Notes to Financial Statements

NOTE 1 — ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Organization:

Partners Investment Network, Inc. (the Company) was organized on May 31, 1988. The Company is registered with the Securities and Exchange Commission as a broker/dealer of securities under the provisions of the Securities Exchange Act of 1934 and is a member of the Financial Industry Regulatory Authority (FINRA). The majority of the Company's clients are located in the Pacific Northwest.

The Company has an agreement (the Clearing Agreement) with a clearing organization (the Clearing Organization) to clear securities transactions, carry customers' accounts on a fully disclosed basis, and perform certain record keeping functions. Accordingly, the Company operates under the exemptive provisions of Securities and Exchange Commission (the SEC) Rule 15c3-3(k)(2)(ii).

Summary of Significant Accounting Policies:

- a. *Revenue recognition* – Commission revenues from customer securities transactions are recorded on a trade-date basis.
- b. *Cash equivalents* – For purposes of statement of financial condition classification, the Company considers all highly liquid investments purchased with original maturities of three months or less to be cash equivalents.
- c. *Furniture, equipment, and leasehold improvements* – Furniture, equipment, and leasehold improvements are stated at cost. Depreciation on furniture and equipment is provided over the estimated useful lives of the individual assets ranging from three to seven years using the straight-line method. Leasehold improvements are amortized over the lesser of the economic useful life of the improvement or the term of the lease. Major additions and improvements are charged to the equipment and leasehold improvements accounts. Costs of maintenance and repairs that do not extend the life of the respective asset are expensed.
- d. *Income taxes* – Income tax is provided for the tax effects of transactions reported in the financial statements and consists of taxes currently due, plus, when necessary, deferred taxes related to differences between the bases of certain assets and liabilities for financial and tax reporting. Such differences were primarily related to accumulated depreciation and accumulated amortization of fixed and intangible assets at the statement of financial condition date. The deferred taxes represent the future tax return consequences of those differences, which will either be deductible or taxable when the assets and liabilities are recovered or settled. Such amounts, which are immaterial, are included with income taxes receivable in the statement of financial condition.

Income tax positions must meet a more-likely-than-not recognition threshold to be recognized. Income tax positions that previously failed to meet the more-likely-than-not threshold are recognized in the first subsequent financial reporting period in which that threshold is met. Previously recognized tax positions that no longer meet the more-likely-than-not threshold are derecognized in the first subsequent financial reporting period in which that threshold is no longer met. There were no accruals related to uncertain tax positions at June 30, 2011 and 2010.

- e. *Credit risk* – The Company deposits its cash and temporary cash investments with high quality financial institutions. At times, such deposits and investments may be in excess of the insurance limits provided by the Federal Deposit Insurance Corporation or the Securities Investor Protection Corporation.

Partners Investment Network, Inc.

Summary of Significant Accounting Policies (continued):

Actual results could differ from those estimates.
- h. *Subsequent events* – Subsequent events have been evaluated through August 22, 2011, which is the date the financial statements were available to be issued.

Notes to Financial Statements

NOTE 7 — OFF-BALANCE-SHEET RISK:

In the normal course of business, the Company executes, both as agent and principal, transactions on behalf of its customers. Pursuant to the Clearing Agreement, the Clearing Organization acts as principal in agency transactions. If the agency transaction does not settle because of failure to perform by either the customer or the counterparty, the Company may be obligated to discharge the obligation of the nonperforming party and, as a result, may incur a loss if the market value of the securities differs from the contract amount of the transaction.

The Company does not anticipate nonperformance by customers or counterparties in the above situations. The Company's policy is to monitor its market exposure and counterparty risk. In addition, the Company has a policy of reviewing the credit standing of each counterparty and customer with which it conducts business.

NOTE 8 – NET CAPITAL REQUIREMENTS:

The Company is subject to the SEC Uniform Net Capital Rule (Rule 15c3-1), which requires the maintenance of a minimum net capital and that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. AGREED-UPON PROCEDURES RELATED TO AN ENTITY'S
SIPC ASSESSMENT RECONCILIATION

Board of Directors
Partners Investment Network, Inc.
Spokane, Washington

In accordance with Rule 17a-5(e)(4) under the Securities Exchange Act of 1934, we have performed the procedures enumerated below with respect to the accompanying Schedule of Assessment and Payments to the Securities Investor Protection Corporation (SIPC) for the year ended June 30, 2011, which were agreed to by Partners Investment Network, Inc. (the Company) and the Securities and Exchange Commission, Financial Industry Regulatory Authority (FINRA), and SIPC, solely to assist you and the other specified parties in evaluating the Company's compliance with the applicable instructions of the General Assessment Reconciliation (Form SIPC-7). The Company's management is responsible for the Company's compliance with those requirements. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the procedures described below either for the purpose for which this report has been requested or for any other purpose. The procedures we performed and our findings are as follows:

1. Compared the listed assessment payments in Form SIPC-7 with respective cash disbursement records entries within their accounting system, noting no differences;
2. Compared the amounts reported on the audited Form X-17A-5 for the year ended June 30, 2011, as applicable, with the amounts reported in Form SIPC-7 for the year ended June 30, 2011, noting no differences;
3. Compared any adjustments reported in Form SIPC-7 with supporting schedules and working papers, noting no differences; and
4. Proved the arithmetical accuracy of the calculations reflected in Form SIPC-7 and in the related schedules and working papers supporting the adjustments, noting no differences.

We were not engaged to, and did not conduct an examination, the objective of which would be the expression of an opinion on compliance. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties listed above and is not intended to be and should not be used by anyone other than these specified parties.

INDEPENDENT AUDITORS' REPORT ON INTERNAL
CONTROL REQUIRED BY SEC RULE 17a-5

In planning and performing our audit of the financial statements of Partners Investment Network, Inc. (the Company) as of and for the year ended June 30, 2011, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis of designing our auditing procedures for the purpose of expressing our opinion on the June 30, 2011, financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of the Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

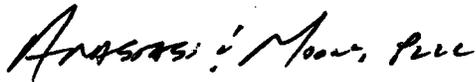

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a deficiency, or combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

A *material weakness* is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Company's financial statements will not be prevented or detected and corrected in a timely basis.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at June 30, 2011, to meet the SEC's objectives.

This report is indented solely for the information and use of the Board of Directors, management, the Securities and Exchange Commission, FINRA, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
