NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2012

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

Organization – The Company was incorporated in the state of Wisconsin on May 22, 1995. The Company is a wholly-owned subsidiary of Kodiak Group, Inc. The Company is registered with the Securities and Exchange Commission and the Commodities Futures Trading Commission and is a member of the Financial Industry Regulatory Authority (FINRA) and the National Futures association. The Company's principal business activity is the sale of securities. Operations began in July, 1997. On January 8, 2011 the Company and Parent Company reincorporated in the state of Wyoming.

Securities transactions – commission revenue and related expense arising from securities transactions are recorded on a trade date basis.

Cash Equivalents – Cash equivalents are defined as certificates of deposit and U.S. government obligations with an original maturity date, when acquired by the company, of less than 90 days and those securities registered under the Investment Company Act of 1940 which are comprised of cash and other short-term debt instruments and are commonly referred to as "money market funds."

Concentration of Risk – The Company's cash balances on deposit at various financial institutions at times may exceed the federally insured limit. Due to the strong credit rating of these financial institutions, the Company believes it is not exposed to any significant credit risk to cash.

Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair value measurement – FASB Statement No. 157 (SFAS No. 157) creates a framework for measuring fair value, and establishes a fair value hierarchy which prioritizes the inputs used in valuation techniques. Level 1 inputs as defined by SFAS No. 157, are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access. Level 1 inputs have been applied to all cash equivalents owned by the Company, including a money market fund held at the Company's clearing broker/dealer which is included in Receivables from broker/dealers on the Statement of Financial Condition. No Level 2 and 3 inputs, as defined by SFAS No. 157 have been applied to value any assets or liabilities reflected in these financial statements at the financial statement date.

Income Taxes – The Company files a consolidated federal income tax return with its Parent Company Kodiak Group, Inc. The management is of the view that there are no significant tax positions that may be challenged. Tax years ending June 30, 2008 through June 30, 2011 are open for examination by the IRS.

Subsequent Events – Subsequent events have been evaluated through the date of the accountant's report which is the date the financial statements were available to be issued. On July 1, 2012, 100% of the Company stock was sold to Glacier Groups, Inc. (a Delaware Corporation.) The sale does not affect the operations of the Company.

NOTES TO FINANCIAL STATEMENTS

YEAR ENDED JUNE 30, 2012

NOTE 2 – OFF BALANCE-SHEET RISK AND CLEARING AGREEMENT

The Company's customers may enter into various transactions involving derivatives and other off-balance-sheet financial instruments. These financial instruments include futures contracts, exchange traded options, to-be-announced securities (TBA's) and securities purchased and sold on a when-issued basis (when-issued securities). These derivative financial instruments are used to meet the needs of customers and are, therefore, subject to varying degrees of market and credit risk. In addition, the Company's customers may sell securities that they do not currently own and will therefore be obligated to purchase such securities at a future date. Since the Company enters into the aforementioned transactions solely for the benefit of its customers, the Company does not bear any of the credit or market risk of those customers, with the exception of the risk to the company should its customers fail to honor their obligations related to these derivative and other off-balance sheet financial instruments, as mentioned below.

To facilitate securities transactions, including the aforementioned transactions, on behalf of its customers, the Company has entered into an agreement with another broker/dealer (Clearing Broker/dealer) whereby the Company forwards (introduces) customer securities transactions to the Clearing Broker/dealer, fully disclosing the customer name and other information. The processing and, if applicable, any financing pertaining to the introduced transactions are performed by the Clearing Broker/dealer. The customer account is therefore maintained and recorded in the books and records of the Clearing Broker/Dealer. As part of the terms of the agreement between the Company and Clearing Broker/dealer, the Company is held responsible for any losses arising when the customers introduced by the Company to the Clearing Broker/dealer fail to meet their contractual commitments pertaining to the purchase, sale and possible financing of securities transactions and other financial instruments. The company may therefore be exposed to off-balance-sheet risk in the event the customer is unable to fulfill its contracted obligations and it is necessary for the Clearing Broker/dealer to purchase or sell securities or other financial instruments at a loss. The Company's exposure to risk would consist of the amount of the loss realized and any additional expenses incurred pertaining to the transaction or other customer activity.

The aforementioned agreement may be terminated by either party with 45 days prior notification. The Company is required to maintain a \$100,000 deposit with the Clearing Broker/dealer to assure its performance under the agreement.

NOTE 3 – RELATED PARTY TRANSACTIONS

As mentioned in Note 1, the Company is a wholly-owned subsidiary of Kodiak Group, Inc. (Parent). The Company files consolidated income tax returns with the Parent. The Parent assumes all income tax liability for the group.

The Parent pays substantially all overhead and operating expenses on behalf of the Company other than commission expense and clearing and execution charges. Pursuant to a written agreement, the Company reimburses the Parent for these expenses. The expenses incurred to the Parent for the year ended June 30, 2012 are as follows:

Compensation and related benefits	\$142,832
Occupancy	15,486

We have audited the financial statements of Polar Investment Counsel, Inc., A Wholly Owned Subsidiary of Kodiak Group, Inc., for the period ended June 30, 2012 and have issued our report thereon dated July 19, 2012. As part of our audit, we made a study and evaluation of the system of internal accounting control to the extent we considered necessary to evaluate the system as required by generally accepted auditing standards in the United States and Rule 17a-5 of the Securities and Exchange Commission. This study and evaluation included the accounting system, the procedures for safeguarding securities, and the practices and procedures followed by the client (i) in making the periodic computations of aggregate indebtedness and net capital under Rule 17a-3(a) (11) and the reserve required by Rule 15c3-3(e); (ii) in making the quarterly securities examinations, counts, verifications and comparisons, and the recordation of differences required by Rule 17a-13; (iii) in complying with the requirement for prompt payment for securities of Section 8 of Regulation T of the Board of Governors of the Federal Reserve System; and (iv) in obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customers as required by Rule 15c3-3. Rule 17a-5 states that the scope of the study and evaluation should be sufficient to provide reasonable assurance that any material weakness existing at the date of our examination would be disclosed. Under generally accepted auditing standards and Rule 17a-5, the purposes of such study and evaluation are to establish a basis for reliance thereon in determining the nature, timing, and extent of other auditing procedures necessary for expressing an opinion on the financial statements, and to provide a basis for reporting material weaknesses in internal accounting control.

The objective of internal accounting control is to provide reasonable, but not absolute, assurance concerning the safeguarding of assets against loss from unauthorized use or disposition and concerning the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgments by management. However, for the purposes of this report under Rule 17a-5, the determination of weaknesses to be reported was made without considering the practicability of corrective action by management within the framework of a cost/benefit relationship.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding of instructions, mistakes of judgment, carelessness, or other personal factors. Control procedures whose effectiveness depends on segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by management either with respect to the execution and recording of transactions or with respect to the estimates and judgments required in the preparation of financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

Our study and evaluation of the system of internal accounting control for the year ended June 30, 2012, which was made for the purposes set forth in the first paragraph above and would not necessarily disclose all weaknesses in the system and any that may have existed during the period, disclosed certain weaknesses that we believe to be material. Such weaknesses, with an indication of the corrective action taken or proposed, were as follows.

One person has the primary responsibility for most of the accounting and financial duties. As a result, many of those aspects of internal control which rely upon an adequate segregation of duties are, for all practical purposes, missing in your Company. We recognize that your Company probably is not large enough to make the employment of additional persons for the purpose of segregating duties practical from a financial standpoint, but we are required, under professional responsibilities, to call the situation to your attention.

We understand that practices and procedures that accomplish the objectives referred to in the first paragraph of this report are considered by the Commission to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at June 30, 2012 to meet the Commission's objectives.

We commend the management and staff of the Company for their assistance and cooperation during the audits. An audit imposes additional work on all personnel and we appreciate the effort by the management and staff of Polar Investment Counsel, Inc., a subsidiary of Kodiak Group, Inc.

As was mentioned previously, these comments are made solely in the interest of establishing sound internal control procedures and improving the operation of the Company. We would be pleased to discuss these comments with you in detail and aid in the implementation if you so desire. Thank you for giving us the opportunity to serve you and we look forward to a continuing relationship with your firm.

This report is intended solely for the information and use of the audit committee and management and is not intended to be and should not be used by anyone other than these specified parties.
