INDEPENDENT AUDITOR'S REPORT

To the Member of
Anchin Capital Advisors LLC

We have audited the accompanying statement of financial condition of Anchin Capital Advisors LLC ("the Company") as of September 30, 2011, and the related statements of operations, changes in member's equity, and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose for expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Anchin Capital Advisors LLC as of September 30, 2011 and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The accompanying notes are an integral part of these financial statements.

ANCHIN CAPITAL ADVISORS LLC

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - ORGANIZATION AND NATURE OF BUSINESS:

Anchin Capital Advisors LLC (the "Company") was organized in New York on April 23, 2003, as a limited liability company. The Company is a wholly owned subsidiary of ABA Platinum Group, LLC (the "Parent") which is wholly owned by Anchin Block & Anchin LLP ("ABA"). Its officers, personnel and other support are provided by the Parent and ABA.

The Company is a registered broker with the Securities and Exchange Commission (SEC) and became a member of the Financial Industry Regulatory Authority (FINRA) on February 17, 2004. The Company offers services including private investment banking services, merger and acquisition services, financial forecasts and projections, strategic planning, market research and financing alternatives. The Company will also make referrals to other FINRA member firms for the sale of certain securities.

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES:

The Company recognizes revenue for services rendered based on the terms of the agreements with each client. Revenue for projects are recorded when the project is completed. When applicable, revenue for time and expenses are recorded when billed. Success fees are recorded at the time the transaction is closed and when income is reasonably determinable.

The Company keeps its books and prepares its financial statements on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

For purposes of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity of three months or less to be cash equivalents.

The Company performs ongoing credit evaluations of its customers' financial condition and extends credit to its customers on an uncollateralized basis. The Company maintains allowances for potential credit losses which, when sustained, have been within management's estimates.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

ANCHIN CAPITAL ADVISORS LLC

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 - SIGNIFICANT ACCOUNTING POLICIES (CONTINUED):

The Company's financial instruments consist primarily of cash and receivables, accounts payable and accrued liabilities. The Company believes all of the financial instruments are recorded at values which approximate fair values due to the short-term nature of these instruments.

NOTE 3 - VALUATION OF INVESTMENTS AND FAIR VALUE MEASUREMENTS

The Company utilizes various methods to measure the fair value of most of its investments on a recurring basis. GAAP establishes a hierarchy that prioritizes the inputs to valuation methods. The three levels of input are:

- Level 1 Unadjusted quoted prices available in active markets that the Partnership has the ability to access for identical assets or liabilities.
- Level 2 Observable inputs other than quoted prices included in level 1 that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument on an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.
- Level 3 Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available representing the Partnership's own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent the valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety, is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

ANCHIN CAPITAL ADVISORS LLC

NOTES TO THE FINANCIAL STATEMENTS

**NOTE 3 - VALUATION OF INVESTMENTS AND FAIR VALUE MEASUREMENTS
(CONTINUED):**

The following is a reconciliation of assets for which level 3 inputs were used in determining value for the year ended September 30, 2011:

	Beginning Balance, October 1, <u>2010</u>	Total Gain or Losses (Realized and <u>Unrealized</u>)	Acquisitions and Dispositions - <u>Net</u>	Transfers In/Out of <u>Level 3</u>	Ending Balance, September 30, <u>2011</u>
Non-public Equity Investment - technology	<u>\$ 0</u>	<u>\$ 0</u>	<u>\$50,000</u>	<u>\$ 0</u>	<u>\$50,000</u>

These securities were acquired by the company in exchange for services rendered and have been measured at fair value using level 3 inputs.

The amount of gains (losses) included in income attributable to the change in unrealized gains (losses) relating to assets still held at September 30, 2011 is \$0.

NOTE 4 - INCOME TAXES:

For tax purposes, the Company is treated as a disregarded entity because it is a wholly owned limited liability company. Thus the assets, liabilities and items of deduction and credit are treated as those of the Parent.

NOTE 5 - ACCOUNTS PAYABLE AND ACCRUED EXPENSES:

At September 30, 2011, accounts payable and accrued expenses consisted primarily of \$498,106 for direct costs payable to ABA (see Note 5), and \$12,000 for other operating expenses.

NOTE 6 - RELATED PARTY TRANSACTIONS:

The Company entered into an agreement with the Parent on January 1, 2004, whereby the Parent would pay on behalf of the Company primarily all of the overhead and administrative expenses. The Parent charges the Company for its share of these expenses. For the year ended September 30, 2011, the Company's share of the administrative service charges, occupancy, computer and office expenses amounted to \$396,000, and is reflected in the statement of operations in those categories. In addition, ABA provides personnel for specific engagements

ANCHIN CAPITAL ADVISORS LLC

NOTES TO THE FINANCIAL STATEMENTS

entered into by the Company with its clients. The personnel costs related to these engagements are billed to the Company by ABA at the time these services are rendered and are payable to ABA at that time. Such costs are reflected on the statement of income as direct costs. For the year ended September 30, 2011, these costs amounted to \$697,764, of which \$498,106 (See Note 4) remained unpaid to ABA at September 30, 2011, and are included in the Company's liabilities at that date.

NOTE 7 - CONCENTRATIONS:

The Company maintains cash balances in a bank account which, at times, may exceed federally insured limits. The Company has not experienced any losses in this account and believes it is not subject to any significant credit risk.

During the year ended September 30, 2011 the Company provided services to three customers comprising 27%, 11% and 26% of total revenues. As of September 30, 2011, receivables from two customers comprised 65% and 32% of total accounts receivable.

NOTE 8 - NET CAPITAL REQUIREMENTS:

The Company is subject to the Securities and Exchange Commission Uniform Net Capital Rule (rule 15c3-1), which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. Net capital and aggregate indebtedness change from day to day. At September 30, 2011, the Company had net capital of \$640,288 which was \$606,281 in excess of its required minimum net capital of \$34,007. The Company's ratio of aggregate indebtedness to net capital was 0.80 to 1.

NOTE 9 - SUBSEQUENT EVENTS:

For disclosure purposes in the financial statements, the Company has evaluated subsequent events through November 17, 2011, the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT
ON SUPPLEMENTARY INFORMATION

To the Member of
Anchin Capital Advisors LLC

Our 2011 audit was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The information contained in the accompanying Supplementary Schedule is presented for purposes of additional analysis of Anchin Capital Advisors LLC only and is not a required part of the basic financial statements, but is supplementary information required by Rule 17a-5 of the Securities and Exchange Commission. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

STATEMENT PURSUANT TO PARAGRAPH (D)(4) OF RULE 17A-5

There are no material differences between this computation and the corresponding computation prepared by the Company and included in its initial unaudited Part II A Focus Report as of September 30, 2011.

EXEMPTIVE PROVISION UNDER RULE 15c3-3

The Company is exempt from the provisions of Rule 15c3-3 of the SEC since the Company's activities are limited to those set forth in the conditions for exemption pursuant to subsection k(2)(i) of the Rule.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL ACCOUNTING CONTROLS

To the Member of
Anchin Capital Advisors LLC

In planning and performing our audit of the financial statements of Anchin Capital Advisors LLC ("the Company"), as of and for the year ended September 30, 2011, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including consideration of control activities for safeguarding securities. This study included tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by Rule 17a-13.
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System.

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with generally accepted accounting principles. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in internal control and the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A *control deficiency* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures, as described in the second paragraph of this report, were adequate at September 30, 2011, to meet the SEC's objectives.

This report is intended solely for the information and use of the Member, management, the SEC, FINRA and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
