition and for purposes of the statement of cash flows.

Property and Equipment

Property and equipment are carried at cost less accumulated depreciation. Depreciation is calculated using the straight-line method over estimated useful lives of five to seven years.

WORTH FINANCIAL GROUP INC.
Notes to Financial Statements
June 30, 2011

Note 1 - Nature of Business and Summary of Significant Accounting Policies (continued)

Revenue Recognition

Investment advisory fees are earned based on contractual percentages of client assets under management. The fees are billed monthly in arrears.

General securities commissions and related clearing expenses are recorded on a trade date basis.

The Company recognizes revenue on the sale of life settlement contracts when customer fractional investments to such offerings are, or are expected to be, fully funded and recorded by the life settlement provider.

Insurance commissions are recorded when the policies are funded by the customer.

Investment company share commissions are recorded when initial subscriptions are funded or when recurring commissions are payable to the Company.

Income Taxes

The Company has adopted financial reporting rules regarding recognition and measurement of tax positions taken or expected to be taken on a tax return. The Company has reviewed all open tax years and concluded that there is no impact on the Company's financial statements and no tax liability resulting from unrecognized tax benefits relating to uncertain income tax positions taken or expected to be taken on a tax return. As of June 30, 2011, open Federal tax years include the tax years ended June 30, 2008 through June 30, 2010.

Advertising Costs

The Company expenses advertising production costs as they are incurred and advertising communication costs the first time the advertising takes place.

Note 2 - Transactions with Clearing Broker/Dealers

The agreements with the clearing broker/dealers provide for clearing charges at a fixed rate multiplied by the number of tickets traded by the Company. The agreements also require the Company to maintain a minimum of \$19,000 as deposits in accounts with the clearing broker/dealers.

WORTH FINANCIAL GROUP INC.

Notes to Financial Statements

June 30, 2011

Note 3 - Net Capital Requirements

The Company is subject to the SEC uniform net capital rule (Rule 15c3-1), which requires the maintenance of a minimum amount of net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Rule 15c3-1 also provides that equity capital may not be withdrawn or cash dividends paid if the resulting net capital ratio would exceed 10 to 1. At June 30, 2011, the Company had net capital and net capital requirements of \$47,952 and \$5,000, respectively. The Company's net capital ratio was 1.34 to 1.

Note 4 - Property and Equipment

Property and equipment is carried at cost less accumulated depreciation and consists of the following:

Furniture and fixtures	\$ 11,986
Computer equipment	12,361
Software	<u>1,476</u>
	25,823
Accumulated depreciation	<u>(12,537)</u>
	<u>\$ 13,286</u>

Depreciation expense for the year was \$4,479 and is reflected in the accompanying statement of income as occupancy and equipment costs.

Note 5 - Income Taxes

The Company has a current year tax loss which differs from the net book loss due to permanent non-deductible differences and accelerated depreciation used for income tax purposes; therefore, there is no provision for current income taxes. The Company has a net operating loss carry forward of approximately \$2,000 available to offset future taxable income, which begins expiring in 2031. The accelerated depreciation used for tax purposes net of the net operating loss carryforward, creates a deferred tax liability which is not recognized in the accompanying statement of financial condition as this amount is not material.

WORTH FINANCIAL GROUP INC.
Notes to Financial Statements
June 30, 2011

Note 6 - Commitments and Contingencies

Office Lease

The Company leases office space under a noncancelable operating lease through July 2013. Future minimum lease payments due for each of the years ending June 30 are as follows:

2012	14,839
2013	14,839
2014	1,237
Thereafter	<u>-</u>
	<u>\$ 30,915</u>

The terms of the lease require the Company to provide liability insurance and cover certain general operating expenses with provision for escalation. Office rent expense for the year was \$14,806 and is reflected in the accompanying statement of income as occupancy and equipment costs.

Contingencies

The nature of the Company's business subjects it to various claims, regulatory examinations, and other proceedings in the ordinary course of business. The ultimate outcome of any such action against the Company could have an adverse impact on the financial condition, results of operations, or cash flows of the Company.

Note 7 - Concentration of Credit Risk and Revenue

The Company has a total of \$44,891 or approximately 32% of its total assets, in amounts held at or due from one of its clearing broker/dealers, and a total of \$60,463 or approximately 43% of its total assets in amounts due from a third party administrator.

One of the Company's registered representatives generated approximately 44% of the Company's revenue for the year ended June 30, 2011.

Note 8 - Related Party Transactions

The Company entered into a consulting agreement (Agreement) effective January 1, 2007 with the president and majority shareholder (Shareholder). The Agreement requires the Shareholder to advise the Company on corporate matters and day-to-day operations for a term of five years expiring December 31, 2011. Fees payable under this Agreement include: 1) consulting fees not to exceed \$150,000 per year, plus 2) commissions and overrides generated by the Shareholder. Fees are invoiced monthly and totaled \$65,500 for the year ended June 30, 2011, and are reflected in the accompanying statement of income as compensation and related costs. The Agreement was not consummated on terms equivalent to arms length transactions.

WORTH FINANCIAL GROUP INC.
Notes to Financial Statements
June 30, 2011

Note 8 - Related Party Transactions (continued)

The Company entered into a services agreement (Services Agreement 1) effective January 1, 2011 with a related party energy consultant (Energy Consultant). The Services Agreement 1 requires the Energy Consultant to provide the Company with research on energy related stocks and ETF's and consulting services on the oil and gas industry. The initial term of the Services Agreement 1 was for one year and automatically renews unless notified in writing by either party at least thirty days prior to the renewal date. Fees payable under this Services Agreement 1 are invoiced monthly and totaled \$2,500 for the year ended June 30, 2011.

Note 9 - Services Agreement

The Company entered into a services agreement (Services Agreement 2) effective July 1, 2007 with an unrelated investment advisor (Advisor). The Services Agreement 2 requires the Advisor to provide the Company with research, portfolio reporting and advisory services. The initial term of the Services Agreement 2 was for one year and automatically renews unless notified in writing by either party at least thirty days prior to the renewal date. Fees payable under this Services Agreement 2 are invoiced monthly and totaled \$174,030 for the year ended June 30, 2011.

Note 10 - Off-Balance-Sheet Risk

As discussed in Note 1, the Company's customers' securities transactions are introduced on a fully disclosed basis with its clearing broker/dealers. The clearing broker/dealers carry all of the accounts of the customers of the Company and are responsible for execution, collection and payment of funds, and receipt and delivery of securities relative to customer transactions. Off-balance-sheet risk exists with respect to these transactions due to the possibility that customers may be unable to fulfill their contractual commitments wherein the clearing broker/dealers may charge any losses they incur to the Company. The Company seeks to minimize this risk through procedures designed to monitor the credit worthiness of its customers and that customer transactions are executed properly by the clearing broker/dealers.

Note 11 - Subsequent Events

Management has evaluated the Company's events and transactions that occurred subsequent to June 30, 2011, through August 19, 2011, the date which the financial statements were available to be issued.

There were no events or transactions that occurred during this period that materially impacted the amounts or disclosures in the Company's financial statements.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL REQUIRED BY
SEC RULE 17A-5(G)(1)**

Board of Directors
Worth Financial Group Inc.

In planning and performing our audit of the financial statements of Worth Financial Group Inc. (the Company), as of and for the year ended June 30, 2011 in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the company's financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at June 30, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of the Board of Directors, management, the SEC, Financial Industry Regulatory Authority, Inc., and other regulatory agencies that rely on rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.

PHILLIP V. GEORGE, PLLC

Flower Mound, Texas
August 19, 2011

**INDEPENDENT ACCOUNTANT'S REPORT ON APPLYING AGREED-UPON
PROCEDURES RELATED TO AN ENTITY'S SIPC ASSESSMENT
RECONCILIATION**

Board of Directors
Worth Financial Group Inc.

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments [General Assessment Reconciliation (Form SIPC-7)] to the Securities Investor Protection Corporation (SIPC) for the year ended June 30, 2011, which were agreed to by Worth Financial Group Inc. and the Securities and Exchange Commission, Financial Industry Regulatory Authority, Inc., and SIPC, solely to assist you and the other specified parties in evaluating Worth Financial Group Inc.'s compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). Worth Financial Group Inc.'s management is responsible for the Worth Financial Group Inc.'s compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement record entries noting no differences;
2. Compared the total revenue amounts of the audited Form X-17A-5 for the year ended June 30, 2011, with the amounts reported in Form SIPC-7 for the year ended June 30, 2011 noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers noting no differences;
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments noting no differences; and
5. Compared the amount of any overpayment applied to the current assessment with the Form SIPC-7 on which it was originally computed noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

A handwritten signature in black ink that reads "Phillip V. George, PLLC". The signature is written in a cursive style with a large initial "P".
